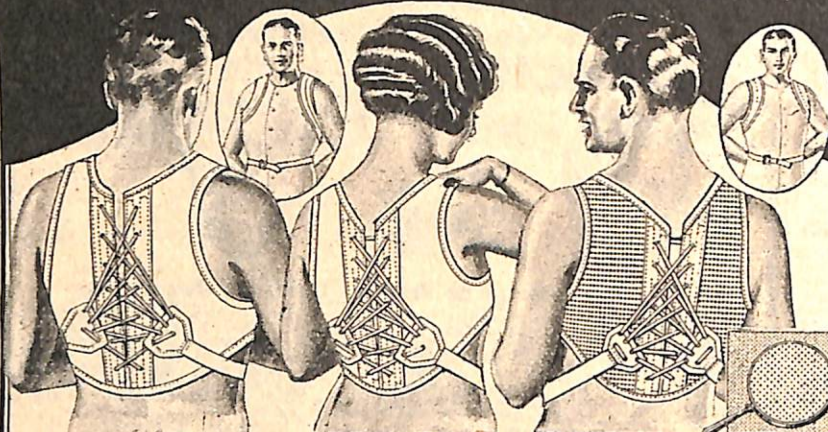
Abdominal Supporters, Shoulder Braces and Chamois Vests



Don't Be Round Shouldered

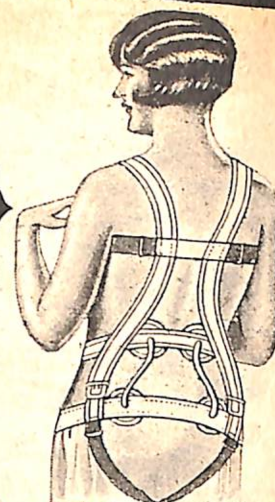
Quality Unlined Chamois Vest

For Men and Women

Fine quality white chamois. Warm, yet not bulky. Protects wearer from winds and cold. When ordering give chest or bust measurement, over or under clothing according to the way you intend wearing the vest. Even sizes, 32 to 46. State size. Shpg. wt., ¾ lb.
8K3793
For women.........**$3.98**
8K3794—For men.....$3.98

"Perfect Form" Brace

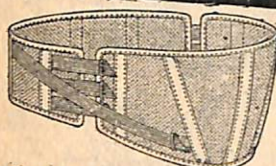
Made of extra strong white gabardine cloth with adjustable lacing. Keeps the shoulders, back and head erect; expands the lungs, compelling deep breathing. Can be worn without discomfort. Even sizes, 26 to 42 inches. State size. Shpg. wt., 8 oz. **$1.39**



"Ideal" Brace

Permits deep, easy breathing. Straightens round shoulders, and expands the chest. Helps you to stand, sit and grow erect. Made of white strong twill. Easily washed. Even sizes, 24 to 42 inches. State size. Shipping weight, 8 ounces
8K3730 **98c**

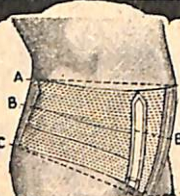
Mesh Cloth Brace



Expands the chest—reduces the abdomen. Scientifically made of white ventilated open mesh linen cloth, the same as furnished in all high priced surgical garments. Strong, but lightweight, cool and comfortable in summer. Even sizes, 26 to 42 in. State size. Shpg. wt., 8 oz.
8K3736 **$1.79**

NOTE—Have another person take your chest measure over the underwear, up under the arms. Carried in even sizes only. Corset laces in back easily adjusted. Held in place by belt which fastens by buckle in front. These shoulder braces can be worn by men, women and children.

"Old Comfort" Body Brace



A combination shoulder brace and abdominal supporter. The shoulder straps and waist belt are elastic, but the hip belt and understraps are non-elastic. The nickel plated brass plates are large and comfortable. Extra set of understraps furnished. Even sizes, 30 to 46 inches only. State size around body 2 inches below top of hip bones. Shipping weight, 1¼ pounds.
8K3700.......**$4.59**

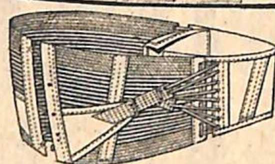
Walter's Linen Mesh Cloth Supporter for Men and Women

Made of fine quality woven open mesh white linen cloth, the same as generally used only in the highest priced surgical garments. Strong, light, cool and comfortable. Made to fit the form and support the abdomen. Reinforced with corset stays, covered with fine quality soft leather. Washable. Adjustable lift-up straps on each side give extra support. Sizes, 30 to 52 inches only; widths in proportion. See "How to Order," center of page. Shipping weight, ¾ pound.
8K3657........................**$2.98**

How to Order

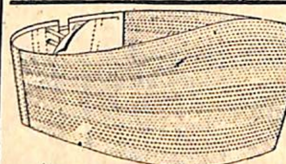
Abdominal supporters, to give most satisfactory results, must fit correctly. Great care should be taken to give correct measurements, at places indicated. If possible, it is better to have someone else take the measurements. The tape measure should be fitted snugly, neither too tight nor too loose. Take measurements as stated below and as shown on figure above. Be sure to include measurements, A, B, C., with your order as well as the size of belt you now wear. We will send you correct size, making full allowances for stretch of material, and reduction of abdomen.

A. Measure around body 1 inch below waistline where top of belt should be worn.



B. Measure around body just above hips and around largest part of abdomen.

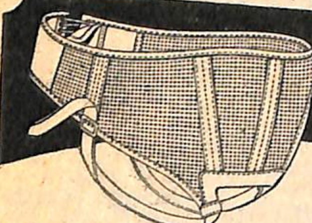
C. Measure around the lowest part of abdomen, back at an angle over hips just above buttocks where bottom of belt should be worn.



"Higgins" Elastic Supporter

Popular style abdominal supporter for men and women. In many cases has helped reduce surplus fat. Made of good quality elastic webbing, fashioned to fit the form. Laces in back. Easily adjusted to fit. Women can wear it with or without corset. Has front leather covered corset stays for extra support. See "How to Order," center of page. The belt furnished will be slightly smaller, for we allow for stretching to give proper support. Shipping wt., 1 lb.
8K3698—Even sizes, 30 to 38 in. **$2.67**
8K3699—Even sizes, 40 to 52 inches.$2.98

"Front Clasp" Elastic Lift-Up Supporter



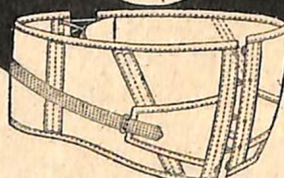
Excellent supporter for men and women. Can be removed without disturbing adjustment. Good quality mercerized elastic webbing. Has strong, pliable front corset stays, covered with fine leather. Lacing and lift-up strap adjustment on each side. See "How to Order," center of page. We allow for stretching. Shipping weight, 1 pound.
8K3681—Even sizes, 30 to 38 inches only.............**$4.98**
8K3682—Even sizes, 40 to 50 inches only.............$5.98

"Hoffman" Elastic Abdominal Supporter

Will Also Help in Reducing Surplus Fat

For men and women. Made of best quality elastic webbing. Fashioned to fit the form, making it more comfortable and practical. Laces in back. See "How to Order," center of page. Belt sent you will be smaller to allow for stretching to give proper, permanent support. Shipping weight, 8 ounces.
8K3658—Even sizes, 30 to 38 inches..............**$1.97**
8K3659—Even sizes, 40 to 52 inches..............$2.25

"Faust Understrap" Supporter



Our Best Non-Elastic Supporter

For men and women. Made of fine quality linen mesh cloth. Light, strong, cool and comfortable. Easily washed. Laces in back. Has corset stays covered with fine soft leather. Bottom at front and understrap padded with chamois. Even sizes, 30 to 50 inches. See "How to Order," center of page. Shipping weight, ¾ pound.
8K3694.............**$3.98**

Wrap-Around Supporter

For Men and Women

Practical non-elastic abdominal lift-up supporter for everyday use. Exceptionally well suited for anyone desiring a low priced supporter for temporary or everyday use. Made of white twill cloth, which is washable. Easily adjusted. Even sizes, 30 to 52 inches. See "How to Order," center of page. Shipping wt., ¾ pound.
8K3666.........**$1.59**

Rubberized Sheeting
Acid and Water Proof

Carefully cut so that ends do not fray and require hemming. We do not recommend the use of cheap sheeting, for it will not give satisfactory service. Here are two grades, both good quality. One a standard sheeting, the other a superior sheeting. We recommend the superior sheeting, which is steam cured and, though slightly higher in price, will more than make up the difference in durability and long service. Shipping weight, per square yard, ¾ pound.

Our Superior Sheeting Steam Cured

8K2610—27 inches square 59c
8K2611—36 in. square.. $0.89
8K2612—36x72 inches... 1.75

This Catalog Mailed Free on Request—*Ask for 537PK*
Our complete line of Invalid Chairs is too large to show in this limited space. Realizing the need for special equipment on chairs, such as commode attachmens, divided leg rests, self propelling attachment, upholstering and several other requirements of invalids, we have made arrangements to have most of our chairs made to order to satisfy our customers' specification. We will be pleased to send you our Invalid Chair Catalog 537PK, postpaid on your request. Allow three weeks for delivery of all special chairs, although generally shipments are made much quicker.

Portable Folding Bathtubs

$7.98 **Convenient Large Size for Farm, Homes, Cottages and Camps** **$6.45**

A convenience as well as a necessity for many homes. Does away with the need of old fashioned wash bowls or tubs. Strong, varnished hardwood frame with steel braces. Tub material is a heavy rubber covered canvas duck, very tough and durable. The bottom of the tub rests on the floor, taking most of the weight off the frame. No danger of tipping over. Inside is smooth, soft and silky. Hot water does not shrink or rot it. The tub dries very quickly. Roll it up and stand it behind the door in your closet. It occupies very little room. Full size tub: 5 feet long, 24 inches wide, 16 inches deep, measured inside. Shipping weight, carefully crated, 21 pounds. Mailable.

Made in Two Qualities

The One We Advise You to Buy
Heavy weight canvas duck. Both sides covered with a thick coating of rubber.
8K4025¼.................. **$7.98**

Single coated, thick, rubber covered canvas duck. The tub generally sold elsewhere at a higher price than this.
8K4026¼.................. **$6.45**

It Pays to Caponize!

Caponize the young roosters you intend to market. Caponized roosters quickly put on additional weight and bring high prices. Caponizing is practiced and endorsed by leading poultry men and is easy for anyone to do. It enables you to market birds at a season when most other fowl are off the market. Due to the scarcity of fowl at off seasons and because of their added size and firm choice quality of meat, capons bring fancy prices and are always in great demand.

Our "E-Z" set is of simple design and was designed for us by an expert. It is well made of good materials. Complete instructions clearly and simply written and illustrated are packed with each set. With these instructions, even the most inexperienced can safely use this simple "E-Z" set and caponize his own roosters. Shipping weight, ¾ pound.
8K1940—Caponizing Set and Directions.......... **$2.89**
Capons for Money—A 40-page book of full instructions and pictures, giving diagrams, when and how to caponize. Do not miss it. Shipping weight, 7 ounces.

Fifty-gallon steel drums shipped from factory in NORTHEASTERN ILLINOIS.

Reputation Minerals for Hogs, Cattle and Sheep

Mineral Mixtures of Leading Agricultural Colleges

These mixtures are the result of careful experimentation, carefully and accurately made. Priced as low as possible, using proper quality ingredients—we believe by actual feeding test will give as good results as any on the market.

10 Reasons Why You Should Feed Minerals

1— **Your stock needs minerals**—for bone, flesh, blood, hoofs and hair—minerals are absolutely essential for successful growth.

2— **Most pastures and yards** have been more or less depleted of minerals and it now becomes necessary to supply the minerals in this form.

3— **Actually proved results.** Not some patented stock tonic or somebody's guess, but a mixture of minerals balanced in the proportions found after thousands of experiments to give the best results.

4— **Greater gains.** It has been proved that mineral feeding means less food necessary per 100 pounds gain. Ask your agricultural college or county agent.

5— **Bigger profits.** These mixtures aid growth of pigs and stock generally, enabling them to be sold at higher prices on the earlier markets.

6— **Quicker markets and shorter feeding period.** Grows stock faster, uses less feed, saves many days bringing to market sizes, and costs less to raise.

7— **Better and bigger hogs and stock generally in less time** with less disease and, by supplying necessary minerals, prevents objectionable eating habits.

8— **Necessary to hogs of all ages from shotes to motherhood**—hogs should have minerals before them at all times. Also very beneficial to cattle and sheep.

9— **Endorsed by leading agricultural colleges and feed experts** as absolutely essential for successful hog and stock raising.

10— **Real results count.** Do not be influenced entirely by price. Our mineral mixtures are the results of careful experiments by experts and are in our opinion the best on the market.

All minerals shipped from factory near INDIANAPOLIS, IND.

Hog Minerals

Complex Mixture
Iowa Modified

This is one formula above all others that we can recommend. It contains all the essential elements, together with the tonics, laxatives and potassium iodide so essential for preventing hairless animals and goitre. The 5 per cent meat meal is a later improvement on the Iowa complex mixture, making it more palatable and more easily eaten.

Formula: Spent bone black, 25 per cent; high calcium limestone, 34.97 per cent; common salt, 11 per cent; sulphur, 4 per cent; copperas, 2 per cent; glauber salts, 6 per cent; epsom salts, 2 per cent; hardwood ashes, 10 per cent; meat meal, 5 per cent; potassium iodide, .03 per cent.

100 pounds........................ **$2.69**
300 pounds........................$ 7.89
1,000 pounds...................... 24.69

Backbone Mixture
Iowa Simple Formula

It is really surprising what good results can be obtained even from this simple mixture. This formula carries the principal elements in which ordinary feeds are deficient.

Formula: Common salt, 15 per cent; high calcium limestone, 49.97 per cent; spent bone black, 35 per cent; potassium iodide, .03 per cent.

Dairy Minerals

Improved Formula

Insures more milk, healthier herds, stronger calves, less abortion, better growth, greater profit.

The need for proper minerals in the daily rations of cattle cannot be overestimated. Iodides are essential to prevent big losses of new born calves through goitre or weakness.

Formula: High calcium limestone, 34.97 per cent; spent bone black, 25 per cent; common salt, 20 per cent; hardwood ashes, 9 per cent; tobacco dust, 3 per cent; glauber salts, 4 per cent; epsom salts, 1 per cent; copperas, 1 per cent; iron oxide, 1 per cent; sulphur, 1 per cent; potassium iodide, .03 per cent.

SAFES

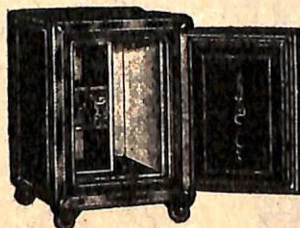
Fireproof

An Indispensable Necessity for the Home and Office

$5.00 Down—$5.00 a Month

No household or business man can afford to be without a safe and run the risk of losing important papers and other valuables by fire or theft when you can buy one of these fireproof safes at such a low price. These safes give you full protection at much lower prices than you would have to pay elsewhere for standard safes of equal value. Be sure to buy a safe large enough to hold all your valuables and allow for growing business.

Made of tough steel with double bottom for greater strength. Fireproof filling in walls; has stood many fire tests. Tongue and groove door construction absolutely excludes heat, smoke and flames from contents of safe in case of fire. Three-tumbler combination locks furnished on all sizes. Our best safe, 22K1882 has Yale O. B. B. combination lock. Other sizes have our own special combination lock. Oak finish cabinet. These safes are built with an Inner Door, an additional safeguard.



Your name put on safe without extra charge when so ordered. Packed carefully in burlap. **Shipped from our factory in NEWARK, OHIO.**

Specially arranged cabinet can be made to your order. Changes in measurements of safe bodies cannot be made.

MEASUREMENTS AND PRICES	Arrangements of Cabinets

$4.60 For Sizes 3 and 4

$4.70 For Sizes 1 and 2

Shipped From Factory in Northern Ohio

ORDER From This Page or *Mail Coupon Below for* **School Supply Catalog**

1.— **Genuine semi-steel standards,** graceful and attractive.

2.— Greater tested strength, due to half-round casting.

3.— Guaranteed semi-steel castings. The best castings money can buy. There is a great difference in school desk castings offered as "semi-steel;" some are only ordinary cast iron.

4.— Noiseless seat hinge. For forty years the Majestic seat hinge has been the most satisfactory one in use.

5.— Woods. Scientifically designed, form fitting back and seat woods insure correct seating posture.

6.— **Inclination of desk top** conforms to approved standards.

7.— **The Michigan hard maple** selected for the Majestic Desk is recognized as the best possible wood for school desk construction. Because of its close, tough texture or grain, maple makes an ideal writing surface.

8.— **Finish.** On woods genuine lacquer, the toughest and longest wearing finish known. On castings, genuine Japan enamel baked on.

9.— **Inkwell.** The Tannewitz has for years been recognized as the standard school desk inkwell. Impossible to accidentally spill ink. The only truly foolproof inkwell.

10.— **Sanitary features.** No sharp corners or pockets to accumulate dust. Inner surfaces of the feet are filled in. Book box is well lighted and ventilated.

11.— **Installation.** School desks are shipped knocked down in order to reduce the freight charges. The Majestic Desk is so constructed that it is easy to assemble. The most inexperienced person can easily set up our desks. At the same time, the construction is such that, when installed, it is the most solidly rigid desk obtainable.

Sparkling Crystal Prisms *of* Light

CRYSTAL fixtures are different from any other type of lighting. They are always in style. You never get tired of looking at their glittering beauty. Not so long ago they were used only in palaces and in the homes of the very wealthy. At our prices they are within the reach of all. They are made of beautiful metal castings, richly embossed. Finished in genuine silver plate, shaded with rich black. Don't you want one or more of these sparkling beauties in your home?

The round lamps shown are not included in the price. Use our lamp 34K6825 on 34K5095, 34K5417, 34K5096 and 34K5400; and lamp 34K6878 on 34K5415. Lamps shown on page 659.

"How to Choose Colors and Furnishings for the Home." See page 1017 about this wonderful book at a bargain price.

High Grade Wrought Iron Fixtures

These fixtures are made of wrought iron, beautifully finished in antique green gold and polychrome. Prettily shaded and ornamented with light touches of red and green. The candles are very attractive and suggest dripping colored wax candles. Each fixture and bracket is made more attractive by having delicate amber glass drops, blending nicely with the finish of the fixture. The lamps shown are not included in the prices. Use our Lamp 34K6889 on 34K5433, 34K5435, 34K5172 and 34K5174, and Lamp 34K6888 on 34K5431, 34K5171 and 34K5173. Lamps shown on page 659.

Fixtures of Beauty

The Newest in Wrought Iron Fixtures

These wrought iron fixtures are very modern in design, and are as attractive as they are modern. The finish is Spanish gold, a beautiful shade of antique mottled green gold with a delicate touch of polychrome in the fancy ornaments. The special color of finish is not only warm and attractive, but also wonderfully adapted to any room, as it will blend well with practically all color schemes. The candles have the effect of dripping wax and are of antique ivory color.

The lamps shown are not included in the prices. Use our 34K6888 Lamps on 34K5102, 34K5356, 34K5101 and 34K5359; and 34K6889 Lamps on 34K5358, 34K5357 and 34K5103. Lamps shown on page 659.

New lighting fixtures will make a wonderful difference in the appearance of your home.

Brown Tone and Gold Color

When you purchase lighting fixtures from Sears, Roebuck and Co. you get the best there is and at prices so low that they cannot be duplicated anywhere considering, of course, the high grade quality of our finish, material and workmanship. The fixtures shown are finished in a pretty shade of brown color, with the embossed and cast ornaments in a highly polished gold color. All fixtures, except candle type, have key sockets for turning on and off the light.

The round lamps are not included in the price. Use our 34K6825 Lamps on 34K5468 and 34K5469; and 34K5183, 34K6878 Lamps on 34K4639, 34K4643, 34K4641, 34K5253, 34K5233, 34K5777, 34K5182 and 34K5298. Lamps shown on page 659.

Genuine Gold Plated Fixtures

GOLD PLATED! Immediately you think of one of the most precious metals on earth. You associate it with something beautiful, something worth while. GENUINE GOLD PLATE with beautiful polychrome relief is used throughout as the finish of these fine lighting fixtures. They are magnificent, and the only GENUINE GOLD PLATED AND POLYCHROME set on the market sold at these remarkably low prices. Under this gold plate the structure is of *genuine solid brass*, especially cast in French molding sand to better bring out the beautiful designs. The beauty of their design and workmanship, when combined with the gold finish, will make your home a place of loveliness. Remember, heretofore gold plate has been used only on the most expensive and elaborate fixtures. Notice OUR prices.

The lamps shown are not included in our prices. Use our 34K6825 Lamps on 34K5128, 34K5129, 34K5282 and 34K5477; and 34K6878 Lamps on 34K5479, 34K5289, 34K5281, 34K4629 and 34K4638. Lamps shown on page 659.

for Every Home

The Latest in Spanish Design Fixtures

Wonderful reproductions of real Spanish designs. Everything about these fixtures is suggestive of the peculiarities of Spanish art. They are made of solid cast bronze, in hammered effect, giving the appearance of being wrought by hand, as was done by the metal-mongers in olden times. The finish is antique Spanish brass color, with the Spanish shields in polychrome colors. The round frosted lamps are not included in the price of fixtures. Use our Lamps 34K6888 on 34K5401, 34K5066 and 34K5067; and Lamps 34K6889 on 34K5404, 34K5411, 34K5208 and 34K5360. Lamps shown on page 659.

34K5401—5 lights. 36 inches long, 20 inches wide. Shipping weight, 25 pounds. **Not mailable.** Less lamps **$19.50**

34K5208—1 light. 6½ inches wide, 8 inches long. Shipping wt., 6 lbs. Less lamp.. **$2.00**

Genuine Cast Brass

We recommend these beautiful electroliers for beautifying and supplying that quality of highest elegance in the home. They are made of solid cast brass, finished in antique gold color. Their general make-up is very ornate and massive. The design is a combination of French and Italian with the French pattern more in evidence. You will be surprised at the beauty of these fixtures. The round lamps shown are not included in the price. For 34K5460, 34K5105 and 34K5106 use Lamps 34K6888; and for 34K5461 and 34K5464 use Lamp 34K6889. Lamps shown on page 659.

Solid Aluminum Fixtures

All the beauty, grandeur and charm of the finest are yours if you select these massive solid aluminum fixtures for your home. The finish is a dull gold matt color with applied burnished trimmings, with just a touch of color. The beautiful designing and exquisite workmanship is of a quality that you expect to find only in fixtures costing much more. Elsewhere you would generally pay twice as much for fixtures as high a grade as these. The lamps shown are not included in the prices. Use our 34K6825 Lamps on 34K5197, 34K5198 and 34K5437; and Lamps 34K6878 on 34K5443, 34K5199, 34K5474, 34K5441, 34K5202, 34K5204 and 34K5203. Lamps shown on page 659.

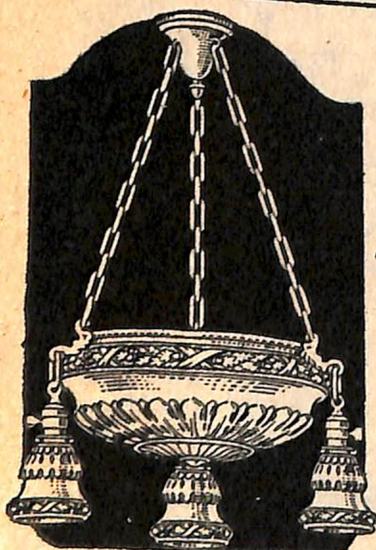
Genuine Silver and Black



Silver and black have always been effective in the decorative scheme of the room, not only for its beauty, but also because of its appropriateness. Genuine silver plate, combined with the effect of embossed parts brought out in black, give to these fixtures a strikingly rich, distinctive appearance. Indeed, the long, graceful curves, the scroll designing and the clever embossing, will more than please you. You can rest assured you are offered a real bargain and, as usual, Sears quality is of the best. Length, 36 inches; width, 20 inches. Lamps not included in price. Use our Lamp 34K6825 on 34K5466, 34K5163 and 34K5164 and 34K6878 on 34K5463. Lamps shown on page 659. The fixtures cannot be shipped by parcel post. The brackets match the fixtures. The Bronze Bearing CHALLENGE A GREAT CLEANER

THOUSANDS of housewives insist that the CHALLENGE CLEANER banishes "house cleaning day."

You wanted to put off the heavy work, content to do light cleaning until that later day of reckoning when rugs, carpets, drapes and all went on the line for a thorough cleaning. Now, the CHALLENGE does it all so easily and thoroughly every day that housewives are forever freed of that postponed day of drudgery.

The sturdy construction of the CHALLENGE CLEANER, its mechanical perfection and the ease with which it works, place it at the top of the list of essential home equipment. It carries our absolute, ironclad guarantee of first class materials and workmanship and satisfactory performance.

Test the CHALLENGE CLEANER in your home. Take advantage of our liberal home trial offer and convince yourself of its many superior features. If it does not satisfy you in every way you are at liberty to send it back and we will return every cent you have paid. **Use Time Payment Order Blank on page 1092, if ordering on Easy Payments.**

Specifications of the Challenge

NOZZLE AND FRAME: Made of highly polished cast aluminum. Nozzle is 13½ inches long.

MOTOR: 110-volt, universal type (operates on A. C. or D. C.), fan cooled, phosphor bronze bearings. Low current consumption. Requires little care. Housing is cast aluminum.

FAN: Attached direct to motor shaft. Six blades, accurately balanced. Made of cast aluminum.

HANDLE AND SWITCH: Ebonized wood handle with trigger switch, easy grip ball knob. Furnished with a 22-foot mercerized cord and plug.

DUST BAG: Heavy vacuum cleaner cloth. Retains all dirt and grit. Easily disconnected for removal of dirt.

BRUSH: New principle. Two rows of stationary bristles on either side of suction opening loosens imbedded dirt and lint more effectively than a revolving brush. Shipping weight, 19 pounds.

Attachments
8-Ft. Rubber Hose.
5-Inch Steel Tube.
Hollow Library Brush

The brush with two rows of bristles is included with cleaner whether attachments are purchased or not.

A New Sanitary Method

Use the Airizer right in your home. It will double the usefulness of your vacuum cleaner. Modern science has given you a new way to thoroughly air your blankets, pillows, woolens and baby's things. Volumes of filtered fresh air forced by vacuum will thoroughly air every thread and fiber completely in less than 25 minutes. In short, it actually air washes the entire contents of the Airizer bag. This marvelous attachment requires no personal attention, and you will find many convenient uses for it. The Airizer will hold three double blankets or pillows. It can be attached to any make vacuum cleaner. The Airizer insures your furs and silks against dampness, dust and moths. The airtight rubber bag affords a perfect storage bag when it is not in use with the vacuum cleaner. Made of durable rubberized fabric. Sold exclusively by Sears, Roebuck and Co. Shipping weight, 4 pounds.

A BALL BEARING SELF-LUBRICATING LIFE LASTING CLEANER

The Greater Energex

WHY PAY MORE when you can get the guaranteed Greater Energex with the most important up to the minute electric vacuum cleaner improvements for only $24.95 cash. The self contained, self adjusting, lubricant packed, dust and dirtproof, neglect-proof ball bearing construction in the motor is the last word and one of the big features of the Greater Energex. This means more power, more efficient, uninterrupted service for years. Gets **all** the dirt from **everywhere.**

SPECIAL FEATURES

The Greater Energex Electric Cleaner is the product of a manufacturer with fifteen years experience in producing suction cleaners.

The motor in the Greater Energex is acknowledged by other manufacturers to be a big improvement over many other types.

Every part of the Greater Energex is made in one factory, insuring perfect balance between parts and the maintenance of a uniform high quality.

The Greater Energex has many exclusive features that mean ease of operation, produce greater efficiency and insure longer life.

The Greater Energex saves time and effort because it is so light, handy and smooth running, leaning corners and under furniture without the necessity of moving heavy articles.

OUR TRIAL OFFER

Send us an order for the Greater Energex Cleaner today, **using the Time Payment Order Blank on page 1092.** Enclose only $2.00 with your order and we will send you a Greater Energex Cleaner for you to test for two weeks in your own home. Try it under your own home conditions. Compare it with any other vacuum cleaner that costs twice as much or more. If you are not completely satisfied, we will return your $2.00 deposit and any transportation charges you have paid.

If you decide that you want the Greater Energex, which you will, send us $3.00 each month until the total price is paid. If you can, pay cash, because it makes an additional saving through the lower price.

Specifications and Prices

Motor: 110-volt universal type (operates on A. C. or D. C.), fan cooled; ball bearings. Low current consumption. Requires little care. Housing is cast aluminum.

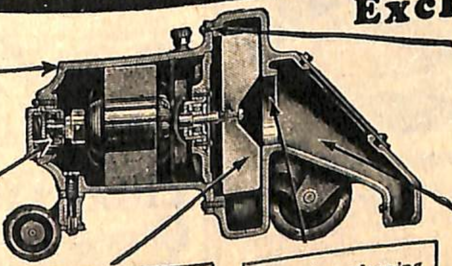
Airizer is shown on opposite page.

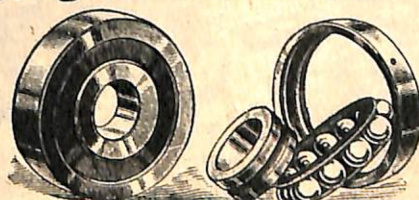
Attachments

An 8-Foot Rubber Hose with swiveled metal connection for insertion in machine.

30-Inch Extension Tube to insert in rubber end of hose to reach out of the way places.



5-Inch Steel Tube for cleaning books, shelving, molding, etc.



Hollow Library Brush for heavy clothing, portieres, draperies, etc.

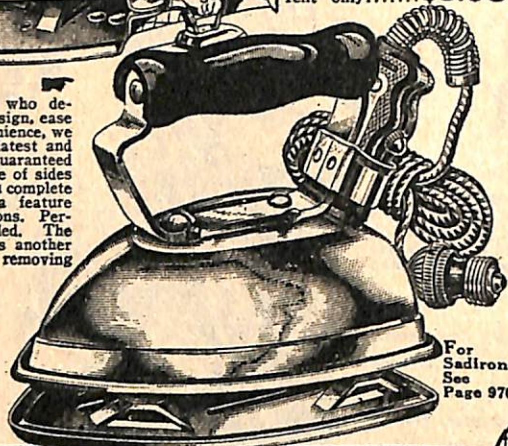
The Brush with two rows of bristles is included with cleaner, whether attachments are purchased or not.

See opposite page for new wonder attachment, the Airizer.

Exclusive Energex Features

The Energex requires no oil. It is equipped with the famous Norma Precision Ball Bearings. They are sealed in oil-tight, dustproof, non-leaking mountings. Packed with sufficient lubricant for years of use.

Greater Energex attachments are particularly easy to attach, and because of the special arrangement of these features, are unusually effective in cleaning results.



World's Largest

ELECTRIC IRONS

FAVORITE
No-Burn-Out Iron

The Favorite iron employs the embedded element, which is guaranteed to last a lifetime. Has a heavy nickel plated finish, which retains its luster and will not easily tarnish. The iron is graceful in design and has a broad ironing surface with perfect heat control. The handle is highly insulated and will not heat. The strong stand is an additional Favorite feature. This iron is to be compared with similar styles selling at $5.50 and $6.00, and represents a wonderful value, with all of the finest ironing qualities. Weighs full 6 pounds, complete with table stand and six-foot detachable cord. Shipping weight, 9 pounds.

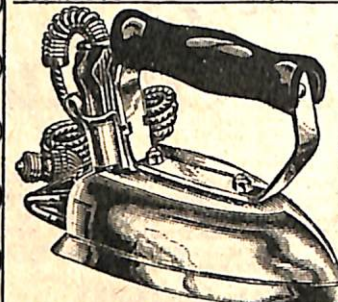
57K3567—For 110-volt city current only....... **$3.65**

Supreme
The Aristocrat Iron

For the discriminating purchaser who demands the ultimate in beautiful design, ease of work and perfect ironing convenience, we offer this Supreme iron. The very latest and most graceful body design with a guaranteed embedded element. The extreme slope of sides and rear, with a long point, gives you complete visibility from all ironing edges; a feature which will not be found in many irons. Perfectly balanced and easily controlled. The toggle switch in the bakelite plug is another added convenience, as it eliminates removing the cord. The Supreme is built as fine as any iron can be. It is equal to the advertised irons selling for $7.00 and $7.50. You cannot find a more beautiful iron at a greater saving. Complete with table stand, 6-foot cord and plug, equipped with switch. Full weight, 6½ lbs. Shipping weight, 9½ pounds.

57K3385—For 110-volt city current only.... **$4.95**

For Sadirons See Page 970



CHALLENGE

A full weight, guaranteed, two-piece iron. Best mica element. Built along graceful lines. Nicely nickel plated and a fine ironing arrangement. The Challenge is our own iron, designed by us. With standard cord and plug and featured tip-up stand. Shipping weight, each, 9 pounds.

57K3313—For 110-volt city current only.......... **$1.89**

ENERGEX
A Beveled Edge Iron

The new Energex embodies all of the features which make for perfect ironing service. The new beveled edge is an outstanding feature, as it adds perfect balance to the iron and presents a greater heat surface at the edge, where it is most needed. You will be more than delighted with this super Energex value. Full 6-pound iron, complete with cord and plug. Shipping weight, each, 9 pounds.

57K3312—For 110-volt city current only..... **$2.55**

TABLE STOVES

Electrical Aids To Health and Beauty

Bandage Pad

$3.10

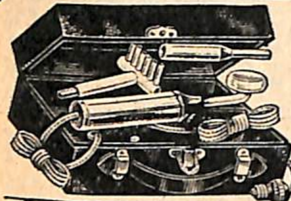
A newly designed pad which adapts itself for many home uses. The pad makes a perfect bandage and will provide heat applications for the arms and limbs, as it may be securely tied in place by means of the attached ribbons. Gives perfect results where a larger pad or hot water bottle would be too heavy or slip out of place. A perfect pad for warming the baby's crib. Measures 5½x19 inches, has two 18-inch ribbons and a 9½-foot cord with a detachable plug connection so that the entire cord is not connected when the pad is being applied to the patient. Shipping weight, 2 lbs.
57K3389—For 110-volt city current only........$3.10

Comfort Warming Pad

$4.29

Special rubber insulation makes pad safe and reliable. A three-heat switch controls temperature of the pad to high, medium or low heat. Size, 12x15 inches, with 10-foot cord. Shipping weight, 2¼ pounds.
57K3353—For 110-volt city current only........$4.29

The Energex



$5.45

Full and soft as a pillow. Proper temperature at all times. A double layer of heavy flannel and best wool eiderdown. Size, 12x15 inches, with 10-foot cord. Shipping wt., 2½ lbs.
57K3322—For 110-volt city current only........$5.45

Heating Pads

Physicians everywhere are advising the use of a heating pad in the home. Hospitals are taking on this safe electric application as standard equipment. Our new assortment of low priced pads offers you the best in quality pillow effect and perfect heat control. The heat is clean and dry, and the eiderdown pillow rests as lightly as a feather upon the body.

Alfred Dolling | **Robert Berger**

Master Made

The value of a violin depends upon two things—workmanship and material. The purchase of a violin from us guarantees your receiving an instrument which cannot be duplicated anywhere near the prices we ask. And remember, a well made violin is always an investment, as its value increases with age.

Shipping weight, Violins, 6 lbs.

Scientifically Constructed for Tone Quality

A group of fine violins all patterned after measurements of the old masters. Beautiful in appearance, pleasing in tone and so carefully made that they will last indefinitely. Fine figured maple and seasoned spruce used in their construction. Extra quality ebony fingerboard, tailpiece and pegs. **Color illustrations sent free on request. See "Note" above.**

12K153¼—Casper Da Salo model with fancy double purfling. Reddish gold in color...... **$24.95**

12K163¼—Stradivarius model in a fine copy of the old master even to the marks of age..... **$24.95**

12K173¼—Stradivarius model in a rich reddish brown color.. **$24.95**

This famous maker duplicates the old masters perfectly, not only in appearance, but in similarity of tone quality. He uses beautifully figured old garret seasoned maple and spruce and works it with the most exacting care. The trimmings are of the finest ebony. Will please the most critical player. **Color illustrations sent on request. See "Note" above.**

12K177¼—Stradivarius model, perfectly copied, showing marks of age and wear. Reddish gold color shaded to natural where marks of age appear..... **$38.50**

12K187¼—Stradivarius model, new finish in light golden brown color............ **$38.50**

It is difficult to improve on these violins at any price. We have testimonials comparing them favorably even with the famous violins over 200 years old. Their fine mellow tone has that penetrative quality which soloists and orchestra players seek, and which is usually found only in violins that have been played for years. **Color illustrations sent on request. See "Note" above.**

12K158¼—Stradivarius model, orange color............ **$50.00**

12K179¼—Beautiful and faithful reproduction of a famous Stradivarius. Golden in color. Marks of age as natural as though the instrument were 200 years old.. **$50.00**

Pleasing and Responsive in Tone

Two violins perfectly proportioned according to their respective models. Both are excellent in tone, and so well constructed are they that the tone will improve with age and use. None but old, thoroughly seasoned maple and spruce used for the body. Figured maple neck and scroll. Very fine ebony fingerboard, pegs and tailpiece. **Color illustrations sent on request. See "Note" above.**

12K166¼ — Guarnerius model, golden brown in color............ **$29.95**

12K176¼ — Copy of a famous Stradivarius, showing marks of age....... **$29.95**

Learn to Play a Violin

"Music self played is happiness self made"

The earning capacity of a proficient violinist often exceeds $100.00 per week. To learn is easy—it's just a question of getting started. Our better outfits are used by many professionals. Our less expensive ones are ideal for the beginner and amateur.

NOTE—Excepting where particularly stated, all violins are full size.

Complete Violin Outfits

Learn to Play on This Violin.

You'll be astonished at the remarkable quality of this violin at this price. Stradivarius model. Maple back and sides. Spruce top and maple neck. Inlaid purfling around edges. Ebonized fingerboard, pegs and tailpiece. Brownish color shaded to natural. Outfit consists of: One violin as described, one marbleized cardboard case, one Brazil wood bow, one piece rosin, one instruction book, one fingerboard chart, one extra set of steel strings. Shipping wt., 7 lbs.

12K100¼—Full size.................... **$4.95**

12K101¼—Same as above, but in three-quarter size, for children from 8 to 12 years of age.................... **$4.95**

12K102¼—Same, but half-size, for children from 6 to 8 years old.................... **4.95**

Maggini Model

$14.95

Flamed two-piece maple back. Maple neck and scroll. Selected, spruce top. Double inlaid purfling around edges. Ebony fingerboard, tailpiece and pegs. Brilliant red, shaded to natural color of wood. Good tone. Includes: Violin shape case, covered with artificial leather, felt lined and with lock and clasps; Brazil wood bow with whalebone grip; ½ doz. steel "E" strings; rosin, chin rest, extra set of gut strings, tuner, "E" string adjuster, fingerboard chart, two books. Shipping weight, 10 pounds.

12K114¼.................... **$14.95**

Stradivarius Model

Favorite of many players. Broad proportions give it a powerful tone. Two-piece flamed maple back. Maple sides. Spruce top. Ebony fingerboard, tailpiece and pegs. One of our best sellers. Brownish, shaded to natural color. Outfit includes imported violin shape case with nickel plated clasps and lock, full felt lined; Brazil wood bow with pearl eye in frog, full nickel silver lined; chin rest; rosin; extra set of gut strings; fingerboard chart; four-pipe tuner and Guckert's "Self Instructor." Shipping weight, 10 pounds.

12K113¼
$12.45

We particularly recommend this outfit for those who want everything needed to start them on their studies. The violin is a Stradivarius model exceptionally well made. Two-piece flamed maple back and straight grained spruce top. Maple neck and sides. Neatly inlaid purfling. Ebonized hardwood fingerboard, tailpiece and pegs. Pegs are fitted so they will not slip. Bridge also fitted. Rich reddish color covered with spirit varnish. You'll wonder how we can sell this outfit for so little, as all articles included are of unusual quality. Ordinarily the violin alone would cost a great deal more than we ask for the enti outfit. With it we include: One imported violin shaped case with nickel plated lock and clasps, half lined with felt; one Brazil wood bow, ebony nickel silver lined frog, pearl eye, leather grip; one piece rosin; one extra set of gut strings; one four-pipe tuner; one chin rest; one fingerboard chart; one Guckert's Instruction Book; one "Young Violinist's Favorites"; one japanned music stand. Equal value would cost $15.00 to $18.00 elsewhere. Shipping weight, 14 pounds.

12K105¼—Full size.................... **$9.95**

Same as above, but in three-quarter size for children from 8 to 12 years old.

12K489¼.......$7.25

HAWAIIAN GUITARS

The Hawaiian (sometimes called the steel) Guitar, with its beautiful quavering and sharp staccato tones, has done much to make the Hawaiian music so extremely popular. Owing to the fact that the strings when open, or when barred, form natural chords, it is comparatively easy to learn to play this instrument. Steel bar, picks and instruction book, as illustrated, included with 12K489¼, 12K485¼ and 12K488¼.

Genuine Mahogany

Back and sides of selected genuine mahogany. Spruce top grained. Mahogany neck and head. Ebony finish fretboard inlaid with three position dots. Fancy colored wood mosaic inlaying around soundhole and edge of top. Top and soundhole bound with white celluloid. Brass screw pattern patent heads with composition buttons. Ebony finish bridge and nickel plated fancy tailpiece. Patented removable nut. (By removing nut it can be played in regular style.) Canvas case, instruction book, steel bar, fingerboard chart and three picks included. Shipping weight, 16 pounds.

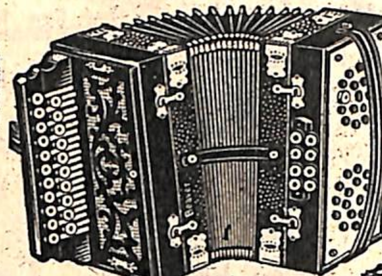
"Music Self Played Is Happiness Self Made"



Accordions Above the Ordinary

These accordions are selected by experts and carefully checked and examined; have been proved fit to withstand years of constant service.

For musical possibilities and volume of tone an accordion is a small orchestra in itself, and is one of the easiest of all self accompanying instruments to learn. Many selections can be played after a short period of practice and then come hours and hours of real entertainment. Learn to play the accordion now.

Case Illustrated Included With 12K656¼, 12K658¼ and 12K661¼.

Superior Quality

Music Self Played is Happiness Self Made

Supertone—Italian Model

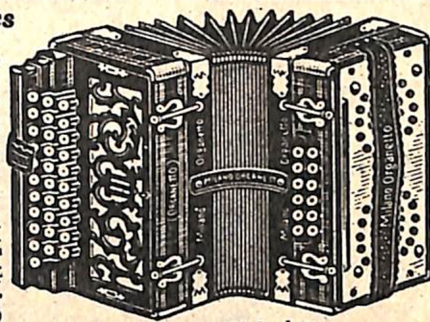
Considering beauty, quality of workmanship and tone there are no accordions that we know of superior to our Supertones.

Milano Organetto—Italian Model

The name of Milano Organetto has been given to these accordions because of their organ-like tone. They are superior in construction and tone to most other accordions of similar style.

Beaver Brand—Italian and German Style

They are extra well made, nicely finished and accurately tuned. Instruction Book included with all Accordions.



Case Included with 12K657¼ and 12K659¼.

CLARINETS
GRENADILLA WOOD · EBONITE

Our wood clarinets are made from thoroughly seasoned grenadilla wood and with proper care will not check or split. Our Lafayette clarinets are accurate in pitch and intonation and much better than our low prices would indicate. Our Dupont clarinets acknowledge no superior and, at our prices, become a value unequaled. Dupont Clarinets are carried in both wood and ebonite. Many professional players prefer ebonite. Ours are of rod ebonite which is superior to cast. All clarinets tuned to low pitch, as adopted by all musical organizations in America.

ALBERT SYSTEM—13 KEYS—2 RINGS

Lafayette Brand

Grenadilla wood, dull finish. Nickel silver keys, highly polished. Mouthpiece cap and instruction book included. Low pitch. Key of B flat or C. State key wanted. Shipping weight, 4 pounds.

12K800¼—Lafayette Brand **$12.45**

DUPONT BOEHM SYSTEM CLARINETS

It is the ambition of nearly all clarinet players to own a Boehm System clarinet, but a player of ordinary means is unwilling to pay $65.00 to $90.00. At our remarkably low price we offer an instrument that will meet all professional requirements. Fitted with nickel silver keys, ferrules and rings. Shipping weight, 4 pounds.

12K809¼—Grenadilla wood, 17 keys, 6 rings, key of B flat low pitch only. Mouthpiece cap and instruction book included **$34.25**

12K810¼—Same as above, but made of ebonite (see note above) $39.25

12K811¼—Same as 12K810¼, but in key of C (C Melody) 39.25

ALBERT SYSTEM
15 KEYS—2 RINGS

Lafayette Brand

Grenadilla wood, dull finish. Nickel silver keys, highly polished. Mouthpiece cap and instruction book included. Low pitch. Key of B flat or C. State key wanted. Shipping weight, 4 pounds.

12K801¼ $13.75

ALBERT SYSTEM

TRUPHONIC

Has Won the NATION'S APPROVAL

An avalanche of popular approval has followed in the wake of the Truphonic! Our customers have bought the Truphonic by the thousands, and our factories are busy night and day to ship their orders on time. A year ago Truphonic was new. Today it has taken its place at the head of the finest phonographs made. This supremacy was achieved because of its perfection in tone, the beauty of the cabinet designs and our unparalleled values.

Truphonic is the marvel of all phonographs! It is magic! Listeners who hear it for the first time are amazed at the perfect tone. **Customers who have bought it write to tell us that never have they listened to anything like it.** Here is a tremendous advancement; a long, long step ahead of all former phonograph construction. Developed and perfected in our own big factories by our own acoustic engineers, the Truphonic is unlike all old time phonographs. When placed side by side with the finest phonographs made today, even those costing twice as much, the Truphonic has been pronounced by experts to be the best in beauty of tone. The boom of the bass, the resonance of a fine piano, the sweetness of an old violin, the pure melody of a famous voice—these the Truphonic conveys to you naturally; without effort, without distortion. Flawless music!

The Imperial

It is fitting that the most realistic reproduction of music the world of science has ever discovered should be housed in this beautiful cabinet. Massive, dignified, impressive, the Imperial is a true work of art, a masterpiece in design. Its value and beauty will be appreciated more and more with the passage of time. You will enjoy the incomparable music and the exquisite appearance of this Truphonic for a lifetime. Here is not only music at its best but furniture craftsmanship such as has never been offered before at the price. Here is natural pure tone in every note; here is unmistakable quality in every line and every detail. **Genuine Mahogany or Walnut woodwork, gold plated metal parts:** 12-inch velvet covered turntable, the famous **triple spring** Silvertone motor, powerful and silent running; new improved reproducer and tone arm and, of course, the exclusive Truphonic method of reproduction. These are a few of the quality features. 46 inches high, 31½ inches wide, 23½ inches deep. **Shipped from our PHILADELPHIA store.** Five Silvertone records (our selection) and assortment of steel needles included. Shipping weight, 300 pounds.

46K4899—In Mahogany.
46K4900—In Walnut. **$152.00**

$12.00 with order, balance $12.00 a month. When ordering use Time Payment Order Blank on page 1092.

IMPERIAL

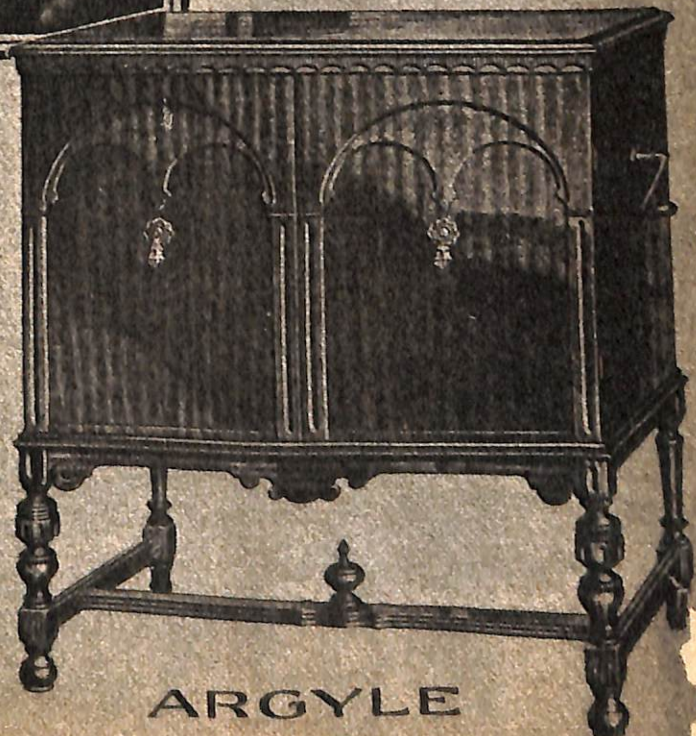
Open View of the Imperial. Record books are not included.

The Truphonic Phonograph is certainly a great contribution to the art of music. Notes and tone shadings, which have scarcely been touched in phonographs of the past, seem to be perfectly reproduced in this wonderful instrument. It has my personal endorsement and recommendation.

Yours truly,
PATRICIA ANN MANNERS
Star in "The Student Prince"

30 DAYS' FREE TRAIL—EASY PAYMENTS

We invite you to try the Truphonic in your home for 30 days before you decide whether you wish to keep it. Order the model of your choice and send only the required first down payment. Then after you have had the opportunity of putting the Truphonic to every test, if it is not satisfactory you may return it and we will gladly return your money including any transportation charges you have paid.



If you keep the instrument you can pay for it according to the easy payment terms specified. In this way you can enjoy the incomparable music and entertainment of this supreme phonograph while you are paying for it in monthly amounts so small you will scarcely notice them.

The Argyle

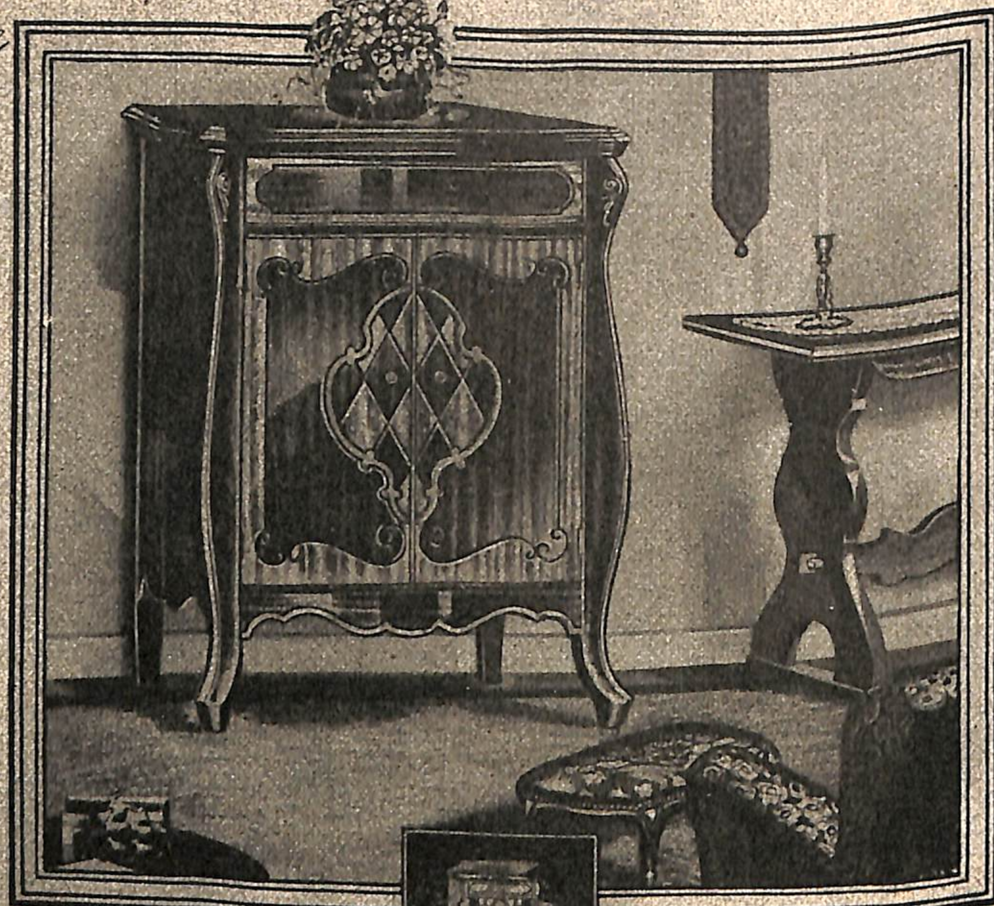
No one ever dreamed that such a remarkable, such an exquisite musical instrument as the Argyle could be purchased at a price so amazingly low. Never before has there been the volume, the rhythm, the absolutely perfect, realistic tones that are produced by this Truphonic phonograph. You will be just astounded at the utmost exactness to the original rendition as you will be at the extraordinary beauty of the design and the exceptionally big value. A Spanish type highboy cabinet with the appeal of the Argyle would cost a great deal more elsewhere! And then you would not be getting the same true, delightful music. For only in the Truphonic can you obtain such perfection, and the Truphonic is our own exclusive development. No other phonograph can excel the Truphonic, because in this new instrument there is absolutely no difference between the original artist's selection and the Truphonic's re-creation of it. Actual tests have proved this. Prove it yourself by taking advantage of our thirty days' trial offer. Try it in your own home. Unless you have heard a Truphonic you have not heard the finest musical instrument of the age. Real workmanship, real quality is built into the Argyle, inside and out. It is made of **genuine, selected mahogany or walnut,** with contrasting decorations. The antique metal pulls lend charm and grace. Silent and powerful triple spring Silvertone motor, 12-inch felt covered turntable, new improved reproducer and tone arm and complete Truphonic interior construction. 42½ inches high, 35 inches wide, 21½ inches deep. **Shipped from our PHILADELPHIA store.** Five Silvertone records (our selection) and needle assortment included. Shipping weight, 215 pounds.

46K4897—In Mahogany.
46K4898—In Walnut. **$118.00**

$10.00 with order; balance $8.50 a month. When ordering use Time Payment Order Blank on page 1092.

ARGYLE

We Guarantee Safe Delivery of All Our Shipments



TRUPHONIC

Silvertone

It is marvelous! Decidedly superior to anything I have heard. Truphonic rendition is human—such fidelity is amazing! To those who are about to purchase a phonograph, it is my belief that the Truphonic will more than please the most critical.

Sincerely yours,
CHARLES H. THOMAS, B. M.
Popular Concert Organist

ARAGON

The very latest idea in modern cabinet design is developed in this new Truphonic Silvertone. We are offering the Aragon model at a price which represents a sensational saving. That an instrument of such striking beauty, such apparent originality in line and finish and such inherent good workmanship should be offered at such a low price as $80.00 is one of the greatest merchandising feats of a decade!

In the opinion of expert judges of fine furniture, the Aragon is without question an outstanding leader among all phonographs of the better quality. A semi-console type of cabinet, inspired by an exclusive and artistic French pattern, it has a beautiful two-tone front with rich, inlaid effect. Luxurious, sumptuous, expressive of value far beyond what we are asking. And like a jewel which sparkles in a perfect setting, the pure, clear, flawless Truphonic tone pours out in magnificent melody, to hold you breathless with wonder.

The Truphonic principle of true reproduction is probably the greatest achievement of the entire industry! As true to life as the original, as natural as the voice itself. The big, extra size tone chamber, the special acoustic construction, the newest approved mechanical equipment and the big, powerful Silvertone motor, complete the appointments which make this new Aragon a leading favorite.

We can furnish the Aragon in **mahogany or walnut**, beautifully shaded and polished to bring out all the artistic graining of the selected woods. The instrument measures 35¼ inches high, 26 inches wide, 21½ inches deep. Price includes five Silvertone records (our selection) and an assortment of steel needles. **Shipped from PHILADELPHIA store.** Shipping weight, 125 pounds.

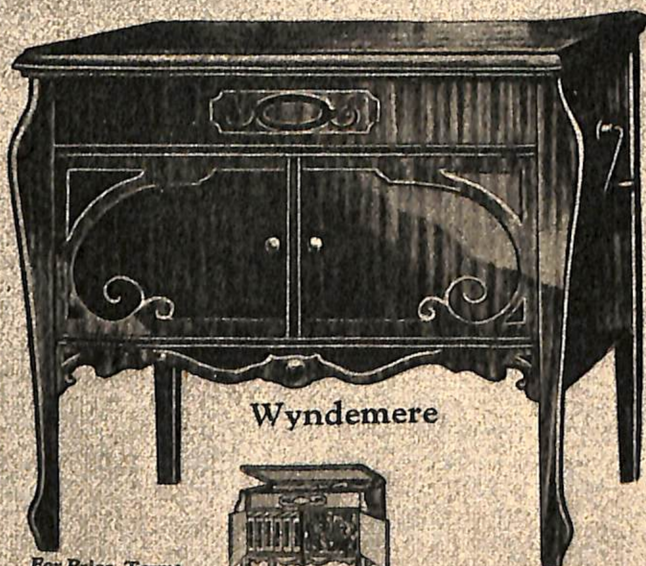
FAIRFAX



To bring the Truphonic within the reach of everyone, we have designed this superb, low priced cabinet, the Fairfax. It has the new, genuine Truphonic construction. It has the same marvelous true tone as our more expensive cabinets. We have successfully built into this most delightfully designed upright model all the Truphonic characteristics which make this modern phonograph so desirable for the up to date home. The quality of its music will delight and surprise you here just as it does in any of our other models. Well made throughout, from interior mechanical equipment to exterior of **genuine mahogany, walnut** or **fumed oak.** The Fairfax is one of our feature bargains, a value so extraordinary, so sensational that it will astound you when you see and hear it in your own home. There it will be a constant source of pleasure and a pleasant reminder in the years to come of the outstanding savings offered by Sears, Roebuck and Co. Cabinet is 41 inches high, 18 inches wide, 19 inches deep. Equipped with the same durable double spring Silvertone motor, powerful and silent running, as well as all other mechanical fittings which are used in every one of our models regardless of price. Price includes five Silvertone records (our selection) and assortment of steel needles. **Shipped from PHILADELPHIA store.** Shipping weight, 90 pounds.

The New Musical Triumph

Silvertone

It is not necessary to be a musician in order to enjoy the Truphonic Silvertone. But that a musician can listen to this remarkable instrument with keen appreciation of its musical qualities is a tribute to the perfection of the Truphonic. I was astonished at the beautiful, clear, resonant tone of this new phonograph.

Very truly yours,
JAMES PINEDO, B. M.
Director Balatka College of Music.

KENMORE

A great orchestra is playing a beautiful symphony. A hundred instruments blend in throbbing, thrilling harmony. Stillness—and then the clear, pure strains of a violin, sweet as the call of a thrush to its mate, rise and fall to hold you breathless with wonderment. That is the Truphonic! Never before such music—its only counterpart the original. There is a new experience awaiting you. Unless you have listened to the Truphonic you cannot imagine the tremendous improvement that has been made in the reproduction of music. You will be astonished at the new beauty of tone. It compares with the old type phonograph as a mighty pipe organ compares with the hand organ. The Truphonic tone is resonant, vibrant and clear as crystal. Never before has there been such beauty in cabinet design as the Kenmore. New, graceful, convenient, imposing, dignified, one of the most pleasing our skilled cabinet makers have ever produced. A semi-console type, it has been acclaimed by critics as the perfectly proportioned cabinet. Only the World's Largest Store could offer such an outstanding quality product at such a sensationally low price. This beautiful Queen Anne period cabinet is made of genuine selected mahogany or walnut in two-tone finish. It stands 36 inches high, 32½ inches wide and 21 inches deep. 12-inch felt covered turntable. Famous double spring Silvertone motor, powerful and silent running. All exposed parts are attractively nickel plated, in keeping with the other appointments of this luxurious appearing model. Shipped from our **PHILADELPHIA store.** Price includes five Silvertone records (our selection) and an assortment of steel needles. Shipping weight, 185 pounds.

(Illustrated on Opposite Page)

The exclusive, perfected Truphonic method of sound reproduction, incorporated in this striking console, is a never failing source of satisfying pleasure and enjoyment. Truphonic is no longer an experiment, but a proved, finished invention which neither subtracts from nor adds to the original rendition of voice or musical instrument. Why not take advantage of our 30-day FREE TRIAL offer as explained on page 685 so you can have the opportunity of actually hearing this astounding new improvement in musical reproduction? Nothing else is like it. No other phonograph ever built has such beauty of tone, such pure, sweet, natural music as the Truphonic. In the Wyndemere console, the Truphonic construction assures absolute fidelity to every note; every chord is exactly as played when the master record was made. A new era in musical reproduction demands an accompanying improvement in cabinet design. The Wyndemere is a worthy model to house such a marvelous acoustic development as the Truphonic. The front of the Wyndemere is beautifully two-toned, adding to the rich effect produced by the curved outline. Still further emphasizing the luxuriousness of its appearance is the handsomely grained and rubbed **genuine mahogany or walnut.** Only $5.00 down and $4.00 a month permits you to own and enjoy this greatest musical instrument of the age. Guaranteed mechanical equipment. Measures 32 inches wide, 32 inches high and 20 inches deep. **Shipped from our PHILADELPHIA store.** Price includes five Silvertone records (our selection) and steel needle assortment. Shipping weight, 120 pounds.

VICTORIA

Only a year ago the Truphonic ushered in the new era of phonograph construction. Until the arrival of Truphonic a phonograph was, after all, just a phonograph. But because this new creation is a real musical instrument, because it brings to the home the same perfection you hear when listening to the actual artists themselves, it revolutionized all former conceptions of reproduced music. The success of the Truphonic was instantaneous. Already we have sold thousands. Truphonic is a proved fact, a proved success. The Victoria is exquisite in its proportions and its craftsmanship, a delight to the eye and a fitting home for the flawless music which it reproduces. The beauty of the cabinet and the beauty of the tone are in perfect harmony. You would expect, after seeing this magnificent instrument, to hear such music as you never heard before. We promise you that all your anticipations will be realized. Nothing has been spared in the materials or the appointments of the Victoria to make it a superb masterpiece, as a cabinet as well as a phonograph. Made of genuine **mahogany or walnut.** Note the delicate tracery of the contrasting two-tone panels, inset in doors of exactly matched woods. From the extended top to the graceful Queen Anne legs, the Victoria has every characteristic associated with high quality furniture. 12-inch felt covered turntable and nickel plated metal parts. Silent double spring motor. Cabinet is 45 inches high, 22 inches wide and 20 inches deep. **Shipped from our PHILADELPHIA store.** Price includes five Silvertone records (our selection) and an assortment of steel needles. Shipping weight, 135 lbs.

New PERFECTION TRUPHONIC

PARISIAN

Truphonic True Tone—Parisian True Style. The utmost in phonographs at an amazingly low price! Anticipating the growing demand for this popular consolette type, we offer for your approval the Parisian. We sincerely believe that in tone, in workmanship and in quality, it will far exceed your fondest expectations.

The charming William and Mary design cabinet is constructed throughout of only the finest materials. It is built by master craftsmen, with all the care and precision that is used in creating the finest custom furniture. Its dignified, pleasing and graceful lines give to the Parisian an atmosphere of quality and distinction that cannot be duplicated. Never before could you buy Parisian quality at such an astoundingly low price! Only the World's Largest Store, owning and operating its own phonograph factory and selling direct to the customer, can offer such value! The Parisian will give you complete satisfaction at a very decided saving!

Incorporated in the Parisian is the famous Truphonic principle of tone reproduction. Acknowledged by thousands as the greatest musical triumph of the age! You will marvel at such perfect rendition—so human it is almost startling! The Parisian will bring to your home your favorite artists, to sing and to play, at your command.

The Parisian is particularly adapted to homes and apartments where space is at a premium. Although it possesses the same tone qualities as our other Truphonic instruments, its dimensions are somewhat smaller. Height, over all, 37½ inches; width, 20¼ inches; depth, 20¼ inches. Furnished in **mahogany** or **walnut** in a pleasing two-tone design. Price includes five Silvertone records (our selection) and an assortment of steel needles. **Shipped from our PHILADELPHIA Store.** Shipping weight, 120 pounds.

CARLYSLE

Something new! A modern and striking example of the very best in cabinet maker's art. The Carlysle, splendidly finished and beautifully designed, answers the demand for a console of unusually handsome appearance. It has charm, grace and poise in superlative degree. In recreating the world's immortal masterpieces or in playing the popular hits of the day, this Truphonic is supreme. Conveying to the listener all the beauty of the original symphony, all the harmony, the melody of the first rendition, you lose every conscious thought that you are hearing only a phonograph. Never a phonograph that could reproduce music like this, so lifelike, so natural! The Truphonic glorifies the phonograph in the Carlysle and makes of it a real musical instrument, ranking among those of the highest quality. Unlimited are the hours of pleasure stored within the cabinet of the Carlysle. Can't you picture it in your home? Can't you imagine it as the companion of your joyful hours, a well spring always ready to supply entertainment? In the Carlysle you get quality without extravagance, quality of tone as well as quality of materials and workmanship. We know of no other dealer who can afford to offer you the same saving, because we sell direct from our own factory with the most economical selling methods. The Carlysle is made of genuine **mahogany** or **walnut**, has the same quiet, powerful, double spring, silvertone motor that is used in our highest priced instruments, and has all metal parts beautifully nickel plated. Price includes five Silvertone records (our selection) and an assortment of steel needles. 38 inches high, 33¼ inches wide, 20¼ inches deep. **Shipped from our PHILADELPHIA Store.** Shipping weight, 170 pounds.

I sincerely believe the Truphonic to be "America's Greatest Phonograph." It will, I know, bring complete musical satisfaction to every purchaser.

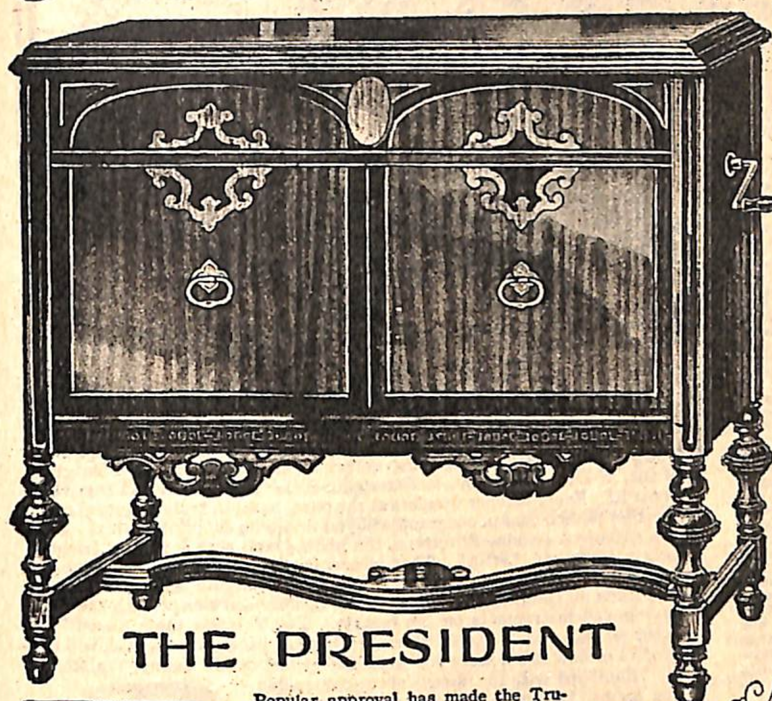
Yours sincerely,
RICHARD KANE.
(Baritone and Radio Artist)

TRUPHONIC

A combination of the finest in phonographs and a complete six-tube Silvertone radio set of proved merit. Encased in a beautiful cabinet of genuine walnut, in a pleasing two-tone effect. A full size writing desk with compartments and drawers for writing materials is incorporated in this beautiful cabinet. The Phonograph-Radio will provide you with a diversity of entertainment that you never thought possible.

At the turn of a dial you have a wonderful radio set. Whether the station you want is near or far, this set will quickly respond. You can tune in as quickly as you can tune out.

At another turn of the lever it is a supreme phonograph that reproduces perfectly the human voice or any instrument. In the Phonograph-Radio we have incorporated our marvelous, new Truphonic system of sound reproduction and amplification. This is the very latest development in phonograph construction and brought to its highest perfection by our own engineers in our own big factories. All tones issue from it with a clear, natural, lifelike reproduction that is a startling revelation to music lovers. You will be enthralled by the majesty and sweetness of the music. In only a few of the very highest priced phonographs made today, costing much more than this SILVERTONE TRUPHONIC, can you obtain anything even approaching the beauty of the Truphonic tone.



At our low price you save money when buying this instrument as a phonograph only! You may consider then, that you are getting, in addition, a splendid radio and a practical secretary at no extra cost to you.

THE PRESIDENT

Open view of the President. Record Books illustrated are not included

Popular approval has made the Truphonic a national leader in the field of finer phonographs. This new console with its unusual grace and symmetry of design, possesses a very distinguished appearance. Until you actually hear this Truphonic you can never realize the startling perfection of the tone. No matter what kind of music—instrumental or vocal, grand opera or jazz, a solo or a full orchestra—the Truphonic will play it for you just exactly like the original. You can hear each note, with all the gradations in tone of every single instrument. Music flows forth from the Truphonic, vibrant, eager, alive! This new principle, this latest scientific discovery, is an exclusive Sears-Roebuck development. You can obtain the Truphonic only from us. But in our characteristic way we are making it easy for you to acquire a Truphonic. Our low price, our simple time payment plan, our 30-day trial, our guarantee of satisfaction—no other dealer could offer you all these advantages. The President is a beauty. You'll like it. You'll be proud of it. Your friends will admire it. There's real quality here, real workmanship, through and through. Note the handsome scrollwork on the front, the generous proportions of the cabinet, which is made of only genuine **mahogany or walnut.** Equipped with the double spring silvertone motor and has all metal parts nickel plated. 35 inches high, 32¼ inches wide, 20½ inches deep. Five Silvertone records (our selection) and needle assortment included. **Shipped from PHILADELPHIA Store.** Shipping weight, 160 pounds.

As an Orchestra Conductor, I am naturally interested in Orchestra Reproduction. Orchestrations on the Truphonic are marvelous. Not a note is lost. Every instrument is distinctly heard. There is no intermingling of tone as was formerly the case in other phonographs. It would be impossible to find a more perfect instrument.

Yours truly,
KOBY SIRINSKY
(Popular Orchestra Conductor)

ARLINGTON

A striking example of the saving you can make in buying from us is this beautiful Queen Anne Period design. It is a bargain we are sure you will appreciate as soon as you try it and make comparisons with other standard phonographs selling at much higher prices. It has the same graceful sweeping lines, the elaborate record compartment, the double doors, the fine finish to be found in much higher priced phonographs. Workmanship and materials are of the best. Its fine musical qualities are unsurpassed by any phonograph on the market, regardless of name, make or price.

We have successfully built into this most delightfully designed upright model all the Truphonic characteristics which make this modern phonograph so desirable for the up to date home. The quality of its music will delight and surprise you here just as it does in any of our other models. Well made throughout, from interior mechanical equipment to exterior of genuine **mahogany or walnut.** The Arlington is one of our feature bargains, a value so sensational that it will astound you when you see and hear it in your own home. There it will be a constant source of pleasure and a pleasant reminder in the years to come of the outstanding savings offered by Sears, Roebuck and Co. Cabinet is 41 inches high, 18½ inches wide, 19½ inches deep. It is made of genuine **mahogany or walnut.** Equipped with the same durable double spring silvertone motor, powerful and silent running, as well as all other mechanical fittings which are used in every one of our models, regardless of price. Five Silvertone records (our selection) and needle assortment included. **Shipped from PHILADELPHIA Store.** Shipping weight, 120 pounds.

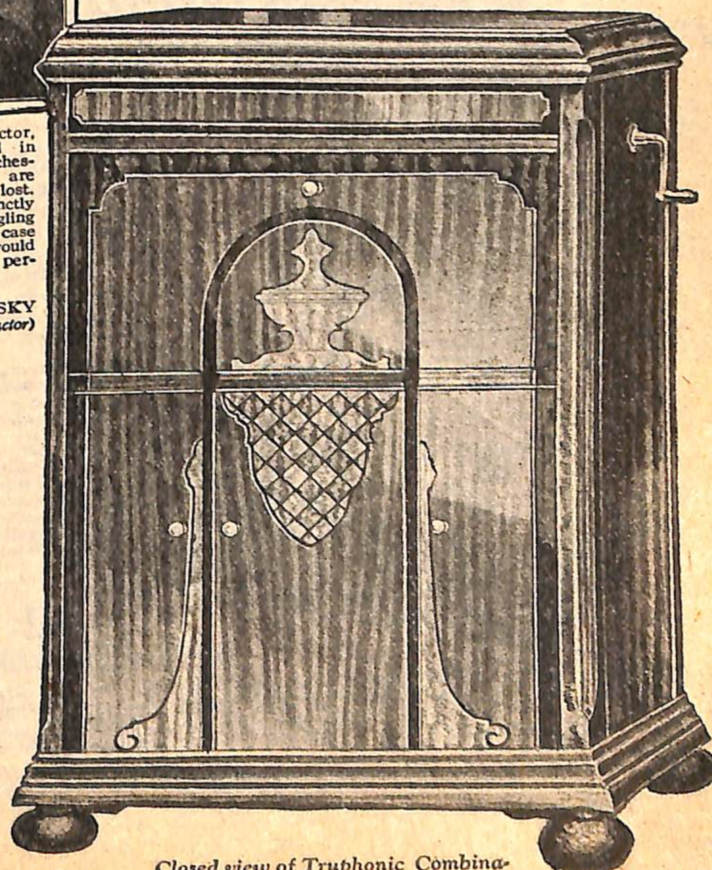
PHONOGRAPH-RADIO



We guarantee the Six-Tube Silvertone Set, installed in this combination Phonograph-Radio, to be equal in range and quality of reproduction to any six-tube receiver on the market. It is operated with the new one-dial control, recognized as the simplest and most effective method of tuning in stations. Under favorable conditions it should bring in all stations from coast to coast. It is a highly selective set, designed to meet every present day broadcasting condition. With this set it is possible to tune out powerful nearby stations. Its tonal qualities will captivate you.

The combination Phonograph-Radio comes complete with six tubes, one "A" Battery, two "B" batteries, one "C" battery; two voltmeters and complete ground and aerial equipment. There is nothing else to buy—just connect your aerial and ground; then tune in on your favorite stations.

Consider the extremely low cost of the combination Phonograph-Radio. Only $187.50! Amazing, isn't it? This low price is made possible through quantity production and our great buying power. If you wish, you can purchase this instrument on the deferred payment plan, an initial payment with order and balance monthly. Send in your order together with the $25.00 down payment today. It will mean another step to a happier life. Furnished in beautifully finished and grained genuine walnut veneer, 49 inches high, 31 inches wide, 19 inches deep. Five Silvertone records (our selection) and needle assortment included. **Cabinet shipped from factory in SOUTHERN MICHIGAN.** Accessories from our store to insure fresh batteries fully charged. The Waldorf

In a class by itself, distinguished for its unparalleled quality, its unequaled value, its matchless tone! No silver throated songster ever warbled a melody more sweet and intriguing than this new Truphonic. The meadow lark, gayly trilling his message of happiness on a sparkling, crisp, sunshiny morning, has met his rival. Here is remarkable compass and variety, here is full volume, crystal clear, and throbbing, vibrant resonance that will thrill you with its incomparable music. It will entertain you as you have never been entertained before. It will sing for you, play for you, give you all that you can ask of any musical instrument. The Waldorf is our favorite, the leader value in our showing of new Truphonics. On it we have concentrated our great buying power and manufacturing facilities to bring you the biggest phonograph bargain ever known! We want to prove it. We want to send you this consolette, to try in your home where you can compare it, hear it. If you are not convinced of its tremendous value you can return it. The Waldorf is made of selected woods, mahogany or walnut, beautifully finished. All metal parts are nickel plated. It is equipped with our finest double spring silvertone motor, powerful and silent running. Size, 34 inches high, 18 inches wide, 18 inches deep. It has our exclusive Truphonic construction and appointments. Shipped from Philadelphia Store. Shipping weight, 90 pounds.

Amazing Bargains!

8 BIG FEATURES

1—Best portable motor on the market.
2—Dovetailed corners—far superior to the usual nailed construction.
3—Ready to play, instantly.
4—Convenient record compartment.
5—Self contained tone chamber.
6—Riveted hardware—latches, handle, needle cup and hinges can't come off.
7—Genuine Dupont Keratol covering.
8—Non-rust brass trimmings, nickel plated.

The marvelous tone of the genuine Silvertone Phonograph in a portable model! A wonderful companion for your playtime hours. Take it with you anywhere! Dancing parties, every entertainment is many times more enjoyable when a portable Silvertone instrument is along. Convenient, easy to carry, it brings life and laughter and the magic of melody wherever it goes.

$18.25

Master Portable

This is far more than just a portable phonograph. Here is the new, amazing master construction that makes the perfect phonograph. The most delicate shades of tone are reproduced with the startling fidelity and truthfulness that only the Master Silvertone can attain. There is no comparison between this fine instrument and portable phonographs sold elsewhere for much more than our low price. Here is the portable without an equal, the last word in excellence, worthy in every way of the name Silvertone.

Enjoy this instrument for 30 days under our free trial offer. Notice the special features shown above. Compare this phonograph with any other portable sold. We know you will be more than delighted with its extraordinary and beautiful performance.

Every single detail emphasizes the high quality of the materials and workmanship. The Silvertone tone arm, sound chamber and special reproducer are housed in a strongly built, keratol covered case. 11½ inches wide, 15 inches long, 7½ inches high, strengthened by triple leather corners. The needle cup has spring top, preventing needles falling out. 10-inch felt covered turntable plays all 10 and 12-inch records (except Edison). Steel needles included. Can be sent by mail. Shipping weight, 18 pounds.

46K4603—The Master Portable. (No records included.) Sold for cash only. **$18.25**

$14.95

The Portola

Our own factories have solved the problem of building a good Portable Phonograph at a low price! In the Portola we offer a splendid instrument of excellent tone and real workmanship for less money than you would have to pay for the same quality elsewhere.

This remarkable phonograph plays all 10 and 12-inch standard disc records and plays them with a beautiful tone. Just lift the cover and there it is, ready to play, nothing to take apart or put together, and it weighs only 14 pounds. We have equipped it with a genuine Silvertone single spring motor which will play two 10-inch selections with one winding. It is not to be compared with the average cheap motor ordinarily used in portable phonographs that usually sell at or near our price.

The Portola has a suspended tone chamber. It is equipped with a nickel plated brass tone arm, a 10-inch felt covered turntable and a keratol holder for 10-inch records. Covered with black wear and weather resisting genuine Dupont keratol. The needle cup has a spring cover to prevent needles from falling out. It is 14¾ inches long, 11½ inches wide, 7½ inches high. Steel needles are included. Thirty days trial. See also eight big features listed above. Can be sent by mail. Shipping weight, 16 pounds.

46K4602—The Portola (no records included). Sold for cash only...... **$14.95**

Challenge Records

If you want the best, we recommend the Silvertone. For those who want a lower priced record we offer the Challenge, which is better than those usually sold at 35c and equally as good as most sold at 50c. Order by catalog number and selection number. Shipping weight, 1 record, 1½ pounds; 10 records, 5½ pounds.
12K6301—Each, 24c; 10 for..............................$2.29

Sensational Price Reductions on These New BECKWITHS

46K382

$398.00

THINK OF IT! A genuine Beckwith player piano, famous for its tone quality, for less than $400.00, and a genuine Beckwith straight piano for only $275.00. **Here's real value for you, a genuine bargain such as is not equaled elsewhere in America today.** To sell Beckwiths at these prices is like offering United States Treasury Certificates at 75c on the dollar. These are New Instruments, new from the smallest screw to the last coat of varnish and made by master craftsmen who have been building Beckwiths for a quarter of a century. Constructed with all the faithful adherence to the ideals which from the first we have incorporated in every Beckwith. Guaranteed for 25 years with the same confidence in their promise of utmost satisfaction and offered with the knowledge that there is nothing finer, nothing better in tone, materials or workmanship for the money. These instruments are superior in their class, triumphs of successful manufacturing plans which we started many months ago to bring you the **greatest piano bargains that were ever offered.** Our tremendous cash resources, our unexcelled manufacturing facilities, our long experience in piano building are responsible for these huge savings we can now offer you. This is your opportunity! **Resolve today that you will have one of these splendid instruments in your home.** Our liberal, easy payment plan, our one price policy with no interest or extras to add, our 30-day free trial offer, our unqualified guarantee of satisfaction or your money back make the Beckwith the ideal instrument to buy.

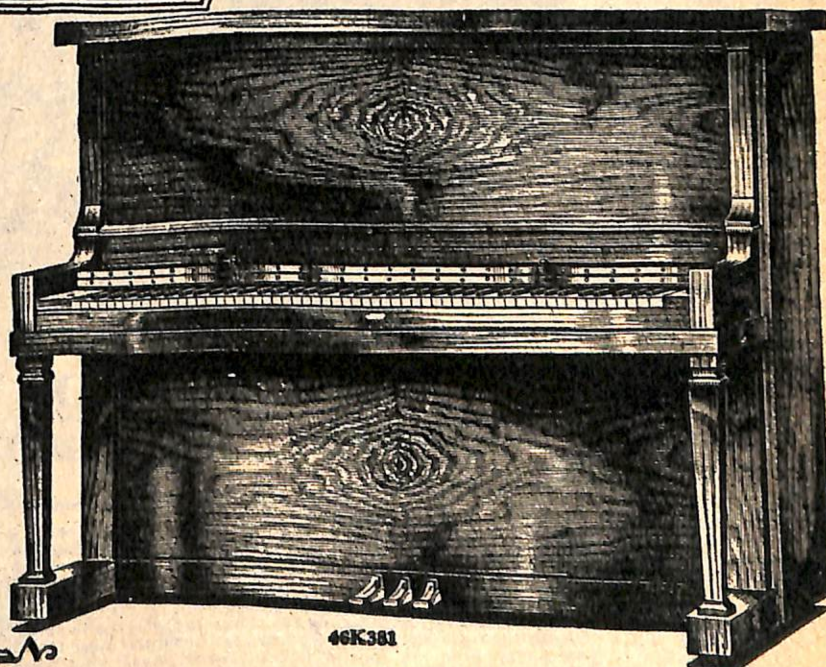
THE MODEL shown above is made in our most popular size, 4 feet 4 inches high and 5 feet wide. This player is fully equipped with all the latest improvements, containing every necessary attachment for reproducing the finest music by roll. Has a transposing device which will enable anyone instantly to change the key—indispensable for singing. Automatic sustaining pedal at just the right moment removes the dampers from the strings, giving that full loud pedal effect so noticeable in hand playing. Automatic tracking device keeps the roll running evenly over the tracker bar at all times. The scale is even and well balanced. The tonal quality is identical with our larger instruments. The case is double veneered, made in either genuine mahogany or American walnut, dull satin finish. Copper wound bass strings. Brass finish trimmings. Ivory keys. Here is a piano you will be proud to own. Shipping weight, 875 pounds. Shipped from factory in SOUTHERN INDIANA only.

46K382—Player piano, with player bench and 20 music rolls. $10.00 with order, balance $10.00 a month. In mahogany............... **$398.00**

For ukulele attachment add $10.00 to the price.
For walnut add $10.00 to the price.
Use Time Payment Order Blank on Page 1092.



YOU WILL like this new model Beckwith. It is 4 feet 4 inches long and 5 feet wide. This is the most popular size now and in great demand. It has the same rich, clear tone as our larger Concert size instruments. It is made just exactly like our Concert pianos with full length metal plate and quick repeating piano action. Spruce sounding board. Copper wound bass strings and ivory keys. Like the player above, the case is double veneered throughout and can be had in either genuine mahogany or walnut. Finish dull satin. Shipped from factory in SOUTHERN INDIANA. Shipping weight, 750 pounds.

46K381—Beckwith piano, including bench and instruction book, $10.00 with order, $10.00 a month. Mahogany.............................. ***$275.00***

For Walnut add $10.00 to the price.

If You Are Interested in Used Piano Bargains

Write for our complete list. These rebuilt instruments have all been reconditioned in our own factory, by the same expert piano makers who built them originally. They have been put in first class condition, inside and out, and bear the same 25-year guarantee as we place on our new Beckwiths. Except for slight evidence of use they are good as new. Write today and see how much you can save. We have some exceptionally attractive bargains.

BECKWITH *Challenges*

To Furnish BECKWITH

Buy Direct From the Factory and Save 1/3

BETWEEN the daylight and the dark, there is an hour that only music can fill. Nothing will take the place of song.

Turn to the Beckwith and release its clear, golden tones. In an instant the house that you have kept all day is home.

No musical training is necessary to play the New Era Beckwith; it plays by roll. Yet throughout its playing your hand is on the keyboard controlling its every tone. Here every mood is gratified. You can soften it to a whisper or raise it to a crescendo of glorious harmony. You can play it fast or slow, accompany voices or instruments.

Guaranteed 25 Years

Every Beckwith Piano is guaranteed for twenty-five years against any possible defect in material or workmanship. It is more than a guarantee. It is your assurance of absolute musical satisfaction, a quarter century of musical happiness. Not only is our guarantee a pledge of highest quality, but a symbol of the confidence that we, as manufacturers and designers, place in the performance, durability, and perfection of the Beckwith Piano.

Thirty-Day Trial

We do not want you to spend one cent in trying the New Era Beckwith in your home. After thirty days' trial, if not fully satisfied we will take the instrument back and return all your money, including freight and drayage charges. No matter where you buy, you will have to pay freight, for the charges are always added to the price by the dealer who sells the instrument. The freight from our factory to your station, however, is very little compared with the big saving you make.

Easy Monthly Payments

The small down payment is all you need send us for thirty days, and then only easy monthly payments that you can well afford. **You can play while you pay.**

There is no interest to add; no extra charge of any kind for this convenience. You pay only the price shown in the catalog description, plus the transportation charges and no more. Those prices are the World's **Lowest** for instruments of the **Beckwith's Unchallenged Superiority.**

$10.00 DOWN $12.00 A MONTH

For those of our customers who want something a little better than the average, for discriminating people who demand and appreciate the very latest in design, we offer the distinctive model shown above. With its many improvements and refinements it is one of the finest and most artistic player pianos we have ever offered. We do not hesitate to ask you to compare it with the highest priced player pianos of the day. Although it is the same size and construction throughout as the other two instruments shown on these pages, it is more expensive to make because of the carved trusses and pilasters. This makes a very handsome design, which is distinctive in appearance and will be a constant source of pleasure to any purchaser. As a piece of furniture, it can take its place in the most elaborate home. As a player piano, we know of nothing better from the standpoint of appearance, durability or performance. We highly recommend it to those who want something a little different. Has full length metal plate, highest grade player action, genuine ivory keys and other features found only in the most expensive instruments on the market. Comes in dull satin finish only. Size: 4 feet 4 inches high, 5 feet 1½ inches long, and 2 ft. 4 inches deep. Shipping weight, 875 pounds. **Shipped from factory in SOUTHERN INDIANA or NEW YORK CITY, NEW YORK.**

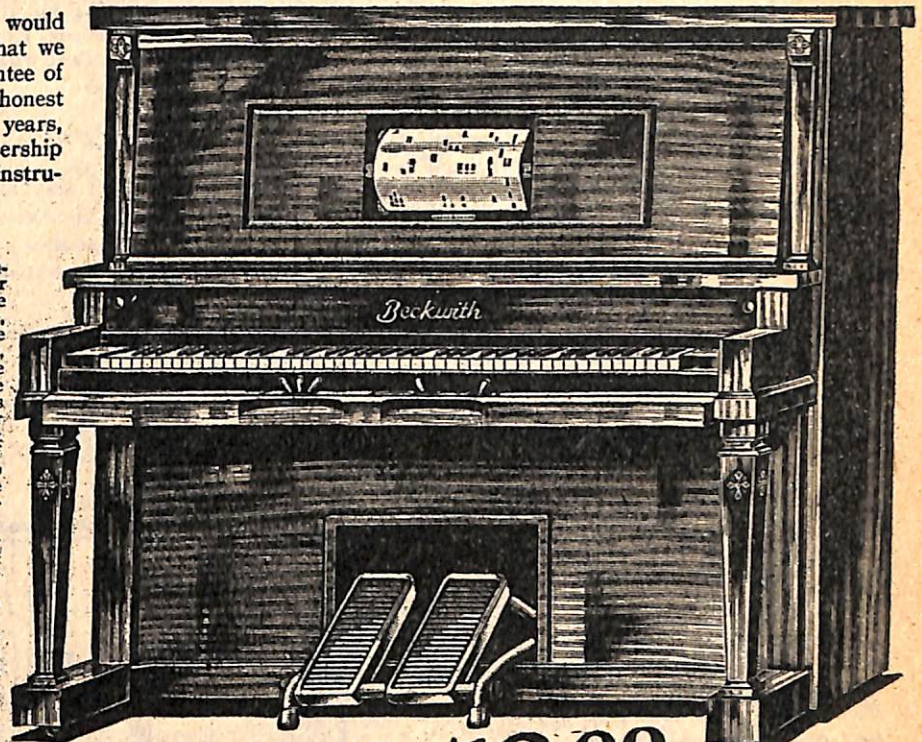
46K407—Player Piano in Mahogany With Player Bench and Twenty Music Rolls. **$10.00** with order; balance, **$12.00** a month. **$465.00**

For Walnut, add **$10.00** to the price.
For Ukulele Attachment, add **$10.00** to the price.

Use Time Payment Order Blank on Page 1092.

A special Piano Catalog has been printed to show our large selection of Beckwith Pianos. Every size, from the concert to the midget that stands only 3 feet 8 inches high, is represented. If you prefer a piano or player piano of a different type from those illustrated on these pages, send for this special Beckwith Piano Catalog 561K.

All COMPETITION QUALITY *at* BECKWITH PRICES



WE always have built the Beckwith so well that it would give a generation of service—the kind of service that we can stand squarely back of with our written guarantee of satisfaction. We would never jeopardize our reputation for honest dealing by making a piano that would not, for years and years, give you the enjoyment, the pleasure, the pride of ownership that should be yours when you buy this finest of musical instruments.

The New Era Beckwith

This is the day of changed conditions in the home. Rooms are oftentimes not as large, or there is more demand for space to be used for other furnishings. The big, bulky, cumbersome piano that consumed a large part of the room and required a half dozen men to move from place to place, has gone. But its passing occasions no regrets. For in its place we have designed a new and finer instrument, the New Era Beckwith. New grace, new beauty, new pleasing lines in the case and new compactness in the construction make the New Era Beckwith the most modern, up to the minute piano on the market today. It is only 4 feet 4 inches high—takes up less room, is easier to move around, harmonizes better with other furnishings. Yet, notwithstanding the smaller size, nothing has been lost in the construction because of the more compact, more efficient use of space in the piano itself. **Neither does the reduced size affect the wonderful tone quality or the famous Beckwith durability.** We know from our own long experience in piano manufacturing and the exhaustive tests we have made in our own factory, that the New Era Beck with is the counterpart in every particular, except weight and dimensions, of the old Beckwith. The apartment size piano or player is the favorite wherever pianos are now sold. Once you have seen it, once you have it installed in your home, you would have no other.

We can now offer the Apartment Size Beckwith at a lower price than asked anywhere for a really fine piano. We have cut size, **we have cut price**—the fine tone and the splendid workmanship which insure lifetime durability, are left in the new Beckwith. The standards of twenty years have not been altered. The Beckwith today, as yesterday, holds all honors as **the premier piano value of the world.**

No dealer has ever competed with us in fineness of tone quality. The Apartment Size Beckwith now has no rivals in price. No other store in the world can sell you a piano approaching the Beckwith at these low prices.

46K435

$10.00 DOWN $12.00 A MONTH

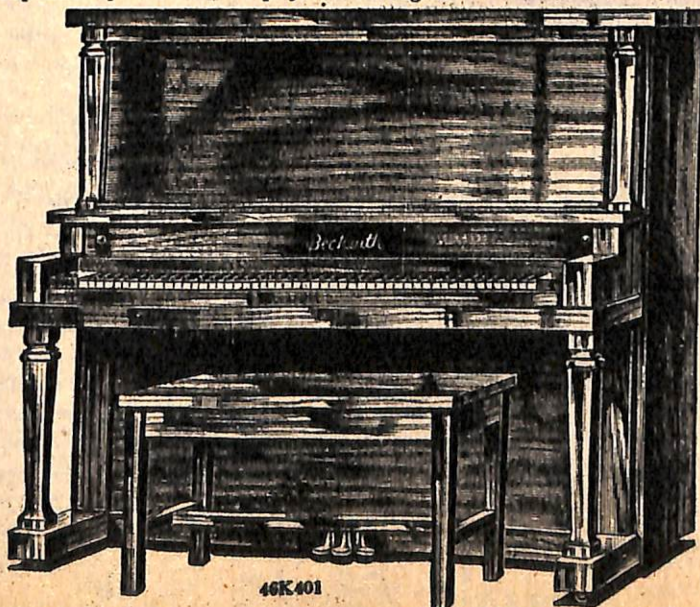
THE popular demand for a good player piano at a moderate price finds its answer in this New Era Beckwith. Here is a lifetime investment in happiness for all the family; here is the best player piano at the lowest price.

This latest, improved model in the new apartment size is thoroughly equipped to give you the greatest pleasure. A transposing device enables anyone to change the key instantly, an indispensable aid to singing. The automatic sustaining pedal removes the dampers from the strings at just the right moment to give that full, loud, pedal effect so noticeable in hand playing, while an automatic tracking device keeps the music roll running evenly over the tracker bar at all times. Only genuine ivory keys are used. Every advantage possessed by the most expensive instrument is here.

A well designed, well made case in the new apartment size of double veneer genuine mahogany or American walnut, dull satin finish, holds the full length metal plate. Double wound brass strings, selected to give the finest tone, and brass finish fittings make this the player piano without equal.

Size, 4 feet 4 inches high, 5 feet 1½ inches long, and 2 feet 4 inches deep. Shipping weight, 875 pounds. **Shipped from factory in NEW YORK CITY.**

46K435—Player Piano in Mahogany, with Player Bench and Twenty Music Rolls, $10.00 with order; balance, **$12.00** a month. No interest to add **$450.00**



For Walnut, add **$10.00** to the price. For Ukulele Attachment, add **$10.00** to the price.

Use Time Payment Order Blank on page 1092.

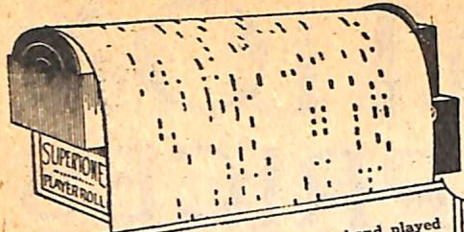
Full Length Metal Plate

It takes a well constructed back, supported by a full length cast iron plate, to stand the strain of about 20 tons tension exerted by the strings of a piano. In the Beckwith, the plate runs the length and width of the piano and weighs approximately 155 pounds. You are gambling with the future when you buy a piano which does not have a full length heavy iron plate or a strong, well constructed back. Tone quality depends upon sufficient physical strength.

$10.00 DOWN $10.00 A MONTH

HERE is the piano for your home. Its sterling worth, its enduring goodness and its mellow, liquid tone quality will be constant sources of gratification to you in the years to come. With the knowledge gained from long experience, our designers have developed this fine piano for you. Expect from it the same tonal quality, the same durability and the same fine appearance of a more expensive instrument.

Made in the apartment size only, 4 feet 4 inches high, which is now so popular. Because of its small size, it is lighter in weight, easier to handle and more readily takes its place in the interior decorating scheme of your home.



Every feature of modern piano construction to improve the appearance, tone quality and durability has been incorporated in the two instruments on this page. The cases are veneered inside and out, the outer veneer being genuine figured mahogany, quarter sawed oak or American walnut. Comes only in dull satin finish. Pedals and exterior metal trimmings finished in brass.

Size, 5 feet 1½ inches long, 4 feet 4 inches high, 2 feet 1 inch wide. Shipping weight, 775 pounds. **Shipped from factory in SOUTHERN INDIANA or NEW YORK CITY.**

46K401—With Duet Bench and Instruction Book. In mahogany, **$10.00** with order, **$10.00** a month. No interest to add. **$324.00**

For Quarter Sawed Oak or Walnut, add **$10.00** to the price. For Ukulele Attachment, add **$10.00.**

Use Time Payment Order Blank on Page 1092.

SUPERTONE WORD ROLLS

For latest hits send for special list 9506K.

43c EACH

Supertone Player Word Rolls are hand played reproductions by famous pianists. The words are plainly printed on the right hand side of the rolls. All popular rolls contain two verses and two choruses. FOREIGN WORD ROLLS

We have a very fine collection of word rolls in the Italian, German, Polish and Bohemian languages. If interested write for our Special Circular 6813K. Sent postpaid on request.

Powerful Pump for Player Piano

This pump is very valuable to piano tuners in locating defective notes caused by dirt. Made of very heavy construction, having nickel plated brass cylinder. Length, about 9 inches; diameter, 1½ inches.

12K5294—Shipping weight, 1¼ pounds........................**$2.10**

33c EACH

SUPERTONE INSTRUMENTAL ROLLS

Supertone Player Instrumental Rolls (No Words) are played from the original composition as written.

All Supertone Player Rolls are mechanically perfect and musically correct. They are put up in neat and serviceable strawboard boxes covered in imitation of leather.

We especially recommend titles listed in heavy type.

Always give a few extra titles as second choice.

For 88-Note Player Pianos

AT YOUR SERVICE—

WLS
World's Largest Store

SERVICE is the keynote of W L S—a service rendered in your behalf. And there are many kinds of service. If our market broadcast enabled you to catch a peak price for the products of your flock or farm—that was a service. If our Homemaker's Broadcast brought to your easy chair information by which a step could be saved, or a short cut made, that was another service. And if our musical programs, brought to your fireside through the long evenings, gave you a fleeting hour of pleasant entertainment, or a bit of happiness, that was a service of the highest order.

Constant service is our watchword. W L S was conceived in your interests, is operated in your behalf and is dedicated to your service. It is your station. Write us frequently. If we broadcast a feature that you like, write and tell us about it. It is our way of knowing that we are pleasing you. If certain phases of our broadcasting do not appeal to you, tell us about them. That is the way we can give you what you want.

WLS

The Agricultural Foundation

The Sears-Roebuck Agricultural Foundation is entering upon its fourth year of service to the farmer—and the farmer's wife. It has sought since its beginning to be an active, helpful force in the Nation's Agriculture. Through its association with WLS, and its excellent cooperation with all the agricultural agencies in the field, it has rendered a definite service to hundreds of thousands of farm people. It has become in effect a veritable clearing house for farm problems.

The services of trained farm people, people who through study and experience have qualified themselves are at your constant disposal.

The Farm Service Department will answer any question on farm practices, poultry, marketing, live stock problems and insect pests. Every question receives immediate personal attention.

Our Home Service Department renders a similar service for the housewife. Problems concerning the home, the wardrobe, the daily menu, the baby and the thousand and one other little perplexities about the home come to this deparment daily.

We are interested in your accomplishments on the farm and concerned with your success. Keep in touch with our Agricultural Foundation. Help us help you.

SO EASY TO SET UP

A Silvertone Radio Receiver

NO RADIO KNOWLEDGE NECESSARY

—and maximum results guaranteed

So Easy to Install

In a very short while you are on the air, for it is simple to set up a Silvertone Receiver. No radio knowledge necessary. Silvertone Receivers are paramount in simplicity and free from any complicated features. We guarantee that anyone, no matter how uninformed in such matters, by following our simple instructions and diagrams, can readily install a Silvertone Receiver and get perfect results. Thousands of people annually buy radio sets from us, install them themselves and tell us of results that are truly marvelous.

A Home Necessity

Radio has become an almost indispensable part of homelife. It brings to the fireside, from points far and near, the world's most inspiring music, the voices of great singers and the words of our country's most notable men and women. It brings the news of the day; many things of interest to the housewife; entertainment and education to the young, and comfort to the old. It keeps the family together; no roaming around seeking entertainment. Radio is the most marvelous gift of the present age, and no family should be without its untold advantages.

A Great Farm Asset

Radio enters our economic life; particularly the everyday business affairs of the farm. Live stock quotations, commodity prices, weather reports and agriculture talks are just a few of the numerous advantages radio affords the farmer. Many purchasers of Silvertone Receivers tell us they were able to make enough money in a short time by keeping posted on daily markets to pay for their sets. No farm today should be without a radio.

You Take No Chances

You can set up a Silvertone easily and quickly, and any member of your family can operate it. Every set is thoroughly tested before being shipped. We guarantee that it will reach you in proper condition; that it will be exactly as we describe it and that it will perform to your entire satisfaction. If for any reason you are not completely satisfied and do not want to keep your set we will return your money and all transportation charges. If you want to save money and have guaranteed satisfaction, buy a Silvertone Receiver.

We Save You ¼ to ½

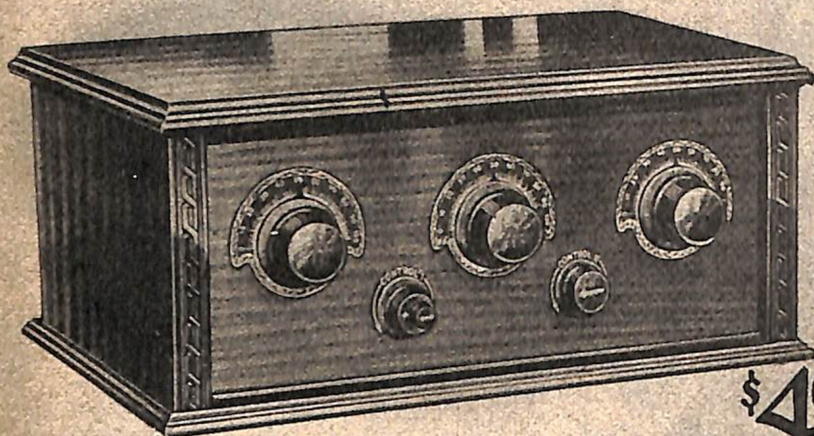
We are the world's largest distributors of radio receivers direct to the customer. We completely manufacture our own product. We have our own large modern radio factory; employ our own staff of engineers and technical experts and design and manufacture all of our own cabinets and consoles. Our low manufacturing costs mean a saving to you. We also save you the wholesale distributor's profit, salesmen's commissions and high advertising costs. Buy a Silvertone from us, set it up yourself and save one-fourth to one-half of the usual retail price for a set of this quality.

We Sell on Time

If you prefer to pay on the installment plan why not take advantage of our liberal terms? You will find that the enjoyment derived will far exceed your monthly payments and, in practically no time, you will have your radio paid for. Thousands of purchasers are enjoying the advantage of easy payments.

For Quality and Performance

We guarantee you maximum results. We guarantee our five-tube sets to have a range equal to any five-tube set manufactured the world over, notwithstanding our lower prices. Our six-tube set is a peer among radio receivers and defies all comparison. Aside from range, Silvertone Receivers are unexcelled in tone quality and simplicity of operation. Attention has been given to mechanical sturdiness in such a pronounced way that you are assured of continuous, dependable performance. You do not have to be afraid of anything going wrong with a Silvertone Receiver.



What to Buy

This depends on what the purchaser prefers and how much he feels he can afford. For all around satisfaction and dependability at the lowest possible cost, you will be well pleased with any one of our five-tube models. Our six-tube sets have more amplification, render more volume, and also bring in distance to a greater degree. Further, they embrace single control, a feature that makes it possible to tune in stations by merely turning one knob. While necessarily adding to the cost, it is a convenience many purchasers prefer.

FIVE TUBE *Silvertone*

Manufactured and
SEARS, ROEBUCK

Silvertone Five-Tube Receivers will give you the range you want, the tonal quality you appreciate and the dependability you expect for complete, continuous satisfaction. Our prices are lower than ever, and represent a standard of value that should be instantly recognized. Buy a Silvertone Receiver and be dollars ahead. Presented in four models of cabinets.

A Silvertone is easy to install. No radio knowledge is necessary.

Your RADIO *Deserves Its Own Table*

Console Table With Built-In Speaker

Our highest quality radio table, fitted with a soundbox or horn placed behind the left front grille panel. Top of table is made of genuine walnut veneer; ends selected gumwood finished in dark walnut, highly polished. It will harmonize well with almost any radio set. Has small drawer in front, yet ample room is provided for all batteries. Reproducing unit not included. Size of top, 38x18 inches; height, about 30½ inches. The soundbox is fitted with a ⅞-inch threaded metal coupling. If unit is wanted see our 57K2219 shown on page 713. Shipping weight, 80 pounds. **Shipped from factory in SOUTHERN MICHIGAN or EASTERN PENNSYLVANIA.**

57K2943⅓................................$19.95

Large Console Table

Provides room for both receiver and speaker. A table that ordinarily retails for $18.00 to $20.00, yet our price is only $11.95. A real quality table. Selected gumwood top, highly finished in dark mahogany. Back is entirely open, permitting access to a large charger and battery compartment. Attractively decorated; legs fluted. Top measures 38 inches long by 18 inches wide. Height of table, 30 inches. Shipping weight, 75 pounds. **Shipped direct from factory in CENTRAL INDIANA or EASTERN PENNSYLVANIA.**

57K2944⅓................................$11.95

Small Console Table

A small, neat, low priced table that meets many needs. The front is removable, permitting instant access to batteries. Nicely finished; neat routed design in front. Suited for our receivers, Models XIV, XVII and XIX. Gumwood veneer top, 23½ inches long by 13 inches deep. Height of table, 30 in. Shipping weight, 40 pounds.

57K2927¼—Mahogany finish.............**$9.65**
57K2928¼—Walnut finish.............**9.68**

New Console Table

One of the most popular types of radio tables now before the public. Well proportioned, attractively designed and sturdily built. Selected gumwood veneer top; highly finished in walnut or mahogany. Two panel effect doors in front, fitted with metal drop pulls. Back of table is closed. An ideal piece for parlor or living room. Will harmonize with your radio set. Size of top, 31¾ inches long, 15 inches deep. Height, 30 inches. Shipping weight, 50 pounds.

57K2929¼

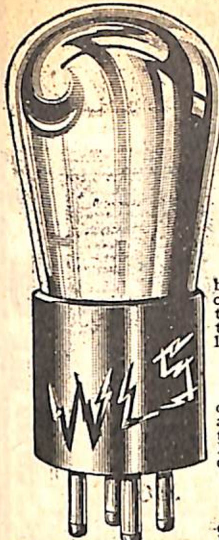
Carefree and Economical Socket Power

Consists of two devices: Storage battery eliminator and "B" battery eliminator. Operates from light socket and can be instantly installed by any set owner. Always ready for instant use and will operate any size set up to ten six-volt tubes with the utmost satisfaction. With the use of this unit power is automatically turned on or off from the filament switch on the panel of your radio set. The W L S power unit contains no delicate parts, it is noiseless in operation and guaranteed to give you complete socket power satisfaction. Not to be confused with many lower priced units which do not give proper service.

WLS POWER UNIT



$56.95 COMPLETE

Always Ready for Instant Use

The "A" eliminator contains no battery, bulb, acid or moving parts; current rectification is accomplished by means of a new and proved scientific principle of dry metallic plates that will last indefinitely. Furnishes constant "A" power for any set up to ten six-volt tubes. May be used separately if desired. Assembled in a nicely finished steel case that matches "B" unit. Size, 5¾x13 inches; height, 9¾ inches.

The "B" unit is the same as unit 57K2456¼ described on page 715. No taps are provided for "C" battery elimination. Where receiver calls for "C" voltage, best results are obtained by the use of a regular "C" battery. Shipping weight, 45 pounds.

57K2461¼—Complete "A" and "B" unit as described.....**$56.95**
57K2455¼—"A" unit only as described. Shpg. wt., 24 lbs... **27.95**

$1.29 Nationally Famous WLS Tubes

We Guarantee Them

W L S Tubes are superior tubes. They are tubes for those who want the very best; those who want the maximum in signal audibility, sensitiveness and uniformity of performance over a long life period. W L S Tubes represent the highest type of tubes that modern science and manufacturing skill have been able to produce. Detector-amplifier 6-volt type. Draws ¼ ampere. New type base, 1⅜ inches in diameter; long prongs.
57K2976—Shipping weight, 1 pound. **$1.29**

Solartron Vacuum Tubes

Equal to many tubes sold elsewhere at higher prices. The Solartron Tube carries our full guarantee. It is constructed in a very substantial manner; possesses volume and tone quality, and is not to be confused with the many poor, short lived tubes on the market offered at around our low price of 85c. Such tubes we refuse to handle. Detector-amplifier 6-volt type. Draws ¼ ampere. New type base, 1⅜ inches in diameter; long prongs.
57K2970—Shipping weight, 1 pound. **85c**

Power Tubes

Where provision is not made in a radio receiver for the use of a power tube, a change in receiver wiring is necessary. Also, power tubes require 135 volts of "B" battery and 9 to 27 volts of "C" battery. 57K2977 is the higher amplifier of the two types quoted below and is best suited, especially for a five-tube set, where volume is wanted with no sacrifice in range. 57K2968 is particularly suited for six-tube sets. While its amplification factor is less than 57K2977, it draws more current in the plate circuit, thus rendering a more pronounced fullness and quality of tone preferred by many critics. Both tubes are 6-volt type; filament draws ½ ampere; diameter of base, 1⅜ inches. Power tubes, however, are not required for the proper performance of Silvertone Receivers. Shipping weight, 1 pound.
57K2977—W L S 512. **$2.59**
57K2968—W L S 571. **2.59**

Special Detector Tube

A special, fully guaranteed, highly sensitive tube for use in the detector socket only. Increases volume and makes set more sensitive, especially noticeable on distance reception. Equal to other makes of tubes selling at much higher prices. Proper use does not require any change in wiring or set. Has new type base, 1⅜ inches in diameter, with long prongs. Draws ¼ ampere. 6-volt type.
57K2950—Shipping weight, 1 pound. **$2.59**

Dry Battery Tubes

Detector-amplifier 4½-volt tube, used for dry cell sets; also portable sets. Base, 1 inch in diameter; short terminals. Draws .06 ampere. Three 1½-volt dry batteries connected in series are generally used as the "A" battery for this tube.
57K2951—Shipping weight, 1 pound. **$1.37**

Detector-amplifier 4½-volt dry battery tube, similar to above, but fitted with the new type base having long prongs. Diameter of base, 1⅜ inches. Draws .06 ampere. Requires same battery arrangement as 57K2951.
57K2952—Shipping weight, 1 pound. **$1.37**

Detector-amplifier 1½-volt dry battery tube, fitted with new type base having long prongs. Diameter of base, 1⅜ inches. Draws ¼ ampere. One 1½-volt dry cell for each tube gives good results for the "A" battery.
57K2953—Shipping weight, 1 pound. **$1.63**

Hi-Mu Tube

For resistance coupled sets or units. Has amplification factor of 30, and is best suited for first and second audio stages; can also be used as a detector. Fully guaranteed, 6-volt type; draws ¼ ampere. Maximum plate voltage 1.80. Diameter of base, 1⅜ inches. Shipping weight, 1 pound.
57K2969. **$1.39**

Guarantee

When you order W L S Tubes you do so with the assurance that the tubes you receive have been tested first and have proved highly efficient. Built in the latest and most scientific manner with the best of materials, these tubes are subject to rigid tests before being packed for shipment.

We guarantee W L S Tubes to have long life, high amplification and select tone quality. Should a W L S Tube fail to give the service you expect, we will immediately replace it or return your money without question.

W L S Silvertone Speaker

Silvertone Model 1 Speaker is fitted with a large unit having a heavy magnet and substantial coils which, coupled with fine workmanship and precision, have produced a unit of the very highest order. This Silvertone Speaker assures full enjoyment of the wonders of radio reception. Fitted with a substantial cast aluminum base and gooseneck, having a beautiful brown crystalline finish which harmonizes with almost any radio cabinet. Top or bell part of speaker is made of solid bakelite, highly polished. Height, over all, 21¼ inches. Width across top opening, 13 inches. Shipping weight, 10 pounds.
57K2207¼. **$11.75**

Silvertone Speaker Model No. 2

This speaker is similar to Silvertone Speaker 57K2207¼ above, except that it is of smaller dimensions. Brown crystalline finish. The polished bakelite top measures 11 inches across opening. Height of speaker, over all, 18¼ inches. Represents a very substantial value. Shipping weight, 12 pounds.
57K2208¼. **$9.95**

Howl Arrester

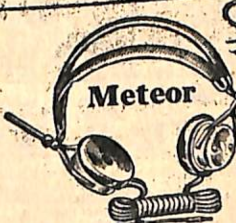
A heavy rubber cap that shields tubes and reduces microphonic noises. Generally used on the detector tube but may be used on other tubes in set. For regular 6-volt detector or detector-amplifier tubes. Shipping weight, 8 ounces.
57K2444. **59c**

Tube Tester

To insure best results at all times your radio tubes must operate at highest possible efficiency. Poor reception and performance can usually be traced to poor tubes. To know the condition of each tube is but a simple matter with this dependable tube tester. Takes any 6-volt tubes shown on this page. Size 5x3 inches; 2 in. high. Shpg. wt., 2¾ lbs.
57K2416. **$5.62**

Tube Rejuvenator

Radio tubes that have become paralized, or partially so, may be restored to new life. Use only on alternating current, 110-volt, 60 cycles. (Ordinary city current.) Shpg. wt., 3 lbs.
57K2428. **$2.75**



Silvertone Cone Speaker $11.75

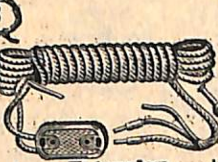
Unquestionably one of the greatest values of the season in radio. Big reproducers of similar quality often sell for $20.00 to $25.00, yet we ask only $11.75. Equipped with a large, heavy magnet which has a sensitive, floating type armature that assures the utmost in clarity and realism throughout the entire musical scale. Built to handle the higher voltage of power tubes and is guaranteed to handle volume without any sacrifice of true tone quality. Made of a heavy russet brown parchment in both front and back; neatly decorated and reinforced around outer edge of cone. Mounted on a strong metal frame and pedestal; bronze finish. Diameter, 19 inches. Height, over all, 21¾ inches. Shipping weight, 23 pounds.
57K2241½. **$11.75**

Smaller cone, same as above in both design and construction. Diameter, 14 inches. Height, over all, 16½ inches. Shg. wt., 13 lbs.
57K2240¼. **$7.95**

Meteor Head Phones

Meteor phones, guaranteed for sensitivity, tone quality and durability. Low in price but highly efficient. Built to withstand the rough handling to which phones are generally subjected. Aluminum backs, polished composition screw-off caps. Headband covered with heavy webbing. Shipping weight, 1½ pounds.
57K2198. **$1.49**

Receiver Cords



Worn cords often short circuit, and it is well to replace them before they cause trouble.

57K2172—Single type having two pin tips at each end. Shpg. wt., 3 oz. **19c**

57K2173—Double type having two pin tips at one end and four at the other. Shpg. wt., 3 oz. **27c**

57K2174—Brandes Superior type having two pin tips at one end and four spade tips at the other. Shipping weight, 3 ounces. **35c**

Extension Cords

Permits locating your loud speaker or reproducing unit some distance from receiving set. Double heavy black cord with two tips at each end; connector included. Furnished only in lengths listed below.
57K2211—20 feet. Shpg. wt., 3 oz. **79c**
57K2213—50 ft. Shipping wt., ¾ lb. **$1.15**

WLS Head Phones

Enjoy true, clear reproduction. Bi-polar type, substantial coils and heavy silicon steel magnets. Fitted with a canvas covered adjustable headband; substantial, highly polished, screw-off black caps; strong aluminum backs. Shipping weight, 2 pounds.
57K2169. **$2.45**

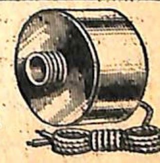
Quick Change Plug

Insert phone or cord tips and plug into your set. No screws or tools necessary. Shpg. wt., 4 oz.
57K2202. **23c**

Panel Light

Miniature lamp to set on radio cabinet. Weighted felt lined base. Gold finish. Operates from storage or "A" battery circuit of set. Four feet of double cord and a regular 6-volt electric light bulb included. Height, 5¼ in. Shipping weight, 1½ lbs.
57K2242. **$1.39**

Ear Pads



Soft spongy sponge rubber. Fit snugly over phones and protect ears. You will be surprised at how much comfort they give. Shipping weight, 5 ounces.
57K2170. Per pair. **37c**

Popular Cone Speaker

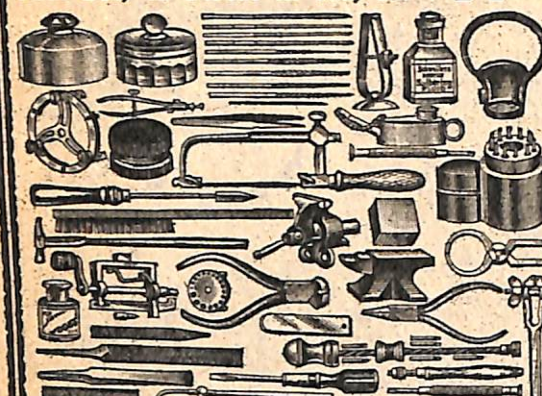
A reproducer that has enjoyed national success and ranks high in performance and reliability. Has a very heavy magnet, fitted with armature and stylus bar, a superior principle not generally incorporated in speakers selling under $10.00. Handles volume without blasting, and is clear and distinct in its reproduction. Exceptionally strong construction throughout. Has a metal frame entirely around the outer edge of the parchment. Mounted on a bronze finished metal stand; a very remarkable value. Diameter, 12 inches; height, 14 inches. Shipping weight, 7 pounds.
57K2267¼. **$4.98**

Reproducing Unit

Designed to embody simplicity, sturdiness and sensitiveness; also good tonal quality. Especially well suited for phonograph or radio console use. Has a ⅞-inch threaded nipple. Fitted with a 30-inch cord with regular phone cord metal tips. Shipping weight, 1¼ pounds.
57K2219. **$2.85**

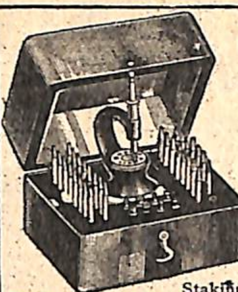
Order Blanks Are in Back of This Catalog

Watchmakers' Tools and Materials



Should you desire to order balance staffs, hole jewels, cap jewels, mainsprings, hairsprings, etc., send a sample to us and state name of watch. Enclose in your letter or package your name and address. When ordering hairsprings state size and strength.

Old gold accepted by us at the highest market price in exchange for any article in our jewelry department. We allow 72c for 18-karat, 56c for 14-karat, 40c for 10-karat, per pennyweight. In all cases we hold gold until we are advised by customers that estimate of value is satisfactory.



SHIPPING WEIGHTS—We give the weights of the articles on this page. Where no weight is given, the shipping weight is 4 ounces.

We repair watches that have been purchased from us. We maintain a completely equipped watch repair department operated by skilled watchmakers. All work guaranteed. Should you send your watch, write your name plainly on a tag, together with your address, and attach same to watch. Pack watch carefully in Cotton Batting or Tissue Paper in a substantial box and address package to us. Mail your watch to us by insured mail. An estimate will be sent you immediately before work is begun. Two weeks are required, after we receive your answer, to properly complete the work. Lowest prices for expert workmanship.

Watchmakers' Tool Set, 48 Pieces in All, for $14.38

Our mechanics who do our watch repairing use our own tools. This set consists of forty-eight separate and distinct pieces. The set not only includes tools necessary for watch repairing but likewise includes a complete set of tools for silverware, jewelry and clock repairing. Shpg. wt., 12 lbs.

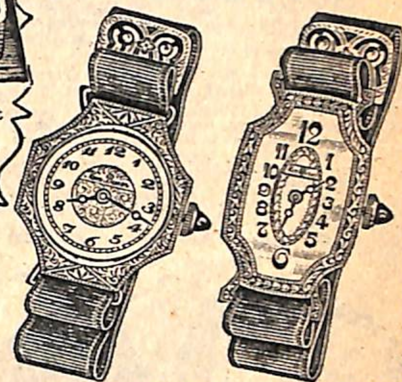
4K370—15-Jeweled, "AA" Grade, Van Buren Movement........19.50

Our Van Buren movements, in all sizes listed on this and the following watch pages, are high grade in every way. We handle only lever escapement movements. Many inferior movements on the market have the cylinder escapement. Our Van Buren Movements are especially made for us in Buren, Switzerland. The "A" grade is commendable but if you desire something superior in every way at a small additional cost, select the "AA" grade.
Our movement guarantee: Every movement is timed and tested in its case before being shipped. We warrant them for one year against defective material and workmanship. With proper care they should give many years of service.



Initial Wrist Watch

Exactly forty-one years ago, Richard W. Sears, founder of Sears, Roebuck and Co., began selling watches to railroad men. Since that time Sears, Roebuck and Co. have sold over four million watches. We believe that many of the watches sold many years ago are still serving their owners in a faithful way. If you have one of our watches that has given you many years of service, we would like you to write us a letter telling us about your experience.

The Howard Railway Watch. Our price is only $62.25. Standard list price, $80.00 The case is 16-size, gold filled, extra quality, new heavy duty model, guaranteed by us for 25 years. The Popular Dueber-Hampden Watches

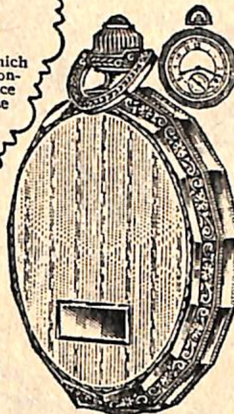
$10.98

Engraved with any 2 or 3 Letter Monogram

State Letters



Dueber-Hampden

The Dueber-Hampden Co. for a generation has made high class watches which have become famous throughout the world for accuracy and soundness of construction. They are dependable timekeepers and will give a lifetime of service —and for comparatively little money, too. Here is an opportunity to buy one of them for about one-third less than the usual retail price. It is without question one of the greatest values ever offered in a good watch made by one of the leading American watchmakers.

It is one of the always popular 12-size, open face, screw back, and screw bezel, thin model, plain highly polished, monogrammed watches. The case is 10-karat yellow gold filled, guaranteed by us for 20 years. The movement is 7-jeweled, has nickel plates and exposed winding wheels. Accurate and sound in every way. Timed and tested at the factory. **State initials wanted.**

4K1630........**$10.98**

Illustrations are actual size. Shipping weight of all watches on this page, 8 ounces. All our watches are timed and tested before leaving our store.

Where can you duplicate this beautiful Dueber-Hampden Watch at our price, $8.50?

It is a 12-size, open face thin model. The case is a copy from one of the latest high priced watches, exquisitely engraved design made of a solid white metal known as silverine, a nickel compound resembling white gold. The movement is 7-jeweled, with nickel plates and winding wheels. Attractive dial with gold finish fancy center.

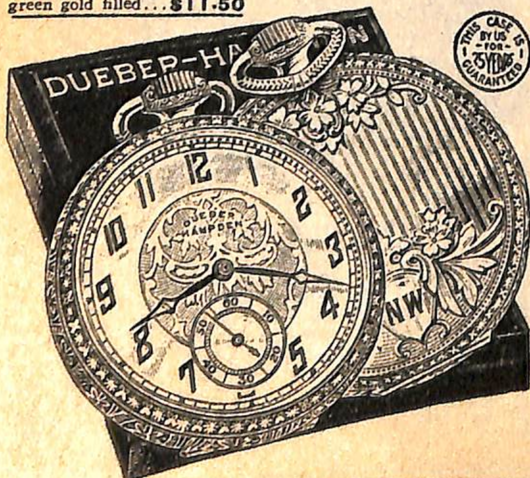
4K1632...**$8.50**

Genuine Dueber-Hampden
15-jeweled movement in 20-year case for only $14.50.

We suggest this watch for the man who wants the medium grade and price Dueber-Hampden. We are certain you cannot equal the value elsewhere.

12-size, 10-karat white or green gold filled, open face, beautifully hand engraved in a variety of designs, case guaranteed by us for 20 years. Either 15 or 7-jeweled, cased and tested at the factory. Has nickel plates, exposed winding wheels and patent regulator. Silver metal dial with gold finish engraved center.

4K1638—15-Jeweled, white gold filled.........**$14.50**
4K1640—15-Jeweled, green gold filled...$14.50
4K1642—7-Jeweled, white gold filled...$11.50
4K1644—7-Jeweled, green gold filled...$11.50



Genuine Dueber-Hampden

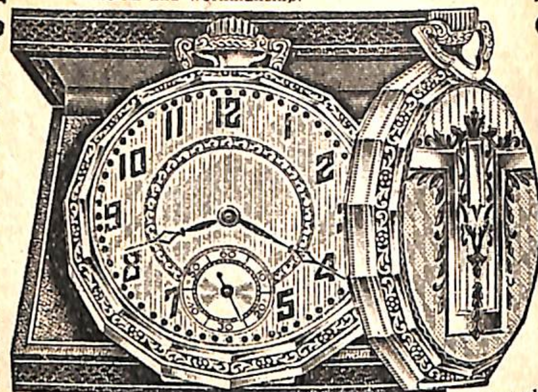
17-jeweled movement in 20-year case for only $15.98.

Here is your opportunity to buy a real high grade, beautiful, 17-jeweled watch at a price far below the prices asked elsewhere for watches of similar grade.

12-size, open face, beautifully hand engraved in a variety of designs. 10-karat gold filled case, guaranteed by us for 20 years. The movement is 17-jeweled, adjusted, patent regulator, exposed winding wheel. Fancy gold finish engraved center silver metal dial. Initial engraved without extra cost. **State initial wanted.**

4K1646—White gold filled.........................**$15.98**
4K1648—Green gold filled.........................$15.98

Genuine Dueber-Hampden



17-jeweled adjusted movement in 25-year case for only $19.75.

For the man who wants the best Dueber-Hampden Watch, we have this fine reliable timekeeper. It is really a remarkable watch, high grade in every way, with a splendid movement which will keep accurate time. In fact, a watch you will be thoroughly satisfied with. Now consider our price—only $19.75 against the usual retail price, $32.50. 12-size, thin model, open face, beautifully hand engraved in a variety of new designs. 14-karat white or green gold filled case, guaranteed by us for 25 years. Fitted with 17-jeweled adjusted movement, safety pinion, patent regulator, exposed winding wheel, breguet hair springs and cut expansion balance. Dial in silver metal with gold finished beautiful center design. Initial engraved without extra cost. **State initial wanted.**

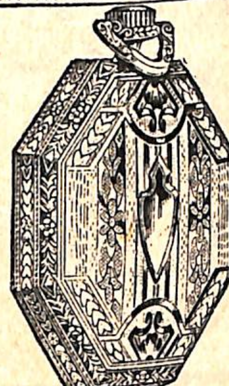
Rolled Gold Plate

We guarantee Our Rolled Gold Plated Cases to give you 10 years of service. We warrant our movements for one year against defective material and workmanship.

A watch of beauty and distinction, with all the grace and dependability of a true aristocrat. This watch is for the man who discriminates—who recognizes fine workmanship and who demands quality and accuracy. Patterned after a very expensive watch, this quindecagon, 12-size, open face, thin model is an outstanding value!

Note These Remarkable Features



You may select either a white or green rolled gold plated case, guaranteed by us for 10 years. Note the French bow, usually supplied only on the finest of watches. Examine the beautifully engraved case, which we furnish in a variety of up to the minute designs. The silvered dial is such as is only found in the finest watches.

The movement is our own high grade Van Buren, guaranteed by us for one year against defective material and workmanship. This fine watch should give you many years of splendid service.

Remember! This is a watch that we give our highest recommendation. Dollar for dollar, we know of no watch that is its equal. Only because Sears-Roebuck are the world's largest dealers in watches are we able to offer this astonishing value! **State color of gold desired.** Shpg. wt., 8 oz.

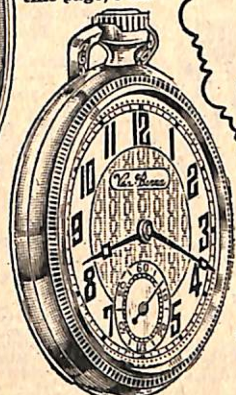
For Everyday Use



We warrant our movements for one year against defective material or workmanship, thus giving you ample protection. With proper care they should give many years of service. Shipping weight of any watch on this page, 8 oz.

We wanted a watch to defy competition, and here it is! After months of intensive search, we offer the greatest watch value in years. Think of it! Only $4.75 for this 12-size, open face, thin model. In appearance it is similar to watches selling for many times our price. The case is of solid white metal but it looks like white gold. The beautiful silvered dial is patterned after dials that are used only on very expensive watch movements. We fitted this case with our own high grade 6-jeweled Van Buren movement, with lever escapement, such as is used only in the better grade of watches. This fine watch should give you many years of splendid service. We guarantee movement against defective material and workmanship for one year.

WHEN you invest in a fine diamond you invest in beauty eternal, passing years do not mar or dull its splendor, indeed they enhance its worth

Weight for weight, grade for grade, we save you a large amount on each purchase. Our representatives make their selections direct from the great diamond markets of Amsterdam and Antwerp. The saving made by the quantities purchased and the cash discount together with the fact that we sell for cash—no credit losses and no interest charges—enables us to quote the lowest prices in the world on high grade diamonds

Our broad guarantee sent with every ring purchased (see reprint of certificate "A" on opposite page), is backed by capital exceeding one hundred million dollars. Safeguard yourself by purchasing your diamond from a house of undoubted integrity. You do not have to guess at size or quality. Every diamond we sell is expertly analyzed, graded according to quality and sold by weight

What is desirable in a diamond?

First: It should be very brilliant Second: It should be white in color, because being most commercial, is most desirable. Third: Perfect in cutting, in proper proportions, with full number of facets. Fourth Free from conspicuous flaws, cracks and blemishes:

All rings on this and opposite page furnished in sizes 5 to 8. Be sure to give ring size. See page 745 for ring measuring chart.

Our Diamond Certificate

With most diamonds quoted on this and the other pages, we send either our "A" or "B" certificate. See, page 730 for reprint of our "A" certificate. Our "B" certificate, besides being a guarantee of quality and weight, guarantees that if, after wearing and comparing or having it valued, or for any reason whatsoever, you are not satisfied, any time within thirty days from date of purchase, you may return it for exchange or have your money refunded, together with transportation charges. This gives you a long time to prove our statement and the value you have received by comparison and expert advice.

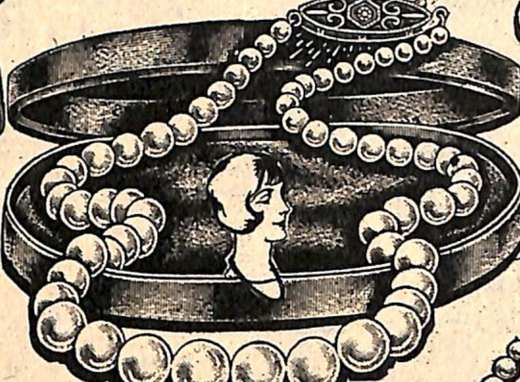
Senorita Pearls with Real Pearl Lustre

Select with care the pearls that are to adorn Milady. Senorita Pearls, in luster and beauty almost rivaling the Oriental, are solid and indestructible. We list Senorita Pearls in four grades "A," "B," "C" and "D," according to quality. The higher the cost, the more perfectly matched are the pearls and the higher the luster. Our "A" grade compares favorably with the finest imitation pearls made, which are sold by exclusive jewelers at much higher prices. Our "B," "C" and "D" grades are all unusual values. **All pearls are furnished in attractive presentation cases.**



Senorita Fine Quality Indestructible Pearl Necklace. "C" luster. Graduated style. Clasp is 14-karat solid white gold, set with chip diamond. Illustration shows size of pearls in our 36-inch strand. Shorter strands have slightly smaller pearls, graduated in proportion to length. **Order by catalog number the length desired.** Shipping weight, 8 ounces.

4K3450—15-inch length (Choker style) **$3.45**
4K3452—18-inch length **3.85**
4K3454—24-inch length **4.65**
4K3456—30-inch length **5.45**
4K3458—36-inch length **6.25**

Our Senorita Fine Quality Indestructible Pearl Necklace "B" luster. Festoon style. Very attractive. The festoon is set with brilliant imitation diamonds and large sapphire blue color set in center. 10-karat solid white gold clasp. Length, about 15 inches, not including festoon. The pearls are small and dainty; illustration shows size. Comes in beautiful rose color genuine leather satin lined folding case, as illustrated. Shipping weight, 8 ounces.

4K3400 .... **$7.50**
As above, but emerald green color setting in festoon.
4K3402 .... **$7.50**

Red Synthetic Rubies

Red Synthetic Rubies. The only difference between the genuine natural ruby found in India and our red synthetic ruby is that man has created this gem chemically and in the true pigeon blood color. This jewel is just as hard, just as brilliant as the priceless natural mined pigeon blood ruby.

Women's Solid White Gold Ring, red synthetic ruby set. Enlarged illustration in box shows the beautiful pierced design in detail. Illustration of side view shows actual size of ring. Sizes, 5 to 10. **State size.**

Regarding the Stones in Our Jewelry. Where stones are described as ruby color or amethyst color, etc., they are the finest imitations. Described as doublets, these are also fine imitations made by joining a hard genuine crystal to the front of fine colored glass. The hard crystal front makes it impervious to scratches and wear. Where the gems are genuine they are so described. Illustrations show actual size. Mention ring size wanted. See Ring Measuring Chart on page 745.

Seamless Wedding Rings in Most Popular Designs In Platinum and Solid Gold

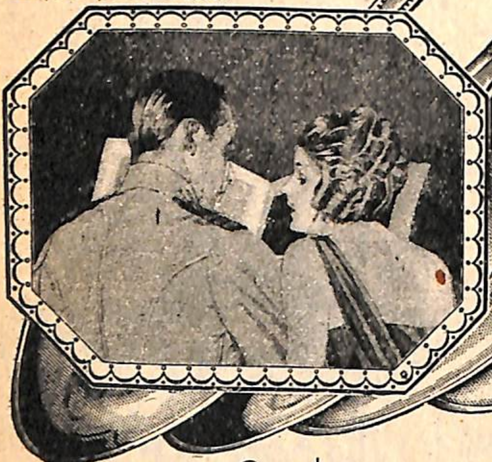
Do Your Christmas Shopping Early

COMMUNITY PLATE

Guaranteed For 50 Years

The finest brand of silverware manufactured by the Oneida Community Silverware Co. is known as "Community Plate." This is the brand that they guarantee for fifty years of satisfactory service. They manufacture other brands, guaranteed for shorter terms of years. Remember: There is but one "Community Plate," each piece so stamped on the back of the handles. Illustrations of teaspoons show actual size.



We supply with any 26-piece set on this page, or each piece, **without extra charge,** a beautiful costly Buffette of soft, pliable suede leather, lined with special non-tarnish cloth, in addition to their regular presentation box. See illustration of Buffette for the single pieces. A Sterling Name Plate on the 26-Piece Buffette is supplied for engraving your initials or your full name. We engrave each piece of silverware on this page, with any one initial and your full name on the name plate **without extra charge. State initial and style of engraving desired; also write plainly the name for the name plate.**

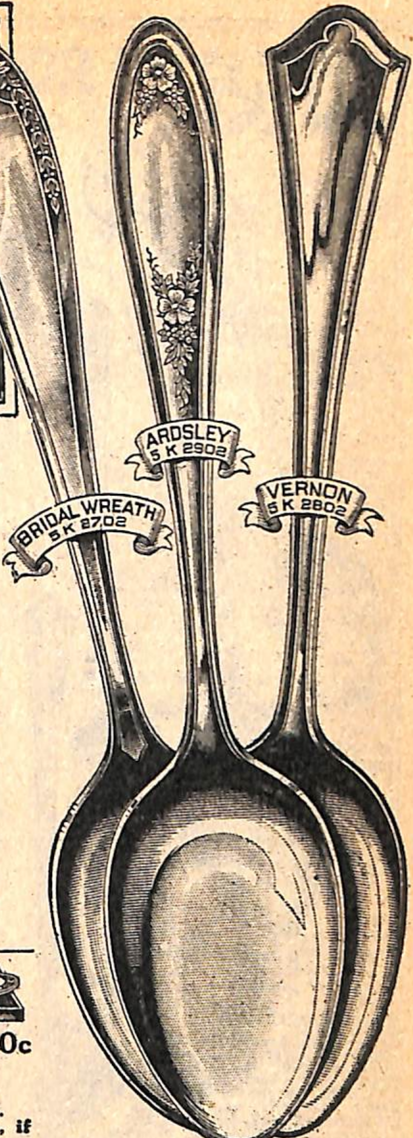
Oneida Community PAR PLATE

Guaranteed for 20 Years



The Par Plate brand illustrated on this page, manufactured by the Oneida Community Silverware Co., is guaranteed by them for twenty years of satisfactory service. Their aim was to furnish beautiful silverware at a price so low that it would supply a great popular demand, yet produce a silverware that they could conscientiously recommend for durability, beauty of design, and excellence of finish. Twenty years of actual service represents a generation of wear. The patterns probably are the acme of perfection in silverware designing for these grades.

ENGRAVING

We charge 3 cents each for engraving Script letters, and 5 cents each for engraving Old English letters. Regarding engraving initials: Our silverware is exactly as illustrated and described, but when engraved according to your instructions cannot be accepted for exchange or refund. However, our broad guarantee holds good should our merchandise prove different in any way than described and illustrated. **If engraving is wanted give initial and mention style.**

A flannel container with every piece of silverware on this page if you so desire, at a very small extra cost.	Bridal Wreath Pattern, Gray Finish	Vernon Pattern, Bright Finish	Ardsley Pattern, Dull Finish	Shpg. Wt	Without Roll	With Canton Flannel Roll

GENUINE ROGERS NICKEL SILVER TABLEWARE

Nickel Silver, the practical tableware for everyday use, combining artistry of design, good taste and enduring service. In appearance nickel silver resembles silver, but it is a composition metal, the same metal through and through. There is no silver in it.

Like solid silver, nickel silver should not be left standing in fatty or acid foods. With proper care it will retain its bright polish indefinitely.

We offer this Genuine Rogers Nickel Silver at a remarkably low price. These popular patterns are of fine quality and of substantial weight, and are not to be confused with lighter weight merchandise.

Twenty-Six Piece Genuine Rogers Nickel Silver Dinner Set. Six medium knives (two not shown in illustration), six medium forks, six teaspoons, six tablespoons, sugar shell and butter knife. Shipping weight, 3½ pounds.

ALASKA Silverlike Tableware

Alaska Extra Heavy Weight Tableware

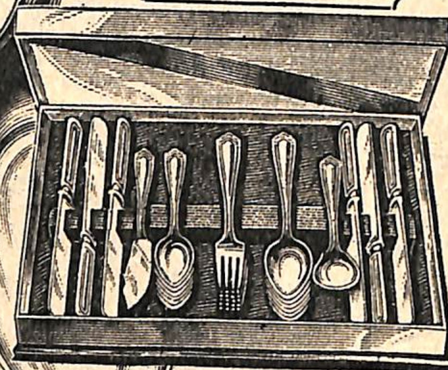
The need for an extra heavy weight tableware induced us to have made this new pattern extra heavy weight Alaska Silverlike set.

You can expect this tableware to last the term of your natural life. It is of the same white silverlike metal through and through, but contains no silver. It will show only the slightest effects of wear.

The weight of metal is great in each piece. It cannot be bent or distorted in shape by severe use.

You can keep each piece clean by scouring it with any cleaning polish.

Restaurants, hotels and boarding house owners will find this ware ideal if long, continued hard service is demanded.



Alaska Silverlike Metal is easily kept clean, but it should not be left in vinegar or acids or salt for long periods of time; this is also true of solid silverware.

Knife and Fork Set. Alaska extra heavy weight. Six knives and six forks, the same metal throughout. Shipping weight, 2½ lbs.

5K1355—Prudence pattern. **$2.90**

Regarding Engraving
We can engrave all tableware on this page in Old English at 5c per letter. Script at 3c per letter.

PRUDENCE PATTERN

The set consists of 26 pieces; 6 knives, 6 forks, 6 teaspoons, 6 tablespoons, a sugar shell and butter knife, all regulation size. You may order it with or without box.

5K1376—26-Piece Set, without box. Shpg. wt., 3¾ lbs........**$5.10**

5K1378—26-Piece Set, complete with box. Shpg. wt., 5½ lbs........**5.80**

Following are individual pieces of 26-piece set shown above.

Alaska Heavy Weight	Prudence Pattern		Shpg. Wt.
Teaspoons. Set of 6	5K1370	$0.65	¾ lb.
Tablespoons. Set of 6	5K1371	1.30	1 lb.
Medium Forks. Set of 6........	5K1372	1.30	1 lb.
Medium Knives. Set of 6........	5K1373	1.60	1¾ lbs.
Sugar Shell. Each..	5K1374	.19	4 oz.
Butter Knife. Each.	5K1375	.20	4 oz.

In color and appearance Alaska Silverlike Metal Tableware is difficult to distinguish from solid silver. Yet it contains no silver. It is not plated. It is made of the same metal throughout and, with ordinary use and care, will last a lifetime.

GUARANTEE—We guarantee Alaska Silverlike Metal Tableware for the term of your natural lifetime.

We furnish these 26-Piece Tableware Sets in either pattern, with cloth lined box or roll, or without box or roll. Set consists of 6 teaspoons, 6 tablespoons, 6 knives, 6 forks, 1 sugar shell, 1 butter knife. Shipping weight, without box or roll, 3½ pounds; with box, 5½ pounds; in roll, 3¾ lbs.

Solid Silver Tableware
The fineness of solid silver is determined by the laws of the United States Government, which require 925-1000 fineness of solid silver which can then be stamped "Sterling." The sterling sold here conforms with these laws, and is the same as is sold in all the leading high class jewelry stores in the United States.

"B" Grade Pearl Handle

"A" Grade Pearl Handle

We quote two grades of Pearl Handle Tableware. A Grade and B Grade.
Our A Grade Pearl Handle is made of more select pearl. The solid silver ferrules are thicker. It is more carefully finished, better in design, made for longer service.
Our B Grade Pearl is of a fine quality and workmanship. This grade of pearl is a trifle smaller and not quite as selected a grade as our A Grade. This is a finer pearl than is generally sold in department stores at about one-fourth more than what we ask.

Berry Spoon
Pearl handle. Solid silver ferrule, silver plated bowl. Shipping weight, ¾ lb.
5K308—A grade. **$2.75**
5K309—B grade. **1.25**

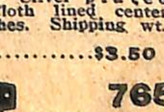
A Stupendous Value!

$4.45 for This Complete 26-Piece Set Without Box

Guaranteed for 10 Years



In order to introduce this new and beautiful Oakleigh Pattern to our customers, we are offering this new 26-piece set, guaranteed by the Rogers Company, for only $4.45 without box.
This set is not to be confused with inferior plated ware offered at about the same price. Hand hammered design, the Oakleigh Pattern will be in perfect keeping with the silver service that you are now using. The dull, hammered finish so popular just now. Each piece is of standard size.
Even though your present silver service is giving satisfactory service, it will pay you to take advantage of this remarkable value.
Set consists of 26 pieces: 6 knives, 6 forks, 6 tablespoons, 6 teaspoons, a butter knife and a sugar shell. Shipping weight, 3½ pounds, without box; 5 pounds, with box.

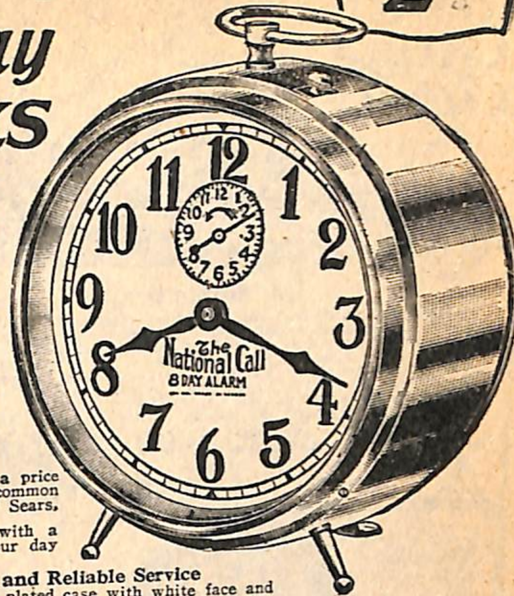
The NATIONAL CALL Quality 8-Day Alarm Clocks

$2.50

The Alarm Clock With a Conscience



The first requisite in an alarm clock is absolute reliability. It must not—cannot fail.

The National Call has won its name as "the clock with a conscience," because of its unerring faithfulness. It is certain always to perform. Just set the alarm and you can rest in ease—free of worry—knowing that when the moment arrives, to the exact second, the gentle but imperative summons of The National Call will insist that you awaken.

From coast to coast its cheery "Good Morning" starts the daily punctual activity of thousands of families. It is the positive assurance of breakfast on time, work on time, school on time. It is as inevitable as the dawn itself.

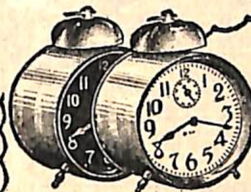
This sturdy **eight-day clock** is built for lasting, dependable service. All it requires is that you wind it **only once a week.** It is the equal of any alarm clock made. Because of the tremendous volume of our business we offer this wonderful bargain to our customers at a price even lower than is ordinarily asked by others for common one-day clocks. The National Call is sold only by Sears, Roebuck and Co.

"Let the "clock with a conscience" start your day right.

Shows the Time at Night

The luminous dial and hands enable you to see the time as clearly by night as by day. Runs eight days with only one winding. Alarm is clear and loud and is easily controlled by small button at the top of clock. Solid brass and steel parts. Case is nickel plated. Dial, 4½ in.; height, 6 in.

5K8538—Shipping weight, 2¾ lbs..... **$3.50**



For Long and Reliable Service

Attractively nickel plated case with white face and black numerals and hands so you can read the hours and minutes easily. Well made of solid brass and steel parts. Gives the correct time for eight days with only one winding. Good clear ring. Stands 6 inches high and has a 4½-inch dial.

5K8560—Shipping weight, 2¾ pounds.................... **$2.50**

A Great Big Clock 6 Inches High

Ting-a-ling-a-ling! Now, open your eyes to two more first rate alarm clock values. These are really exceptional "buys" at the prices we quote; were it not for our huge purchasing and selling power such clocks would cost you considerably more. Designed by clockmakers of long and successful experience and built throughout of substantial materials to give you reliable, accurate service for years. Cases are heavily nickel plated. Just wind once in 30 hours, set the alarm to the hour desired, and you'll be there at roll call every morning! This clock stands 6 inches high and has a 4¼-inch dial. Shipping weight, 2½ pounds.

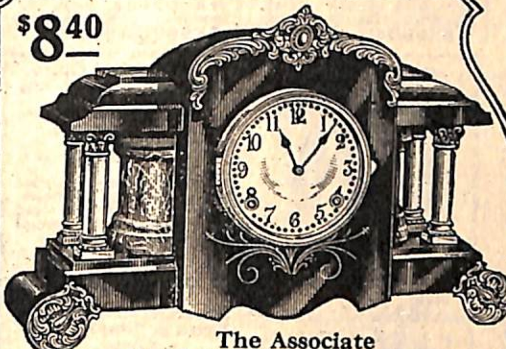
Mantel Clocks
Beauty-Accuracy

Select with care the clock that is to grace your mantel. On these pages you will find guaranteed clocks made by the foremost clockmakers of America. They have reliable movements that will give unfailing service. Each case is splendidly finished with exceptional care even to minute details. Unless specified otherwise, these clocks strike the hours and half hours on a soft tone cathedral gong. With ordinary care any of our clocks should give years of satisfaction. It will pay you to purchase one of these fine mantel clocks from the World's Largest Store.



The Major

Mantel Clock. The new Florentine russet finish, so popular just now. This russet (golden brown) finish, with a novel and exceedingly attractive crystallized effect, is not only soft and pleasing in appearance but contrasts splendidly with the handsome gilt metal trimmings. It will neither be affected by dust nor moisture. Clock runs eight days with one winding. It is 15 inches long and 10 inches high. Has a 5-inch dial, with clean cut numerals and hands and is protected by a fine bullseye glass. Strikes hours and half hours on deep cathedral gong. Shipping weight, 15 pounds.
5K9101¼ **$5.50**

The Saracen. Dignity and beauty are reflected in the Saracen, one of the finest examples of American craftsmanship. Although the case represents a departure from the conventional black enameled wood clock, it will harmonize with the furnishings of any living room. This handsome blackwood clock with its high polish finish is sure to win your approval. Side ornaments, feet, columns, caps and bases are finished in gilt. The columns are marble-like in appearance. Above the columns are two mahogany finish panels with two-tone inlay effect. Hours and half hours are struck on a cathedral gong. The 8-day movement is reliable. The 5-inch porcelain dial with a bullseye glass is especially easy to read. Clock is 20 in. long, 10¾ inches high. Shpg. wt., 17 lbs.
5K9105¼ **$6.90**

$8.40

The Associate

Mantel Clock. The most popular pattern on the market and our highest grade black enameled clock. Highly polished, 18¾ inches long and 12 inches high. The 5-inch dial is covered with an exceptionally clear bullseye glass, framed with a gilt metal sash. Front is decorated with gilt metal ornamentations and engraved scroll. Sides are attractively finished with variegated red ornamentation and fine imitation (white) onyx columns, set in gilt metal caps and bases. The movement, the most important part of the clock, runs 8 days with one winding. Strikes hours and half hours on a cathedral gong. We recommend The Associate as one of the best values offered in clocks. Shipping weight, 19 lbs.
5K9104¼
$8.40

Clamp for Telescopes or Binoculars

For best results a support for the instrument is essential. This clamp is adjustable for any size telescope we list. Works fine on a camera tripod. Shpg. wt., 1 lb.

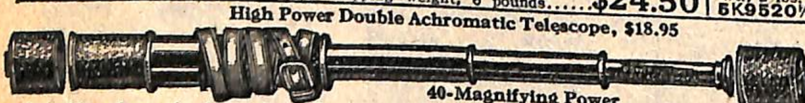
5K9516¼

$6.00

Extra High Grade Telescope, $24.50
45-Magnifying Power

Made in France

The most powerful terrestrial telescope we handle. **It is the** lenses which make this instrument a very superior telescope, these lenses being ground from the finest optical glass, very carefully centered and accurately adjusted. **For astronomical** work the celestial eyepiece listed at the right is a necessary addition to the telescope. **For observation of the sun** a dark glass is mounted on the slide cover of the eyepiece. Magnifying power, 45 times. Draw tubes, trimmings and all exposed metal parts made with black finish, the very best and most expensive finish known for optical instruments. **This fine black finish will never tarnish nor rust,** and the draw tubes always work smoothly and easily. Body of instrument covered with fine leather, morocco grained. **This telescope is made with** sunshade, and instead of the ordinary cap it is provided with hinged metal cover which affords perfect protection to the object glass. Length, extended, about 41½ in.; closed, about 12½ in. Weight, 3⅛ lbs. Diameter of object glass, 25 lignes or 2⅛ in. Magnifying power, 45 times.



5K9518¼—Shipping weight, 6 pounds..... **$24.50**

Celestial Eyepiece

Celestial Eyepiece to fit Telescope 5K9518¼ for astronomical work, increasing power to 68 times. With all celestial eyepieces, the image is seen inverted, a matter of no consequence in astronomical observations, but which, of course, renders such eyepieces unsuitable for terrestrial work. Shipping wt., 2 lbs.

5K9520¼ **$6.85**

High Power Double Achromatic Telescope, $18.95

40-Magnifying Power

Made with double achromatic eyepiece and double achromatic object glass. Special construction of objective and eyepiece makes possible an extraordinary high magnifying power in a comparatively small and compact instrument. Although object glass measures only 19 lignes (1$^{11}/_{16}$ inches) in diameter, and total length of instrument, extended, is only about 20¾ inches, **the magnifying power is forty times.** Width of field, 17 yards at 1,000 yards distanct. Length, when closed, about 8 inches. Draw tubes furnished in dead black. Body covered with fine leather, morocco grained. Provided with leather caps for each end and shoulder strap with loop for attaching to the body of the instrument. Shipping weight, 3 pounds.

5K9522¼........ **$18.95**

London Hearing Horns

Made throughout of metal and finished in dead black. Sounds coming from a distance may be heard and understood, as in churches, public halls, etc. Is particularly adapted to those who are only moderately deaf, but for those who are very deaf we recommend the Vibro-Phones.

5K9740—2½ in. high. Shipping weight, 1 pound........ **$1.35**

5K9742—4 inches high. Shipping weight, 1½ pounds. Each........ **1.65**

Magnifying Glasses for Reading and Work

Make it easy to read, convenient for examining any small object. The smaller sizes have the highest magnifying power, but with the larger sizes a greater area can be seen at one time. AS BURNING GLASSES these instruments are very powerful.

Rectangular Reading Glass

Made by Bausch and Lomb Optical Company. The offset handle makes this the most practical glass for reading we know of. Frame is heavily nickel plated, wood handle. Glass is made in such a way the magnifying power at the end of the glass is the same as the center. Shipping weight, 1 pound.

5K9760 3⅞x1¾ in.... $2.95

5K9762 3⅞x2 inches. 3.25

Microscopes and Magnifying Glasses

Magnifiers of high power are made with lenses of small diameter and short focal lengths, giving a narrow field of view with narrow working distance. Those with low power have a wide field with ample working distance. In making your choice consider the character of the work in which you wish to use the glass. The glasses with low power are easier to use and generally more satisfactory than the high power for ordinary purposes.

Good Reading Glasses at Very Low Prices

Imported reading glasses. Nickel plated rims. Black wood handles. Remarkably inexpensive, yet very serviceable reading glasses.

	Diam., In.	Shpg. Wt.	
5K9724	2	¾ lb.	$0.45
5K9726	2½	1 lb.	.55
5K9728	3	1¼ lbs.	.75
5K9730	4	1½ lbs.	1.15
5K9732	5	2 lbs.	1.80

Extra Quality Reading Glasses

Best grade reading glasses, very powerful lenses. Strong nickel plated rims. Black wood handles. Finely made and finished throughout. We can highly recommend them.

	Diam., In.	Shpg. Wt.	
5K9714	2	¾ lb.	$0.70
5K9716	2½	1 lb.	.75
5K9718	3	1¼ lbs.	.95
5K9720	4	1½ lbs.	1.75
5K9722	5	2 lbs.	2.75

Triple Lens Magnifier

Three lenses of different foci, mounted in imitation rubber bellows shape folding pocket case. The lenses may be used singly or in various combinations, thus affording seven different magnifications. Diameters of lenses, ⅝, ⅞ and ¾ inch. Magnifying power, 6 to 20 times. Shipping weight, 3 ounces.

5K9712. $1.60

Tripod Microscope

Two extra quality double convex lenses, separated by a diaphragm ring, forming a powerful double magnifier. Diameter of lenses, 1¼ inches; diaphragm opening, ¾ inch. Magnifying power, 3 times. Lacquered brass mounting. Made in France. Shipping weight, 8 ounces.

5K9758.......... 62c

Linen Tester

Nickel plated folding style. Easily carried in the pocket. Diameter of glass 1⅛ in. Magnifying power, five times. Shipping wt., 8 oz.

5K9755.. $3.82

Pocket Magnifier

Demi-amber frame. Flat handle in neat leather container. Diameter of lens, 1⅛ inches. Entire length of reader 2¾ inches. Shipping wt., 4 ounces.

5K9763..... 50c

Double Lens Magnifiers

Two lenses of different foci, mounted in imitation rubber oval folding pocket cases. The lenses may be used separately or combined, thus affording three degrees of magnifying power. Shipping weight, any size, 3 ounces.

	Diameter of Lenses	Magnifying Power	
5K9706	⅞ and 1 inch	4 to 8 times	$1.25
5K9708	1 and 1¼ inches	3½ to 7 times	1.60
5K9710	1¼ and 1½ inches	3 to 6 times	2.10

Single Lens Magnifiers

Mounted in imitation rubber oval folding pocket cases. Very powerful. Shipping weight, any size, 2 ounces.

	Diameter of Lenses	Magnifying Power	
5K9700	1 inch	4 times	$0.89
5K9702	1¼ inches	3½ times	1.00
5K9704	1½ inches	3 times	1.25

Fine Compasses

Leedawl Compass

Made by the Taylor Instrument Company. Polished white metal case, 1⅜-in. dial, untarnishable silver-like metal, tempered steel points on which the needle operates; screw top. Beveled crystal glass. Shpg. wt., 6 oz.

5K9743. $1.20

Brass with silver finish dial. Full circular division. Jeweled cap to needle and sliding stop. A special hand points exactly in the direction the user wishes to go by merely revolving bottom of the compass after the bearings have been determined. Dial, 1⅞ in. Shipping weight, 4 oz.

American Made Pockescopes, Field Glasses and Microscopes

Buy one of these high grade, inexpensive Field Glasses or Pokescopes. Instruments of similar size and same quality usually sell for one-fourth to one-third more elsewhere.

For small instruments, the power is unusual, about six times magnification, the same as demanded of Field Glasses used by the United States Army Officers.

100-Power Microscope

This microscope is American made and has an achromatic optical system which magnifies objects 100 diameters distinctly and brilliantly over the entire field. It is extremely simple to operate and made of high grade material and workmanship. Height, 6 inches; diameter at base, 2¼ in. Packed in a substantial plush lined case and supplied with one prepared slide and complete instructions. Shpg. wt., 2¼ pounds.

5K9532 $6.25

Magnifying Power, 6 Times

Adjustable for pupillary distance. Screw-focusing system. Fine definition. Objective lenses are 25 M. M. in diameter. Black finish. Shipping weight, 2 lbs.

5K9625¼ Complete............ $4.75

Magnifying Power, 6 Times

Can be conveniently carried in pocket. Objective lenses are 25 M. M. in diameter. Lever focusing arrangement. Measurements in case are 4x3¼ inches. Shipping weight, 2 pounds.

5K9626¼ Complete............ $3.65

Pockescope in Leather Case

5K9526¼ Length, closed, 2⅝ in. Maximum diam., 1⅛ inch. Magnifying power, 3 times. Shpg. wt., 8 ounces.. 82c

5K9528¼ Length, closed, 3 in. Maximum diam., 1⅛ in. Magnifying power, 4½ times. Shipping weight, 8 ounces. $1.20

5K9530¼ Length, closed, 3¼ in. Maximum diam., 1⁵⁄₁₆ in. Magnifying power, abt. 6 times. Shipping weight, ¾ pound.. $1.60

Pocket Microscope

American Made 50-Power Microscope easily carried in pocket when going on hike to study insect or plant life. This instrument is well constructed. Black crystalline finish. Has swing mirror complete with one prepared slide, two glass slides, one dissecting needle, and one pair of tweezers. Complete instruction how to use sent with each instrument. Shipping weight, 1½ lbs.

5K9533......... $1.98

Microscope Slide Sets

Ten prepared slides with ten plain slides with glass covers. One dissecting needle, one pair of tweezers, a tube of Canada balsam for fixing cover glasses. Shipping weight, 1 pound.

The Gem Respirator

Protects nose and mouth from intrusion of dust. Made of leather, with aluminum nose cap. Filtration effected through cloth filter between two wire mesh screens. Interchangeable filters, adjustable to anyone. Complete with 1 dozen cloth filters, two extra wire screens and elastic band to hold it on. Shipping weight, 1 pound.

5K9770................ **97c**

Goodyear Rubber Respirator

For those whose duties take them in dusty places. Made of white pliable rubber with elastic band. Has metal breathing relief valve complete with sponge for filtration. Shpg. wt., 1¼ lbs.

5K9773................ **89c**

Taylor's Metal Case Thermometer

Popular thermometer for all around service. A good thermometer because of its wide copper plated case, wide scale with large easy reading white figures and graduations on black oxidized background. Magnifying tube filled with red spirit. Scale range, 20 to 60 below to 120 F. above. Length, 7⅛ in. Shipping weight, 1¼ lbs.

5K9415 **90c**

Tycos Thermometer

Made by the Taylor Instrument Co. Heavily enameled, thoroughly baked, weather resisting case, 9¾ in. long. Non-fading fluid in tube. White, plain and distinct figures. Registers about 50 below to 120 above zero. Shpg. wt., 1¾ lbs.

5K9401 **$1.55**

As above, but with mercury. 40 degrees below to 120 degrees above.

5K9400 **$1.65**

Tycos Extra High Grade White Enameled Thermometer for Window or Porch

Made by the Taylor Instrument Co.

Stands all weather conditions. It will not corrode or deteriorate. Sturdily constructed. Tube mounted on pure white watch dial porcelain scale. The entire back is made of metal. First selection, red Permacolor (non-fading) easily read fluid filled tube. Registers approximately 60 degrees below zero to 120 degrees Fahrenheit above. Magnifying tube plain and distinct. 10¼ inches long and 2⅜ inches wide. Shipping wt., 2¼ lbs.

5K9440............ **$2.65**

IMPORTED CUCKOO CLOCKS

Our imported Cuckoo Clocks are selected from the best designs and best values to be found. The fronts or carvings are all handwork, walnut finish, perfectly seasoned and kiln dried. These clocks are operated by weights that insure good time keeping. We inspect every clock by setting it up and running it. Directions for adjusting and striking sent with each clock. We do not carry cheaper Cuckoo Clocks, because we found them **not dependable.**

Cuckoo Clock

Ornamented with deer head and oak leaves. Extreme **height, 19½ inches;** width, 13 inches. Dial is 5 inches in diameter. Runs one day. Strikes on a wire gong, at the same time cuckoo appears and calls the hour and half hour. Shipping weight, 21 pounds.

James Oliver Curwood

Epic tales of the great northwest, the land of snow, of romance, of heroism and loyalty. Curwood has made it a land of enchantment for his readers. His characters, filled with the spirit of adventure and romance, cannot fail to fascinate and thrill. His popularity is growing steadily, and soon he will be the most widely read American author.

HUMOROUS BOOKS

ADVENTURE

You Can't Help Laughing

More Than a Thousand New Jokes and Stories

These are really funny jokes and stories, the kind that make you roar with glee. Not the old moss covered stuff from the time of Artemus Ward and Lew Dockstader, but fresh, bright and snappy anecdotes that have made a hit with all who have heard them. Read it to the family. It will provide many evenings of merry laughter and enjoyment. It's useful, too. All the jokes and stories are alphabetically arranged by subjects so that you can find a tale to fit any occasion. Read the ones about love, lunacy, lying, manners, marriage, etc.

This is a mighty nice old world in which to live if you can laugh now and then. This book fills a long felt want, for it is the very best of its kind. 368 pages, bound in cloth, with an attractive pictorial jacket in bright colors. Size, 5¼x7⅝ inches. Shipping weight, 1½ pounds.

ETIQUETTE

An Encyclopedia of Good Manners and Social Usage

There are some persons who are never at ease before people. They are awkward, self conscious, fearful all the time that they will do something that is not right. They are afraid to go to receptions, balls, informal gatherings, because they do not know how to act. They have a haunting fear of making social blunders. They don't know how to acknowledge formal invitations, they do not know the social customs that every man and woman should know.

With the aid of "Etiquette" you need never be at a loss to know what to do on all occasions. This book will give you the key to what is proper to do, to write, to wear, to say, no matter where you are or what situation may arise. 378 pages. Cloth. Size, 5⅛x7½ inches. Shipping weight, 1 pound.
3K3500 .... **89c**

Brand New From Cover to Cover

New Revised Edition of Webster's Daily Use Dictionary

The entire book has been reset and, although the last edition of this dictionary is less than three years old, it has been revised from cover to cover. This new book has 800 pages. In this new edition we have added to the text, the definitions of 2,185 additional words. The new appendix is changed from that of the usual "catch all" of information thrown together for advertising purposes, to an appendix of essentially literary character, which makes "The Daily Use Dictionary" of greater value to the student, reader and general user. This appendix contains the following:

List of Foreign Expressions.
Full Working List of Abbreviations.
A Good, Comprehensive Set of Rules of Punctuation with Examples.
Table of Weights and Measures.
Brief Business Laws, Etc.

Shipping Weight, 1½ pounds.

"Holy Bible" Embossed in Letters of Gold on Side and Back.

Bound in Genuine Seal Grain Leather, Cloth Lined.

Edges: Rich Gold Over Red—Dignified and Beautiful. White, Tough Paper.

Full Divinity Circuit (Overlapping Covers).

Priced Very Low

You will have every reason to be proud of this beautiful book—both for its exceptionally fine appearance and for its unequaled merits as a Bible. You will find it more instructive, more conveniently arranged, more fascinating than any Bible you have ever had.

It Is Really Two Bibles in One

Both the King James version, unchanged, and the changed or revised version are shown on the same page. This feature alone will prove invaluable to the Bible teacher and student, since it shows at a glance what changes, additions and omissions were made by the revisers.

To further aid in its study and thorough understanding there are more than 60,000 center column marginal references and over 400 pages of helps to Bible students, including a complete concordance to the Holy Scriptures, together with a comprehensive dictionary of Scriptural proper names.

Fully illustrated with a halftone frontispiece and sixty-four full page illustrations of important places and events of Bible times. Also, thirty-one full page plates of monuments, money, inscriptions, etc. **Twelve full page colored maps.**

Study the Features—They Are Important

1—Self pronouncing text, clear large type. 2—Rich in references, complete in every sense. 3—Both unchanged and revised version on same page, facilitating instant comparison. 4—Size, 6x8⅛ inches; 2¼ inches thick; compact, easily carried and easily read. 5—Student helps, 400 pages, aside from column references, contain essential information for intelligent Bible study.

Our Special Teachers' Bible, leather binding, seal grained. Full divinity circuit (overlapping covers). Headband and marker. Round corners. Red under burnished gold edges. This style contains the full helps described above and, in addition, 5,000 Questions and Answers on the Old and New Testament, and Smith's Complete Illustrated Bible Dictionary.

BIBLES for the Home

The Scofield Reference Bible

$2.58

Authorized Edition

An invaluable help to Bible students. Best described by the phrase "Helps, at the place where needed." This new and improved edition contains many features which impart Bible study an increased interest. By the new system of connected topical references in the center of each page, all the greater themes of divine revelations are traced through the entire Bible. Helps and explanations have been furnished available for instant reference on the very page where help is needed. This is done by footnotes on every page where there is anything obscure or needing explanation and comment. Each of the sixty-six books of the Bible is divided with an introduction and an analysis and sub-heads which greatly facilitate the study and comprehension of the book. Entire Bible has been divided into paragraphs by italicized sub-heads, but still preserves the chapter and verse division. This Bible has been enthusiastically received by many famous preachers, evangelists and Bible students generally. Bound in cloth or genuine leather. Sizes, 5⅛x7⅛ inches. Shpg. wt., 2 lbs.

3K2703—Cloth binding....... **$2.58**
3K2704—Genuine Leather Divinity Circuit....$5.28

The New Testament

An American Translation *By Edgar J. Goodspeed*

There have been many translations of the New Testament in English since 1525, but in the American translation, Edgar J. Goodspeed has sought to give American readers of the 20th Century the clearest conception possible of the meaning of these documents as the early Greeks wrote them. The early New Testaments were translated from not over 40 manuscripts of the 10th century, while this one is translated from over 4,000. Cloth. Size, 4¼x6½ inches. 481 pages. Shipping wt., ¾ lb.

Remington Rebuilt Typewriter

CASH PRICE $40.00

Time Payment Price $45.00

EVERYONE can profitably use a good typewriter—it is a modern necessity in every business, institution and home. It is indispensable to students, writers, teachers, business men and professional men—every trade, every occupation imperatively feels its need. YOU NEED ONE.

You can have a famous machine—nationally known for its reliability, versatility, quickness and ease of operation—and

at a price less than one-half originally asked.

We offer you here the Genuine Remington Typewriter, complete in every feature, that has made it the foremost machine in the typewriter world. This machine is yours for the unbelievably low price of $40.00 cash—or $45.00 on our liberal deferred payment plan.

Years of Service Guaranteed

This splendid machine has been so thoroughly rebuilt, so completely reconstructed—every part showing the least sign of wear being replaced by parts absolutely new—that it is to all intents and purposes new. It looks exactly like new, it operates like new, and it will wear and give precisely the same service as a brand new machine. The only practical difference between it and a brand new typewriter is the price. The manufacturer has always asked around $102.50 for a new No. 10 Remington. The rebuilt machine we offer you here is alike in every respect, is equally good, is covered by the same broad guarantee, but costs you fifty-seven dollars and fifty cents less—a saving of more than half.

Our Stock Is Limited—Send Your Order Now

Our price is positively the lowest ever offered on any high grade standard make rebuilt typewriter. Supply is limited and we advise you to order early and avoid any possibility of disappointment. Make sure of this exceptional saving.

You can't make a mistake. The guarantee of the World's Largest Store—the surest and broadest guarantee in the world—is behind this great machine, and that means it has to satisfy you according to your own standards.

Look at the Features

Positively nothing is lacking. Every typewriter requirement is met with super efficiency. Shipping weight, 55 pounds.

3K6049—Elite Type Cash price.................$40.00

3K6048—Pica Type Cash price.................40.00

Be sure to state catalog number and style of type desired.

Terms, either style, $45.00. Send only $5.00 with order and $5.00 a month until Time Payment price has been paid.

Use Time Payment Order Blank on page 1092.

Special Features of the Remington

1—**Light feathery touch.** Responds instantly, assures maximum speed with little effort.

2—**Key Board:** Standard, single shift, has 84 characters, scientifically positioned for greatest efficiency, so simple anyone can easily become familiar with them.

3—**Stencil Device:** Provides for speed and sharpness in cutting stencils without removing ribbon.

4—**Ribbon:** Two-color, self-reversing ribbon, automatically winds from one spool to the other.

5—**Marginal Stops:** In plain view. Line lock functions with absolute reliability. Release button located for easy, quick operation.

6—**Five self-starting marginal keys** for tabulating and instant selection of all indentations used in letter writing.

7—**Ultra Rapid Line Spacer:** Operates on ball bearings, no friction.

8—**Line Space Lever:** Same motion returning carriage to end of line turns roller and paper to next writing line.

9—**Oil Can:** Bottle of oil, type brush, cleaning brush and cover with each machine.

10—**Shift Lock:** Sturdily constructed, positive, holds carriage rigidly in place.

11—**Paper Roll:** Easily accommodates paper of any width up to width of carriage; accepts and releases sheet with amazing facility.

Buy Your Personal Stationery Printed With Your Name and Address or Monogram only

200 Single Sheets 100 Envelopes 93¢

The Stationery Alone is a Bargain at Our Price

Convenience Meets Dignity

The convenience and distinction of truly personal stationery does not necessarily entail the usual prohibitive cost that accompanies printed stationery. From our high speed presses comes perfect work, fitted to every rigid requirement of your correspondence. Fine paper, pure white, bond of highest quality and heavy, aristocratic linens, worth more by themselves than the prices we ask, bear tasteful imprints of your name, monogram, or address, any of the styles illustrated, in a deep, rich blue. In this large assortment below, with its wide choice in sheets of differing size and shape, folded and unfolded, and interesting envelope forms, you cannot fail to find the stationery best suited to your tastes and needs—and you will find a most unusual bargain.

Fine Quality Bond Paper

We use a high quality Bond paper, strong, clear and white. Size of sheets, 6x7 inches. Size of envelopes, 3¾x6½ inches.

Truphoto Cameras

Combining Efficiency With Convenience

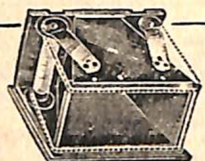
In answer to an insistent demand for a camera combining unsurpassed performance with extraordinary compactness, we confidently introduce our New Truphoto Cameras. In them, alone, will be found marvelous accuracy, unusual sensitiveness to detail, **together with utmost carrying convenience.**

Only that which contributes to better, clearer pictures is incorporated in Truphoto—all unnecessary, cumbersome parts are eliminated. Only features that **add to efficiency** are included in this NEW PRODUCT of an old, reliable concern.

We know that real photography pleasure awaits the buyer of the cameras offered on this page. Avail yourself of the genuine satisfaction that they place before you. Try them out under **any** conditions, on **any** subject. You will be pleased beyond words, and you will be amazed that we can offer you a camera of such exceptional merit at such a low price. **Production** answers that—tremendous production, anticipating tremendous demand!

Our popular little Kewpie Kamera, too, has received its share of Truphoto refinements. It is a bigger bargain than ever; possessing, as it now does, the remarkable features that are sure to make Truphoto Cameras the greatest camera values offered anywhere.

Illustration of the four diaphragm stops or openings on all Kewpies except the No. 2. These enable you to take pictures on dull days as well as bright.



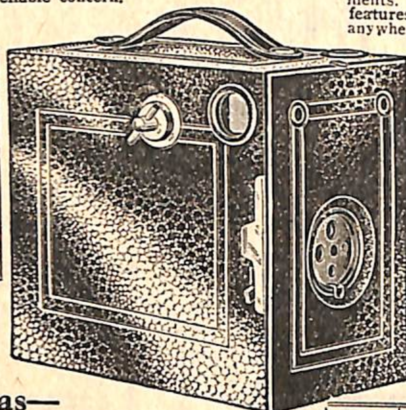


Illustration showing simple construction of the reloading device.

Illustrates name on handle. Your name stamped in gold on handle of camera at no extra charge if you want it. Print name wanted carefully.

Illustration of name plate placed on every one of our Truphoto Kewpie Kameras. When you see the name Truphoto on a camera, it is like having a guarantee for perfection.

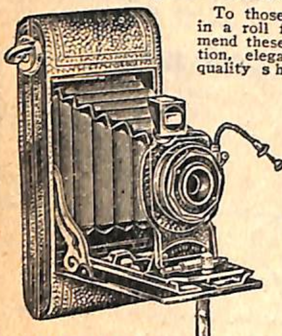
COMPARE THESE LOW PRICES

LOWER PRICED THAN EVER

Better Than Ever

Cameras of quality, equal to the Truphoto, regularly sell elsewhere for at least one-third more.

Truphoto Kewpie Kameras—



"They Get the Picture"

When you have a Truphoto camera, you have the acme of perfection in camera construction and execution. You are positively assured of clear, sharp, true reproductions.

Made with a rigid light weight wood frame of ebony finish hardwood, covered with black artificial leather, seal grain. Looks well and wears well. Equipped with two finders, one for horizontal and one for vertical pictures. **Shutter has two speeds, instantaneous and time,** which enables you to take pictures under all conditions. **Has four stops or diaphragms** for controlling the light on extremely bright days. The lens is a single achromatic lens especially developed for this camera. The film holder device is of rigid construction, and yet so simple that a child can load it. Illustrated instruction book and Truphoto photographic exposure guide included with each Kewpie Kamera.

Truphoto Folding Cameras

To those who want the best possible in a roll film hand camera, we recommend these models. Sturdy in construction, elegant in appearance with good quality shutters, single achromatic lenses, with the exception of the 3A, which has F:8 rapid rectilinear lens. Focusing is easily and satisfactorily taken care of by a new and positive focusing device. The single achromatic lens, F:16, with Wollensak shutter, will take either snap shots or time exposures. The thin model permits the camera to be carried easily in the coat pocket. The illustration shown above is of the No. 2 size, which takes a picture 2¼x3¼ inches. We can furnish this Truphoto Camera in three sizes:

3K47712—Truphoto Vest Pocket Camera. Takes pictures size 1⅝x2½ inches. Shpg. wt., 1 lb. **$4.39**

3K47713—Truphoto Camera No. 2. Takes pictures 2¼x3¼ inches. Shipping weight, 2 pounds......................**$5.98**

3K42826—Truphoto Camera No. 3A. Takes pictures 3¼x5½ inches. Shipping weight, 4¾ pounds..................**$12.49**

Photographic Film

Agfa Rollfilms

Imported

These films are second to none in the excellent quality of their results. They are the finest products of Germany's greatest and foremost film manufacturers. Years of experimenting have been devoted to obtaining their absolute perfection. They produce negatives retaining all the color value, depths and subtle contrasts appearing in the subject. They will receive the enthusiastic endorsement of all photographers, including the most discriminating. They are exceptionally fast, enabling you to obtain correctly timed negatives, even under poor lighting conditions. Once you have used these films you will use no other. They are non-curling, very rapid, free from halation and orthochromatic. We particularly recommend them to you.

All films listed below may be used in Autographic Kodaks, but no record or title can be made on the film at the time of exposure, except with Autographic film. Shipping weights, 3 to 4 ounces.

HAWKEYE CAMERAS

3K41025 to 3K41029

3K41024

Made by Eastman Kodak Company

So exact in detail, so true in reproduction, it is readily understood why the Famous Hawkeye Camera has such a large following. With them even a beginner can be sure of obtaining excellent pictures, sure to please immeasurably with their marvelous fidelity to any subject chosen. True to the high standards of the Eastman Company's workmanship, these exceptional cameras are handy, compact and beautiful, as well as remarkably durable and efficient. Here is a camera you will be proud of, both for its appearance and the results it obtains for you.

All load with Kodak roll film, obtainable anywhere.

The reliable Kodex shutter appears on all sizes, with two accurate snapshot speeds in addition to time and bulb settings. Exposures are made either with a lever or with the cable release supplied with each camera. The focus is adjustable. It is aided by an accurate scale and a handy focusing lock. The finder is reversible for horizontal or vertical views, and alternate sockets permit the use of a tripod in either position.

The cameras are covered with fine grain black imitation leather, handsomely embossed. Exposed metal parts are trimmed in durable black crystal lacquer, nickel and brass.

Pocket Kodaks—Series II

Focusing Models

Open the camera and the lens snaps into position. These models offer two equipments:

1. The Diomatic shutter, with four snapshot speeds and timing scale; the famous Kodak Anastigmat F:7:7 lens that makes sharp pictures.
2. Kodex shutter and the semi-anastigmat lens, Kodar F:7.9—adequate equipment for average work.

Both models of the Pocket Kodaks, Series II, are autographic; both fit the pocket.

Capacity: No. 1, 6 exposures; No. 1A, 12 exposures. **Focus:** Fixed or adjustable. **Lenses:** Kodar F:7.9, or Kodak Anastigmat F:7.7. **Shutters:** Kodex, speeds 1/25, and 1/50 second; Diomatic, speeds 1/10, 1/25, 1/50 and 1/100 second; both with finger release, time and bulb actions. Brilliant finder, reversible for horizontal or vertical pictures. Two tripod sockets. **Body:** Aluminum. **Covering:** Leather; metal parts finished in nickel and black enamel. Black bellows. Autographic feature. Shpg. wt., 3 lbs.

Filmpacks

By the use of a film pack adapter you can instantly convert any plate camera, up to the 5x7 size, into a daylight loading film camera. Instead of two exposures with a plate holder, a film pack adapter occupying no more space gives you twelve exposures without reloading camera. Each pack contains twelve films.

Agfa Filmpacks are made in Germany and our tests show that they are by far the finest and fastest film packs on the market. In metal cans from which any single film can be removed without disturbing the remaining films. Speed 400 H and D.

Agfa Filmpacks also fit film pack cameras without an adapter.

*The 3x5¼ Filmpack fits all 3¼x5½ cameras except the Premo and Seneca models of 1913 and later. These cameras take the full 3¼x5½ size.

Big Savings Assured

Curtains offered on this and the following pages are made for us by the leading curtain manufacturers. Our enormous output enables us to buy goods at low prices and offer them direct to you at money saving prices. Whether you buy the lowest priced or most expensive, you will get real value for your money. Our guarantee of complete satisfaction or money back protects you fully.

ABOUT COLORS AND SIZES. The following are colors of lace curtains and curtain materials: Going from light to dark, ivory is the first shade darker than white. Cream is slightly darker than ivory. Drapery ecru comes next, a soft warm shade of light tan. Beige is a little darker in color than drapery ecru. Curtains may vary from 1 to 2 inches from sizes given; for due to the finishing process they either shrink or stretch slightly. In ordering curtains bear this in mind.

We Make Our Own Window Shades

6 Easy Points of Information

Needed to Fill Your Order for Shades Correctly

1—**Catalog Number** of the quality and style you wish. If number has a fraction in it be sure to include it.

2—**Quantity.** State how many you need of each size.

3—**Widths.** Be sure to tell us whether the widths are cloth measure or tip to tip of roller. Read carefully instructions for measuring on page 821.

4—**Brackets.** For outside brackets give cloth measure. For inside brackets give tip to tip measure of roller, including the small metal tips which fit into the brackets. State whether you wish outside or inside brackets. Refer to Diagrams No. 1 and No. 2 on page 821. If shades are to hang on the face of window casings specify **outside brackets.** If shades are to be placed inside the casings specify **inside brackets.**

5—**Lengths.** Give lengths. Measure from top to bottom of windows and add 6 inches to allow easy raising and lowering.

6—**Color.** State color. Select from colors listed in the quality and style that you wish.

Water Color Opaque Shades

Machine Oil Opaque Shades

Plain and Fringed
Water Color Opaque Shades

Good quality, mounted on patent spring, nickel trimmed rollers. While excellent shades and very good quality for the money, we recommend our Oil Opaque Shades, listed at the right, for greater economy and service. Water Color Opaque Shades are furnished 36 inches wide, or less, and in the following colors: **Sand, light brown, buff, white, slate, olive green or dark green. State color and size wanted and be sure to state whether measurements are for inside or outside brackets.** Shipping weight, 1¾ pounds.

We can furnish Water Color Opaque Shades plain or trimmed with cotton bullion fringe as listed below.

Width of Cloth	Length	Plain Shades	Each	Fringed Shades	Each
36 inches	5 feet	24K1005¼	45c	24K1066¼	58c
36 inches	6 feet	24K1000¼	52c	24K1061¼	65c
36 inches	7 feet	24K1020¼	59c	24K1081¼	72c
36 inches	8 feet	24K1040¼	66c	24K1101¼	79c

Cut down less than 36 inches wide. Be sure to state width.

Width	Length	Plain Shades	Each	Fringed Shades	Each
Less than 36 inches	5 feet	24K1015½	48c	24K1076½	63c
Less than 36 inches	6 feet	24K1010½	55c	24K1071½	70c
Less than 36 inches	7 feet	24K1030½	62c	24K1091½	77c
Less than 36 inches	8 feet	24K1050½	69c	24K1111½	84c

The above shades are not made wider than 36 inches.

Plain and Fringed
Machine Oil Opaque Shades

Made from high quality machine made oil opaque cloth and mounted on substantial nickel trimmed rollers. Colors: **Sand, light brown, buff, white, slate, olive green or dark green. State color and size wanted; also specify whether measurements are for inside or outside brackets.** Shipping weight, 1¾ lbs.

We can furnish our Machine Oil Opaque Shades plain or trimmed with cotton bullion fringe as listed below.

Width of Cloth	Length	Plain Shades	Each	Fringed Shades	Each
36 inches	5 feet	24K1125¼	59c	24K1196¼	$0.75
36 inches	6 feet	24K1120¼	71c	24K1191¼	.85
36 inches	7 feet	24K1140¼	81c	24K1211¼	.95
36 inches	8 feet	24K1160¼	92c	24K1231¼	1.05
38 inches	7 feet	24K1182¼	95c	24K1253¼	1.10

Cut down less than 36 inches wide. Be sure to state width.

Width	Length	Plain Shades	Each	Fringed Shades	Each
Less than 36 inches	5 feet	24K1135½	62c	24K1206½	$0.80
Less than 36 inches	6 feet	24K1130½	74c	24K1201½	.90
Less than 36 inches	7 feet	24K1150½	84c	24K1221½	1.00
Less than 36 inches	8 feet	24K1170½	95c	24K1241½	1.10

For shades over 38 inches wide see 24K1300½ and 24K1500½ on page 820 and add price of 24K1311½ or 24K1511½ extra for fringe.

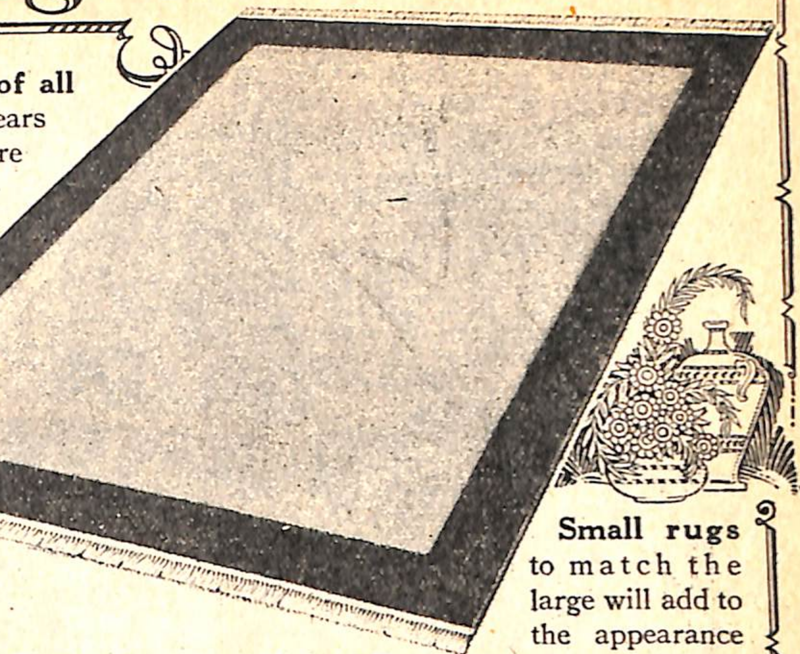
Sears Greatest Rug Exhibit

A nation-wide showing of new patterns. Gorgeous, new Rugs of dependable quality that are incomparable bargains at Sears low prices. And there's the finest collection of them right here that ever has been offered. When you buy one of these rugs you have a guaranteed value that insures latest design, finest workmanship and lifelong service.



in Newest Designs and Colors

THE BEAUTY of a room depends on its rugs—they have to stand more wear than anything in your home and they are always on display. Therefore you should consider very carefully before buying. We have selected this fine group of rugs for you because we know they are the best value for your money both in quality and pattern. They are the greatest collection of medium priced rugs that it has ever been our privilege to offer you—greatest in the real sense of the word, since every one of them is a guaranteed bargain in beauty and service. We have investigated them, the materials and every detail of their manufacture, and that is why we are glad to place our guarantee on them, and offer you an assured saving.

Greatest test of all—Actual use! Sears rugs will give more than usual wear—extra quality is there and the prices are reasonable.

$35.00
9 x 12 Ft.

Small rugs to match the large will add to the appearance of your room.

Smart Seamless Velvet Rug

Newest Style in Plain Colors

A two-tone taupe Velvet Rug at prices far below those usually quoted on this quality. The trend of fashion has definitely swung to the use of plain hued floor covering and it is recognized as a mark of excellent taste in any room. Fringed, and closely woven, insuring long wear.

Prices and Descriptions of Rugs Shown on Opposite Page

(A) The Best Quality Seamless Velvet Rug

A Genuine Wilton Design

One of Our Famous Honor Roll Rugs

This rug measures up to every standard set by Sears, Roebuck and Co. as worthy of being placed on our Honor Roll. We, of course, guarantee every rug on these pages, but any rug placed on our Honor Roll not only carries the usual guarantee, but is also guaranteed to be the best rug of its particular quality and type. This design is the very latest—a one-way pattern which does not repeat itself anywhere throughout the rug, woven very firmly and has an unusually close wool face. The ends are nicely finished with Linen fringe. Corners guaranteed not to curl.

	Size, Abt.	Shpg. Wt., Lbs.	
37K6960	9 x12 ft.	40	$45.50
37K6962	6 x 9 ft.	19	25.50

37K4379	36 x63 in.	5½	7.25

(B) Highest Grade Wool Velvet Rug Made

A Big Value at Our Prices

Another One of Our Famous Honor Roll Rugs

This new Irvington Seamless Velvet Rug made by the Famous Alexander Smith Mills is another achievement in rug making. Here again we present to you something entirely new. It is our motto to lead and never follow. We want the customers of the World's Largest Store to have an opportunity to buy all the really good things that the market affords. This is an unusual rug; first, because of the fine workmanship; second, because the pattern is absolutely new, and third, because of the deep pile which gives it that luxurious effect. We know that it will cost you a great deal more to buy this fine rug elsewhere. This rug merits a place on our Honor Roll, because it is the best wool-faced velvet rug made in America. Fringed.

	Size, Abt.	Shpg. Wt., Lbs.	
37K9870	9 x12 ft.	56	$57.50
37K9875	8¼x10½ ft.	45	48.50
37K4943	27 x54 in.	5	6.50

(C) New Oriental Axminster

Of Very Good Quality

Another Alexander Smith Production

The World's Largest Store not only leads in big values, but also in style and pattern. This splendid Seamless Axminster Rug is a reproduction of a famous Chinese rug. Because this pattern was one of our biggest sellers this spring, we felt obligated to show it again in the fall season, as there are undoubtedly many of our customers who were not in a position to take advantage of this truly wonderful offer during the spring season. Its long wearing quality is one of its best points, for the quality is without an equal in rugs selling anywhere near this price. Where else could you buy this famous Carlton Axminster at anything like our prices? We are so certain of this value that we challenge all competition.

	Size, Abt.	Shpg. Wt., Lbs.	
37K8930	9 x12 ft.	34	$35.00
37K8932	6 x 9 ft.	19	19.50
37K8935	8¼x10½ ft.	29	31.75
37K4644	27 x54 in.	3¼	3.25

(D) Seamless High Grade Axminster Rug

A Size for Every Room

Here is another example of Sears leadership in the floor covering field. A new and modern thought in rug making. Something that is rich and handsome at a price that spells real economy. This is a distinctly European type of design and recommended particularly for homes with large families. It is both beautiful and serviceable because of its unusual color combination. Will not show the soil readily and will give years of hard and satisfactory wear.

	Size, Abt.	Shpg. Wt., Lbs.	
37K8100	9 x12 ft.	37	$42.95
37K8101	4½x 6½ ft.	12	12.25

37K4505	27 x54 in.	3	4.00
37K4509	36 x63 in.	5	5.85

(E) Something New and Beautiful

Seamless Velvet Rug

Here is a rug of quality, workmanship and design at a price that only Sears can make. It would be equally appropriate for simple or elaborate interior, and its durability will delight you. The lovely pattern is of Chinese origin and typical of the high development of rug art in the Orient. Woven very firmly—has a well covered wool face. We recommend this rug as a splendid value. Fringed.

	Size, Abt.	Shpg. Wt., Lbs.	
37K6910	9 x12 ft.	36	$36.50
37K6912	6 x 9 ft.	18	19.50

37K4333	27 x54 in.	3½	3.75

(F) Gorgeous Seamless Velvet Rug

Often Sold as a Wilton Velvet

This rug is a bargain in every size and it comes in a size for every room. It can't fail to attract you at once. The artistic pattern and fresh, soft colors give it charm and individuality. And you can't excel the workmanship in this type of rug. It's made by experts who put the experience of years into every rug they make for you. A rug so durable and satisfactory would cost much more elsewhere. Neatly fringed, except 27x54-inch size.

	Size, Abt.	Shpg. Wt., Lbs.	
37K6950	9 x12 ft.	35	$39.50

(G) New Seamless Axminster Rug

Woven by the Mohawk Mills

It's your living room that your guests really see and examine critically. And if you have this gorgeous new Axminster Rug on the floor they can't help admiring your taste and envying your good fortune. But what they'll never believe is that you could purchase it so reasonably. Look again at the new openwork design on the plain ground and the richness of the coloring, and you'll know it's a super-value because it's woven of the best yarns obtainable with a deep plush-like pile.

	Size, Abt.	Shpg. Wt., Lbs.	
37K8900	9 x12 ft.	35	$39.85

37K4604	27 x54 in.	3	3.85
37K4609	36 x63 in.	5	5.65

(H) High Grade Seamless Axminster

A Big New Value

Here is a pattern that will lend dignity to a room without making it somber. The picture cannot do justice to the rich, handsome coloring any more than it can to the thick softness of the closely woven pile which is luxuriantly long. It is a rug of real distinction that marks your taste as faultless and, at the same time, it is a satisfaction to your pocketbook. The 11¼x12 foot size is seamed.

	Size, Abt.	Shpg. Wt. Lbs.

No Job is Too Big for Our ~~~ Up-to-date Carpet Work Room

One of Our Modern Sewing Machines

We Guarantee Every Job

These two pictures show portions of our carpet workrooms which are fully equipped with the latest electric sewing machines that enable us to turn out work in the shortest possible time. Our cutters and hand sewers are of long experience in all kinds of carpet work, so that every job sent out by us is perfect according to specifications or we make it right. We are ready to serve you at any time; to give estimates on any job, to help you decide the **best and most economical way** of covering your floors, to send samples immediately upon request, and to give you the best quality work at the lowest prices. If you are considering any kind of new floor covering at all, carpets or rugs, let us at least make an estimate for you on carpeting. All you need to do is measure off your room, and let us know what carpeting from the catalog you would choose and we will send you as close an estimate as possible of what the cost would be to cover your floor with fashionable new carpeting.

View of A Portion of Our Cutting Room

Beauty, wear and Sears, Roebuck and Co.'s low prices are the ideals of our floor covering department. Imagine how richly beautiful is the room laid with a single tone carpet or the cheerfulness of a well chosen figured design. What a full spacious effect it gives. What an air of comfort and good taste. The patterns selected on the opposite page are the finest carpet the American market has to offer at prices within the reach of the average home.

We are eager for you to know the quality of our carpets and to impress upon you the exceptional values we are offering. So we have arranged this season to send on request **free samples** of any carpetings you desire. A sample of any carpet or carpets illustrated in this book will be furnished upon request. Simply write to Jane Austin, Rug and Carpet Department, Sears, Roebuck and Co., Chicago, giving the catalog numbers of the carpets you prefer. If possible send an outline or diagram of the room to be carpeted and we will be glad to give you an accurate estimate of the cost of the carpet you have selected. Remember, we guarantee the quality of our carpets and we also guarantee a big saving as well.

In ordering carpets to cover the entire room, we strongly advise and recommend that you allow us to size your carpet. This makes the task of laying your carpet very much easier, as the process of sizing takes out all the fullness which would otherwise have to be taken out with a carpet stretcher at the time of laying. The nominal charge of 8c per yard for sizing is well spent, because it eliminates the greatest difficulty in laying your carpet.

Hall and Room Carpet

Cut to Measure

Beautiful floors at small cost—that is the service of carpet department. In making up carpets to cover your entire room, there is no need for the services of a high priced estimator. All that you need to do is to send us a diagram of the hall or room you wish to cover, giving us the dimensions and noting any fireplaces or irregularities. Our special service department will then (without charge) cut your carpet so that it will fit exactly. The only extra charge we will make is for sewing, 4c a yard for carpets, 10c a yard for special size rugs (made of carpet and border to match).

Chinese Matting

A Bargain in Imported Matting

Nothing quite takes the place of neat fresh matting for it is pretty, serviceable and easy to keep clean. This style features a blue and light green stripe on a natural tan ground. Reversible so that it has a double life. An exceptional value for the money. Shpg. wt., per yard, 1¼ lbs. Per roll, 70 lbs.

37K2802—36 in. wide.
Per yard **$0.25**
Per roll, 40 yards **9.50**

Cotton Carpet Binding

Used principally for binding ends and edges of carpet. Width, about 1 inch. Comes in about 10¼-yd. rolls. Green, brown, taupe or red. State color. Shipping weight, per roll, 3 oz.

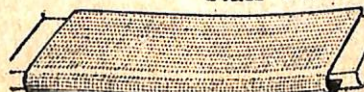
37K19
Per roll **27c**

Broadloom Carpet

Again we are proving our value and quality leadership in the entire floor covering field. Again we are demonstrating to our millions of customers that they can buy floor coverings from the World's Largest Store at prices which mean bigger savings than they can make anywhere else. Quality for quality and price for price we believe that you cannot duplicate our value at any other mail order or retail store in the world.

The vogue for plain color floor coverings has gained great popularity within the last year, because of its practicality, its effectiveness as a setting for any color scheme, and its economy. There is no finer seamless carpet at a price within the reach of the average home than our Brewster Broadloom carpet. We will serge the ends of your Broadloom carpets without charge or finish them with a neat cotton binding for $1.50 in the 9-foot size.

Carpet and Border



If standard size rugs are the wrong size or shape for your room, but still you don't want to cover the entire floor with carpeting, let us make you a rug in just the size and shape you want of 37K1130, on page 840. A rug made to order for your room can't fail to enhance its beauty and make you very happy. All you need to do (we'll be glad to send you a sample before you order) is to send us a diagram giving us the dimensions of the rug you wish made. No charge for cutting and only 10c a yard for sewing. We recommend sizing at 8c a yard to insure the rug lying flat.

Ingrain Carpet

Good quality, long wearing carpeting in allover designs that are ideal for real service at a very low price. You can cover your floor with a truly practical carpet at the lowest possible cost. Any one of the patterns shown on the opposite page makes a pretty floor covering, one that does not show soil and gives long wear.

Stair Pads

Well Padded With Soft Cotton.

Put these stair pads underneath your stair carpets and get about ⅓ more wear out of your carpets. Make your carpets softer to walk on and give them a better appearance. One size only, about 22½ in. long and 8 in. wide. Weight, 7 ounces.

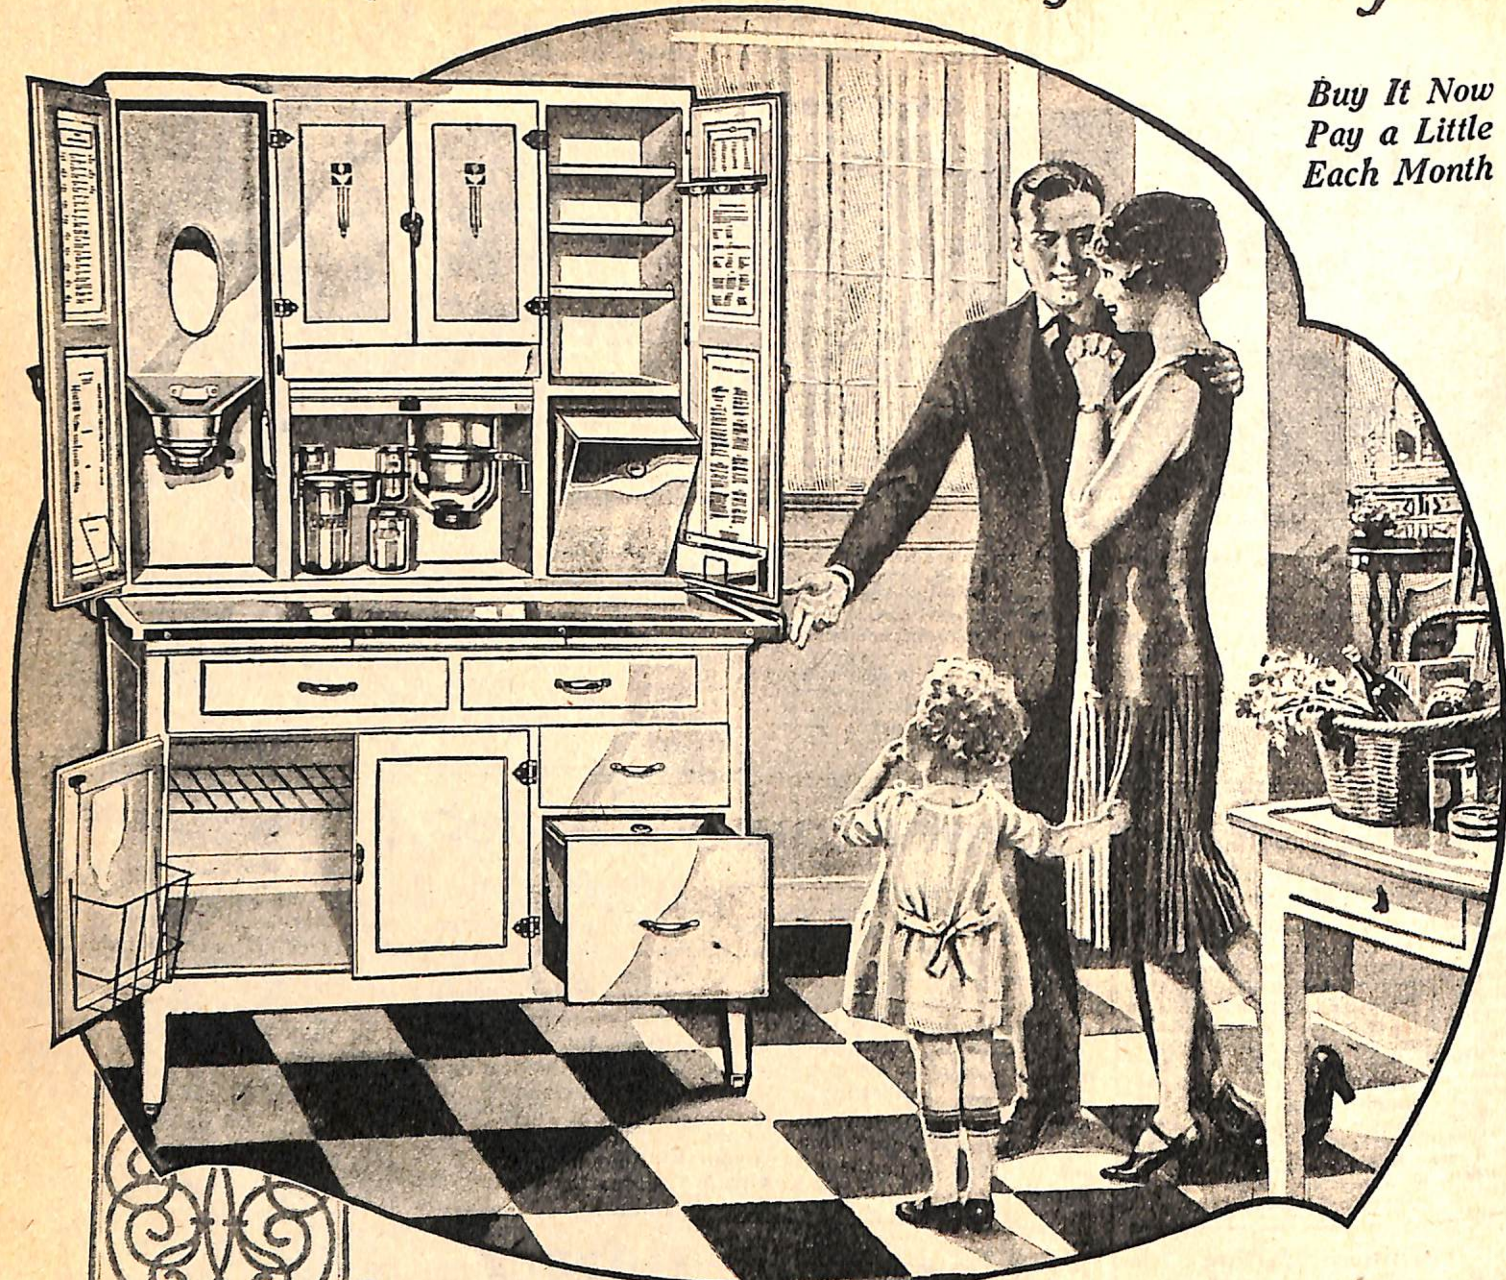
37K15—Each **12c**

Stair Carpet

Treat your stairs with the same care and consideration that you do your room floors. Beautifully covered stairs lend an air of distinction to your home. We have in our carpet department a wide selection (as shown on page 840) of high quality stair carpets in fine patterns at our usual low prices. For a small cost you can have your stairway beautifully covered. Let us send you samples of the designs you like best so that you can see what really fine bargains they are.

We also have a complete stock of all the things you may need in laying the carpet. Either lining or stair pads will soften it considerably and add to its long life, while stair rods for fastening the carpet will insure its never coming loose.

Nuhair Rug and Carpet Cushion



Lay Your Rugs Over Nu-Hair Cushion

Adds materially to the life of your floor covering and gives that soft, luxurious effect. Nu-hair will last a lifetime and can be taken up, cleaned and relaid just like a rug. Mothproof, superior quality.

No Home Complete Without One

Now is the time for every housewife to get one of our real bargain cabinets on Easy Payment Terms. It is years since you have had the opportunity of taking advantage of such an attractive offer. **$5.00 down and $5.00 a month. Use this cabinet as you pay for it.**

This "Honor Bilt" kitchen cabinet offers a real service to every housewife. Kitchen utensils are brought together in one place. If you want a pan, pull out the shelf and there it is within easy reach. Need flour, sugar, coffee, tea, menu cards, bread board or what not? All are within arm's reach. It has many important features.

1. Sliding extension top of white porcelain enameled steel. The top can pulled out 9 inches, providing extra working surface of 378 square inches.
2. Lowering flour bin, easy filling style, holds about 50 pounds. Has a handy patent sifter attachment.
3. Sliding drop curtain, easy working. Does not disturb the contents the cabinet.
4. Swinging sugar jar, easily accessible, large capacity.
5. Complete set of coffee, tea and spice jars as illustrated.
6. Removable bread board slides into receptacle under the table top.
7. Sliding wire pan shelf in lower section makes pots and pans accessible.
8. Ventilated mouse proof metal bread drawer keeps bread and rolls fresh.

And all of the smaller convenient features are included, too. Removable metal shelf in top section, menu cards, time table for cooking, table of weights and measures, coin tray, recipe file and cook book holder. This careful attention to details makes a style that saves all drudgery in the kitchen, at a low price which means a big saving on prices elsewhere. Constructed of oak, golden finish, white enamel inside, or close grained hardwood in choice of entire white or gray enamel finish. The extending table top is genuine white porcelain enameled steel. Top end drawer is divided into four sections for cutlery and accessories. Beautiful Breakfast Sets

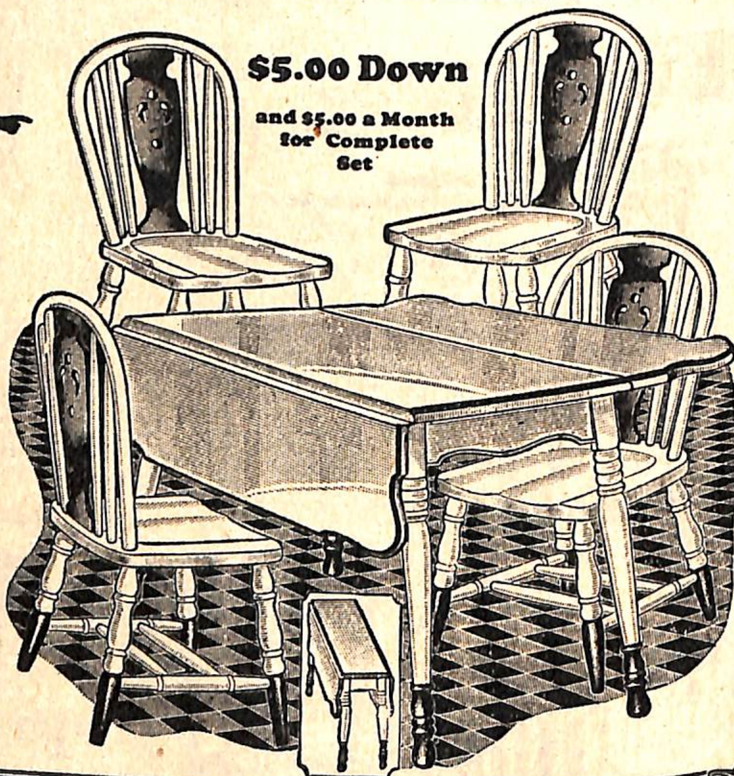
Beautiful Two-Tone Finishes

Buy This Set on Time Payments of

$5.00 Down and $5.00 a Month

$5.00 Down

This breakfast set with the extension table makes a particular appeal as a dining set where space or funds prevent the purchase of regular dining room furniture. Closed, the table has the desired compactness; extended, it meets every requirement of the ordinary dining table, accommodating six people comfortably. This set is finished in choice of handsome frosted silver gray oak two-tone or frosted golden brown two-tone. The deep color of the two-tone effect on the table top and chairs is offset with line routing.



THE TABLE—Very strongly constructed; the top is screwed to the rim; the legs are bolted to the rim. Legs equipped with sliding casters. Extension supports are absolutely rigid. Size of the table, closed, 43x32 in.; extended, 60½x32 in. Complete with two leaves. Packed to secure lowest transportation rates. Easily put together. Shipping weight, 100 pounds.

THE CHAIRS—Strong, continuous bent back posts; stretcher braced legs. Seat, 16½x14 in. Height of back, 17¼ in. Shpg. wt., each, 15 lbs.

1K2530—Pieces may be purchased separately for cash.

Unfinished Breakfast Set Very Low Priced

You will not only experience the enjoyment of painting this breakfast set exactly the way you want to, but you will get the same quality. A set of this quality, decorated, would cost $25.00 or more elsewhere. Made of fine hardwood, smoothly finished and sanded, ready to enamel. The same fine construction has gone into this set as into the higher priced sets we sell. All joints are securely glued and braced.

THE TABLE—The legs are bolted to the table box. Leaves are triple hinged. Size of top, with leaves down, 21½x36 in.; with leaves up, 41½x36 in. Packed to secure lowest transportation rates. Easily put together. Shipping weight, 50 pounds.

THE CHAIRS—The bow backs are of square material, preferred by many to the round material backs. Seats are saddle shape, fancy turned stretchers between the legs. Size of seat, 15¾x14½ in. Height of the back, 18 in. Packed to secure lowest transportation rates. Easily put together. Shipping weight, each, 10 pounds.

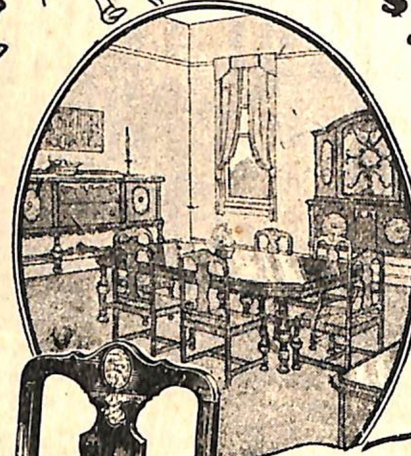
$44.75 Cash Price

Beautiful Walnut Buffet—The top and front are of **five-ply** sliced walnut veneers, finished in nut brown. Each door has an overlay of butt walnut; the top drawer has a most attractive overlay of genuine birdseye maple. The back rail and the base rail have overlays of satinwood. All other parts are of fine hardwood, finished to match the veneers. The back is veneered hardwood. Drawer bottoms are mahogany veneered. Lower drawer has a velvet lined silverware tray. Massive built-up posts, beautifully shaped and turned. **Newest style receding top, 66x22 in.**

$39.85 Cash Price



Fancy new style china cabinet with the canopy top. The front is of **five-ply** nut brown sliced walnut veneer overlaid with decorations of butt walnut. The center lower panel has a small overlay of birdseye maple. The beautifully cut wood grille has a small overlay decoration of satinwood. Sides are **three-ply** walnut veneer. All other parts are of hardwood finished to match. Apron and fancy carved stretcher have satinwood overlays. Beautifully turned and fluted front legs. Height, **66** inches; top, **41x19** inches.

For Table Pads, Protectors, See Page 224

$39.50 Cash Price

An attractive, sturdy dining table, in the latest fashion. The top is genuine nut brown **five-ply** sliced walnut veneer; the rest of the table is of hardwood, finished to match. The legs are massive, beautifully shaped and turned. Supporting them are gracefully cut stretchers, which add greatly to the strength of the table. This is an extra small size table, which closed measures only **54x45 in.** Can be extended to **66** inches. Complete with leaves.

$20.85 Cash Price

Beautiful Server—Every dining room should have one. Very necessary and a part of every complete dining set. The top and front are of nut brown **five-ply** sliced walnut veneer; the ends are **three-ply**. Each door has an overlay of butt walnut; the small center panel has an overlay of genuine birdseye maple; back rail and base rail have overlays of fine satinwood. The back is veneered hardwood. All other parts are of solid hardwood, finished to match the veneers. Size of top, **41x19 in.**

$5.95 Cash Price

Chair and Host Chair—Very strongly made of hardwood, finished to match veneered surfaces of the other pieces. The back panels are veneered with sliced walnut, decorated with birdseye maple and satinwood overlays. Front legs are beautifully turned and fluted. Seats are softly padded and upholstered in a harmonizing color Jacquard velour. A set of these chairs will add to the attractiveness of your dining room whether or not you buy them with the complete dining room set.

This set is the very newest thing. We wish especially to call your attention to the new style buffet and china cabinet. As well as being strictly up to the minute every piece is very strongly made and beautifully finished. Chair and host chair shipped from our store, other pieces from factory near CHICAGO or NORTH CAROLINA whichever is nearer you.

This Spanish Renaissance Dining Set

Now Offered on Easy Monthly Payments

The same style that has graced the halls of the Spanish Grandees of old Castile and Valencia. The rich carvings, the massiveness of design, the same solidity—all are faithfully reproduced in this handsome period style. And this distinctive set, ordinarily found only in the homes of the wealthy, can now be afforded by all. Let it add to the beauty of your home. Beautifully high lighted veneers of genuine walnut (5-ply tops and fronts, 3-ply ends). All other parts are hardwood, exposed parts finished to match. The turnings in the legs of all pieces are of a light contrasting golden hue; the interior of the scroll work, the deep flutings on the legs and the bronzed drawer pulls are touched with a deep blood red. All drawer bottoms are genuine 3-ply mahogany veneer. All drawers are dovetailed with dustproof partitions between. Triple drawer guides prevent balking. Glued blocks at all points of strain. Handsome bronzed drawer pulls. All pieces equipped with easy rolling casters or metal glides. Gracefully designed stretchers on all pieces.

BUFFET—Comes with or without mirror, as you prefer. (Illustrated both ways.) Top, 20x60 inches. Height, 41 inches. Center drawer is partitioned. Has plush lined sliding tray for silverware.

SERVER—Top, 38x19 inches. Height, 38 inches.

CHINA CABINET—Choice of paneled wood doors, decorated in color, or grilled glass doors. The china cabinet with wood doors shown in the panel is of a delightfully different design. The upper section is finished in a red blended lacquer in grained leather design. The top, back and interior are in plain red lacquer. The doors have large scroll plate hinges and knob plates. The cabinet with the grille covered glass doors is finished inside in natural stained finish. Height, 60 inches; top, 42x15½ inches.

TABLE—Top, 45x60 inches, in either 6 or 8-foot extension.

CHAIR—Seat, 18x15 inches. Height of back from seat, 22 inches. Upholstered in Jacquard velour, blue and taupe combination.

HOST CHAIR—Seat, 16x19 inches. Height of back from seat, 22 inches. Upholstered to match chair.

1K2351⅓—Chair and Host Chair shipped from our store. Other pieces from factory in INDIANA.

This Beautiful Set Is of Genuine Walnut

Attractively Decorated With Genuine Stump Wood Burl Walnut Insets

The tops, fronts and ends of all pieces, except the chair, rocker and vanity bench, are of genuine walnut veneers, the tops and fronts are five-ply; the ends three-ply. The chair, rocker and vanity bench are of fine quality hardwood, finished exactly to match the walnut veneered pieces. The top drawers of the dresser, the chest of drawers and the vanities are beautifully inset with rectangular pieces of stumpwood burl walnut, hand rubbed. Drawers of all pieces are **dovetailed**, not just nailed. Drawer bottoms are of three-ply material faced with **genuine mahogany.** Veneered drawer bottoms will not warp or crack, the facing of mahogany gives the interior of the drawers a more elegant appearance. Dustproof partitions top and bottom in the drawer sections, a feature found only in best grade of bedroom furniture construction. All mirror backs are of veneered wood, not cardboard. Veneered backs will not crack or warp. All mirrors are of heavy genuine plate, not plain glass. Turnings on all posts and standards are attractively patterned; **corner posts are processed in color.** Neat sawed ornaments on the lower front rails of all large pieces. All large pieces are equipped with easy rolling casters; the chair and bench with metal glides. Angle bracing (glued brace blocks at all points of stress or strain) is used throughout, doubling the life of each piece.

All pieces are shipped from factory in INDIANA, except the chair, rocker and vanity bench, which are shipped from our store. **Pieces may be purchased separately.**

Beautiful Blended Walnut Bedroom Set

This Queen Anne Period Bedroom Set Now Sold on Time Payments

Charming Queen Anne design. If you are seeking beauty of design, dependable quality and excellent workmanship at prices that represent a substantial saving, you need look no further. This set can be had in antique blended walnut. All parts not veneered are hardwood, finished to match. The upright matched veneers on the fronts, tops and ends are set off with burl walnut overlays. "Antique blended," the new hand rubbed finish which is proving so decidedly popular, gives this furniture a soft, subdued effect, and brings out the most beautiful colorings of the wood.

Compare these other features:

Backs, drawer bottoms and mirror backs are of three-ply material; dovetailed drawers with bottoms of genuine mahogany; all drawers and compartments finished inside. Dustproof partitions top and bottom; vanity dresser has dustproof top drawers. Angle brace construction throughout, and attractive Old English drawer pulls. Larger pieces have casters; night table, bench and chair have metal glides.

DRESSER—Top, 22x48 inches; mirror, 28x24 inches.

BOW END BED—Width, 54½ inches; height of head board, 50 inches; height of foot board, 33 inches. Springs and bedding not included. Wood side rails.

Genuine American Walnut Set

An unusual opportunity to secure this set on easy monthly payments. Use and enjoy it as you pay for it. Our prices for these bedroom pieces are low, much lower than others ask for the same or lower quality.

All pieces are blended walnut, with overlays of walnut veneer in scroll design. The dresser, vanity and chest of drawers have 5-ply blended walnut veneer tops; 3-ply fronts and ends. All drawers are dovetailed with side guides, guaranteeing smooth performance. All parts not veneered are of cabinet hardwood, finished in walnut to match the veneers. Angle braced construction throughout for greater strength. Equipped with bronze and black metal drawer pulls. Casters. Vanity and dresser have genuine plate mirrors.

The Dresser—Size of top, **40x22** inches. Height to dresser top, **35** inches. Entire height, **65** inches. Size of mirror, **26x24** inches. **The Vanity**—Size of top, **44x18** inches. Entire height, **66** inches. Center mirror, **36x16** inches; wing mirrors, **24x8** inches. **Chest of Drawers**—Size of top, **34x20** inches. Height, **47** inches. **Bed**—Full width, **54** inches. Height of head end, **50** inches; foot end, **30** inches. Reversible steel side rails.

Here Are the Hidden Qualities that Make Real Value

This illustrates the spring construction in the bottom of the Davenport. Note how the springs are locked together at the top.

In upholstered living room furniture **the most important parts of the structure are those parts which cannot be seen.** You have a right to know what is under the cover, and because we know that the construction of our upholstered furniture is honest and without covered up faults, we take pride in illustrating and telling about these "hidden qualities."

The frame is of high grade hardwood; not only the exposed parts, but the parts which you don't see. No soft lumber is used. The frame is strongly cross braced and corner blocked and all joints are deep doweled and glued. The result is a dependable long lived structure.

Spring steel underconstruction, is absolutely trouble proof. Steel crossbars form a foundation to which the under construction springs are interlocked at their intersections. The springs hold firmly upright and cannot buckle or get out of alignment. The tops of the springs are flexibly interlocked with steel tie wires, giving a uniform surface and action.

Cushion springs are in most of our upholstered numbers, as illustrated at the right. Cushions are filled with the small, highly resilient coils, each interlocked to its neighbor, resulting in a fine uniformity of action. Since each spring is locked to its neighbor, buckling or disarrangement of alignment becomes impossible. The small illustration gives you an idea of just how many springs are used in one cushion alone.

Filling materials are of high grade sterilized two, germ cured moss and clean, white felted cotton. Heavy sheeting is used over the springs.

Davenport Mattresses

Sold for Cash Only

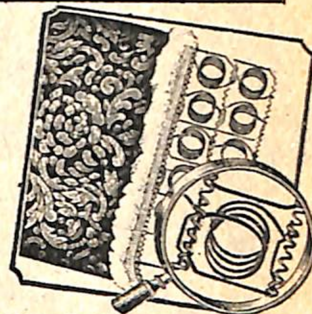
1K7214.......................................**$5.65**



Our Finest Davenport Mattress. Full 35 pounds, fine quality all felted cotton. High quality ticking. Tufts are securely bound and evenly placed. Has 3½-in. roll edges. Size, 47x72 in. Weighs full 35 lbs. Shpg. wt., 37 lbs.
1K7223.......................................**$6.95**

Coverings are of long wearing fabrics of exquisite design and colorings that fashion and good taste approve. Every yard of fabric used is selected on two points, beauty and quality. The material is closely inspected for defects before it is applied.

The illustrations of construction were made from a davenport set we list in our catalog. It is representative of practically our complete listing of overstuffed furniture. We contract only with the largest manufacturers of overstuffed furniture and we refuse to cheapen our quality to make lower prices. You can be sure of excellent quality when you buy overstuffed furniture from the World's Largest Store.

Reversible Cushions

Can be had with any of our velour or mohair upholstered sets. We can furnish cushions upholstered on the reverse side in lustrous cotton damask at $1.35 per cushion extra; in harmonizing tapestry at $1.95 per cushion extra.

This illustrates the Spring construction of the cushion unit. Note how the springs are locked together so as to allow individual performance.

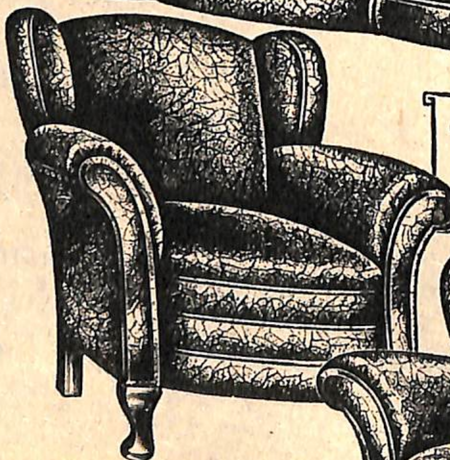
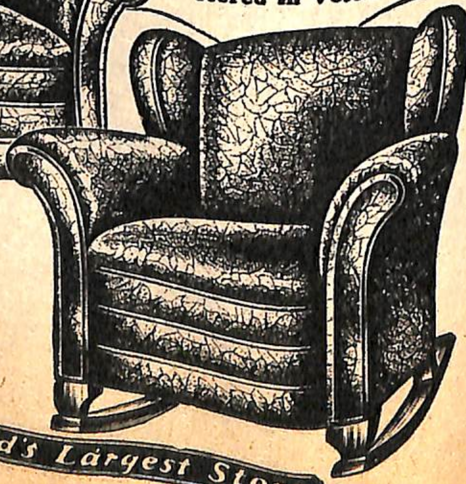
We do not believe you can match this value anywhere else—comfort, style, construction and low price all considered. For the family of limited means, that wants a really splendid parlor set, we heartily recommend this one.

The frames of all pieces are of kiln dried hardwood, with the same careful attention to construction as in our highest priced sets. All exposed parts are finished in dull mahogany. Over the springs are soft fillings of wood wool and cotton, forming an even, comfortable surface. Deep, oil tempered coil springs in the seats and backs of the pieces are supported on heavy wood slats, insuring absolute rigidity at the base and making it impossible for the springs to buckle or get out of line. Offered in choice of four upholsteries: In artificial leather, brown Spanish grained; upholstered in genuine and artificial leather, brown Spanish grained (the back of the back and the outside of the arms of pieces being the artificial leather); embossed velour in blue, taupe or mulberry colors, or Jacquard velour in taupe with blue background, taupe with rose background or taupe with mulberry background colors. (Outside of arms and back are plain velour.)



If ordering either velour upholstery, be sure to state color wanted.

STATIONARY DAVENPORT—Length, outside, **80** inches. Entire height, **35** inches. Size of seat, **64x24** inches. Has **24** springs in seat, **18** springs in back. Equipped with metal glides.



CHAIR AND ROCKER—Entire height, **36½** inches. Height of back from seat, **22** inches. Seat sizes, **22x21** inches. Chair equipped with metal glides.

1K1943⅓—Shipped from factory in WESTERN NEW YORK or INDIANA. Pieces may be purchased separately. **If ordering velour upholstery, be sure to state color.**

Enjoy This New Revolving Seat Double Day Bed as You Pay for It

Opens Out to Three-Quarter Size Bed

The Very Latest Thing in Day Beds

Built like a davenport. It has every comfort feature of the davenport, and provides a fine, comfortable three-quarter size bed at night. During the day it is an extremely handsome and useful day bed. The ends and exterior frame are of beautifully grained birch, finished in brown antique mahogany. Upholstered in attractive pattern Jacquard velour in choice of blue, taupe or mulberry. **State color wanted.** The seat is filled with **44** deep coil springs, padded with germ cured fine tow and felted cotton filling. The seat has a comfortable spring edge (not frame). Equipped with a comfortable link wire fabric spring, anchored at each end by **21** helical (coil) springs. The spring folds in such a manner as to provide storage space for a 25-pound mattress and pillows. Spring clamps, fastened to the ends of the spring fabric, hold bedding firmly in place when folded out of sight. Very simple to operate, the top is revolved to "up-side-down" position, exposing the folded bed spring which is released and pulled out, lowering two folding legs. Entire length, **79** inches. Entire height, **33** inches. Size of bed, **70x40** inches. Shipping weight, 220 pounds. Packed to secure lowest transportation rates. Easily put together. Shipped from factory near CHICAGO or WESTERN NEW YORK. Mattress to fit this bed is shown on page 867.

FIBRE-CRAFT *Furniture*

This Beautiful Set Now Sold on Easy Payments

The enamel finish of the bodies of the pieces is strikingly offset by the contrasting color designs and trimmings. The cretonne covered spring filled loose cushions are in a quiet pretty design. The chair, rocker and davenport are woven of fiber, in form fitting style, for comfort. Choice of two color combinations—brown trimmed with red or cream-ivory trimmed with blue.

DAVENPORT—Two loose cushions, each filled with 29 coil springs. Underconstruction, very strong. Length, 52½ in. Entire height, 31¾ in. Size of seat, 46x21 in. Back, 20 in. high.

CHAIR AND ROCKER—Seat cushions filled with 13 coil springs. Entire height, 31¾ in. Height of back, 19 in. Size of seat, 18 in.

FERNERY—Height, 28 in. Length, 28 in. Width, 11 in. Complete with galvanized watering pan. Ferns not included.

TABLE—Top, 24 in. diameter. Height, 28 in.

Sound construction in the frame insures exceptionally long life in all our Fibre-Craft Furniture. Frame is all hardwood, deep doweled and glued. Every joint is steel braced, insuring absolute rigidity. Made in the world's largest furniture weaving factories.

The illustrations of weaving show the actual size of the machine woven fiber weave, and the steel stakes about which the individual strands of hand woven fiber are twisted for lifelong strength. Is it any wonder our Fibre-Craft Furniture is so durable? Woven in the world's largest furniture weaving factory.

Guaranteed New Sanitary Feathers

We unqualifiedly guarantee all our feathers to be new; freshly plucked from live fowl. All feathers are sterilized and blown into a cooling process to dry and then ozonized to insure permanently clean, odorless and dustless feathers. We are the largest retailers of feathers and feather pillows in the world, and can give you the finest quality at prices which cannot be duplicated. The manufacturer joins us in our guarantee to you that these feathers are the finest, cleanest and best you can buy according to the grade wanted.

Be Sure to Read Page 892

For Ticking See Page 181

PRIME HEN. Prime, dry picked, western hen feathers, thoroughly renovated and deodorized. Far superior to the average hen feather that is usually offered elsewhere at the same price.
1K7103 Per pound.... **23c**

ALL WHITE HEN. Beautiful, all white, processed hen feathers. The best hen feathers procurable, specially treated to make them full and fluffy. The finest hen feathers we have ever sold. Note our low price per pound.
1K7137 Per pound...... **48c**

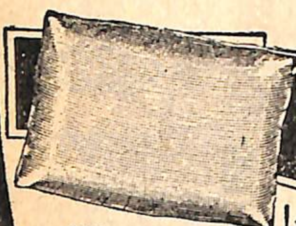
TURKEY AND HEN. A fine mixture, containing three-fourths selected, dry picked, turkey feathers of fine quality with one-fourth, light color, hen feathers. A grade we recommend highly as a filling mixture. As far as possible, the small and medium turkey feathers are selected.
1K7138 Per pound........ **39c**

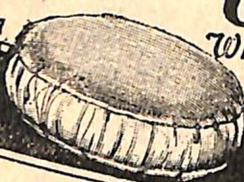
GOOSE, DUCK AND HEN. An ideal mixture of quality and bulk. Light, buoyant and entirely satisfactory for all filling purposes. The mixture consists of one-third gray goose and duck feathers and two-thirds prime hen feathers. The duck feathers are small and of silky texture. The hen feathers are white and colored in equal proportions.
1K7112—Per pound.... **65c**

Our prices are for the actual weight of the feathers without containers. Put up in 1, 2, 3, 5 and 10-pound cloth sacks.

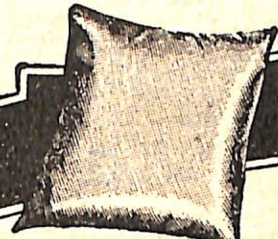
ALL WHITE GOOSE. A good grade of white China goose, ordinarily sold elsewhere as best quality goose. China goose feathers are big and springy, with a good proportion of down texture, but they are not as desirable as **domestic white** goose feathers. At the price this is a value without an equal.
1K7139 Per pound..... **$1.39**

GOOSE, DUCK AND HEN. The finest mixture of this kind we have ever handled. The finer quality feathers predominate in this filling—the mixture consisting of three-fourths gray goose and gray duck with one-fourth hen (just enough to give bulk and body). In this mixture you will find a soft, downy blend almost impossible to improve upon.
1K7115 Per pound....... **89c**





All cushions, bulk feathers and pillows may be shipped parcel post. Add ½ pound for shipping weight.



OUR BEST ALL WHITE DOWN. After careful study of the requirements of our customers we have decided to list this one grade only because it has proved so satisfactory in past years. Our best grade down, **white as snow.** Consists of one-half extra choice domestic white goose down and one-half white selected hen down. It is the finest kind of mixture and we unreservedly recommend it.
1K7120 Per pound.......... **$1.59**

GOOSE AND DUCK. For those of our customers who prefer a higher quality mixture we recommend this one. The mixture consists of one-half choice, downy, light goose and duck feathers and one-half choice gray duck feathers. Only light, downy domestic feathers are used and the equal mixture makes a good body, especially suitable for pillows or feather mattresses. Fewer pounds of this mixture give more bulk than other cheaper mixtures.
1K7100—Per pound.................................. **$1.09**

FINEST DOMESTIC DOWNY WHITE GOOSE. We unreservedly guarantee that this is the finest feather filling we have ever handled. These domestic, downy white, goose feathers are hand picked and hand selected. Only those that are full size are used. Every feather is snow white. This domestic feather is larger, fluffier and has more down than the imported China goose feather many others sell for their best quality. More expensive, but well worth the price difference as fewer pounds go a longer way.
1K7121—Per pound.................................. **$1.98**

Our Easy Payment Terms Make This Automatic Style Day Bed Easy to Own

Only $5.00 down and $5.00 a month. Enjoy the use of this comfortable day bed in your home as you pay for it. Has the same type of coil spring as the most comfortable beds. The solid steel panel ends, carefully finished in hand grained walnut and offset by the ornamental perforated cane panel insets, make this day bed an unusually attractive style. Operates automatically by spring adjustment which eliminates the weight of lifting (a child can operate). Frame of angle steel, reinforced at all points of strain. All parts riveted—no bolts to work loose. Each section has 44 oil tempered coil springs, 6 inches deep. These coil springs are tied at the top with 60 interlocking helical (coil) springs which form an unbroken sleeping surface. Each section has a base structure of angle steel and is surrounded at the top with a 5/16-in. border wire. This border wire, in turn, is anchored by strong helical springs to the supporting frame work. Width, closed, 26 in.; open, 48½ in. Length inside, 76½ in. Height of ends, 32 in. Continuous end posts, 1 1/16 in. thick. Bottom cross rod, ¾ in. Complete with 28-lb. felted cotton mattress covered with floral pattern cretonne. Shipped with ends detached to save transportation charges. Easily put on. Shpg. wt., 157 lbs.

One Hundred and Sixty-Five Triple Cone Coil Springs Make This the Most Comfortable Bed Spring We Have Ever Offered Our Customers

Made for Those Who Want the Very Finest in a Spring of This Type

A sensational value that can't be matched ANYWHERE. A bed spring of super-comfort at lower prices than usually asked for 99-coil or 140-coil styles.

This bed spring is made to our own specifications. Every comfort feature has been included; every device recommended by doctors who look on restful sleep as the cure for many ailments.

Proper rest is vital to our continued usefulness in the world and our present efficiency. With the right kind and amount of rest many of our present-day ills will vanish. The bed spring, the "resting foundation" for the sleeper, is the most important consideration. With a modern scientifically constructed spring that is free from squeaks and rattles and that, due to its coils, has full resilience without any possibility of sagging, is the kind of bed spring doctors recommend. It permits quiet unbroken sleep, and supports the body in its natural position.

A wonderful bed spring! The full 54-inch size has 165 triple cone coil springs, seven inches deep. These coil springs are securely fastened at the bottom to steel foundation cross braces. At their tops they are held in place by 280 interlocking helical (coil) springs which form a practically solid sleeping surface of springs. The triple cone coil springs are of lighter wire than the ordinary bed spring coils because there are so many more of them. Each coil has less weight to support; therefore it can be made lighter. And because each coil is of lighter wire it is just that much springier.

Every coil spring is tied at the center to the springs next to it, as is illustrated in the small panel on the opposite page. This eliminates the side sway or vibration so common to the ordinary spring. And as an added feature this spring is equipped with automatic operating side braces which not only check side sway but protect the edges and keep them from sagging when sitting on the side of the bed. This feature is illustrated in panel above at left.

The spring foundation is a frame of angle steel with **thirteen** individual cross braces. The corners are **round**, not square. Round corners not only eliminate sharp edges that tear bedding, but they prevent the sagging of mattress and bedding. The coil springs are enclosed at the top by an extra heavy **5/16-inch border wire** to which the coil springs are securely clipped. Length, 73½ inches.

1K5797—Style to fit straight end beds with steel side rails. Comes in 54, 48, and 39-inch widths. Shipping weights, 85, 75 and 65 pounds, respectively. **State width wanted**.......... **$15.45**

Style to fit straight end beds with wood side rails. Width, 52 inches. Shipping weight, 85 pounds.......... **$15.43**

1K5798—Style to fit bow end beds with steel side rails. Comes in 54-inch width only. Shipping weight, 85 pounds.......... **$15.85**

Style to fit bow end beds with wood side rails. Width, 52-inch. Shipping weight, 85 pounds.......... **$15.83**

How to Order a Bed Spring

State whether spring is wanted for wood or metal bed. Give the exact length and width of your bed.

If you want a spring for a metal bed, to obtain the width measure from one **outside** edge to the **outside** edge of the opposite rail. For the length, measure the length of the side rail.

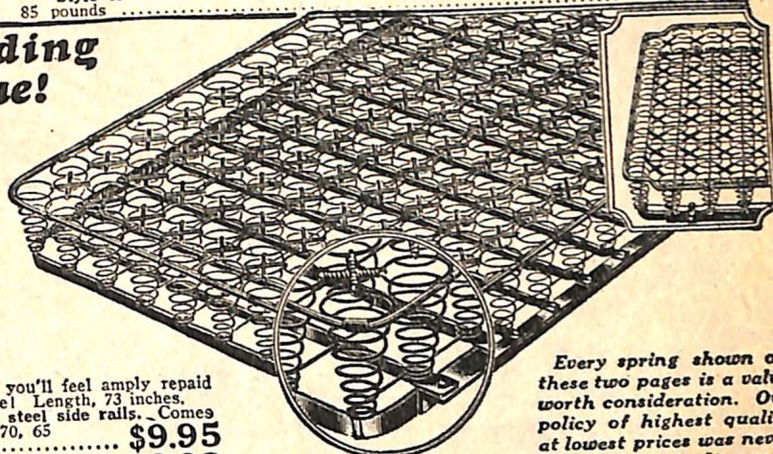
If you want a spring for an ordinary wood bed, give the length of the cross slat for the width, and the length of the side rail for the length. If for wood bed fitted with square wood rails or with steel rails, where the spring rests on the rails instead of on slats, for the width give measurement from one **outside edge** to the **outside** edge of the opposite rail. For length, give length of side rail.

Another Astounding Bed Spring Value!

Buy and Compare

$9.95

Not a sale price on this fine spring—just the regular low price that only the World's Largest Store can name. A better quality than often sells at $12.00 or more.



Has the latest, newest features of bed spring construction. The full **54-inch** size has 140 tempered coil cone shape deep springs securely fastened to individual steel bottom slats and locked at the top with interlocking helical (coil) springs, which forms an unbroken spring surface supremely comfortable. This spring has the improved round corner frame. The elimination of sharp corners means the end of torn bedding and sagging mattress. Heavy angle steel frame, gray enamel finish. Invest in sleeping comfort; you'll feel amply repaid in restful vigor the next day. A Wonderful Value! Length, 73 inches.

Safe!

Because of THIS LABEL on All Our Mattresses

How can you know that the mattress you buy is really clean and safe, inside and out? Not every mattress sold by some dealers, no matter how attractive it may appear to be on the outside, is fit to be brought into your home and placed on your bed. Because of the unsanitary practices of some bedding manufacturers **twenty-nine states have recognized the need for and have passed sanitary bedding laws** which, wherever properly enforced, protect the health of the home. This emphasizes the necessity for utmost care and vigilance when you buy mattresses.

So that you may know what you are getting when you buy a mattress from us we want to tell you of the extraordinary precautions that are taken in making our mattresses, from the purchase and treatment of the raw materials to the finished product. We buy ONLY new materials which are scientifically cleaned by extensive, costly processes which remove dust and foreign particles. Our personal inspectors are located at the mattress factories to make sure that the materials we specify are used; to inspect each mattress carefully to see that our requirements are complied with. On each mattress is sewed our Seal of Purity—our absolute guarantee of reliable quality. It is our pledge to you that from the outside covering to the innermost core we have used only the purest materials the market affords.

Buy Your Mattress at Sears and Be Safe

The Health Mattress

Hundreds of double cone spiral springs replace pounds and pounds of cotton not one-half as resilient. Every contour of the body is gently supported, giving the perfect relaxation so necessary for healthful sleep. Hundreds of lively coils are encased in a heavy cloth case, each spring is fastened separately at top and bottom, it is **NOT** fastened to the ones beside it, it is **NOT** encased in an individual pocket. Such construction prevents the squeaking noise that springs locked together give; it prevents the turning and buckling of springs enclosed in separate pockets. Screened ventilators allow free circulation of fresh air throughout the mattress interior. The spring unit is covered with an extra felted cotton layer, cloth covered and separately tufted, and layer upon layer of fine felted cotton, all encased in a strong, extra fine quality ticking, deep tufted and with heavy roll edges. The extra layer provides an even more perfect cushion and more perfectly equalizes the action of the springs. This mattress is furnished in sizes to fit 54-in. and 39-in. beds. Also 54-in. bow end beds. Choice of striped or floral sateen tickings.

For Relaxation

The Spring Filled Mattress

Hundreds of resilient springs between thick layers of cotton felt are the secret of this perfect mattress. The same style of construction as 1K7684, described above, except that it has not the extra cloth covered felted cotton layers between the spring unit and the heavier felted cotton layers. Covered in high grade drill ticking. Furnished in sizes to fit 54-in. and 39-in. beds. Also 54-in. bow end style beds. Choice of striped or floral art tickings.

Finest Steel Beds

Tremendous Purchases From Leading Bed Manufacturers

Our steel beds have the same fine construction, the same handsome finish and other reliable qualities that the highest priced beds have. Only because of tremendous purchases from leading steel bed manufacturers at rock bottom prices can we name the low prices we do. Every bed is made to our own specifications and passes a rigid inspection before we accept it. That's why we can so rigidly guarantee our steel beds—that's why we have built up such an enormous business.

Spring and bedding not included at prices quoted.

$5.00 Down and $5.00 a Month Will Buy This Bed

This Magnificent New Bed is one of the most beautiful styles we have ever offered our customers. It was shown only a short time ago at a national furniture exhibit and was acclaimed one of the most beautiful all-steel beds ever designed. The gracefully graduated curve of the end pieces are striking; the panel effects offset by two-tone wide borders are very handsome. The panels are beautifully finished in genuine hand grained walnut; the two-tone border is also hand grained finish. The transfer patterns in the centers of the large panels are softly colored floral reproductions. The line decorations on the bottom of the foot end are in contrasting color. **Dimensions**—Height, head end, 50 inches high. Foot end, 34 inches. Inside length, 76 inches. Continuous end posts, 1½ inches square. Widths, 54, 48 and 39 inches. **State width.** Shipping weights, 90, 85 and 80 pounds, respectively.

An Impressive Bow End Design, Moderately Priced. There is a definite stateliness and dignity in this bow end creation that is sure to make it one of the favored selections with our customers this season. Every curve, every slender filler, the firm pillars and top rail and the decorated two-tone steel panel at head and foot, are pleasing to the eye. Note especially the four-post bow end, equipped with casters. **Dimensions**—Head end, 48 inches high. Foot end, 29 inches. Inside length, 76 inches. Continuous bow end posts, 1½ inches square. Upright filler posts, 1⅛x½ inches. Bow end bottom rail, 1 inch square. 54-inch width only. Shpg. wt., 95 lbs.

Ivory enamel finish.................................**$6.55**
Vernis Martin finish (a gold bronze color)..........**$6.80**
Brown enamel finish.................................**6.95**

An Unusual Pattern. The addition of the steel cane panels in the head and foot, set off by the neat ornament, makes this bed unusual in design. Its pleasing appearance, as well as our very low price, are features that will aid you in selecting this item. **Dimensions**—Head end, 47 inches high. Foot end, 31 inches. Inside length, 76 inches. Continuous end posts, 2 inches diameter. Upright filler posts, ¾ inch. Bottom cross rod, ⅞ inch. Width, 54 and 39 inches. **State width.** Shipping weights, 57 and 49 pounds, respectively.

1K5455—Genuine hand grained walnut enamel finish. Cash only......................**$8.55**

Simple Colonial Design. The unusual semi-circular arch effect worked into the continuous corner posts and top rails is sure to please those who want something quaint and distinctly different. The genuine hand grained walnut finish lends itself most effectively to this design. **Dimensions**—Head end, 46 inches high. Foot end, 34 inches. Inside length, 76 inches. Continuous end posts, 1¼ inches diameter. Upright filler posts, ⅝ inch. Bottom cross rod, ⅞ inch. Widths, 54 and 39 inches. **State width.** Shipping weights, 52 and 44 pounds, respectively.

This Beautiful Carriage Can Be Bought on Easy Payments of

$5.00 Down and $5.00 a Month

Our newest model, fashionably designed and handsomely finished. Has every feature of sound construction and comfort. The body and hood of tightly woven fiber over steel upright foundation wires. Body and hood are lined with a good quality genuine corduroy to match the finish. Bottom and back rest are softly padded. The body of this carriage is reversible. The body, which is held firmly in position by a spring adjustment, can be released by a slight foot pressure and swung around so that the baby faces the mother. Continuous tubular steel pusher handles form the foundation for the gear, making an exceptionally strong carriage. Easy riding floating type springs. Positive foot brake. 14-inch military wheels. Has a metal well under the flooring of the front part of the carriage, convenient for baby's wet clothing or extra bedding. Adjustable hood; glass windows, equipped with draft or storm curtain of same material as the carriage lining. Back rest is adjustable to sitting and reclining positions. Choice of gray or cafe au lait (coffee cream color) finish; body, upholstery and gear are all of one color. Length of bottom, 25 in.; width, 13 in. Length with back rest completely reclined, 33 in. Shpg. wt., 66 lbs.

Solid Cedar and

Practical Protection

Clothing and fur insurance are what you buy when you invest in a cedar chest, a safe, moth-proof storage space, beautiful as well as practical. The moths that you see flying around do no damage; it is the young moth worms, deposited as eggs in dark and concealed places that destroy clothing. The United States Government Department of Agriculture has definitely ascertained that cedar chests have a pronounced killing effect on moth worms. It is recommended that in using a cedar chest for the protection of clothing, fabrics and furs, special care should be taken to prevent undue escape of the aroma. The chests should remain tightly closed as much as possible. All the chests on these pages are made either entirely of cedar or cedar lining on the inside.

Beautiful Queen Anne Chest of Unusually Graceful Design

A much desired and popular departure from the massive style. Made of hardwood in a rich shade of walnut; back and bottom lined with red cedar. This chest will fit into almost any scheme of home decoration. Two-tone effect, the panel being darker in shade than the body of the chest. A hard and most durable surface of genuine Duco is the finishing touch of this chest. The clover and fleur de lis decorations are imitation ebony. Panel and designs are outlined in old gold color. Metal glides. Substantial lock. Double hinges, sliding lid stop. At the low prices we name this is a splendid value.

Terms, $5.00 down and $5.00 a month.

Copper Bound Chest of Solid Cedar

A chest that breathes of romance, with its suggestion of pirates' treasure trove, or the later period of Crinoline Days and Virginia Reels when young ladies had hope chests before they were well in their "teens." Made of genuine red cedar, finished in natural cedar color with a coating of genuine Duco, giving it a beautiful and durable surface. Neatly ornamented with 2-inch copper bands, studded with round copper head nails. Metal is frosted satin finish, and is lacquered to prevent tarnishing. Wood handles. Triple hinged. Easy rolling casters. Equipped with substantial lock and key. Largest size can be had with tray. In this chest you have truly a remarkable value, where beauty and quality go hand in hand. A cedar chest in a home is not a luxury, but an absolute necessity. Think of the protection it affords your valuable clothes and linens from moths.

Massive Colonial Style Chest of Solid Cedar

With the exception of the copper plate on the front, this chest is entirely plain. Plate is studded with copper head nails, and lacquered to prevent tarnishing. The wood is beautifully rubbed to a dull satin finish and finished in genuine Duco, giving it a beautiful and durable surface, bringing out the graining to best advantage. Has cylinder lock and key, lid stop, rolling casters, wood handles. A very popular style, not only because of our low price, but because of its quiet simplicity. **Cash only.**

Protection—Quality—Value—Are Built into This Wonderful Chest

You will easily save the cost of this chest by the protection it affords your valuable clothes and linens from moths. Made of genuine red cedar in lustrous natural finish. Beauty and style are combined in this chest. Beautifully turned and fluted posts, and handsome border on front of chest add a touch of refinement; well shaped legs and an oval center panel of cedar. Equipped with lock and key, easy rolling casters, double hinges and patent lid stays. Wood handles. Full dustproof lip construction. The chest is finished in genuine Duco, giving it a beautiful and durable surface. You should take advantage of this big value that we are offering at such a low price. It is not just an ornament in a home, but an absolute necessity.

Handsome Butt Walnut Finish

Distinctive, with charming decorative design, this full cedar lined chest is more than a lovely piece of furniture. It is a practical insurance against destructive moths which invade your woolens and furs. Made of hardwood, richly finished in two-tone walnut effect; top finished in a reproduction of walnut of exceptional similarity. A coating of genuine Duco is applied, giving it a beautiful and most durable surface. It has heavy molding at the bottom matching the molded edge of the lid. Marquetry effect overlay on front. Has cylinder lock and key, double lid stops, full dust lip construction. A beautiful chest, one which the practical housewife who loves beautiful home furnishings will select. An unusual quality for our low price.

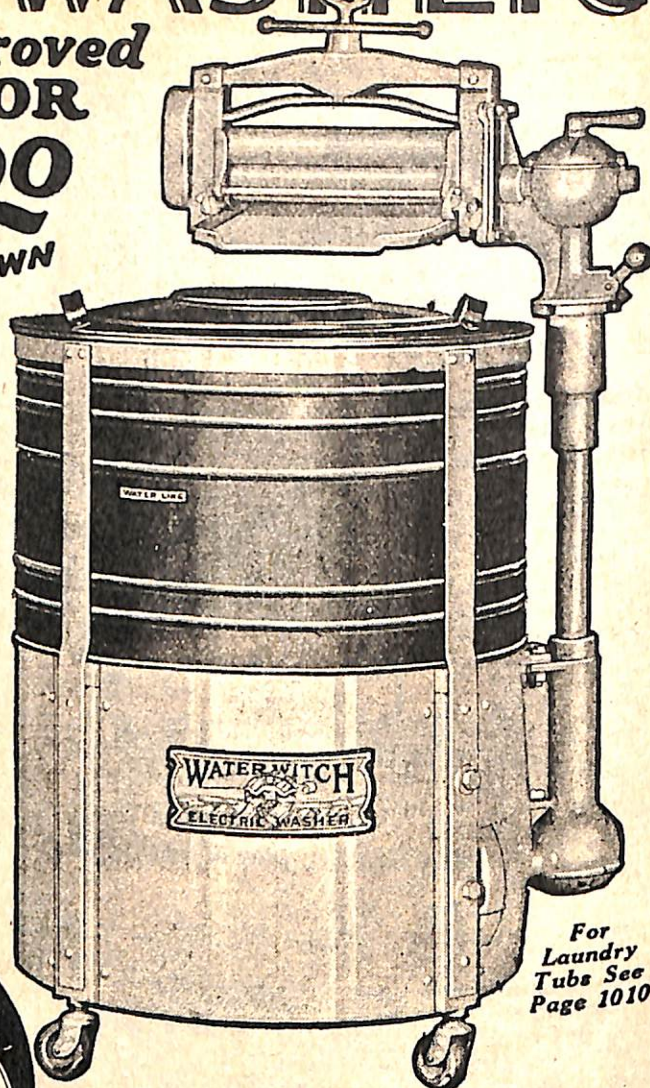
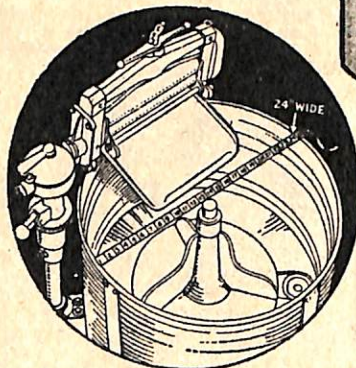
New! ELECTRIC WASHER



Latest Approved AGITATOR

$5.00 DOWN

The latest addition to our large line of Washing Machines. The most modern, up to the minute washing principle applied with many refinements and exclusive features. **Only in this new Water Witch can you get the ideal combination of the vibrator propeller action, the extra wide and convenient top opening, the self oiling bearings, the splashproof motor, the all metal wringer and the lifetime power unit.** The Water Witch brings you all of these, at a price which is sensationally low when you compare it with other makes.



Here is an electric washer which we believe is destined to revolutionize the washing machine industry! A finer, more modern machine was never built. A more thorough washer has never been designed. Nor has the same huge value ever been offered in the history of electric washing machines. We know! From the first, we believed that electric washers could be made and sold, with a reasonable profit, at a great deal less money than the public was being asked to pay. We proved that years ago! We sold thousands and thousands of washers and our customers saved hundreds of thousands of dollars. Today, in the Water Witch we have incorporated all our many years experience in designing and manufacturing electric washers, we have concentrated all our huge buying power to give you the last big dollar of saving. We are proud of this new triumph of efficiency and we are backing it to the limit with our guarantee. You will be equally proud to have it in your home where it will solve, at once and forever, all your washing problems.

The **easy payment plan** on which the Water Witch may be purchased permits you to have the comfort and convenience of this remarkable home servant **for only $5.00 down.** Then when the machine arrives, you can try it for four weeks, putting it to every test on every kind of washing **task** you may have. At the end of the trial, after you **have compared, examined and tested** every feature to your complete satisfaction, you start paying for it **in small monthly amounts.** In this way there is no difficulty in **buying** an electric washer and your payments are less than you are now **paying** for laundry charges or a laundress.

For Laundry Tubs See Page 1010

The propeller action has been definitely proven as the most desirable from every viewpoint. In the Water Witch we have developed a propeller of special design that surges through the water with a powerful wavelike motion, which cleans the clothes in **far less time than was ever required before!** The Water Witch washes a big batch of clothes with a speed almost magical!

Self Oiling Bearings

What could be simpler than to pour hot water into the big roomy tub, add soap or washing powder, put in the clothes, put on the lid and press a button? No need to first look around, a searchlight in one hand, an oil can in the other, and go on a still hunt for oil holes. Not in the Water Witch! If this washer were like the ordinary kind you'd be continually fussing and bothering with oil and grease, worrying about the places you've overlooked. And well you might worry! For washers of that type don't last long. The bearings you miss and those which don't get sufficient lubrication wear away in a hurry. Many manufacturers don't use self oiling bearings because they cost more money, but if you're a careful buyer, you'll have no other kind. When you buy a Water Witch your investment is **safe!**

New Perfection, New Beauty

The big, copper tub of the Water Witch is positively leakproof. The specially designed propeller has watertight connections. The heavy vertical supports hold the washer rigid and add to its stanch, sturdy reliability. The power unit which oscillates the propeller back and forth is exactly the same as we use in our other washers, the duplicate in every proven detail of construction. The splashproof motor and the all metal wringer, too, are the same high quality equipment that has demonstrated its serviceability through the years. The Water Witch, while built for service, is also attractively and pleasingly finished. Because it is practically noiseless and vibrationless, you can use it in the kitchen where the clean, bright appearance will not be out of place.

$92.00 Cash

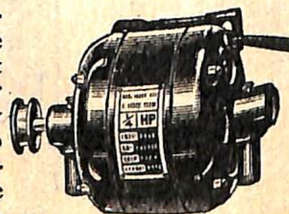
Catalog No.	Water Witch Electric Washer	Cash Price	Easy Payment Price	Payment With Order	Monthly Payment
26K570	With Motor for Alternating Current; 105 to 115 volts, 60 cycles.	$92.00	$101.50	$5.00	$7.00

Shipped from our store. Shipping weight, 285 pounds.

Special Voltage Motors

If the electric current supplied to you is different from the standard 105 to 115 volts, 60 cycles, alternating current, we charge $4.00 more for the washing machine because the motor manufacturers make an extra charge for these special voltage motors. When writing your order, **be sure to mention whether you use direct or alternating current, and the voltage and cycles.** This information will be found on your electric meter.

Our Water Witch Guarantee



We guarantee this electric washing machine will satisfy you in every way. We guarantee that it will wash your clothes quickly and clean, to your entire satisfaction. We guarantee the Water Witch to be made of first quality materials and will replace without cost to you any part which should prove to be defective in material or workmanship. The entire resources of Sears, Roebuck and Co. are back of your purchase when you buy this washer, together with our nation wide reputation for fair and square dealing.

Extra Wide Tub

Measure the top opening of the Water Witch and you'll find it is 24 inches across. This is an important feature, because it means that to get the desired tub capacity we don't have to build the washer so high you are inconvenienced when you reach into the tub for the clothes. Again, you have plenty of elbow room, with no cramping to get at the clothes. The tub holds a big batch of clothes. Measuring the capacity in sheets, the tub will hold seven large, full size sheets at one time.

SPLASHPROOF *Motor*

The very best obtainable splashproof motor is used on our washers. Manufactured especially for washing machine use by one of the oldest and largest manufacturers of fractional horse-power motors in America. An exceptionally high grade motor that is not subject to damage or injury when water is carelessly splashed or spilled on it. The thorough waterproof construction protects at all times the parts that are liable to damage or injury from water. Designed with sufficient capacity to drive both the washer and wringer at the same time, without danger of overloading the motor. Absolutely trouble-proof, full capacity ¼ horse-power motor.

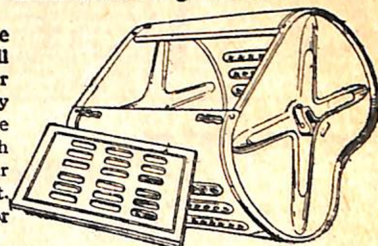
For Description of Wringer and Motor See Pages 910 and 911

$79.00 Cash

The leader value of all electric washing machines, regardless of name, make or price! We'll place the Allen alongside any other machine made and back up our claim in the comparison of feature for feature, dollar for dollar. We are pioneers in this industry. We have been making electric washing machines for many years. Skilled mechanics, experienced engineers and a modern factory turn out a product which we are proud to back with our guarantee. Also, we guarantee to save you money when you buy the Allen, because no other manufacturer or dealer has ever been able to combine low cost quantity production with low cost volume selling in the same measure as we have. Our eleven million customers give us a buying power which is emphatically reflected in the many dollars you save on the Allen.



30 Days' Free Trial A Year to Pay!

Before you decide to keep the Allen, satisfy yourself that it is the ideal washer for your home. Prove to your complete satisfaction, as thousands and thousands of our other customers have done, that it washes the clothes just as spotless, just as efficiently, with as little effort as any machine you can buy elsewhere, even if you paid twice as much. Try the Allen in your home for four washings, compare the quality of its wash and the quality of its workmanship. Then, if you are convinced of the value we are offering you, send us only $7.00 a month until the machine is paid for.

Self Oiling Bearings

No woman likes to grope around a washing machine with a messy oil can, looking for oil holes, never sure she has found them all, soiling her hands, wasting time. The Allen saves you this annoyance, for in this modern washer the smoothly quiet, concealed moving parts are **fitted with bearings which you need never oil!** They are the finest bearings money can buy. They assure freedom from mechanical troubles and add years to the life of the washer. Oilless bearings are found only on the highest grade machines. A multitude of grease cups and oil holes is the old fashioned and less expensive method of construction. Every woman prefers the comfort and convenience of having her washer ready for instant operation. Decide today that you will have no other kind. **Be sure you get this feature in your washer.**

The Aluminum Cylinder

The clothes are placed in this all aluminum cylinder which rocks gently back and forth in the soapy water. Smooth finish. Will not tear the daintiest garment. Easy to lift out for cleaning.

At Factory to You Prices

Allen machines are manufactured in a factory noted for its years of work in the construction and perfection of washing machines. The machines are designed by men who have studied thoroughly the problems of home washing and the points of construction that will insure the greatest advantages. We are satisfied, after careful comparison with other makes, that in this machine they have produced a triumph of workmanship which is not excelled in value or performance! The Allen is years ahead, yet the cost is remarkably less! You save all the tremendous overhead charges such as salesmen's commissions, dealers' office expense, jobbers' and wholesalers' profits, because you are buying direct from the factory with only one small profit added.

Approved by Good Housekeeping Institute

Every Allen Washer bears the seal of approval of Good Housekeeping Institute, insuring perfect construction and satisfactory operation. It marks the confidence of this great Institute in the high quality of our product. Only articles of superior workmanship meet the rigid specifications of the Institute which seeks to safeguard the purchases of the American household.

Good Housekeeping Institute had an Allen washer in actual operation for a long period of time in their laboratories. It was approved by them only after the Allen by actual performance had satisfied their engineers in every particular.

No matter what your washing problems are, no matter how big or how small your family, the Allen will meet your requirements, week after week, year after year. Quality is built in, from the smallest nut and bolt to the most important unit of the washer. Every part is carefully machined, every part tested and each washer thoroughly inspected. Trouble free service is what you expect when you buy, and that's what you get in the Allen. Don't be misled by our low price. Compare this washer only with the highest quality machines on the market. We've taken nothing out to reduce the cost.

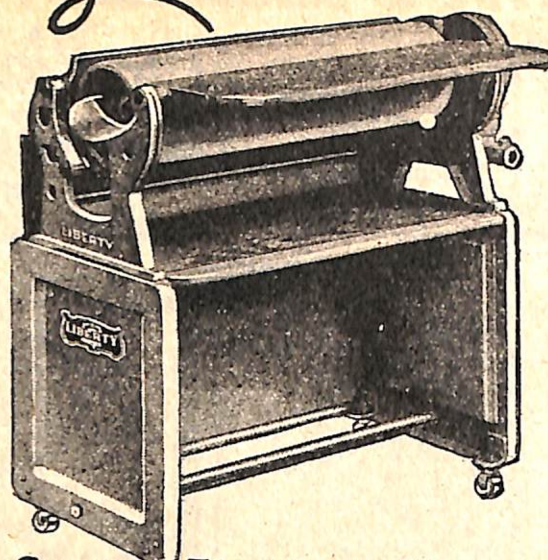
A Startling Test!

Sears, Roebuck and Co.

To convince myself and the women folks of our household about the efficiency of the Allen Electric Washing Machine, I placed it side by side with a washer of another make costing twice as much.

Not only did the Allen wash the clothes just as clean as the machine costing double its price, but in some respects was even superior. I believe this is most remarkable, in view of the fact that the other manufacturer asks just twice as much money.



Moreover, we found that the rolls used in your new type metal wringer are superior to those of the more expensive machine. Still another point of superiority is the smaller amount of current that the Allen uses, although both makes of machines are equipped with a ¼ horse-power motor.

Needless to say we are more than satisfied with the way it washes clothes and, of course, with the saving. We recommend it to any household as a great labor saver and a convenience that no one should be without.

Respectfully,
S. R. WILDERMUTH
(Address Furnished Upon Request)

Introducing a New Simplified ELECTRIC IRONER

$5.00 Down
$7.50 A Month

Gas or Electrically Heated!

$88.25 Cash With Gas Heater

$91.25 Cash Electrically Heated

A real, automatic, simplified, improved HOME IRONER. The biggest advance in design and efficiency yet made in this greatest labor saver of the home. Ironing is now reduced to its simplest form—ALL of the hard, back breaking drudgery of ironing by hand is removed. You actually rest while doing something which formerly was the hardest kind of work; manual labor which no woman ever should be asked to do. Everything is automatic with the new Liberty Ironer—there are no gears or levers to operate with hands, feet of knees—yet the control of starting or stopping is instantaneous.

With the Liberty you can iron those pieces which were formerly impossible to iron satisfactorily on an ironing machine. You will see from the illustration at the extreme left how simple it is to iron even the most complicated apparel on the Liberty. No matter how intricate the ruffle or flounce, the Liberty will iron it just right. All those pieces which you probably thought HAD to be ironed by hand are ironed on the Liberty quickly, easily, beautifully.

30 Days' Free Trial
Guaranteed to Satisfy—a Whole Year to Pay

Order the Liberty Electric Ironer today. See how easy it is to operate. How easily, quickly and well it can iron your clothes. Try it in YOUR home, on your ironing for four weeks. Compare the Liberty, if you wish, with other ironers, no matter how much higher priced. Then, after the trial, if you are not convinced that the Liberty can save you all the hard work of ironing day, giving you many, many more hours of leisure, or if you do not think the Liberty is the biggest value obtainable, send it back. We will then return every cent you have paid, plus transportation charges, and the trial will not have cost you one cent.

You need not pay cash when you buy the Liberty. Our Easy Payment Plan enables you to purchase on terms which bring the ownership of this greatest labor saving appliance within the reach of everyone.

We guarantee to satisfy you and save you money. The Liberty is a quality product, built to endure through the years. It will serve you until there can be no question but that it has returned your investment over and over again.

Superior Features of the Liberty

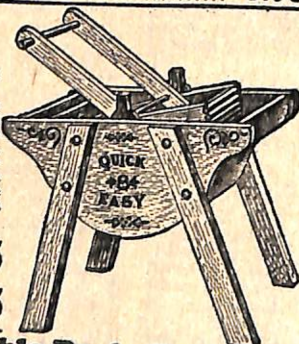
Wide Wooden Padded Roll. The roll on the Liberty is 26 inches wide, which means that the machine is of sufficient size to iron single folded the largest pieces you may have, such as bedspreads, sheets, large tablecloths and the like. It is made of selected seasoned poplar, which we have found is the most satisfactory construction for the purpose. The roll is covered with padding and white muslin, which can be conveniently removed for airing and fluffing and then reapplied. There is an even, positive pressure the full length of the roll against the shoe, assuring uniform beauty of the finished work. You have instant and absolute control of the rotation of the roll at all times by means of the control board or the table. Roll cannot start until you tilt this table up. To stop, merely press it down.

Safe, Simple Control—There are no confusing levers or bars to reach for and it is impossible to make a mistake. This control has been approved by the leading authorities of the country. The diameter of the roll and its number of revolutions per minute were determined to insure maximum ironing efficiency.

We can furnish the Liberty with either GAS or ELECTRIC heating element. With the former, it is only necessary to attach the rubber hose connection to your gas jet. A standard 8-foot length of hose is furnished with each gas heated ironer. With the electric heating element all you do is plug in on your electric house circuit and turn the switch on the ironer. Either element will give you years of service. If your electric current is other than the standard 60-cycle A. C. current, order ironer with gas heater. Be sure to specify type of current you use.

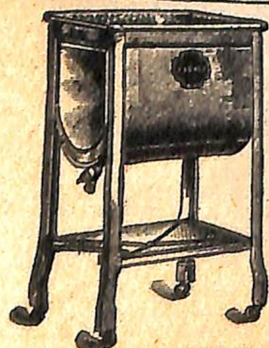
Electric Motor—Standard, powerful motor which we know will give you the kind of trouble-free service you expect. **When ordering Electric Ironer be sure to mention whether you use direct or alternating current, and the voltage and cycles. This information will be found on your electric meter.**

Low in Price—Big in Value



The Homan Washer is the acme of simplicity. It is operated by the old reliable lever movement. Operation consists simply of side to side movement of the lever which rotates the dolly. This simple and durable construction insures long life. Nothing to get out of order.

Just think, only $8.95 for this high grade Homan Washer. Only the World's Largest Store could sell a washing machine of this quality at such a low price. At this price no home need be without a washing machine. We have sold thousands of these machines and their popularity is well deserved.



The tub is corrugated on the inside and smoothly finished to prevent tearing of clothes. Diameter of tub is 22½ inches; depth, 11¼ inches, inside measurements. It is nicely finished in natural wood color. Sturdily constructed throughout. Our low price offers a big saving over similar washers of this type, sold elsewhere. Get rid of the washboard! Enjoy life! **Prompt shipment of the Homan from our store.** Shipping weight, 58 pounds.
26K525—Homan Washing Machine............ $8.95

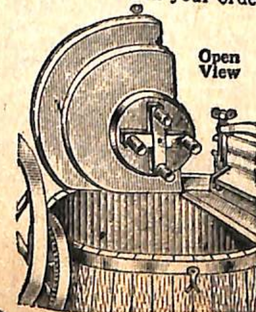
Easy to Buy—Easy to Operate

The Quick and Easy Washer is all that its name implies. It does your washing quickly, easily and well. It is exceptionally well made of high quality materials. Simple as the Quick and Easy Washer is, you will find it a great improvement over the washboard. Health is wealth—protect yours. Use a washing machine. **Shipped from our store.** The Quick and Easy Washer is made in two sizes. Both machines are 25 inches high. **Sold for cash only.**
26K530—Size, 19x28¼x14 inches inside measure. Shipping weight, 45 pounds............ **$4.95**
26K535—Size, 22x28¼x14 inches inside measure. Shipping weight, 50 pounds............ **6.45**

Portable Drain Tub

This Portable Drain Tub will save you many needless steps on washday. It is built high enough to save stooping. The Portable Drain Tub is mounted on easy rolling casters. It saves the lifting or carrying of water or clothes. It is equipped with a large drain faucet with standard hose connection.

The Portable Drain Tub used in connection with stationary tubs increases the efficiency of the stationary tubs 50 per cent. This fact is attested to by housewives who have used both the Portable Drain Tubs and stationary tubs.



Order one of these Portable Drain Tubs for your next washday. You will marvel at the work it will save you. At our low price no home need be without this great washday convenience. You deserve one! **Shipped from our store. Sold for cash only.**
26K4002—Portable Drain Tub. Finished in battleship gray. Steel construction throughout. Height, 33½ inches; width, 16¾ inches; length, 21¾ inches. Capacity, 19 gallons. Shipping weight, 40 pounds............ **$4.85**

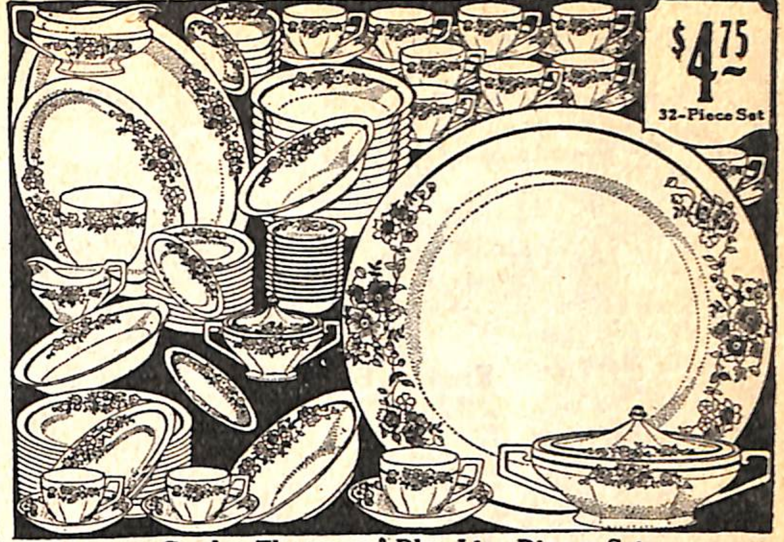
The Best Hand Power Washer Made!

$15.95

No need to dread the work of washday. This High Speed Wizard uses the simplest principles to make your washing easy. The slight touch of your hand on the handle transfers enormous forces of leverage to smooth running gears, rotating the dolly at high speed with hardly any effort on your part. Your washing is done, and done well, in a mere fraction of time usually necessary. There's nothing complicated, nothing to get out of order. No other hand operated machine can offer so much of efficiency and ease. Every latest device that adds to your convenience is incorporated in the High Speed Wizard. A special frame for attaching a hand wringer is placed at one side of the tub in a position that reduces the work of wringing to a minimum. The lid fastens with a strong hasp and is quickly lifted and out of the way when wringing.

In every way the High Speed Wizard is the superior hand operated washer. Send in your order and take advantage of this new, low price.

Built for Long Service



The construction and material of this washer are far superior to the ordinary machine of this price. Heavier parts and wood from specially selected stock give lasting satisfaction.

Every detail is made well. The gearing is the result of years of experimenting. A special arrangement of the handle socket permits operation from a standing or sitting position, making it easy to operate.

Inside of the full size, six-sheet capacity tub, is corrugated, which means cleaner clothes and quicker washing. Metal drain cock is conveniently located on side of tub. **Shipped from our store. Sold for cash only.** Shipping weight, 115 pounds.

The Beautiful Colonial Shape Gold Band Set

Ivory Body Gold Band Dinner Set

Remindful of rare ivory, grown mellow with the touch of years is this beautiful Gold Band Dinner Set. The bright gold band on the cream colored ivory semi-porcelain body blends most harmoniously, giving the appearance of a rich matte gold. Handles of each piece are traced in gold. The dinnerware is made in the popular octagon shape.

English Blue Paneled Dinner Set

True to England's tradition of "correctness," this Blue Paneled Dinner Set possesses the dainty delicacy required by unerring good taste. The royal blue floral design, contrasting with the subdued ivory tint of the ware, will never lose its strong appeal. This dinner set is a product of John Maddock and Sons, Ltd., England, and because it is of genuine English Semi-Vitreous Porcelain, it will serve you for years. Handles and knobs are traced with blue. Shape is the new Pagoda.

English Floral Spray Dinner Set

An unusual touch of exquisite coloring comes to your table in this English Floral Spray Dinner Set. The old fashioned garden flowers in natural colors are treated so masterfully that they actually appear to be hand painted. The edges of each piece are traced in bright green, as are the handles and knobs. This set will win your lasting favor, and it should, since it is made by the internationally known John Maddock and Sons, Ltd., England. The ware is genuine ivory body English semi-vitreous porcelain in the new Pagoda shape.

English Fruit Pattern Dinnerware

The clear brilliancy of color—orange, yellow and blue in the small fruit peeping from green leaves on the border—lends individual smartness to each piece, while the borders, black background between dark yellow bands, give just enough contrast for utmost effectiveness. In the center of the pieces are blue and black compotes filled with colored fruits and blossoms. Gold is traced on border and handles of each piece. The ware is ivory body English semi-vitreous porcelain in a plain edge shape, a product of Johnson Bros.

Imported German and French China Dinnerware

The loveliness only associated with costly Old World china is instantly evident in these two exquisite dinner sets, products of a famous old German pottery. The chaste simplicity of the Gold Line and Gold Band Dinner Set and the brilliancy of the softly colored design in the Pink Rose Border Set exert an appeal that becomes ever stronger—for here are works of real art.

This Gold Band and Gold Line China Dinner Set is ever popular and always in good taste. It consists of a wide band and hairline of bright gold around the outside edge of each piece and a gold hairline around the shoulder of each piece. The handles are also traced with gold. The shape is plain, as illustrated above.

Most pleasing and effective is this Pink Rose Border China Dinner Set. It consists of a border pattern in panel design with dainty pink roses on a delicate blue background, with a tan and green conventional design between each panel. The edge of each piece has a gold line, and the handles are traced with gold. The shape is plain, as illustrated above.

Genuine Haviland at a NEW LOW PRICE

Haviland Pink Rose and Conventional Border Dinner Set. Beauty of design—unquestioned leadership in high quality accounts for the world wide popularity of Haviland China—and the set shown here is particularly worthy of the name. Small pink and yellow roses with green leaves inside a conventional border of ochre and soft blue form the pleasing decoration theme. Supplementing the border proper is another smaller one, consisting of narrow egg and dart with a matte gold band. Each flat piece has a small rose design in its center. All handles are covered with gold. Produced by Haviland and Co., Limoges, France.

Haviland Dinner Ware – The Desire of Every Woman

Genuine Haviland China Dinner Set. Another example of the striking originality and superb skill of Haviland artists. In this china dinner set, large and small spraying of beautiful flowers are perfectly blended with green and tan-yellow leaves. A tan line around the edges, and handles decorated with a wide band of 18-karat matte gold, complete the decoration. Here, you will find, too, the incomparable hardness of body, depth and quality of glaze, brilliancy of finish present in all Haviland, Limoges, France, products.

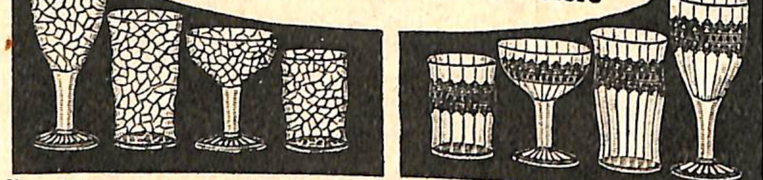
35K6113—Fifteen-Piece Cereal or Spice Set. Complete with rack. Weight, packed, 35 pounds. Per set..........**$7.50**

Latest Improved Butter Churn
Manufactured in America



Makes butter out of cream in 8 to 10 minutes. This is the style churn used by the Agricultural Colleges for their scientific experiments in butter making. The peculiar construction of the dasher, giving a rotary motion to the cream against the square sides of the churn, is what makes this the best churn ever made. A child can operate it. Easy running, strongly made, easily cleaned. A perforated draining cap in lid permits the buttermilk to be poured out and cold water poured in to wash the butter without removing the top.
Extra heavy flint glass jars with rounded corners. The 4-blade dasher is made of hard maple. Castings and gears accurately fitted and light running. Used also for beating eggs, mixing cake batter and salad dressings. Will churn one-half the capacity of churn. Can merge fresh milk with butter. 1 pound butter and 1 pint milk churned for a few minutes make about 2 pounds of milk-charged butter.
35K6116—Capacity, 4 quarts. Weight, packed, 9 pounds..........$1.95
35K6117—Capacity, 6 quarts. Weight, packed, 10 pounds..........$2.45
35K6118—Capacity, 8 quarts. Weight, packed, 12 pounds..........$3.15

Space Saver Ice Box Dish

The four dishes do not take up any more space than does one dish of the same size of any other kind. They are just the thing for the left overs. Being made of glass, they are transparent and you can see at a glance what each one contains. They are square shape, fit one on top of the other, and have an opening on each end to permit circulation of cold air. They keep the food fresh and free from mold. Your ice box will not be too small if you use Space Saver Ice Box Dishes. Set consists of two small dishes, 3½x4 inches, and two large dishes, 4½x7½ inches. Weight, packed, 8½ pounds.
35K6119—Per set..........**94c**

Brighten Your Home

"Sunglow" Extension Lamp

Fitted with brass extension frame, brass oil fount holder with bottom pull ornament, embossed brass crown, smoke bell and ceiling plate. The removable brass oil pot is fitted with No. 2 center draft burner, No. 2 Rochester chimney and wick. The 14-inch opal glass dome shade is decorated with flowers. Automatic extension lowers lamp from 33 to 65 inches. Weight, packed, 40 pounds.

35K8100......**$10.98**

No Smoke
No Flicker
More Light
Steady Flame

Improved Burner and Chimney

This is the improved chimney and burner which has been perfected by the Standard Oil Company and the manufacturers of burners to give the users of oil lamps the maximum amount of light. The old style chimney and burner will not permit this.

You cannot use satisfactorily the new burner and the old crimp top chimney, neither can you use an old burner with an approved chimney. To obtain this bigger and better light, **it is necessary to use both the improved No. 2 Brass Burner and the approved Straight Top Chimney.**

Parlor or Reading Lamp

Simple—Economical—Smokeless—Odorless—Standard Rochester

The Old Reliable "Rochester" Lamp at an Exceptionally Low Price

This lamp has been the standard reading and sewing lamp for forty years or more and is probably the best known lamp ever produced. Its main features are **simplicity, durability and fine strong light.**

Simplicity. The lamp is so constructed that there are no complicated parts to get out of order. To operate it after it is lit, all the user has to do is to turn the wick.

Durability. It is scientifically made of heavy gauge brass, nickel plated, and with proper care will last a lifetime.

Light. The lamp is fitted with a No. 2 center draft burner, No. 2 Rochester chimney and wick, which produces a clear, strong and steady tulip shape white flame, equal in brilliancy to more than forty candle power.

The lamp is an ideal one for reading or sewing; it is efficient and economical to maintain. The oil capacity is 1 quart. Height, 21 in. The price we ask—$3.45—for the lamp complete, including chimney, wick, 10-inch tripod and 10-inch opal glass dome shade, is very low. It is probably about one-half the present price elsewhere. Weight, packed, 10 pounds.

35K8113—"Rochester" Reading Lamp......**$3.45**

35K8114—"Rochester" Reading Lamp With Green Shade. Weight, packed, 10 lbs......**$4.25**

"GLOW" NIGHT LAMP

The thriftiest, safest and handiest night lamp made. Burns 100 hours for one cent. Just the lamps for hallways, stairs, bathrooms, bedrooms or sick chamber. It is simple and practical. All glass, both fount and globe, with a one-piece glass burner which does not burn oil directly but generates a vapor that feeds the flame; comes in two styles—table and bracket.

35K8115—"Glow" Night Table Lamp. Weight, packed, 3 lbs......**48c**

35K8116—"Glow" Night Bracket Lamp, complete with brushed brass bracket for hanging. Weight, packed 3 lbs......**95c**

Solid metal swinging bracket with wall plate in bronze finish. Wt., pkd., 7 lbs.

Ever-Brite Gasoline Table Lamp

Lights With a Match—Clean—Safe—Economical

Produces a light of unusually high candle power. **Its consumption of fuel is very small.** It is fitted with two mantles, and casts no shadows.

It lights almost instantly with an ordinary parlor match. Anyone can operate it. No complicated parts to get out of order. Requires filling only once a week.

Absolutely safe. The fuel has only one outlet—a tiny hole in the generator. It has no wick to trim, no chimney to clean or break. It cannot leak or become oily.

"Ever-Brite" Lamp base and burner are made of heavy brass, nickel plated. The standard is made of brass covered with heavy black wood. Height, 20 in., and the diameter of the base, which contains the fount, is 8 inches. Capacity of fount, 3 pints. It is furnished complete with two extra mantles, air pump, wrench, cleaning pick, extra generator and extra tip.

35K8127—Improved "Ever-Brite" Lamp with shade illustrated. Weight, packed, 12 pounds. Complete......**$7.50**

35K8128—Improved "Ever-Brite" Lamp with fancy white shade. Weight, packed, 10 pounds. Complete......**$6.75**

35K8132—Generator for "Ever-Brite" Gasoline Lamp. Shipping weight, 3 ounces. Each......**28c**

The Famous Double Burner Angle Lamp

These lamps differ in construction from the ordinary lamp in which the burner is above the oil tank. The burner being on the side all the light comes directly down where it is wanted, and there are no shadows. The flame of the lamp being in the bowl instead of a narrow chimney burns less oil and more oxygen. The bowl being below, the flame cannot smoke the chimney and cut off the light. The lamp is easy to fill, light and keep clean.

DOUBLE BURNER LAMP

Holds 3 quarts of oil. Embossed steel fount, richly nickel plated. Weight, packed, 18 lbs.

35K8104......**$9.25**

Single Burner Wall Lamp

Holds 1 quart of oil. Embossed steel fount, richly nickel plated.

35K8105—Weight, packed, 11 pounds......**$5.75**

EXTENSION

For hanging lamps; to raise and lower for lighting, cleaning, filling, etc. Permits 3-foot extension. Nickel finish. Weight, packed, 5 pounds.

35K8106......**$3.25**

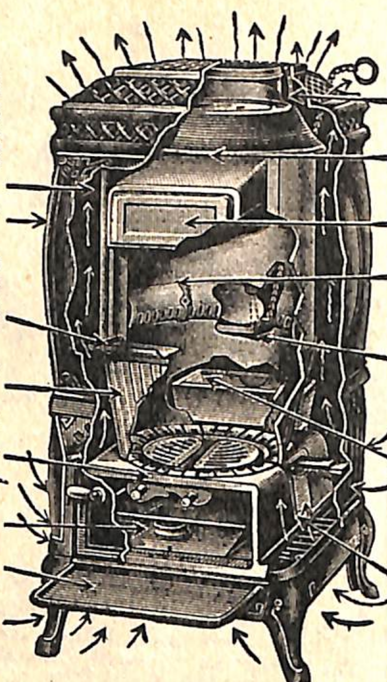
THE DAUNTLESS *Will Always Rank as* AMERICA'S GREATEST WARM AIR CIRCULATOR

20,000 Enthusiastic Users the First Year

WHEN Winter Comes— That's the time our customers will rise up and thank us for supplying them with the Dauntless Warm Air Circulator. Let it rain—let it snow—let it hail—let it freeze and you will always find the Dauntless on the job ready to keep your rooms properly heated with a small amount of fuel.

From Coast to Coast, from border to gulf, in cities, towns and hamlets, thousands of users claim the Dauntless Warm Air Furnace the most efficient and most wonderful heating device they have ever seen or used.



Built for lifetime service. Takes the place of two or three ordinary stoves.

Our Dauntless Warm Air Circulator operates on the warm air furnace principle and supplies a volume of warm, healthful heat into every nook and corner of the rooms, making it possible to keep an **entire home of five or six rooms, upstairs and downstairs,** comfortably warm in zero weather. Beyond question of doubt, this method of warm air circulation is the most healthful, sanitary and modern way of home heating known.

Principle of Operation

The Dauntless Warm Air Circulator is equipped with an extra heavy steel plate combustion chamber incased in an outer porcelain enameled casing with scientifically constructed air space between. The cold air, drawn from the floor, flows up from the bottom of the Circulator through the special designed chamber. As it comes in contact with the heating element, the cold air is instantly heated and distributed through the top from room to room, circulating healthful, sanitary heat throughout the house. **The action of the flow of air is the same as in warm air furnaces.**

The Humidifier or Water Pan furnishes the required amount of humidity, creating a most comfortable feeling of warmth with a minimum amount of fuel. It is located in a readily accessible place and can be filled when necessary with a dipper, pitcher or other container. If necessary, it can be removed and filled and then replaced without effort.

Extra wide space between fire chamber and outer casing, permitting a large volume of warm air to pass through and circulate to all corners of the house.

Heavy cast iron outer casing.

Coal chute for feeding coal. Not needed on stove fitted with magazine for burning hard coal and is not furnished.

Heavy ribbed cast iron fire pot.

Two-bar duplex grate for burning any kind of coal, lignite, coke or wood.

Large and roomy ashpan equipped with heavy handle.

Ash tray to prevent ashes from falling on floor while being removed.

Reversible flue collar with sliding check damper. Pipe can be run straight in or up as desired.

Heavy gauge steel combustion chamber.

Smoke screen to prevent smoke coming into room during refueling.

Hot blast ring permits air to mix with smoke and gases, getting every bit of heat from fuel. Not needed on stove with magazine for burning hard coal and is not furnished.

Hot blast damper. Operated by chain pull from top of stove.

Large capacity water pan. Easily refilled or removed for cleaning.

Large one-piece ashpit. Absolutely airtight.

See Large Illustration on Opposite Page

Educative View Showing Details of Construction

The extraordinary durable iron used as the base for the rich grained Porcelain Enamel finish, is not the ordinary commercial kind, but is produced by blending of several different kinds of iron selected for their special qualities, and a proved formula that produce a metal so durable that we can unconditionally guarantee the Dauntless to withstand the hardest kind of usage for practically a lifetime.

Closely fitted doors, special designed smoke outlet and perfect dampers give positive control of the fire. Tests made have shown a saving of one-third to one-half of the fuel required to heat the same amount of space as an ordinary stove.

Large feed door accommodates large chunks of coal or wood. **Smoke Screen** is provided inside of feed door and keeps the smoke out of the room when the feed door is open.

The inner body is rugged in construction and dome shape in design. Heavy steel plate dome or combustion chamber is securely bolted to outside of fire pot, preventing bolts from coming in contact with flame and burning off. All joints are hand ground and securely fitted together with best quality cement, giving an absolutely airtight construction. Damper construction permits regulating the heater to produce almost any degree of heat.

Holds fire for almost forty-eight hours without attention. The firepot is made extra heavy, similar to those found in hot air furnaces. **The hot blast feature** consumes the gas arising from the fuel and causes the heat to be thrown against the body instead of into the center of the heater. Combustion takes place in a complete circle against the firepot, the entire radiating surface is uniformly heated, producing almost complete radiation. **The hot blast feature and coal chute are not needed on stoves fitted with magazine for burning hard coal and are not furnished.**

Measurements of the Dauntless: Height from floor, 51 inches. Diameter of fire box, 16½ inches. Feed door, 10½x14 inches. Floor space, 25x25 in. Takes 7-inch stovepipe. Shpg. wt., 468 lbs.

Order now. Don't wait.

The Logical Successor to the Old Fashioned Heating Stove

The Dauntless Warm Air Circulator requires less attention than any other heating appliance. Most users find a scuttle of coal twice a day is practically all the fueling it requires, and will hold fire for almost forty-eight hours without attention.

Unconditionally Guaranteed. Special 30-Day Trial Offer

Every stove we sell is covered by our binding guarantee and we are pleased to ship you a Dauntless Warm Air Circulator with the understanding and agreement that it must reach your station in perfect order. You can give it 30 days' trial, during which time you can put it to every possible test, and if you do not find it better, stronger, handsomer, better made and better finished and more economical in the consumption of fuel than any similar heating device you could buy at home or elsewhere at almost double our price, you can return it to us at our expense and we will immediately return your money.

Lasts a Lifetime—You do not purchase a furnace or heating appliance for five or even ten years and for that reason the questions of Durability, Economy of Fuel and Efficiency are most important.

There is but one way the purchaser can intelligently determine the size and kind of heating device to buy, and that is by thoroughly investigating the construction of the many appliances on the market and determining from that investigation whether it will heat the home perfectly in all kinds of weather and give years and years of satisfactory service.

The Dauntless is made in our own foundry by men with more than forty years of stove making experience. The materials used are absolutely the best obtainable, regardless of price.

No other dealer or manufacturer dare make this offer, for we are the only ones, that we know of, that use Solid Cast Iron for the outer casing. Steel, the material generally used, will not stand up as cast iron does.

Protect Your Floor With This Artistic Base

—$5.00 Down—$5.00 a Month

An accessory indispensable for complete enjoyment of the Dauntless. Consists of shovel, tongs, brush, poker and stand, made of Solid Brass finished to harmonize with the Dauntless. Easily cleaned. Described on opposite page.

This Handsome, Convenient and Practical Coal Chest is described on the opposite page. Order it and these other accessories for the stove you intend to buy or for the one you now own. Our prices are lowest.

A few of the many reasons why our Dauntless Is the Nation's Greatest Warm Air Circulator

Made in our own factory and sold direct to our customers at less than wholesale prices.

Endorsed by thousands as the logical successor to the old fashioned heating stove.

Cast iron, extra heavy and strong, built throughout for lifetime service. Takes the place of two or three ordinary heating stoves.

Heats five to seven rooms in the coldest weather with a small amount of fuel.

Every particle of fuel is turned into healthful heat. Burns hard coal (anthracite), coke, soft coal, lignite, wood, or any kind of fuel that any heating stove will burn.

A miser for saving fuel. Holds fire 36 to 48 hours without attention.

The heating element has a capacity like furnaces used for heating the average size home.

The same design grate as used with high price furnaces. Airtight doors and damper keep fire under constant control.

Genuine porcelain enameled grained mahogany finish. Beautiful enough for the finest home. Stain proof, easy to keep clean.

A most dependable warm air circulator, that circulates fresh, healthful, sanitary heat to every corner of the rooms.

Comfort the Coldest Days

This Big Double Downstairs and Upstairs Heater Defies the Coldest Winter Days

Heats a Big House, Downstairs and Upstairs Without Forcing. Burns Hard (Anthracite) Coal, Soft Coal, Lignite, or Wood.

Best principles of heating require a constant and steady circulation of warm air to every part of the room from floor to ceiling.

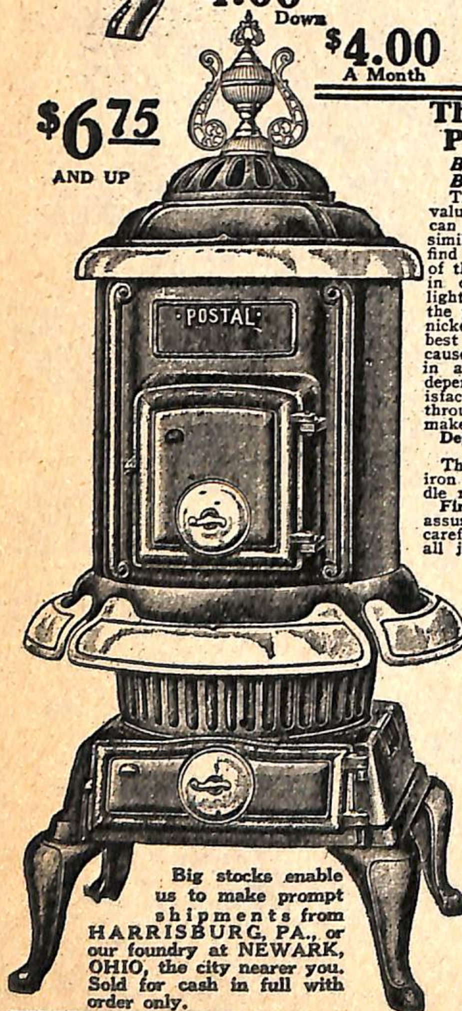
This stove has two steel bodies with an air space or flue between which draws air from near the floor, and as the air passes upward between the bodies it becomes highly heated and passes out very hot from the hot air collar, furnishing a steady circulation of heated air.

Heats a big house, downstairs and upstairs. Heats an upstairs room or two without extra fuel cost by connecting a stovepipe from the hot air collar to a register in floor above. Register for this purpose is listed on page 976.

Strongly Made—Bright, Smooth Nickel Plated Trimmings

Whole stove strongly made of cast iron with steel drums around the fire chamber. Made to stand hard firing and last for years. The base made positively airtight and gastight by our famous Wehrle machine fitting system, makes this double heater the most wonderful fire keeper and fuel saver ever made.

Fire pot and easy working roller bearing grates are extra strong to stand hard firing and intense heat. The kind used on high priced base burners. Two feed doors make a big opening for putting in large chunks of wood. Mica windows to radiate firelight around room. Bright and snappy nickel plated base and legs, foot rails and trimmings. A very beautiful stove, good enough for the nicest homes.



The freight charges amount to next to nothing compared to the big saving in price. This big double heater can be depended upon to give long, economical service as well as low first price.

All sizes take 6-inch pipe. **Terms: $4.00 cash and $4.00 a month until paid. If ordering on easy payments, use Time Payment Blank on page 1092.**

Self feeding magazine for burning hard coal can be furnished for only $3.25 extra.

The Leader of All Low Priced Oak Heaters

Burns Anything That Can Be Burned in Any Heating Stove

This heater offers you the best value that a small amount of money can buy. Match it with others of similar size and weight and you will find our prices very attractive. Made of the same quality materials we use in our more expensive stoves, but lighter in weight. We have kept down the price by using just a few simple nickel plated trimmings. One of the best values we offer this season, because it gives you everything needed in a heating stove—pleasing style, dependable construction, assured satisfaction in heating and keeping fire through the night—at prices that make it a dominant value.

Dependable Construction—Efficient Heating Service

The whole stove is made of cast iron except the upper drum and middle ring, which are steel.

Fire pot is made of tested cast iron, assuring long service. Steel body is carefully fitted and securely bolted at all joints. Fire easily controlled by screw draft in ash door and check draft in feed door. Draw center grate furnished to burn hard and soft coal, coke, wood and corn cobs. Ashpan is furnished. Removable lid opening in top to feed hard coal when magazine is used. Be sure to buy a size large enough to heat your rooms without firing hard in cold weather. **Self feeding magazine can be furnished only for the three larger sizes.** If self feeding magazine is wanted, add $2.75 to price. We do not furnish magazine for 22K1592 or 22K1591. At our low prices you can afford to buy one of the larger sizes.

Heating capacities. Be sure to order a stove large enough. Stove 22K1591 will heat only a small bedroom. Stove 22K1592 will heat a medium size room. Stove 22K1593 will heat a large room. Stoves 22K1594 and 22K1595 will heat several rooms, **and are our most popular and desirable sizes.**

Freight charges amount to little compared to the saving you make in buying this heater from us.

Made in Five Sizes. Order by Number	Diameter, Fire Pot Inches	For Coal and Wood, Without Magazine	Height, Floor to Urn Base, Inches	Size of Feed Door Opening, Inches	Floor Space, Inches	Size Pipe, Inches	Shpg. Wt., Lbs.

Popular Priced Soft Coal Hot Blast Heater

Guaranteed to Please in Looks, Price and Service

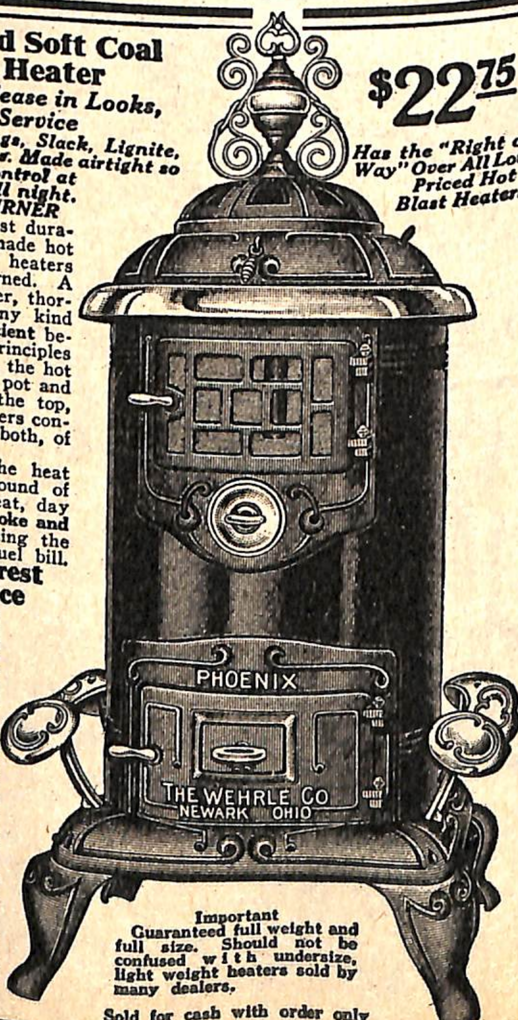
Burns Soft Coal, Siftings, Slack, Lignite, Coke, Hard Coal or Cobs. Made airtight so fire is under positive control at all times. Holds fire all night.

NOT A WOOD BURNER

Combines the best, most durable features that have made hot blasts such popular heaters wherever soft coal is burned. A quick and powerful heater, thoroughly dependable in any kind of weather. **Doubly efficient** because it combines both principles of hot blast construction, the hot blast ring above the fire pot and hot blast tube from the top, while most hot blast heaters contain either one, but not both, of these features.

This stove gets all the heat possible out of every pound of fuel and gives steady heat, day and night. **Consumes smoke and gases,** greatly increasing the heat and reducing the fuel bill.

Features of Interest and Convenience



Fire pot is of extra heavy cast iron, large and deep. Heavy cast iron lining above fire pot adds protection to body. Latest type draw center grate, made extra heavy for years of service.

Attractive in appearance, with bright, snappy nickel plated trimmings and foot rails, and mica door that radiates the firelight out into the room. Good materials and excellent workmanship make this a first class stove. Ashpan and ash chutes are furnished (many makes do not have these, so that removal of ashes is a dusty, mussy job). Shaker door in ash door.

Big stocks and prompt shipment from our foundry at NEWARK, OHIO. Freight charges amount to little no matter where you live.

$22.75

SOLD at WHOLESALE PRICES

Mutual Combination Heating and Cook Stove

Suitable for Bungalows and Small Homes. Burns Coal, Wood or Corn Cobs

$8.75

Securely crated. Shipped from Philadelphia, Pa., or Newark, Ohio, the city nearer you.

At our very low price, every home can use one or two of these stoves. Suitable for heating, laundry work or light cooking, will do satisfactory baking when used in connection with the baking oven shown on page 954 under catalog number 22K5500, and connected as shown on small illustration below. The oven uses the wasted heat that would otherwise pass through the chimney.

While small in size, this stove will comfortably heat a good size room. Made throughout of cast iron and heats quickly. **The lower front can be lifted off,** giving the effect of an open fireplace heater, permitting the glow of fire to light up the room. See small illustration below. Hearth measures 7¼ inches wide and makes a comfortable rest for warming the feet. Top measures 11¾x20 inches and has two full size 8-inch lids, a desirable feature for cooking.

As a laundry stove, it has no equal. Top is big enough to accommodate a big wash boiler. Fuel can be fed through the upper front door, which measures 8½x4⅛ inches. This arrangement makes it unnecessary to lift off the heavy wash boiler for replenishing the fire.

While low in price our Mutual "All Purpose" Stove will give you years of satisfactory service, as it is made throughout of the best cast iron. The coal fire box measures 7x13 inches. When wood only is used, the coal fixtures are omitted and the fire chamber will take wood 16 inches long. Economical in operation, requires little attention, and the smooth castings make it easy to keep clean. Stove measures 22 inches high; floor space, 20x23 inches; takes 6-inch pipe. Shipping weight, 120 pounds.

Blackened and polished ready to set up and use. Sold for cash with order only.

22K1285—Mutual stove.......... **$8.75**

Price with stovepipe oven.............. **$11.75**

Built for Years of Hard Service

An Ideal Store Heater

Will stand the hard firing and rough usage usually expected of this kind of stove.

For large rooms, stores, halls, business places, garages, depots, churches, schoolhouses, homes, factories and machine shops.

This big stove is truly a big value at the very low prices we are able to make you, because you buy direct from our own factories.

Burns any kind of coal—hard coal, coke and even the cheapest grades of soft coal, siftings and slack. **Solid cast iron,** strongly bolted, reinforced and strengthened. One of the best coal heaters made. There is practically no wear out to the fire pot, and once it is hot the stove keeps hot; the heat does not go up the chimney. You get full benefit from every pound of coal you use.

Easily regulated to any amount of heat you want. Draw center grate is made extra strong and heavy. Large ash-pan is furnished. Top has removable lid.

Be sure to order a stove large enough to heat your space properly.

Two smaller sizes take 6-inch pipe; two larger sizes take 7-inch pipe.

Shipped from HARRISBURG, PA., SPRINGFIELD, MASS., NEWARK, OHIO, or LEWISBURG, TENN., the city nearest you.

Heavy steel heating drum can be furnished if desired. Fits on top of stove and adds to heating capacity. See prices below.

Sold for cash with order. Securely Crated, Blackened and Polished, Ready to Set Up and Use.

Cash Price, **$15.75** And Up

Durable Cast Iron Wood Burning Box Stove

For Cooking, Heating and Baking

Has convenient holes with covers for cooking.

For large rooms, stores, halls, factories, shops, schools and homes. Valuable as combination heaters and cook stoves. Meals can be prepared quickly in cold weather without firing up the cook stove. The two smaller sizes recommended especially for bedrooms, living rooms, dining rooms or other small rooms. Be sure to notice measurements. **Order a stove large enough to do your work and heat your rooms properly.** Burns wood, corn cobs, straw, in fact, anything except coal or coke. The larger sizes will take in big chunks of wood, big knots and roots, and long pieces of wood. **The stove top swings to the side,** so that fuel can be fed through either the top opening or the front feed door. **Stove is blackened and securely crated.**

Stovepipe baking oven can be used on all sizes except 22K6733, making a complete heating, cooking and baking outfit, as shown in small illustrations. Be sure to order one with your stove. For description of oven see page 954. Takes 6-inch pipe. Smallest size takes 5-inch pipe.

Prompt shipment from PHILADELPHIA, PA., or NEWARK, OHIO. Sold for cash with order. We guarantee safe delivery.

Low Price Cast Iron Coal Burners

$4.75 And Up

Better quality and lower prices than you will find in other stores.

Especially adapted for heating small offices and homes, chicken houses, private garages, etc. Can also be used as wagon heater by removing the legs and bolting the stove securely to the floor of the wagon.

These stoves are made of cast iron with flat dumping style grate. Quick little heaters; just put in a little fuel and light the fire and in a few minutes the room is warm and comfortable.

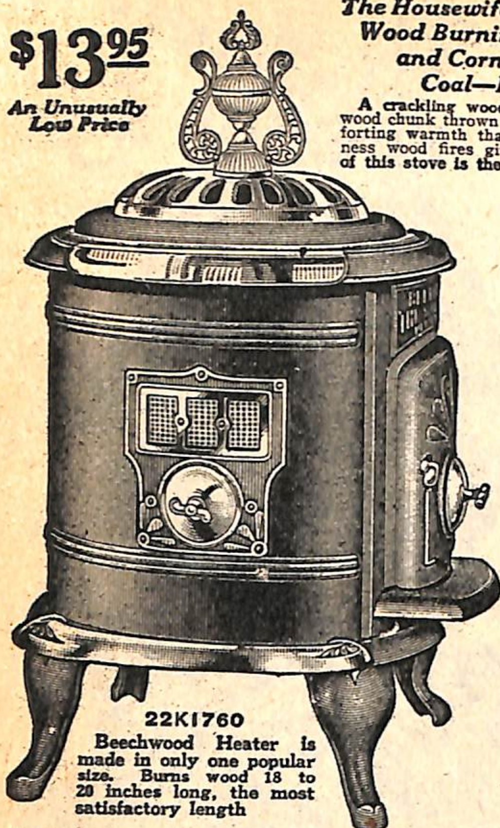
Made of the same quality material as used in our bigger and higher priced stoves.

Be sure to order a stove large enough to heat your space properly.

Sold for cash with order.

Blackened and polished ready to set up and use.

Two large sizes take 6-inch pipe; the small size 5-inch pipe.



Shipped From Philadelphia, Pa., or Newark, Ohio, the City Nearer You.

22K1760 Beechwood Heater is made in only one popular size. Burns wood 18 to 20 inches long, the most satisfactory length

The Housewife's Choice of All Low Priced Wood Burning Heaters—Burns Wood and Corn Cobs—Will Not Burn Coal—Holds Fire All Night

A crackling wood fire started in a hurry, a big dry wood chunk thrown on a few minutes later means a comforting warmth that has no substitute for the friendliness wood fires give in the winter. The chief feature of this stove is the large front feed door, big enough to take in good size chunks and blocks of wood. There is also a removable lid under the swing top so that fuel can be fed through this opening when desired. This is one of our best sellers and we recommend it as your selection.

Body is made of heavy gauge uniform blue steel bolted and cemented airtight to the cast iron top, bottom and front. Measures inside, 21 x 14½ inches. Floor space, 27x19 inches. **Total height of stove to urn base, 32 inches.**

Main bottom is heavy cast iron, corrugated for burning wood.

Cheerful mica fire door shows the comforting fire.

Front feed door is large enough to take big chunks and blocks of wood. Measures 12x8 inches.

Removable lid under swing top is very convenient for feeding the wood through the opening when so desired and is a good feature for boiling water. **The following parts are nickel plated:** Swing top, front top band, draft doors, mica frame and foot rail. Takes 6-inch stovepipe.

Shipped from PHILADELPHIA, PA., SPRINGFIELD, MASS., or NEWARK, OHIO.

This new model is sure to find thousands of satisfied users and friends. Shipping weight, 108 pounds.

22K1760 Beechwood Heater... **$13.95**

Stovepipe and Elbows

We do not sell made up (put together) stovepipe. Our pipe, 24 in. long, has seam formed and edges turned over, ready to put together. Simply joint the edges and tighten the seam with a hammer. Not the light gauge pipe sold by some for higher prices. Shipped from PHILADELPHIA, PA., or NEWARK, OHIO.

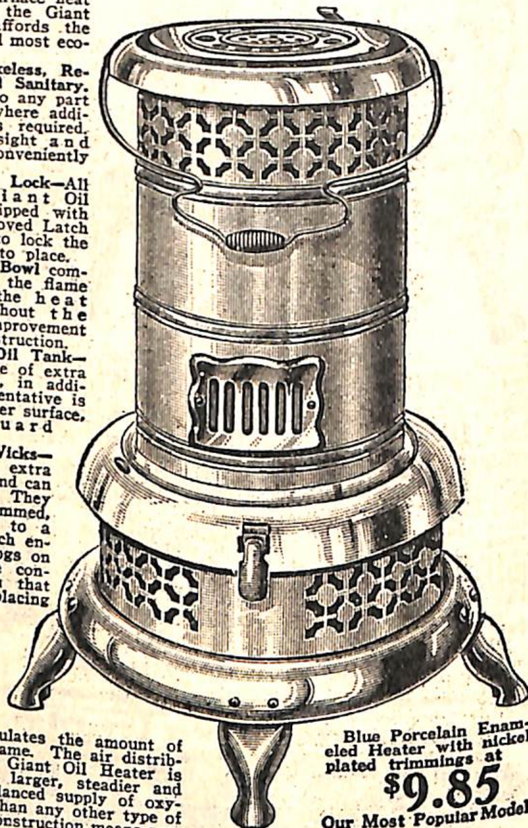
E-Z-est-WAY
New and Improved Giant Kerosene (Oil) Heater
A Style of Finish to Suit Your Purpose

Burns common kerosene oil, obtainable almost anywhere. Does the work of two or three ordinary oil heaters. Big capacity tank—holds five full quarts. For homes, offices, warehouses, shipping rooms, shops, garages and other places where additional heat is required. A big help to your heating problems, during the bitter cold of winter, and when your stove or furnace will not supply sufficient heat, our Giant Oil Heater finds a real welcome. During the damp, chilly days of early spring, when stove or furnace heat is not required, the Giant Oil Heater affords the safest, sanest and most economical comfort.



Odorless, Smokeless, Reliable, Clean and Sanitary. Easily carried into any part of the building where additional heat is required. Flame in plain sight and flame control conveniently located.

Never Fail Lock—All E-Z-est Way Giant Oil Heaters are equipped with a New and Improved Latch that never fails to lock the drum securely into place.

Radiating Fire Bowl completely surrounds the flame and distributes the heat uniformly throughout the room. A big improvement in oil heater construction.

Heavy Metal Oil Tank—The tank is made of extra heavy metal and, in addition, a rust preventative is applied to the inner surface, an additional guard against rusting.

Extra Large Wicks—The Wicks are extra large and heavy and can easily be renewed. They come ready trimmed, securely fastened to a metal carrier which engages with the cogs on the spindle. The construction is such that inserting or replacing the wick is very simple.

Blue Porcelain Enameled Heater with nickel plated trimmings at **$9.85** Our Most Popular Model

Patented Air Distributor—The Air Distributor or Flame Spreader is the heart of the oil heater. It rests upon the wick and regulates the amount of air fed into the flame. The air distributor used in our Giant Oil Heater is said to deliver a larger, steadier and more perfectly balanced supply of oxygen to the flame than any other type of oil heater. This construction means perfect combustion and greater heating efficiency.

Base and Legs made of heavy steel. Always stands strong and firm.

Adjustable Ventilating Damper, in top of heater, permits control of heat. Guaranteed just the same as all stoves we sell, to give absolute satisfaction or your money back.

All three models are 26 inches high. Shipping weight 20 pounds. Shipped from our PHILADELPHIA store. Sold for cash with order.

Blue Porcelain Enameled Heater With Nickel Plated Trimmings

Serviceable and Quick Heating Hot Blast Airtight Wood Burners

Steel body stove of the better kind, with hot blast, by which all air entering stove through upper draft is heated before reaching fire, making it burn steadily and give the greatest amount of heat from fuel. This valuable feature is usually found only in stoves of this type selling at much higher prices. Makes control of fire easy. Draft register and ash cover can be closed airtight so that the fire will burn for several hours without attention.

The stove is made with inner steel lining 12 inches high. Can be furnished in smooth steel or polished steel; the polished steel requires no blackening. All sizes take 6-inch stovepipe. Height, floor to urn top, 32¾ to 37 inches.

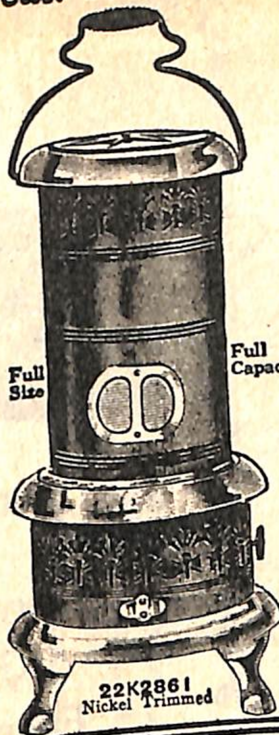
22K2863
Genuine Blue Porcelain Enameled

No Smoke!

The convenience of these fine oil heaters during the seasons of sudden temperature changes makes them worth much more than their purchase price. In warmth and fuel economy they assure satisfaction in the days "before it's time to light the fire," or in places where heat cannot be had by other methods.

E-Z-est-Way Oil Heaters are in every way the best made, in their respective classes. Full size and full capacity. Do not confuse with the light weight, short capacity heaters sold by many city dealers.



Our construction makes them sturdy and substantial. We call particular attention to the one-piece base and legs, the legs being formed as part of the base. This base is much stronger than the ordinary base with bolted legs, for it prevents the leg from becoming twisted or getting out of alignment. The heater will always stand solid and steady.

Our patented wick stop prevents turning flame too high. A marvel in simplicity and easy lighting. Nothing about our Oil Heaters to get out of order. Guaranteed smokeless and odorless.

Blue Porcelain Enameled Heater With Nickel Plated Trimmings

Upper and lower drums are finished in robin's egg blue porcelain enamel. Rustproof. Top, middle ring and one-piece base and legs are nickel plated. An especially handsome heater. Shipping weight, 17 pounds.

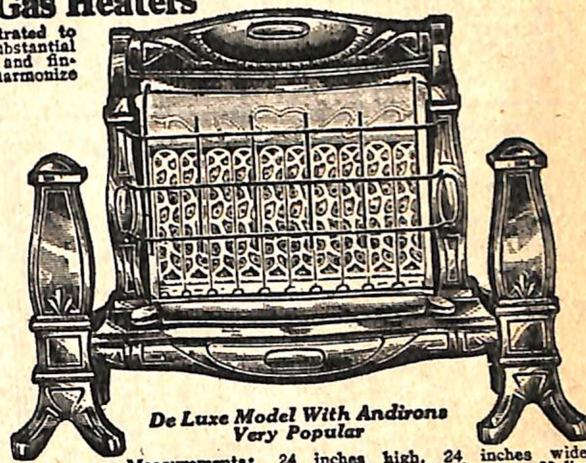
Beautiful Period Model Radiant Gas Heaters

Genuine Mahogany Porcelain Enamel Finish

A Combination of Beauty, Efficiency and Economy. The new and very attractive model illustrated to the left is beautifully and tastefully finished in genuine mahogany porcelain enamel, a joy for any home. Designed to fit in with almost any interior decorating scheme. The ten fireclay heat distributing radiants are so constructed that the entire surface is brilliantly and evenly heated, the upper portion glowing as brightly as the lower. Clean and odorless, consuming all the gas fumes, leaving the air in room clean and refreshing.

The burner is scientifically constructed to produce perfect combustion. The air and gas is mixed at one point, allowing an even flow of gas to each opening. Burns natural or manufactured gas. Will not burn gasoline or acetylene gas. Flame can be easily regulated to any degree of heat desired.



Shipped from PHILADELPHIA, PA., or NEWARK, OHIO.

Measurements: 20 inches high, 25 inches wide, 6 inches deep; 3-inch pipe collar. Shipping weight, 90 pounds.
Heaters of This Type Often Sell Elsewhere up to $25.00.
22K1804—Solid Cast Iron Heater with 10 Fireclay Mantles $12.85

The De Luxe model illustrated to the right is equipped with substantial Andirons. Colonial design and finished in statuary bronze to harmonize with the furnishings in almost any home.

The soft, golden radiance diffused by this heater lend an indescribable charm to its surroundings. The elements are provided with a large number of radiating points that insure the entire surface becoming brilliantly and evenly heated, the upper portion glowing as brightly as the bottom. Clean and odorless, consuming all the gas fumes, leaving the air in room clean and refreshing.

The burner is scientifically constructed to produce perfect combustion. The air and gas is mixed at one point, allowing an even flow of gas to each opening. Flame can be easily regulated to any degree of heat desired.

De Luxe Model With Andirons Very Popular

The Acknowledged Leaders Among the Better Gas Heaters

Quick, Clean, Healthful Heat

SUNBRITE Fireclay Radiants

Our Low Prices Mean a Big Saving

JUDGE Asbestos Back

Equipped With Latest and Improved Type Bunsen Burners

The most popular and widely known gas heaters made. Bunsen Tube Burners have separate mixers and orifice openings for each tube, a construction that insures the greatest efficiency and satisfactory operation with a minimum of gas consumption. They give your rooms the temperature you want quickly after they have been lighted. With the especially designed reflector and back construction, they continue to throw off heat a long time after the gas has been turned off.

Made in two styles and a popular assortment of sizes. One style is furnished with clay radiants which turn to a glowing red quickly after being lighted. These clay radiants immediately radiate clean, healthful heat straight out into the room on every side. The other style is furnished with an asbestos back radiation element that serves a purpose similar to the clay radiants described above. The asbestos glows like smouldering moss while the heater is lit. The selection of either type is a matter of personal choice; we recommend either. **Only be sure you have selected a heater large enough to suit your needs. Shipped from PHILADELPHIA, PA., or NEWARK, OHIO, whichever is nearer you.**

Heater bodies are heavy gauge blue steel polished, with rolled top and panel front, nickel plated legs, valve and corner ornaments. Corrugated copper deflector and adjustable valve. Wire dress guard. Valve has pipe or tubing connection. Equipped with 3-inch flue vent.

These Heaters Are Not Mailable

Both the Sunbrite Radiant and Judge Bunsen Gas Heaters burn either natural or manufactured gas and extract every particle of heat from it. Will not burn gasoline or acetylene gas. **Our low price brings their comfort and convenience within the reach of all.**

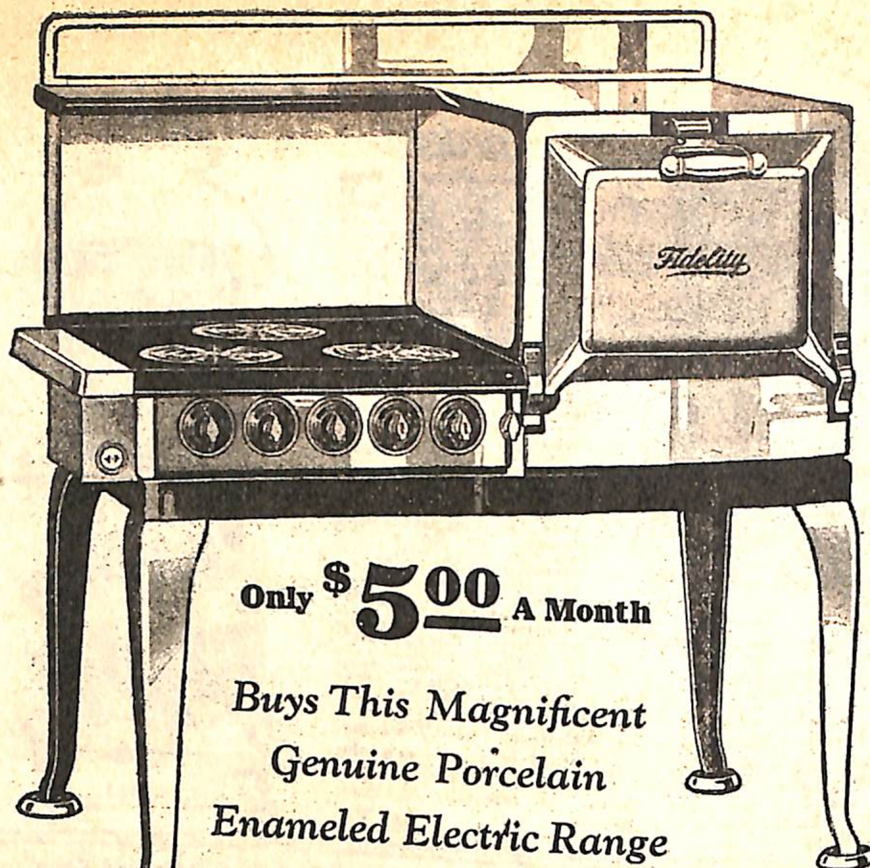
"FIDELITY" ELECTRIC RANGE



Cooking Satisfaction Heretofore Unheard Of

So sure are we of the quality and efficiency of our Fidelity Electric Ranges that we will send the model shown in large illustration to you upon receipt of $79.50 cash price, or $5.00 as an initial payment, if you prefer our time payment plan, with the distinct understanding that you may use it in your home 30 days, judging for yourself on its quality and efficiency. **If at any time during the 30 days** you become dissatisfied and feel that you could secure any other Electric Range that would suit you better and find you have not saved a large amount of money, write us and we will give you instructions how to return the range and cheerfully return all the money you have paid, including all freight charges.

Tested by National Board of Fire Underwriters

The Underwriter Laboratory is a chartered corporation authorized to establish and maintain laboratories for the examination and testing of appliances, and to bring to the user the best obtainable opinion on the merits of appliances and devices in respect to life and fire hazards and accident prevention.

1,000 Watts burning for one hour equals 1 Kilowatt Hour, the unit under which you buy current. Average current consumption per month for a family of four to six is only 100 to 175 kilowatt hours (KWH). Electric Ranges require a special power line, giving you the advantage of lowest current rates. Inquire of your local electrician as to cost, which varies according to local conditions.

Only $5.00 A Month

Buys This Magnificent Genuine Porcelain Enameled Electric Range

Know Real Cooking Comfort

Unless you have tasted foods baked or cooked the electric way you cannot appreciate the flavory, tempting, delicious difference over cooking by any other method. Less water is required, no chance for boiling over, and full flavor and juices are retained without the usual shrinkage. There are no fuel gases to be absorbed by the foods and no uncertain temperatures to contend with. Have you noticed that toast made the electric way is far superior to any other? The difference is more pronounced where savory meat juices or airy pastries are freed from fuel odors and gases by electric cooking.

Special Details of Construction

Fidelity Enameled Ranges are built unusually stanch and rigid for years of hard and satisfactory service. **Sold under our absolute guarantee of satisfaction or your money back.**

Cooking Top. Made of heavy cast iron, finished in lustrous baked-on black enamel and equipped with three 8-inch removable radiant type, surface heating, 1,500-watt heat units, affording maximum utensil capacity.

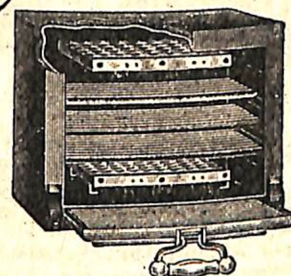
The Coils are arranged spirally in deeply grooved vitreous clay product, unaffected by water, juices or acids, and cannot be harmed by boiling over of fluids. Terminal connections are made extra heavy; maximum capacities, 1,500 watts each. Each heating unit is connected with a three-heat switch reading HIGH, MEDIUM and LOW.

Utility Plug for attaching vacuum cleaner, electric iron or toaster.

Baking Oven is made of heavy gauge refined iron, has double walls, heavily insulated with thick mineral wool on top, bottom, back and side, making it absolutely a perfect heat retainer. Will hold baking temperature for a long period after current is turned off.

Back Wall is constructed with a vent near the top so the odor from cooking passes to the flue, making the oven absolutely sanitary. Equipped with two removable heating units of the radiant type, one located at the top and the other at the bottom of oven. Each of these units is connected with a three-heat switch, reading HIGH, MEDIUM and LOW. The upper unit can be used for broiling steaks and other meats.

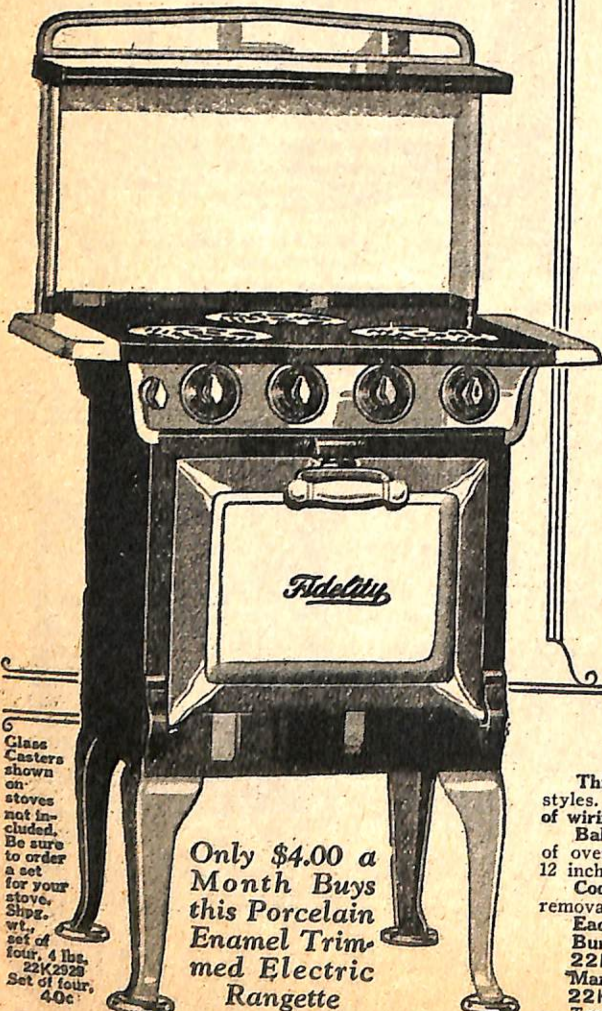
Oven Door is made of cast iron, beautifully finished in French gray porcelain enamel, with white porcelain enamel panel, heavily insulated and made to fit absolutely airtight. It is balanced by use of a spring, and, when open, forms a convenient shelf.



Switch Panel is made of heavy cast iron, finished in French gray porcelain enamel, furnished with a switch for each heating unit with indicators designating HIGH, MEDIUM, LOW or OFF.

Entire Range finished in white porcelain enamel with gray enameled trimmings. Ranges furnished for 110-220-volt three-wire, or 110-volt two-wire systems, for A. C. or D. C., single phase. **Be sure to state the type of wiring and current you intend using.**

Measurements: Oven, 16x16x12 inches; cooking top, 21x21 inches; height to cooking top, 29¾ inches; floor space, 22x44 inches. Shipping weight, 225 pounds.



Shipped direct from our factory in NEWARK, OHIO.

Our *Elite* *Porcelain Enameled* GAS RANGE *and* KITCHEN HEATER *Combined*

Made by the world's largest and most exacting stove builders.

$77.85 Cash

Priced Unusually Low

A beautiful white enameled pearl gray trimmed four-burner gas range with a fine, dependable oven and broiler! A practical and thoroughly efficient **kitchen heater and rubbish burner of equal beauty!** Combined into one solid utility unit to meet the needs and desires of thousands of housewives. **The heater uses a minimum of fuel and dis-**poses of waste and rubbish that would be a nuisance to destroy otherwise. Does wonders in the way of cooking and heating and will keep the kitchen warm and comfortable in zero weather. **Burns Hard or Soft Coal, Coke or Wood.**

Notice the roomy gray enameled UTILITY DRAWER of a thousand and one uses. You will greatly appreciate the convenience of this handy compartment for keeping the knives, forks, and other cooking equipment close to the stove, where they belong. This stove has the same easy sliding grates, the same rounded, smooth flowing surfaces as described on page 942 under our ELITE Gas Range.

The gas section has four heat diffusing burners, including three full size burners and one large giant burner, an oven that bakes as beautifully as it looks and has all the features of the up to date stove. If you have been considering either a kitchen heater or a new beautiful gas range, why not get both in one? **At our price the cost is very low and the satisfaction great.** The space under the cooking burners is white porcelain enameled, easy to keep clean and convenient for storing cooking utensils.

Measurements: Baking oven, 16x17⅝x13 inches; broiling oven, 16x17⅝x8 inches; cooking top, 32x19½ inches, including end shelf. Height to cooking top, 33¼ inches. Length, over all, 52 inches. Floor space, 20x52 inches. Take 6-inch pipe. Heater has special drop coal feed door; top, 14½x19½ inches. Two 8-inch lids. Length for wood, 15½ inches. Shipping wt., 370 lbs.

Terms: $5.00 with order and $5.00 a month until full price has been paid. The easy and pleasant way to pay for kitchen comfort. Use Time Payment Order Blank on page 1092. Shipped promptly from our factory in NEWARK, OHIO.

H—Strong and sturdy legs. Easy to clean under the stove.

Combination $63.50 CASH GAS RANGE *and* KITCHEN HEATER *With White Porcelain Enameled Front*

Exactly as Illustrated

And White Porcelain Enameled Mantle Shelf

This range is a combination of a kitchen heater and a gas range built into a single body. Very compact, takes up only a small amount of space.

Gas baking oven operates entirely independent from the coal section of the range. Guaranteed to do very fine work, both baking and roasting. It is not a combination oven and cannot be heated by the coal fire. The coal and wood fire cooks and heats, but does not bake. Uses gas only for baking.

You can cook with two fuels at the same time, using all six lids at a time when desired. Has two coal and wood lids and four gas cooking burners, including three full size and one Giant burner.

The coal and wood compartment may be used as an incinerator as well. Burn all your refuse, garbage and waste without odor; an easy, profitable way to dispose of such refuse.

Fire box burns hard or soft coal, coke, short wood, corn cobs, rubbish and kitchen waste. Cooks quickly and will furnish plenty of heat to warm your kitchen in the coldest weather.

The stove body is made of heavy gauge steel. Oven, 18x19 inches. Top, 34½x21½ inches. Fire box length for wood, 16 inches. Takes 6-inch stovepipe. Shpg. wt., 360 lbs.

Be sure to state whether you burn manufactured or natural gas. Range will not burn acetylene or gasoline gas. We will ship range for manufactured gas unless otherwise specified.

NEW PEERLESS COMBINATION *Coal and Gas Range*

Pearl Gray Enameled

The Very Acme of Perfection
Two Perfect and Complete Ranges Combined in One
Brightly Polished Cooking Top Requires No Blacking

Distinctive in Appearance and Superior to Similar Ranges Selling for From $15.00 to $20.00 More Than Our Price

Made especially to meet the demand for a highly satisfactory combination gas and coal range. A gas range and a coal range built into a single body to economize in space and cost. You get all the conveniences of both.

$5.00 DOWN $5.00 MONTH

You Need Not Pay Cash. Thousands Buy on Our Easy Terms.

Priced Very Low $94.50 CASH

Think of Its Double Convenience and Splendid Features

Comfort, winter and summer. In winter, with a coal fire to warm the kitchen, the coal heated oven is always ready. If more cooking is needed, the gas oven may be used, and on special baking days both ovens are available. In summer the gas oven is most convenient.

The Pearl Gray Porcelain Enamel Finish requires very little care to keep it clean and spotless. The enamel is fused into the iron castings, and with the same amount of care given any porcelain dish, will last as long as the range. The right end of the range is plain black.

To keep the enamel clean and brilliant, simply use hot water and soap. Apply with a soft cloth when the range is cold.

A Few of the Many Desirable Peerless Features

Improved, fuel saving, quick baking gas oven. Measures 13½ inches deep, 18 inches wide. Oven rack easily adjusted to desired height. Convenient thermometer in door to guide one in good baking.

Splasher back of genuine white porcelain enamel. Sanitary. Easily cleaned with a damp cloth.

Gas section cooking top has four powerful heat diffusing burners, including one giant burner. Room enough for all kinds and sizes of utensils. Top measures 24½x20 inches.

Gas valves of approved type; absolutely reliable, easy to adjust, and positively non-leakable.

***Porcelain* enamel drip pan** easily removed for cleaning.

Touch-a-button automatic lighter instantly lights any or all burners in the cooking top without the use of matches.

Sturdy gray porcelain enameled base and legs, built for strength and durability, in keeping with the pleasing design and massiveness of the whole range. Back base strip is black.

Perfected, easily controlled coal or wood baking oven; measures 18 inches deep, 18 inches wide. Surrounded by full size flues.

Fuel saving fire box with extra heavy cast iron linings and **duplex grate** for burning fuels of all kinds—hard coal, soft coal, coke, wood or corn cobs.

Coal feed door, large and ample for easy feeding of coal or coke into fire. Conveniently located at left end of stove.

Heat retaining warming oven, very convenient to keep cooked foods warm until ready to serve.

Brightly polished. Coal or wood cooking section measures 24½x21½ inches, every square inch usable. Four full size accurately fitted gridle lids, including one three-ring sectional lid and one anti-scorch lid for cooking cereals, etc.

Two separate ovens and big double cooking top with which you can prepare a great big dinner for extra company as easily as you prepare an ordinary meal on an ordinary cook stove. Each oven is designed for its particular fuel and will do the most satisfactory work. **No parts to change or move.** The gas oven is located in the right hand side of the high closet, a very convenient height to reach easily. A complete gas oven in itself. Length for wood, 18 inches. **Stove body made of extra heavy cast iron, strong and durable. Built for lifetime service.**

22K98—Water front, for heating Range Boiler. (Shipping weight, 25 pounds) **$4.75**

Made in Our Own Foundry

Glass casters shown on stove not included. Order 22K2929. Shpg. wt., 4 lbs. Set of four casters. **40c**

When ordered for burning hard (anthracite) coal, the fire box is equipped with our new and improved dockash grate and firebrick linings. Be sure to state whether you burn hard or soft coal.

Measurements: Coal oven, 18 inches deep by 18 inches wide by 10 inches high. Gas oven, 13½ inches deep by 18 inches wide, 9½ inches high. Cooking top, 24½x40½ inches. Height, 33 inches. Takes 7-inch stovepipe. Shipping weight, 583 pounds.

Be sure to state whether you burn manufactured or natural gas. Range will not burn acetylene or gasoline gas. We will ship range for manufactured gas unless otherwise specified.

22K1312—**New and Improved Peerless Combination Coal and Gas Range.**
Cash price **$94.50**
Time payment price **$104.50**

Terms: $5.00 with order, $5.00 a month until time payment price is paid. Use Time Payment Order Blank on page 1092.

We make shipment from PHILADELPHIA, PA., HARRISBURG, PA., SPRINGFIELD, MASS., or NEWARK, OHIO.

The freight charges on the New Peerless are unusually low, especially when you consider the saving you make by buying directly from us. Nowhere else can you duplicate this fine range at so low a price.

KITCHEN HEATER *and* RUBBISH BURNER

White Enamel Front or Plain Black
Burns Any Kind of Coal or Wood

Thoroughly efficient and made throughout of heavy cast iron. One of the most satisfactory stoves ever designed for this purpose. Small and compact, it takes up just a little room, but it will do wonders in the way of heating and cooking, using a minimum amount of fuel and disposing of waste and rubbish that would be a nuisance to throw away or destroy otherwise. Will keep kitchen warm and comfortable in zero weather. Every inch of the stove radiates heat. Will heat a great big room on a small amount of fuel. The fire box is made just like our big coal ranges and burns any kind of coal, coke, wood, corn cobs and rubbish. Has special drop door for feeding coal. Conveniently located on front of stove.

Gas lighter for fire box can be connected with gas stove or direct to gas supply pipe. Furnished for $1.75 added to prices given below.

Water front to fit in fire box to heat 40-gallon water boiler can be furnished if wanted. Add $4.50 to prices given below.

Shipped from HARRISBURG, PA., or NEWARK, OHIO. Sold only for cash in full with order.

Real Downright Value $17.50 New Low Price

Both Models Are Equipped With Legs Adjustable to Any Height Desired

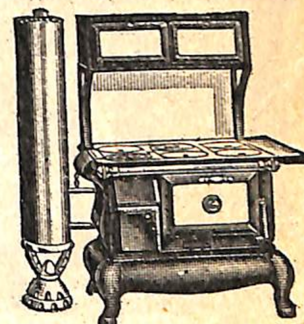
Beautiful Pearl Gray Enamel Finish

Made in Two Sizes



At our low price this beautiful Pearl Gray Enamel Range is the greatest of all genuine enameled stove values. You will find it will pay you to invest in this range, because it is true economy to buy the best stove, especially at our low price.

The beautiful, soft pearl gray porcelain enamel finish is sure to please you, not only because of its attractive appearance, but because it is so easily cleaned. The whole range has a massive dignity and, with its many special conveniences, and lasting built-in quality, is sure to be the pride of the kitchen.

You might easily pay $30.00 to $50.00 more elsewhere for a range of this quality and finish.

The easiest range to keep spotlessly clean that has ever been built. Grease, soot and dirt can be wiped off quickly with a damp cloth, as if it were a china dish.

Unusually liberal terms and fair, low price on our finest Gray Porcelain Enameled Cast Iron Range. **A range made of heavy cast iron, built to last a lifetime.**

View showing range with water front connected to range boiler for heating water. Water front may be used only where there is a constant pressure through the pipes. You do not require a reservoir with a water front, although water fronts can be fitted to either type. Range boiler is not furnished at this price. For range boilers see page 1009. Shipping weight, 25 pounds.

22K98—Large capacity water front.................**$4.75**

Anti-Scorch Lid very convenient for cooking cereals, etc., and keep them from burning.

Three-Ring Sectional Lid. Sections can be removed to fit different size utensils.

Huge Stocks—Prompt Shipment—Low Freight Charges
From One of the Following Cities, the One Nearest You
Philadelphia, Pa., Harrisburg, Pa., Springfield, Mass., and Newark, Ohio

Features That Make Our Columbia Porcelain Enameled Cast Iron Range So Popular

Body, made of solid cast iron, built to last a lifetime. Every part carefully tested; every joint ground and fitted perfectly.

Cooking top, ground and polished to a mirror finish. Always looks neat and sanitary. No polishing required, simply wipe with a cloth. Six 8-inch lids, including one three-ring sectional lid to fit different size cooking utensils, and one anti-scorch lid, which prevents burning of cereals during long cooking. Highly nickel plated towel bar. Height to cooking top, 31 inches.

Large Uniform Baking Oven, made in two sizes and is guaranteed to do the very best baking or roasting. Construction is such that you get the full measure of heat directly into the oven. Oven door is strongly built, extra thick and ground to a perfect fit. When opened forms a convenient shelf. Reliable thermometer tells the heat of oven at all times. A convenient feature.

Fire Box, is worthy of special consideration; designed for the most satisfactory work with the least amount of fuel. Extra heavy cast iron three-section linings and two-bar easy working duplex grate that burns any kind of coal, wood, coke or corn cobs. Fire box length for wood, 17½ and 19½ in., according to size.

Large Flues, scientifically constructed for all fuels. This is an important feature and every stove user should be sure that this detail has been perfected in the range you buy. Takes 7-inch stovepipe.

Large Ash Pan, so located that the ashes fall directly into the pan and not around it.

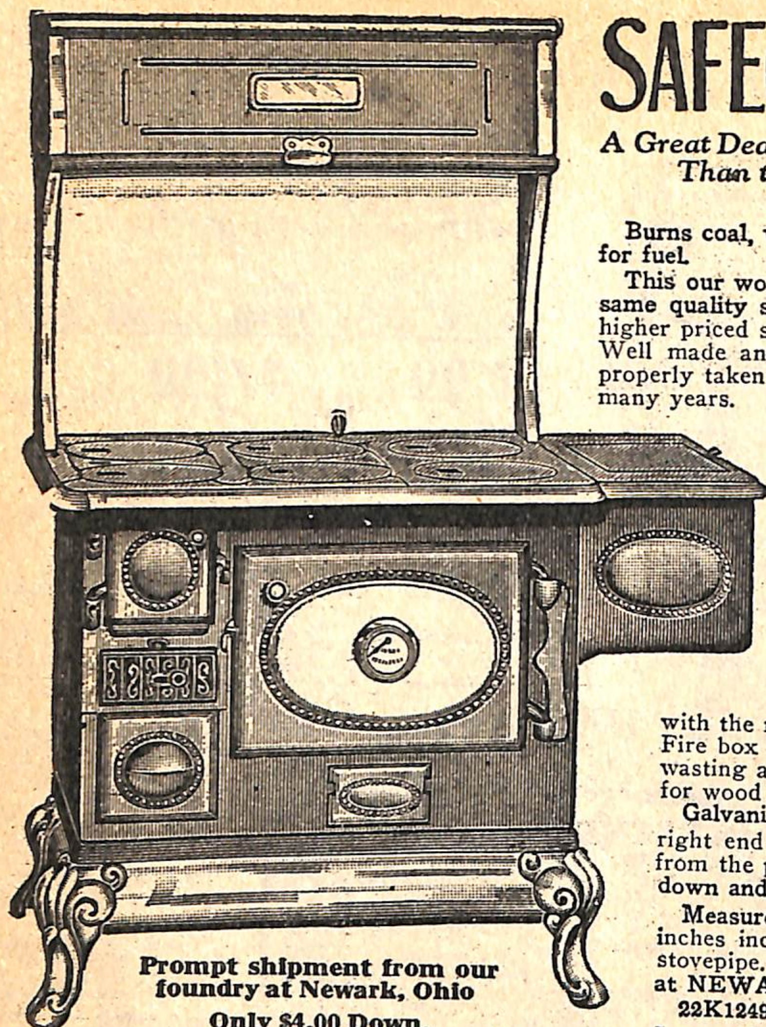
Convenient Drafts, of generous capacity, conveniently located for quick and easy adjustment.

Reservoir, made of extra heavy pure copper. Will not rust. Holds 8 full gallons. Heats by contact and keeps water boiling hot at all times. Easily removed for cleaning.

Warming Closet, big capacity and very convenient for keeping foods warm until ready to serve.

Sturdy base and legs, built for strength and durability. Back base strip and legs are plain black, rest of base and legs finished in genuine pearl gray enamel.

Our tremendous stocks enable us to make prompt shipment from a city near you.



Freight charges on this heavy, well made cast iron range amount to nothing compared to the big saving you make in price. It more than pays you to consider Sears as your stove headquarters. Terms: $5.00 with order and $5.00 a month. Use Time Payment Order Blank on Page 1092.

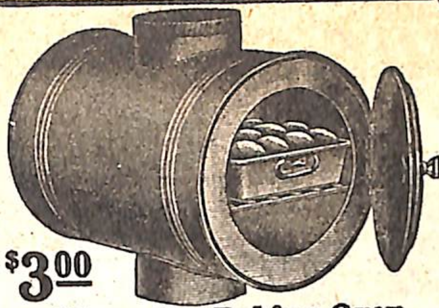
A size for any size family. While the quality is the same for both sizes, we recommend the largest size with reservoir 22K1283 which you will find large enough for the largest family and small enough for a family of two.

Note measurements carefully and order a size large enough for your needs.

These Four-Hole Cast Iron Cook Stoves with or without reservoir are offered to those who desire to make only a small investment and, at the same time, obtain a perfect working, splendid looking Cook Stove, at an enormous saving of money.



While inexpensive, the stove is entirely practical, economical in operation, substantial and neat appearing. Sold under our absolute **guarantee of satisfaction or your money back.** Our prices are made possible by factory facilities, which make it plainer than ever what splendid values we are now offering. Send your order today—don't wait.

Made of cast iron, every piece and part the right weight and thickness to give good wear. The baking and roasting oven does splendid work, quickly and without waste of fuel. Has two oven doors, a feature seldom found on stoves of this type. The lids and cooking top are made the proper thickness and will give years of satisfactory service. Reservoir is made of heavy galvanized iron, and heats by contact. Reservoir for 22K1275 holds **15 quarts,** for 22K1283 holds **32 quarts.**

Fire box has cast iron grates and cast iron fireback. Coal feed door furnished on stove when ordered for burning coal and wood. On wood burning model the coal feed door is not needed, therefore they are not furnished. Takes 6-inch pipe. **Sold for cash only.**

Quality and Satisfaction Sell This Stove

Our Own Foundry Saves You Money

Our Wonder Laundry Stove
The "Moose"

This Four-Hole Coal Burning Laundry Stove is the very best coal laundry stove manufactured in any stove foundry in the world. It far outclasses any other laundry stove on the market in every respect, regardless of name, make or price. **There is no laundry stove that compares** with it either in quality of materials, size, attractiveness of design, special grate features, etc. And as a big, well made, perfect laundry stove we guarantee it to give absolute satisfaction. At our low price it is really a most wonderful value.

It has a very large top, carrying four covers, each fitting in a No. 8 cooking hole. Top measurement, over all, is 20¾x21½ inches, big enough to accommodate a big wash boiler and cooking utensils at the same time. It will also take the new style steel or galvanized iron tubs now in common use. **Its arrangement of fire pot and construction** of main top is such that the heat is evenly distributed, and it is a quick heater, economical in the use of fuel and a splendid up to date laundry stove, with all the good features of every laundry stove on the market and the defects of none. Burns coal, corn cobs, coke and short wood. Fire pot diameter at top, 12 inches. Cooking top measures 20¾x21½ inches. Four No. 8 lids. Height, from floor to top, 22¼ inches. Takes 6-inch stovepipe.

Shipped from PHILADELPHIA, PA., NEWARK, OHIO, or LEWISBURG, TENN., whichever is nearest you. Sold for cash with order only. Shipping weight, 116 pounds.

22K5494—MOOSE Stove.................................... **$5.75**

One of our best values. Made exactly like our 22K5494 at left, and of the same quality materials. If you do not need a four-lid stove you will make no mistake in ordering this stove. Has front feed door for feeding fuel without lifting utensils or lid. Flat shaking and dumping grate. All parts are good weight and the stove is well made. Burns coal, coke, corn cobs and short wood.

Height, 22 inches. Diameter of fire pot, at top, 12 inches. Two No. 8 lids. Top measures 19x11 inches. Takes 6-inch stovepipe. Shipping weight, 85 pounds.

22K1498—PET Stove....... **$5.25**

Shipped from stock in PHILADELPHIA, PA., NEWARK, OHIO, or LEWISBURG, TENN. Sold only for cash with order.

Burns Coal, Coke, Wood, Chips, Blocks or Corn Cobs. Made With Either Four or Two Cooking Holes

Marvel Combination Coal and Wood Laundry Stove, with the improved Oblong Fire Pot and Long, Flat Double Trunnion Dump Grate, burns coal, coke, wood, chips or corn cobs.

We recommend the 4-hole size for use with the largest size wash boiler. (See illustration at right.) A convenient drop **end feed door** makes fueling easy. This feature makes it easy to add fuel without removing wash boiler or cooking utensils from the top. Both sizes have 7-inch lids.

You will find its features the biggest improvements known in Laundry Stoves. Big, roomy oblong fire pot, and trunnion dump grate for burning long sticks of wood, coal, chips or any kind of fuel. Fire pot measures 9½x18 inches.

We recommend that when you order this stove you include one of our stovepipe ovens and get the fullest benefits from your fuel on wash day, or whenever the stove is in use.

Drum Oven measures 9 inches wide and 17¾ inches long inside; will hold two 8-inch pie plates, or an 8x17-inch baking or roasting pan. Top and bottom pipe collar takes 6-inch stovepipe. See top of page for further information about oven.

Order the complete baking outfit as listed below for a real economy combination outfit.

Famous Cook Uses and Recommends the E-Z-estWay

Sears, Roebuck and Co.
Dear Sirs:

I want to compliment you upon your splendid E-Z-est Way Wickless Oil Burning Range. I was won to it first on its attractive appearance with the built-on oven and its simple operation. It looks as dignified and professional as a gas range and is just the thing for the village or country home.

The unusually low price, of course, attracts careful buyers, but the splendid service these stoves give is really the important thing to the home maker using it.

The even blue flame makes "top of the stove" cooking a joy and heats the oven for baking in practically the same time as a gas oven.

Very truly yours,
PRUDENCE PENNY.
"Chicago Herald Examiner"

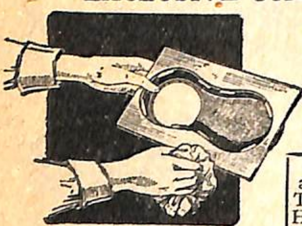
Spacious shelf space for keeping cooked food and dishes warm.

Genuine Porcelain enameled splasher and oven side, acid proof and stainless. Cleans like a china dish.

Big capacity top with three additional cooking holes heated by one burner. Parts easily removed for cleaning.

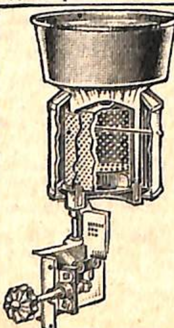
Genuine Porcelain enameled valve handles for simple and easy adjustment of flame to any desired heat.

Perfect bake easy oven, like on high priced gas ranges. Bakes and roasts to perfection. Enameled oven door with thermometer. Easy to keep clean.



Shipped direct from our Philadelphia Store

The Only Range Made With Five Three-in-One HIGH SPEED Heat Diffusing Wickless Giant Burners



Built Like a Gas Range. Reliable as a Compass

Makes Its Own Gas From Common Kerosene [Coal Oil]

EXCLUSIVE PATENTED FEATURES

View showing section of heavy heat resisting steel anchor plate cooking top removed for cleaning, an exclusive Sears feature you will not find on any other stove. Simply lift off the stove and set in dishpan and wash just as you do the dishes. Made of heavy heat resisting steel plate, guaranteed never to warp or buckle.

View of New and Improved Three-In-One High Speed Heat Diffusing Giant Burner, only one of the many E-Z-est-Way Wickless Oil Range Features. Burns common kerosene (coal oil). Odorless and smokeless. Easy to keep in good condition. Easily controlled and easily regulated from an intense frying heat to a low simmering flame. **The ideal burner** for grilling minute steaks, preparing roasts or baking and preserving of any kind. All done in proper time.

Fast or slow, an intense searing flame or mild simmering heat, depending upon the operation. No other oil burner made has such a wide range of flame adjustment and control.

Educative view showing the scientific flue construction of cooking top, on Our Big Wickless Oil Range, by which the surplus heat from each burner is diverted to the rear warming holes and enables you to prepare a large meal in less time and with less fuel than any other oil stove made. In addition, the arrangement supplies sufficient heat to the shelf for keeping food and dishes warm.

An oil stove should not be bought with the thought of using it one, two or even five years, and for that reason the initial cost, question of durability, efficiency of burners, baking qualities of oven, economy of fuel and cost of repairs are the all important factors to consider. No more can be had out of any stove than has been built into it, and for that reason the splendid quality built into the E-Z-est-Way Oil Range **will pay you the biggest dividend** with years and years of satisfactory service.

Tens of thousands of women in city, suburban and farm homes are enthusiastic users of Our Wickless Range. The powerful "burn like gas" burners are the reason for their success, making them an ideal stove for year around use. Their speed, intensity and wide range of good, clean wholesome cooking heat are unsurpassed by that of any other oil stove.

You can use the range the year around and every day, for cooking, frying, laundry work, preserving—every use to which a cook stove is put—and we guarantee it to meet every kitchen requirement.

Every range is tested in the factory before you receive it and is absolutely guaranteed to give satisfaction or we will return your money.

The glistening snow white, acid proof, stainless porcelain enamel is easily kept spick and span, and cleans like a china dish. The attractive two-tone battleship gray and lustrous baked-on black enamel harmonizes with the best kitchen surroundings.

The five powerful three-in-one high speed heat diffusing giant burners provide speed and comfort in cooking, without smoke, odor or soot.

The cooking top is extra wide to accommodate large size cooking utensils and made in three anchor plate sections, easily removed for cleaning. The material is heavy, heat resisting steel plate, guaranteed to remain level and never warp or buckle. Every inch of space can be utilized for cooking or for keeping food warm. The slide easy cast iron grates permit cooking utensils to be moved from place to place with no danger of spilling their contents. Other splendid features are the rear holes for extra cooking and the sectional cast iron grid to accommodate different size cooking utensils.

The big capacity top provides ample space for a wash boiler and large cooking utensils, all to be used at one and the same time. The end shelf is a convenient extension to the top and serves as a guard for the glass oil container.

Measurements: Oven, 19 inches deep, 14 inches wide, 12 inches high. Cooking top, 36x20 inches, including end shelf. Height to cooking top, 32 inches. Total length of range, 56 inches. Shipping weight, 208 pounds. **Prompt shipment from our PHILADELPHIA Store.**

8-Hole Model With Canopy Shelf and Baking Oven

E-Z-est-Way Wick Oil Range With Direct Action Triplex Heat Diffusing Giant Burners

The wonderful three-in-one, direct action, triple heat generating burners light like a lamp and produce a clean, steady, brisk, brilliant, snappy blue flame and concentrate the heat directly on the cooking utensils like the modern gas and electric burners. Will do the work in less time, with less kerosene, and at a lower cost than any other wick burning oil stove on the market, regardless of name or make. One burner does the work of three.

The perfect flame control prevents turning the flame too high and eliminates the continuous fussing over wick adjustments. The wick cannot creep while the stove is in use. The new straightline body design is very attractive, and the pleasing two-tone color scheme harmonizes with the best of kitchen surroundings.

The body is made of extra heavy stamped steel, very sturdy, and the entire range, is unexcelled for workmanship, quality, convenience of operation and general cooking and baking satisfaction.

Big capacity, heat retaining daylight baking oven. Has patented tongue and groove construction on door to insure a heat-tight fit. Notice the big capacity; also the Ventilators under door to give the best results with baking or roasting.

Solid brass burner securely locked to feed pipe and heavy band iron brace—no chance for becoming out of alignment. Used on E-Z-est-Way Stoves only.

The heat retaining warming cabinet is very convenient to keep cooked food warm until ready to serve, and provides a place to keep dishes warm. Shelf for that purpose drops down when oven is removed.

The cooking top is extra wide, made in three anchor plate sections, and easily removed for cleaning. The material is heavy heat resisting steel plate, guaranteed to remain level and never warp or buckle. **Every inch of space can be utilized for cooking or for keeping food warm.** The slide easy cast iron grates permit cooking utensils to be moved from place to place with no danger of spilling their contents. Other splendid features are the rear holes for extra cooking and keeps the whole meal warm for late arrivals. Has sectional cast iron grid to accommodate different size cooking utensils.

The big and roomy top provides ample space for a wash boiler, oven and large cooking utensils, all to be used at one and the same time. The end shelf is a convenient extension to the top and serves as a guard for the glass oil container.

Cooking Top measures 51x20 inches with End Shelf, on eight-hole size.
Cooking Top measures 42x20 inches with End Shelf, on six-hole size.

E-Z-est-Way Wickless Stove With Giant Heat Diffusing Burner

Ideal for camps, outings, dairies, picnics, parties, yachts and general utility.

The construction is very sturdy; instead of legs it stands solidly on a strong circular base. A steel shield forms the body and protects the flame against wind and drafts. An ideal model for picnic parties, camping trips, outings and other purposes when only a small fire is needed. Equipped with the same **quick acting giant heat diffusing burner used** on our large and higher priced stoves and should not be compared with the **undersized burner** sold by many dealers.

Oven with glass door, 22K5473, shown on page 957, will be found very convenient for baking, roasting and toasting. We positively guarantee perfect operation and satisfaction or your money back. HEALTHFUL HEAT in Every Room ~

The best health authorities agree that warm air in circulation provides the most healthful means of home heating. With the Hercules Warm Air Furnace in your home, the air in your entire building is kept in constant circulation through the furnace and the warm air pipes to your rooms, and then back again to the furnace through the cold air duct which connects to the bottom of the furnace in the basement. This air is kept moistened at all times by the water in the large water pan mounted in front of the furnace. Our Hercules Furnace maintains healthful heat in every room.

Above illustration shows the construction of the high ribbed cast iron fire dome of this furnace. The unusually high combustion chamber provides ample space for the proper combustion of the fuel so that you get the most efficient heating results. Notice the large size feed throat on this fire door section, which provides a feed door opening large enough to admit large chunks of wood or coal. The raised ribs around this fire dome add to the heating surface and strengthen the casting.

The entire grate section of our Hercules Warm Air Pipe Furnace is made up in one assembly, resting on a hinge support at the back of the ashpit and supported by two cast iron hooks in front. By pulling these hooks forward at the front, the entire assembly can be lowered on the rear hinge so that grate bars can be removed and replaced with little effort. You just insert the grate bar and then lift up the grate frame, the hooks automatically fall into place and the furnace is ready for use. Grates are triangular revolving type, clinkers are easily ground up and discharged into the ashpit.

The above illustration shows the construction of the large circular cast iron radiator on this furnace. The entire top and sides are made in one casting and the bottom plate of the radiator is another. This bottom plate is very firmly cemented and bolted to the bottom of the radiator with a deep tongue and groove joint. This radiator is of unusually large proportions and is unusually high providing the necessary heating surface for greatest heating efficiency. The smoke collar is connected at the back of the radiator and there is a cleanout opening in the front, through which it can be thoroughly cleaned.

The fire pot is made in two sections, which fit together with deep tongue and groove joints. These castings are made from high grade iron for greatest durability, and are heavily corrugated to provide an extra large amount of heating surface. The two-piece construction of this fire pot provides ample leeway for expansion and contraction and reduces to a minimum the possibility of castings cracking. These castings are made from accurate patterns so that perfect fit is assured.

Means a Big Saving of Fuel

Solid Comfort All Winter Long With Our Hercules Warm Air Pipe Furnace

EASY PAYMENTS $10.00 DOWN $10.00 A MONTH

Your furnace outfit is, without any question, the most important piece of equipment in your entire building. Fuel economy is a most important factor. Remember, your furnace will be in operation for many years. Each year it will be either burning fuel economically or wasting it.

The furnace you select should be designed for greatest heating efficiency. It should have ample heating surface in proportion to grate area and it should have ample air chamber capacity and ample fire travel to obtain the full benefit of all available heat units in the fuel.

A High Grade Furnace Built for Service

Our Hercules Warm Air Pipe Furnace has all of these features worked out to a high degree of perfection. It is a strictly high quality furnace designed for greatest efficiency and durability. It is a furnace that will continue to give you satisfactory service for very many years with a minimum amount of attention and minimum expense for fuel.

When you can buy a furnace which is always the best in these three features at the price quoted on our Hercules you have secured the greatest of heating values. Constant use by thousands of our customers has proved the Hercules the best value in furnaces. It has stood the test in all types of homes, in every kind of weather and has always lived up to expectations.

Yearly improvements have made our Hercules the nearest thing to perfection. Our ability to buy material in great quantities and the rapid sale of our furnaces have enabled us to quote such a low price. Only the World's Largest Store can do this.

Every Hercules Heating System Guaranteed

Our guarantee protects you in your purchase of this heating plant. We are willing to guarantee you satisfaction or return your money—that certainly is proof that we have faith in the Hercules, that we are sure it will live up to all of our claims. Years of experience in the furnace business has taught us and thousands of satisfied customers to expect the utmost in heating perfection from our Hercules Warm Air Pipe Furnace—that is what we are offering you, heating perfection at a price usually paid for a far inferior product.

Let Us Send You an Estimate on a Modern Warm Air Heating System for Your Home

Our experience in the development, perfection and distribution of our Hercules Warm Air Heating Systems extends over a period of over twenty-five years.

We have proved to many thousands of our customers that our Hercules Warm Air Furnaces are easy to install. That they fulfill every claim we make for them. That the broad guarantee under which they are sold and our liberal merchandising policy are a reliable assurance of satisfaction.

The above illustration shows in detail the air space casing insulation of our Hercules Pipe Furnace. The outer casing is made of strong gauge galvanized sheet metal in two sections, an upper section and a lower section. Inside of this outer casing and spaced one inch apart from around the entire furnace, there is suspended an inner casing also made of galvanized iron, which extends down to a level with the top of the ashpit, providing a one inch insulating space around the entire heating body of the furnace. Effectively preventing the loss of heat through the furnace casing, this one-inch insulating air space is a big coal saving feature on this furnace for the reason that it prevents heat loss in the basement.

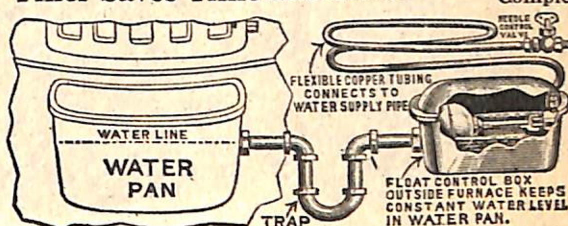
Above illustration shows the large capacity cast iron water pan supplied with this furnace. This water pan is mounted in the front casting just beneath the fire door and directly opposite the fire pot castings where the fire is hottest, thus insuring sufficiently rapid evaporation to provide the proper degree of moisture to the air as it circulates through the furnace and up to your rooms.

The water pan is, of course, open inside the furnace air heating chamber. The part of the pan which projects out through the front of the furnace, however, is provided with a hinged cast iron cover. When filling, this cover is simply raised and pushed aside and the water poured right in, making a very convenient arrangement.

Our Heating Offer Can't Be Beat

Only the finest quality material is used on Hercules Heating Systems. We design your system for you. You get free engineering service. You get specially prepared plans. You get a complete instruction book covering every phase and every detail of the installation. You have an opportunity to save from $100.00 to $200.00 on the installation cost alone by looking after the work yourself. You get a strictly modern heating system unexcelled by any in the country for fine quality material and heating efficiency. In short, you get service and quality, and you get it at a price that spells dollars in your pocket. That's what you get when you order a Hercules Heating System, and that's why we say our proposition cannot be beat. **Write for our special Plumbing and Heating Catalog 548K. Get our estimate and judge for yourself.**

Peerless Flue Cleaner $1.45

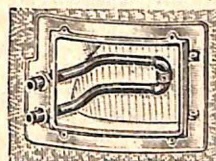


The Greatest Ever

Here is the most practical and efficient furnace flue cleaner on the market. It is flexible in one direction only. It is absolutely rigid in the other, so that it is always under complete control of the person using it. All of the soot in any furnace radiator can be easily removed in a few minutes. We know of no other flue cleaner on the market that can possibly compare with this in actual results. It will pay for itself in one month in fuel saved. You will make a big saving in your coal bills by keeping your furnace radiator clean.

42K165¼—Shipping weight, 4½ pounds....... **$1.45**

Hercules Automatic Water Pan Filler Saves Time and Labor $4.95 Complete



This device completely relieves you of the task of keeping the water pan on your furnace filled. It is easily attached to any furnace by simply tapping into the water pan and making the connection. The flexible copper water supply tube is then connected at some convenient point on your water supply pipe. Once installed, it requires no more attention, operates constantly throughout the entire heating season and it will last for many years without attention.

You are always assured of correct humidity as the water pan can never run dry. Equipment includes bronze float valve with Monel metal needle point, 3-inch copper float, brass float chamber, five feet ¼-inch flexible copper tubing, needle control valve, and trap.

42K121—Shipping weight, 5 pounds....... **$4.95**

You Can Make a BIG SAVING On Your Heating System

Hot Water **$81.75** and up Boiler Only

Hercules Is Our Own Registered Trade Mark

Efficient Durable Economical

Why Be Without This Great Home Comfort?

If you haven't a Hercules Heating System in your home you are missing one of the greatest of all modern comforts. Just think of what it means to have your entire house heated to a comfortable and even temperature throughout the coldest winter weather; only one fire to attend to, no smoke, dust or gas in your living rooms, no carrying of coal and ashes over your rugs and carpets. On the coldest winter morning you can get up in a nice warm bedroom. You can use a modern oil or gas stove for cooking in the kitchen if you want to and still be warm and comfortable. This great comfort and convenience is easily within your means.

HERCULES SquareBoiler

Illustrations on this and the opposite page show our Hercules Round and Square Boilers for steam or hot water heating. From a standpoint of heating efficiency a choice between these boilers would be hard to make. That is largely a matter of opinion. Some people prefer a round boiler, others prefer the square. Nevertheless, whichever boiler you select, we believe we are offering you the best. The fundamental principle of these boilers is right. Notice the large amount of heating surface directly over the fire. The boiler is the heart of your heating system. For many years it will be burning coal economically or wasting it. A heating system for your home is an investment that you will make probably once in a lifetime. An inefficient boiler on your heating system is a poor investment at any price. With a Hercules Boiler in your home you will get the utmost heat out of the fuel you burn.

Our Hercules Square Boilers shown in the above illustration are made of cast iron, the boiler being assembled in vertical sections as shown. The vertical sections are interconnected with tapered push nipples and the sections are held together with draw rods at three points.

These boilers burn hard coal, soft coal, wood or coke and embody the very latest improvements in home heating boiler design. The V shape construction of the individual sections, directly over the fire and in the firepot itself, presents the greatest amount of heating surface where the heat is most effective.

The prices as given below on the steam boilers include steam trimmings complete. Prices on hot water boilers are for boilers only without fittings. Boilers are all 58 inches high over all and take 9-inch smoke pipe. Firing tools include the hoe, poker, rake and flue brush with handle furnished with each boiler. Shipped from factory in WESTERN NEW YORK. Prices subject to market changes.

When writing for our estimate be sure to state whether Round or Square Boiler is preferred. Where no preference is stated square boiler will be figured on estimates. If you wish to purchase boiler on easy payments write for special terms.

Boiler Ratings

All our Hercules Boilers both Square and Round are rated according to the regular standard as adopted by boiler manufacturers throughout the country. In these ratings no allowance has been made for heat losses from exposed mains and branch pipes, fittings, etc. In selecting a boiler add 100 per cent to the amount of radiation you have to supply and select a boiler rated accordingly; for instance, if you have 400 square feet of radiation to heat, you should have a boiler rated 800 square feet at least. We strongly advocate ample boiler capacity on any heating system. It is always far better to have a boiler a little over size than too small.

Cast Iron Radiators for Steam or Hot Water Systems

Good quality cast iron carefully machined and tested. Graceful, plain design. The smooth surfaces do not collect dust and dirt, and appeal to the housekeeper.

Only three and five-column radiators are listed below. For other styles send for our Special Plumbing and Heating Catalog. When ordering state number of sections and height wanted.

We can also furnish new style cast iron tubular radiators for steam or hot water. Prices given on request.

Shipped from factory in WESTERN NEW YORK. Prices subject to market changes.

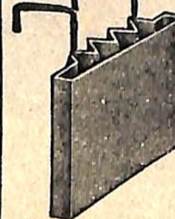
Asbestos Cement

For covering heating or power boilers, galvanized range boilers, smoke pipes and elbows and tees on heating systems, etc. Prevents loss of heat. Pays for itself in one or two seasons. Composed of asbestos fiber and a cement compound. Mixed and applied like ordinary plaster to a thickness of about 1½ in. Comes in 100-lb. bags. One bag covers about 11 square feet to a thickness of about 1½ in.

42K196½—Per bag....... **$1.65**

Shipped from factory in NORTHWESTERN INDIANA or PHILADELPHIA, PA., whichever is nearer to you.

Air Cell Asbestos Pipe Covering



For covering pipes on heating systems; also cold water pipes to prevent freezing. Easily applied after pipes are in place. Sold only in 3-foot lengths, 1 inch thick. Shipped from factory in NORTHWESTERN INDIANA or PHILADELPHIA, PA., whichever is nearer to you.

Complete Estimates Cheerfully Furnished

We will gladly send you an estimate on a complete steam or hot water heating system without obligating you in the least. Write immediately for one of our Special Plumbing and Heating Catalogs. Fill out the special information blank that you will find enclosed with this book, giving just the necessary information in regard to your building, and our complete estimate will be promptly sent to you. We will estimate on either a round or a square boiler, whichever type you prefer. Our engineers will estimate the exact size radiators and boiler, piping, etc., required for your building and you will be surprised at the big saving you can make. Any handy man can install any of our heating systems by following the simple plans and instructions which we furnish. All main pipes are cut to fit. All you have to do is to screw them together as indicated on the plans. **When writing for our estimate please state if round or square boiler is wanted. Where no preference is stated square boiler will be figured on estimates.**

The Hercules Thermostat Heat Regulator Saves Coal

$29.95 Complete

This device will keep the temperature in your rooms regulated to an exact degree throughout the entire winter, and it will open up the dampers on your heating system one hour before you arise in the morning, so that the house will be heated to a warm and comfortable temperature when you are ready to get up.

It saves many trips to the basement. It prevents your rooms from cooling off, as it opens the dampers automatically as soon as the temperature drops below 70 degrees, or whatever you have set it for, and it prevents overheating your rooms, because it closes the dampers as soon as the temperature goes above that degree.

It saves coal. **Complete instructions for installing furnished with each outfit.**

42K1174¼ — Outfit, complete, ready to install. Shipping weight, 30 pounds.......**$29.95**

"The Little Fireman" Damper Operator Saves Coal

Opens the dampers on your heating system an hour before you get up in the morning, so that when you rise, every room in your house will be warm and cozy. Outfit includes clock, pulleys and 18 feet of chain ready to install with full instructions. Shipping wt., 6 lbs.
42K1172...$3.95

HERCULES Round Boiler

Scientifically designed for greatest heating efficiency, our Hercules Cast Iron Round Boilers are unexcelled for economical home heating. These Hercules Boilers are equal to the best on the market in workmanship, finish and material. They are built to a very high quality standard, the grates, door, castings and other parts being of heavy construction so that the boiler, with ordinary care, will last a lifetime. All doors are ground to a very accurate fit, reducing air leakage to a minimum. Ample cleanout openings have been provided, making the boiler easily accessible for cleaning at all points. There is a liberal size feed door and a very deep fire pot, which makes this one of the most economical home heating boilers on the market. The grate bars are of the rocking type. The entire grate can be easily shaken by moving the long lever handle at the front of the boiler backward and forward. Each boiler has tappings to receive a coil for heating water for domestic purposes.

The illustrations above show boilers having three sections above the fire pot. These boilers are also furnished with only two sections above the fire pot and with three sections above the fire pot, depending, of course, upon the heating capacity required.

We offer you these boilers with the assurance that they represent the maximum in fuel economy and home comfort.

When writing for our estimate be sure to state whether round or square boiler is preferred. Where no preference is stated square boiler will be figured on estimates.

Both Cash and Easy Payment Prices are given below. Write for special terms if you wish to purchase on easy payments.

Please Read Information on Opposite Page Regarding Boiler Ratings

Prices and Dimensions—Hercules Round Boilers

The prices, as given below on the steam boilers, include steam trimmings complete. Prices on hot water boilers are for boilers only without fittings. Firing tools include the hoe, poker, rake and flue brush with handle furnished with each boiler. Shipped from warehouse in WESTERN NEW YORK.

New and Improved "KOOK KWICK" Steam Pressure Cooker

Five Times Easier to Use than Any Other Pressure Cooker You Can Buy

$11.85 10-Quart

"Kook Kwick" now stands more than ever supreme among pressure cookers! **A new, greatly simplified locking device,** with one simple, quick tightening screw, especially constructed for the World's Largest Store. Saves time in securely fastening the cover. **A much better cooker than ever before.**

Prepares Meals in One-Third the Usual Time

It's the smooth, simple, efficient way for the modern housewife to prepare the most economical and the most nutritious meals. Approximately one-half million families are using pressure cookers today. **Simple to operate.** No danger of scorching or burning. Far more simple to use a "Kook Kwick" than to cook the old way. Save yourself work; save your pocketbook and serve your family more nutritious foods than they ever tasted before.

Cut Food Costs—Increase Food Value

With a "Kook Kwick" you do not need the choicest cuts of meats. Less expensive cuts are made as tender and tasty as more costly cuts cooked by ordinary methods. According to the most eminent authorities, quick cooking at high temperatures means more food value. None of the food flavors or natural juices are lost in the cooking.

Use the popular and efficient cold pack method.

Can fruits, vegetables and meats in one-third the usual time.

Built to Last a Lifetime

Made from one piece of solid heavy cast pure aluminum. Fittings include cast aluminum rack, three aluminum inset dishes, bails and lifters. Carefully and strongly constructed in every detail so as to insure a lifetime of practical service. Book of recipes and instruction card furnished with each cooker.

Leading Values in Laundry Needs

One Motion "Stand Fast" Ironing Board

The World's Best Ironing Board

Will Not Creep or Wobble

For Ironing Board Covers, See Page 177

$2.48

It has 4 legs. It can't tip over.

Strong Construction

Folds With One Motion

You'll never know REAL ironing comfort until you use a "Stand Fast." Takes very little space, its compactness when folded will surprise you. Note the lock joints on the STEEL frame; insures rigidity. Will not creep, wobble, jiggle, slip or tip while you iron. You'll be more than pleased with this board—its simplicity, its strength, its rigidity.

Firmly trussed with enameled metal cross-braces, yet light in weight. Automatic, easy to handle. Easy to fold, one motion does the trick. Has four legs. Will not tip over, a tendency with all of the three-leg types offered today. Stands 31 inches high with large, roomy ironing surface, 54 inches long by 15 inches wide, of selected kiln dried soft wood. Narrow end of board is properly shaped to shoulder and top of sleeve of men's coats—ideal for pressing. Will not warp or twist out of shape. Each board is enclosed in an envelope which insures clean stock, free from dust or dirt. An exceptional value at Sears low price of $2.48. Shipping weight, 16 pounds.

Carpet Sweepers

GENUINE BISSELL'S

A Handy Sweeper for Every Home!!

Whether it's just a few after dinner crumbs to pick up, or a whole house to clean, this genuine Bissell's will do the work. Every housewife needs it for convenience and time saving in her cleaning It takes only a few minutes and very little effort to use it, and the results are surprising. A close bristled revolving brush picks up the dirt, crumbs, lint, bits of cloth and all kinds of litter, and deposits them in two large hidden dust pans.

Well Constructed—Durable

Strong, and built to give many years of good service. Silent, dustless and easy running. Adjustable to long or short nap rugs by mere pressure on the handle. Beautiful mahogany finished hardwood case. Rubber tired wheels. Band of woven braid goes entirely around sweeper to prevent marring of furniture. Two large dust pans easily emptied by merely pressing lever. Complete with 46-inch handle. Size of sweeper, 9x14 inches. Shipping weight, 8 pounds.

KWICK KLEEN VACUUM SWEEPER

Non-Electric

Maximum Cleanliness With Least Effort

No more drudgery! That necessary evil, house cleaning, actually becomes a pleasure with a "Kwick Kleen." It lightens the work of house cleaning. A wonderfully efficient and practical non-electric cleaner **with 12-inch nozzle.** Exactly what you need. Use it just a few minutes daily. It keeps your home spotlessly clean without giving you that worn out feeling that goes with the old fashioned way. Even if you have an electric cleaner, you find the **"Kwick Kleen"** indispensable in your home.

5 Year Guarantee

The mechanism of every "Kwick Kleen" Vacuum Cleaner is guaranteed for 5 years against defects in material or workmanship. With ordinary care the "Kwick Kleen" gives you years of perfect service, saving its small cost each year in the improved condition of your home. If for any reason you are not satisfied with your "Kwick Kleen," return it at our expense. We return your money, including any transportation charges you have paid.

Why You Should Own a "Kwick Kleen"

Vacuum Cleans as It Sweeps—No Dust

The **"Kwick Kleen"** is rapid and thorough. Cleans not only the surface, but gets all underlying dirt as well. As it glides over the carpet, it creates its own continuous suction. The first movement starts the ball bearing fan whirling at high speed and the steady, powerful current of air draws even the deeply embedded dirt into the large bag. At the same time a **fast revolving bristle brush picks up the lint,** threads and surface litter. The fan keeps spinning as the machine is drawn backward, and every movement speeds it up still more.

Easy to Handle

No mechanism to adjust, no electric cords to bother with. Even a child can operate it. **Ball bearings make it the lightest running,** easiest operating and quietest non-electric sold today.

Attractively Finished

The entire body of this handsome cleaner is **solid aluminum,** beautifully finished. Wheels are of steel and fitted with oversize, live rubber tires. Pistol grip handle, 40 inches long, fits palm of hand comfortably. Built only six inches high; it gets in all out of the way places, eliminating use of broom. **Nozzle 12 inches long.** Bumper braid around nozzle protects the furniture and base boards. Actual weight, 9 pounds. Shipping weight, 13 pounds.

99K2136....**$13.95**

Usual Selling Price, About $30.00

OUR PRICE $13.95

Kwick-Kleen Vacuum Sweeper

SOLID ALUMINUM CASE

LIVE RUBBER TIRED WHEELS

The Easy "Kwick Kleen" Way

Bumper braid protects your furniture and base boards.

Dilution Cream Separator

You get more cream, get it quicker, easier and more conveniently than when you resort to the old skimming methods.

Does the Work Quickly

Separates in three to four hours, and gives a sweet diluted milk that is much better for stock feeding than sour milk. Add an equal quantity of water to the milk. Cream separates and rises to top. You can watch separation through glass gauges in side of tank. Milk is drawn off through deep cone bottom faucet without disturbing cream.

Made of heavy tin plate. Seamed and well soldered throughout. Beautifully blue enameled outside. Prices include tank, tin tubes, strainer faucet and hardwood legs.

Unusually Low Prices on Highest Quality Saws and Axes

The Best One-Man Saws Cost Less at Sears

$1.85 3½-Ft. **Fulton Champion Tooth Crosscut Saws**

Highest grade special alloy, crucible saw steel. Blade is oil tempered, well polished and etched. Saw is hand filed sharp and set ready for use. Strong beechwood handle has three brass screws. Beechwood top handle. Fully warranted. Usually sold by most other stores for at least $1.00 more than our prices. We have but one grade—the best. State length.

Length, feet	3½	4	4½
Shipping weight, pounds	5	6	7
99K5914	$1.85	$2.05	$2.35

Fulton Perforated Lance Tooth Saws **$2.80** 4-Ft.

An extra quality one-man straight back crosscut saw. Best grade special alloy saw steel blade is oil tempered, full polished, etched and ready for use. Thin back taper ground. The four cutting teeth, hand set and filed, make this saw cut very fast and run easily. Light, handy, strong and hard to dull. Handle of beechwood, fastened with three brass screws. Beechwood top handle. Fully warranted. State length.

Length, feet	4	4½	5
Shipping weight, pounds	6	7	8
99K5915	$2.80	$3.15	$3.50

Fulton Champion Tooth Wide Crosscut Saws **$2.45** 5-Ft.

14-gauge at tooth edge, 18-gauge at back edge. Best grade special alloy crucible saw steel. Tempered hard and tough in oil. Two cutting teeth are filed by hand; raker tooth is chisel pointed. Runs and cuts easily. No handles. State length.

Length, feet	5	5½	6
Shipping weight, pounds	5	6	7
99K5922	$2.45	$2.70	$2.95

Fulton Wide Perforated Lance Tooth Crosscut Saws **$2.95** 5-Ft.

Highest grade special alloy crucible saw steel. Correctly tempered, full polished, etched. Thinner at back than at cutting edge. Has 4 cutting teeth to one raker tooth. 14-gauge at tooth edge, 19-gauge at back edge. Hand filed teeth, deep gullets give extra clearance. Without handles. We have but one quality—the best. State length.

Length, feet	5	5½	6
Shipping weight, pounds	7	8	9
99K5927	$2.95	$3.25	$3.55

CHALLENGE PRICES on Blowers and Forges

Popular Priced Adjustable Blowers

$8.25

These blowers satisfactorily fill all the needs of the small blacksmith shop. They give a strong blast and have excellent construction features that mean long service to you.

ACCURATELY CUT GEARS RUN IN A BATH OF OIL IN DUSTPROOF CASE. Easy to operate. Crank turns either forward or backward. Adjustable blower case.

99K5000

Height, 41½ inches, 8½ in. fan case. Shipping weight, 64 pounds. With piping and tuyere as illustrated **$8.25**

99K5001

Height, 43 in., 11½-in. fan case. Shipping weight, 82 lbs. With piping and heavy anti-clinker tuyere..**$11.95**

Cyclone Adjustable Ball Bearing Blower

12-Inch Fan Case

$23.45

The gear case is oil-tight and leakproof with removable cover. Gears are made of the highest grade of special phosphor bronze and tool steel accurately turned and fitted, thus assuring smooth and easy running. Each turn of the crank in either direction produces 46 complete revolutions of the fan. Equipped with extra heavy anti-clinker tuyere iron and complete piping. This tuyere, in combination with the high speed blower, produces a circular rotary whirlwind white heat blast which heats iron more quickly than any other blower and with a considerable saving in fuel. **The highest type of blower made.**

99K5005—Complete, as illustrated. Shipping weight, 167 lbs..**$23.45**

Our "Whirlwind" Geared Forge

Cast Iron Hearth

Where else can you find a high grade forge with a cast hearth at such a low price? Has 20-inch cast iron hearth (which will outlast two of the light steel hearths) 8-in. fan case, oiltight and dustproof gear case with accurate cut gearings, giving smooth, easy running, noiseless operation. One turn of crank either way gives 48 revolutions of fan, giving a strong, steady, high pressure blast immensely superior to that of the old lever type. Will bring iron to a welding heat in the shortest time. **Wonderful value in a low priced utility forge.**

99K5036—With hood as illustrated. Height, 52 inches over all. Shipping weight, 79 lbs......**$8.45**

99K5037—With shield. Height, 40 in. over all. Shipping weight, 78 pounds **$7.95**

Exceptional Values in Guaranteed Fast Cutting Grinders

General Household Grinder

$1.00 4-Inch — KEEP YOUR TOOLS SHARP!

Simply Constructed. Nothing to Get Out of Order

Genuine bargain in an all-purpose grinder of simple but efficient design. Strong and durable. Just the thing for home or workshop. No complicated parts to get out of order. Corundum wheel sharpens cutlery or any edged tools speedily and without the injurious heating usual in most quick acting grinders. Has oil-tight and dustproof case. Equipped with tool rest. Clamps easily and firmly to any bench, table or shelf.

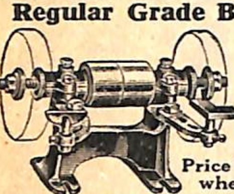
Best Grinders Made

$2.25 4-Inch

Grinders at the Lowest Prices



Highest Quality—True Running—Correctly Balanced

Heavily constructed, specially designed to take all the hard knocks of home, farm or general shop use. Extra heavy oiltight and dustproof housing case permits gears to run in bath of oil. Baked enamel finish. Very extra long bearings hold gears in perfect alignment. Heavy wide machine cut gears add life, smooth running qualities and ease of operation. Heavy pinion and malleable iron crankshaft. Highest quality free cutting corundum wheel quickly sharpens finest edge tools with very little pressure and does not create excessive heat, which so often draws the temper, while the adjustable tool rest makes it easy to handle all ordinary grinding from any position. High powered, high speed, durable, quick cutting, this grinder will give you a lifetime of satisfactory service. Has clamp for fastening to bench, table or shelf.

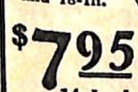
Fulton Defiance Lawn Mowers

Ball Bearing—Smooth Running

Highest quality steel ball bearings make the Fulton Defiance the lightest, smoothest, easiest running mower you can buy at anywhere near our price. All bearings are perfectly ground and are dustproof throughout. Fulton Defiance Mowers are unusually good and constructed on the very finest mechanical principles. Revolving cutters that cannot be thrown out of alignment and do not leave the grass ragged as in the types which have lighter cutters.



Self-Sharpening—9-In.x1¼-in. Oversize Wheels—Four Spiral Blades

Fulton Defiance Mowers never need filing or sharpening; the revolving blades sharpen themselves as you cut the grass. Handsome, splendidly made machines; all materials used in construction are first quality, all parts are carefully machined and hand fitted. Every Fulton Defiance Mower has oversize wheels and four spiral cutting knives.

Equip With "Wearwell" Steel Wheels

$3.85 PER WHEEL AND UP

Full Forged—*For All Farm Wagons and Trucks*

Strong, substantial, wide tread steel wheels will convert that old high wood wheel farm wagon into a modern steel wheel farm truck at very little cost.

The Longest Wearing Wheel for the Least Money

SPOKE UPSET UNDER TIRE RIM

SPOKE UPSET OUTSIDE OF HUB

SPINNER RIVET HEAD SPOKES PROTECTED BY GROOVED TIRES

SEMI-STEEL HUB

FORGED IN HUB — ALL STEEL SPOKES

EXCLUSIVE FEATURES:-

Full forged Wearwell Steel Wheels are made to stand up under all road conditions and have many advantages over ordinary steel wheels with spokes cast in hub.

Semi-steel hubs have a grease retaining chamber that insures perfect lubrication at all times. Unbreakable steel spokes are hot forged into hub and rim under tremendous pressure and cannot become loose. (Wearwell Steel Wheels will give considerably more service than wheels with spokes cast in hub.)

Electrically welded grooved tires protect the ends of spokes from wear. Wearwell Steel Wheels are ideal on freshly plowed or soft, spongy ground, as they run easily and do not cut up your roads or field.

MADE TO ORDER—QUICK SHIPMENT FROM FACTORY NEAR CHICAGO

Made to order to fit any tapered skein from 2½x8 to 3½x11 inches. We can also furnish them for straight axles from 2x8 inches to 3x11 inches. See below for information on "How to Measure Your Wagon Skeins."

"Wearwell" Cast Skeins for Above Wheels

99K8318⅓—State size wanted. Shpd. from factory near Chicago.

Size, inches	3x9	3¼x10
Per set	$3.55	$3.95

Note.—If less than complete set is ordered, state whether right or left hand is wanted.

How to Measure Your Wagon Skeins

Cut a piece of cardboard to fit over each necessary dimension. Measure from side to side of spindle (not from top to bottom). Be sure to measure BOTH front and rear axles. Give following measurements:

1—Length of spindle.
2—Diameter of flange or collar next to spindle.
3—Diameter of spindle at largest point.
4—Diameter of spindle at small end, next to nut.
5—Diameter of nut, largest point.

U. S. Liberty Jack $5.65

Made for U. S. Army Use

Capacity, 8 Tons

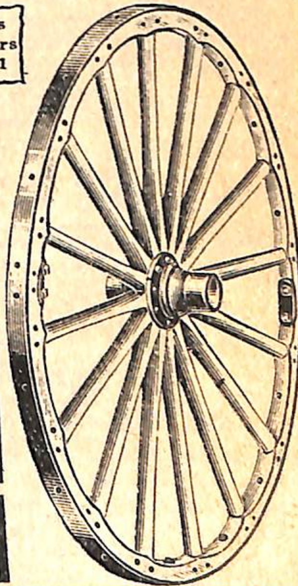
A strong, dependable jack for all around use. Indispensable around gas engines, tractors, threshers, wagons, etc. Built unusually strong to stand the hardest kind of service. Heavy cast steel frame will lift any weight up to 8 tons. Teeth are milled from solid bar of steel. Easy to operate, nothing to get out of order. Height, when open, 31 inches; when closed, 21 inches. Shipping weight, 31 pounds.

99K5513............$5.65

For Canvas Wagon Covers See Page 501

SARVEN PATTERN Buggy and Light Wagon WHEELS

Complete With Round Edge Tires



SECOND GROWTH HICKORY

Wheels are furnished without boxes. We do not set axle boxes in hubs. We can furnish heavier sizes suitable for heavy wagons and drays. Write for prices. If desired, we will sell half sets at one half price of full sets. All wheels shipped promptly from factory in Ohio. **Any height from 34 to 48 inches can be furnished. Be sure to state height wanted.**

Extra High Grade

Selected straight grain thoroughly seasoned hickory spokes. Rims are screwed on each side of each spoke to prevent splitting. Hubs have extended malleable iron flanges. Round edge steel tires are bolted between each spoke. Cost a little more than ordinary repair wheels, but will give you double the service and save you money. Extra high grade wheels furnished in the white. Oil finished.

Extra Standard Grade

Seasoned hickory stock and fully bolted. Will give satisfactory service on repair work. Extra standard grade wheels are primed in oil and lead.

Modern Bathroom Outfits

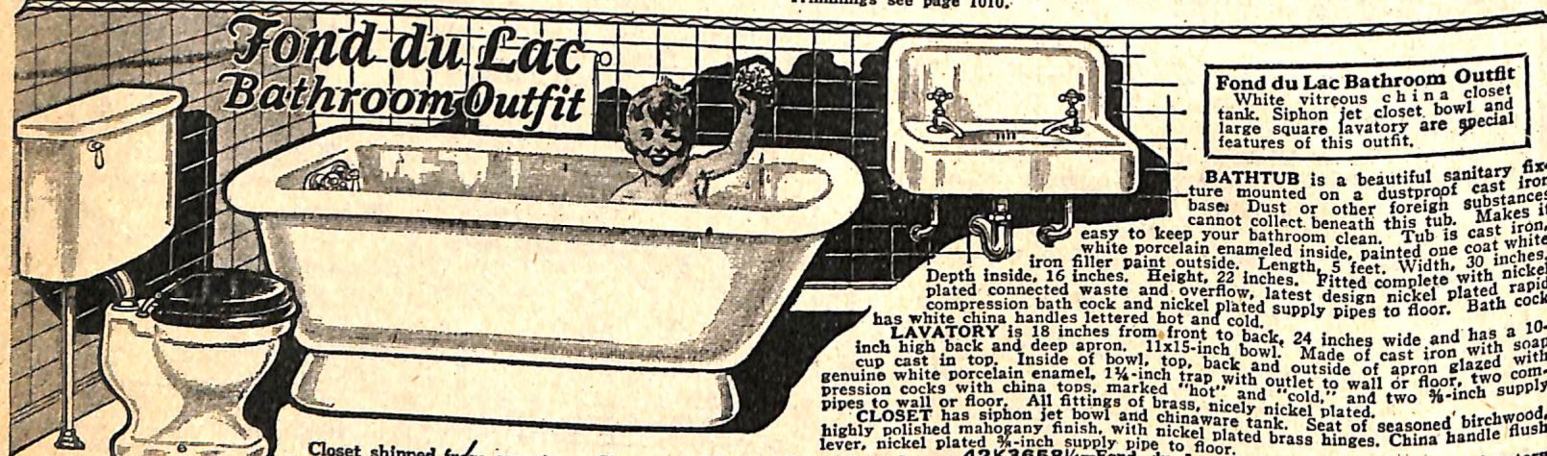
Fairview Bathroom Outfit

Here is genuine quality at a moderate price. Strictly modern, durable and serviceable. Why not enjoy this great convenience in your home now?

BATHTUB is 5 feet long, 30 inches wide over rim at top and 17 inches deep, sufficient to prevent water from splashing over sides. Height from floor to top of tub, 22½ inches. Made of cast iron, coated inside with white porcelain enamel, painted one coat of white filler outside and has 3-inch roll rim. Latest style improved quick compression bath cock, 1½-inch connected waste and overflow and two ½-inch supply pipes to floor, all of brass, nickel plated and polished.

LAVATORY is 18 inches from front to back, 21 inches wide and has 8-inch high back and roll or turnover rim 4 inches deep. Bowl, 10½x14½ inches. Soap cup cast in top directly above overflow. 1¼-inch trap with outlet, two compression faucets with china tops, one marked "hot," the other "cold," and two ⅜-inch supply pipes. All trimmings of the latest design, made of brass, nicely nickel plated.

CLOSET—The closet combination is the special feature of this bathroom outfit. Has siphon washdown bowl of vitreous earthenware, highly polished mahogany finish seat with nickel plated brass hinges and large capacity white china tank with china handle flush lever and nickel plated supply pipe to floor. This vitreous china tank is artistically designed. It is a beautiful sanitary closet outfit that is easily kept clean and white and will add greatly to the appearance of your bathroom.



Closet shipped from our store. Shpg. wt., 130 lbs. Bathtub and lavatory from HARRISBURG, PA., or SPRINGFIELD, MASS. Shipping weight, 410 lbs.

42K3664¼—Fairview Bathroom Outfit (bathtub, lavatory and closet), with lavatory supply and waste pipes to wall, as illustrated..... **$64.75**

42K3665¼—Fairview Bathroom Outfit (bathtub, lavatory and closet), with lavatory supply and waste pipes to floor..................... **65.20**

Nowhere Else Such a Value as This

Fairfield Closet Outfit **$20.95**

Has Beautiful White Vitreous Tank

A strictly modern low tank closet outfit. Tank is made of white vitreous earthenware with latest improved brass flushing mechanism, copper ball float and compound lever ball cock. Has Douglas ball type flushing valve with overflow and refill tube, white china lever pull and nickel plated brass supply pipe to floor. Seat is of solid birch, beautifully finished in mahogany, with solid brass bar hinge, nickel plated and polished. Bowl is siphon washdown pattern made of sanitary white vitreous earthenware to match tank. Tank connects to bowl with solid brass nickel plated elbow. Nickel plated brass screws and washers furnished for attaching bowl to floor. This beautiful sanitary outfit will add wonderfully to the appearance of your bathroom. Shipping weight, 130 pounds.

42K2000¼.......... **$20.95**

Ridgeland Closet Outfit

This outfit is same as our Fairfield Closet Outfit described above, except that it has a beautiful snow white seat to match tank and bowl. Seat is coated by a special process with genuine white celluloid and has hand rubbed finish.

42K2008¼—Shipping weight, 130 pounds.............. **$22.90**

Another Real Value

Oakdale Closet Outfit

Same as our Fairfield Closet Outfit at right, except bowl is siphon jet pattern instead of siphon washdown. Almost noiseless in its flushing action. Siphon jet bowl, in addition to the regular siphon flushing action, has small jet which projects a solid stream of water at high velocity through the trap of bowl in same directions as flow of water so that flushing action is greatly enhanced. Shipping weight, 50 lbs.

42K2001¼—Outfit complete, as illustrated............ **$26.75**

$26.75 Complete

Any Closet Outfit on This Page Is Easily Installed. Our Complete Plumbing Instruction Book 7777K Tells You How. Sent Postpaid on Request.

42K1860¼ **$25.95**

Self Acting Hopper Closet

Automatically flushes bowl when seat is pressed down. For basements, factories and places where there is no danger of freezing. Not frostproof. Especially suited for public places, etc. Cast iron bowl, porcelain enameled inside and painted outside. Solid oak seat. For ½, ⅝ or ¾-inch lead pipe. This bowl has no trap. 4-inch soil pipe trap 42K1540¼ should be placed under it. See page 1012. Shpg. wt., 45 lbs.

42K1647¼ Complete.......................... **$8.75**

Hercules Septic Tank for Sewage Disposal

Instructions furnished with each tank.

Hercules Septic Tank Where First Stage of Purification Takes Place

The filter or absorption bed where liquid effluent from tank passes through the final purifying stage before soaking into the soil.

It Kills the Germs

Typhoid and other disease germs, in almost every instance, can be traced to contamination of the well by house sewage. A safe and efficient system of sewage disposal is recognized as a necessity for the protection of human life. Hercules Septic Tank is adapted for sewage disposal from any building where running water is available. The natural process of bacterial action provides a safe, effectual and inexpensive means of sewage disposal, as well as an effective protection for your water supply. Hercules tanks are built from high quality Copper Bearing Steel Plate, unexcelled for rust resistance. In addition to this, they are coated with a special rust resisting preservative, making them very durable.

Hercules Water Softener

Better Than a Cistern

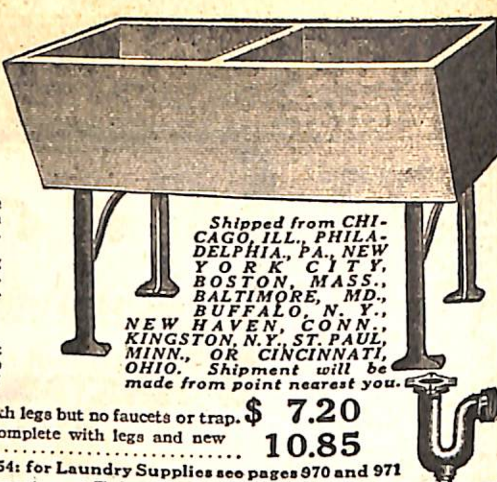
The Hercules Water Softener is installed in the basement, and the hard water piped so as to pass through it. As the water passes through the mineral bed in the softener, all the hardness is caught and held. The mineral absorbs the hardness like a sponge absorbs water. No chemicals are added—just the hardness is removed. The mineral in time takes up all the hardness it can hold. It is then necessary to put about 10 pounds of salt in the softener, which releases the hardness and is flushed to the sewer with the salt. Salt must be added every two to four weeks, depending on the amount of hardness in the water. The mineral does not lose its efficiency; it is permanent, because it is insoluble in water and will continue to soften water for years.

A cistern is a catch-all place for the dirt of the roof and gutters; each rain washes the accumulation of bugs, chimney soot and bird wastage into the family wash water.

A Hercules Water Softener costs less than a cistern and gives an unlimited supply of 100 per cent soft, pure, untainted and delightfully clear water, good for drinking, and a pleasure in doing all household tasks.

With the cistern it is necessary to have a separate pump and storage tank. The Hercules Water Softener eliminates this. It is easily connected to your plumbing system in a few hours' time. Any handy man can install it by following out simple instructions. It is shipped complete, ready to use, there is nothing to be added after you get it.

SPECIFICATIONS



Size of tank, 14 inches in diameter; height of shell, 48 inches, guaranteed to stand 125 pounds pressure. Built of heavy, rust resisting steel and coated inside and out with a specially prepared material which absolutely prevents rusting. The fittings are ¾-inch in size. The valves are the best obtainable. A 3-inch brass plug with rubber seated gasket on head of tank; 2-cubic feet of high capacity, white synthetic mineral. THE HERCULES WATER SOFTENER CARRIES OUR MONEY BACK GUARANTEE.

"Ever Ready" Electric Water Supply System

$59.70 CASH Ready to Install~

It Has No Belt to Slip Off or Give Trouble

Suction Limit 20 Feet—Pumping Capacity, 200 to 250 Gallons per Hour

Suction Pipe from Well Not Included in Price

Our Ever Ready Automatic Electric Water Supply System illustrated here will automatically supply running water to your bathroom, kitchen sink, laundry, etc. These outfits may be used for pumping from wells or cisterns not over 20 feet deep. **Note that there is no belt to slip off, cause accidents or give trouble. Pump is directly connected to motor, giving maximum simplicity and insuring uninterrupted service.** When pressure in tank gets below 15 pounds the automatic switch starts the pump. When pressure gets up to 35 pounds the pump stops. The outfit is entirely automatic. Size of reserve storage tank, 10x18 inches. **Has pumping capacity of 200 to 250 gallons per hour.**

A Strictly High Grade Outfit

This is a strictly high grade outfit, built for long service. Equipment includes a ½-inch water relief valve, set at 60 pounds to prevent excessive pressure in tank.

The electric motor is a strictly high grade ¼ H.-P. repulsion induction type motor and the outfit should not be confused with cheaper outfits which have split phase motors, not at all satisfactory for this kind of service. Motor can be furnished for various types of electric current, as follows: 105-volt, 110-volt, 115-volt, 120-volt and 220-volt, A. C., single phase, 60-cycle; 110-volt and 220-volt, D. C.; also at additional cost as quoted at left we can furnish motor for 32-volt, D. C., same as furnished by ordinary farm electric lighting plants. **When ordering be sure to state which is wanted.**

You can get this information from the people who supply you with electric current. Special quotations for outfits with motors for current other than above given on request.

Pump is tapped for ¾-inch Suction Pipe, Discharge Connection from Tank is for ½-inch Iron Pipe. Outfit includes Pump, Motor, Base, Tank, Automatic Switch, Pressure Gauge, Flexible Hose Coupling and Combination Check Valve and Strainer Box as shown.

We can furnish pneumatic water supply systems for deep wells, gasoline engine or windmill driven; also hand power outfits for deep wells. Prices quoted on request.

PRICES—Outfits With Water Relief Valve, Foot Valve and Strainer, for Connection to Dug or Drilled Wells, Lakes, Streams, Springs, etc.

	Kind of Current	Cash Price	Easy Payment Price	Payment Down	Payment, per Month
42K3636¼	105 to 220-volt 60-cycle A. C..	$59.95	$66.00	$10.00	$6.00

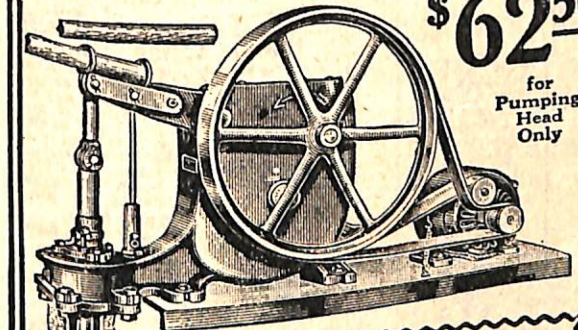
PRICES—Outfits Same as Above Without Foot Valve for Connection to Drive Well Pipe.

	Kind of Current	Cash Price	Easy Payment Price	Payment Down	Payment, per Month
42K3639¼	105 to 220-volt 60-cycle A. C..	$59.70	$65.50	$10.00	$6.00
42K3640¼	110-volt D. C..............	59.70	65.50	10.00	6.00
42K3643¼	220-volt D. C..............	59.70	65.50	10.00	7.50
42K3641⅓	Farm Lighting Plant, 32-volt.	61.70	68.00	10.00	7.50

Economical to Operate—Easy to Install



Figuring cost of current at 10 cents per kilowatt hour, it will cost you only 14 cents to pump 1,000 gallons of water. Maximum working pressure, 35 lbs. Outfit may be placed any distance within about 100 feet from the well or cistern, but pump should not be more than 20 feet above lowest water level. Any handy man can easily install this outfit by following the simple instructions which we furnish.

Shipping weight, complete outfit, 83 pounds.

If ordering on monthly payment plan, use time payment order blank on page 1092.

$62.50 Cash Price Deep Well Electric Water Supply System

for Pumping Head Only

Oil cased, deep well pump for wells up to 200 feet in depth. Pumping capacity, 120 gallons per hour. Sufficient for all home requirements or light farm pumping where water is over twenty feet below surface and our shallow well outfit quoted above cannot be used. Has 6-inch stroke.

SPLASH OILED. The main driving mechanism is incased in an oiltight, dustproof housing which is partly filled with oil. The lower part of the gear and walking beam are immersed in this oil bath at all times, and as the gears revolve the oil is carried upwards and distributed over all moving parts within the housing, giving every moving part and bearing an oil bath at each revolution, insuring positive lubrication.

NOISELESS. The simplicity of design followed in this pump reduces the moving parts to a minimum. There are only three moving parts in the complete transmission, the pinion and gear with crank pin fitted with split bronze crosshead which operates in a slotted lever of bell crank type. All gears being machine cut and are gauged and finished to an accurate fit, insuring a smooth and quiet running outfit free from vibration.

ECONOMICAL. In this outfit friction is reduced to the minimum, and the design is such as to give the most efficient transmission of power from motor to pump plunger. The high efficiency of this outfit makes it very economical of current, and makes it especially desirable for use with private home electric lighting plants as well as where the current is brought from a local company.

ENGINE OR MOTOR DRIVE. Pumping head may be operated by electric motor or gasoline engine. Special estimates given on complete outfits with gasoline engine drive for any depth of well. Drive pulley is 16 inches in diameter and has 2¾-inch face.

42K3625¼—Working Head only, including flat face pulley without steel base, belt tightener or electric motor, for gasoline engine or electric motor drive. Shipping weight, 158 pounds.
Cash Price.................................... **$62.50**
Easy Payment Price.................................... **69.00**

Note: Outfits below include working head and motor assembled on steel base, pump rod and galvanized drop pipe, plunger and brass cylinder, size 1¾x24 inches; driving belt and automatic belt tightener, complete as shown, for depths of well specified. All outfits have discharge outlet threaded for 1-inch iron pipe. 2-inch drop pipe and 1⅛-inch wood pump rod.

42K3626¼—Complete Pumping Outfit, as described and illustrated, with ¼ horse-power electric motor for 21-foot well. Shpg. wt., 275 lbs.
Cash Price...... **$109.10**
Easy Payment Price........... **120.10**
For each additional foot of well depth up to 35 feet, add 37 cents to cash price, 41 cents to easy payment price and 2¼ pounds to shipping weight. For wells over 35 feet deep use outfit 42K3627¼.

42K3627¼—Complete Pumping Outfit, same as 42K3626¼, except with ⅓ horse-power motor for wells 36 feet deep. Shpg. wt., 280 lbs.
Cash Price...... **$132.60**
Easy Payment Price........ .. **146.20**
For each additional foot of well depth up to 95 feet, add 37 cents to cash price, 41 cents to easy payment price and 4¼ lbs. to shipping weight. For wells over 95 feet deep use outfit 42K3628¼.

42K3628¼—Complete Outfit, same as 42K3626¼, except with ½ horse-power motor for wells 96 feet deep. By adding extra pipe and pump rod as quoted below, this outfit can be used for wells up to 200 feet deep. Shipping weight, 295 pounds.
Cash Price....... **$154.80**
Easy Payment Price.......... **170.85**
For each additional foot of well depth up to 200 feet, add 37 cents to cash price, 41 cents to easy payment price and 4¼ lbs. to shipping weight.

SPECIFICATIONS. Pinion and gear are cut stub tooth form, as is done by manufacturers of high grade automobiles. Gears cut in this way are 75 per cent stronger than the ordinary gears so commonly used. The accuracy and care used in manufacturing these parts makes the outfit almost noiseless in operation. Crank pin is fitted with split bronze crosshead operating in guides of walking beam. Pinion and pulley shaft have bearing on both sides of gear case, and on one side of the case a removable bushing is provided which can be removed by unscrewing a single plug.

BELT TIGHTENER. Has swinging arm belt tightener applicable to gasoline engine or motor drive.

AIR COMPRESSOR. Auxiliary air pump insures positive and ample air supply should you wish to operate outfit with storage tank. Air supply controlled by air cock.

OTHER FEATURES. Equipped with handle for emergency hand operation. Pump rod and plunger easily removed for repairs without removing pump head or drop pipe. Outfit can be made anti-freezing at slight extra cost. Unquestionably, this is one of the most satisfactory deep well pumping outfits on the market.

MOTOR. Repulsion induction type for single phase, 60-cycle, 110 or 220-volt, 60-cycle A. C. current. Also, furnished for 32-volt, 110-volt or 220-volt D. C. current. In ordering complete outfits, state kind of current you have.

Below we quote the price for automatic switch and galvanized storage tanks, which should be added in case you wish to make the outfit automatic; also anti-freezing set length attachment which you can attach to take off water pipe connection under ground, making the outfit anti-freezing.

42K3629¼—Electric Automatic Switch. Shipping weight, 5 pounds.................................... **$6.90**

Galvanized Storage Tank	Size Tank	Capacity, Gallons	Shpg. Wt., Lbs.	Tank Only

42K147 — Pressure Gauge for Water Supply Systems. Indicates up to 100 lbs. pressure. Shpg. wt., 2 lbs. **$1.30**
For prices on pipe, pipe fittings and glass water gauges, see page 1013.

42K3631¼—Anti-Freezing Set Length Attachment. Includes all machined rods and parts necessary to extend pipe head and stuffing box underground so that pipe connection can be taken off below frost line, making outfit anti-freezing. Shipping weight, 55 pounds.................................... **$11.30**

Striking Values

EVER READY Hand Power Water Supply System

Cash or Easy Payments **$44.85**

140-Gal. Black

Our Ever Ready Hand Power Water Supply System has easy working geared head drive, hand force pump with brass cased piston rod, brass air attachment. Pumps air and water at the same time. Has 3-inch brass lined cylinder and large air chamber, well made and carefully machined.

Fifteen minutes' pumping each day supplies sufficient water for the ordinary household. Complete outfit includes tank, pump and all necessary valves, gauges and connections, etc., as shown. Suction pipe to well or cistern or water supply pipe to plumbing fixtures not included. Order 1¼-inch galvanized pipe to connect pump with well, and ¾-inch galvanized pipe to make connection between tank and plumbing fixtures. Tanks on all outfits quoted below are **shipped from factory in NORTHERN ILLINOIS or warehouse near PHILADELPHIA.** Pump with fittings **shipped from our store.** Any of the outfits listed below can easily be converted into a power outfit for gasoline engine drive by attaching our 23K312 Pump Jack, page 1044.

If ordering on easy payments use time payment order blank on page 1092.

1½-inch pipe... **45c**

Galvanized Foot Valves

Screwed on end of pump suction pipe. Acts as a check valve. Galvanized. Pipe size, 1¼ in. Shipping weight, 3¼ pounds.
42K858 **75c**

Set Length Lift Pump

$4.20 4-Ft. Set Length

Takes 1¼-Inch Pipe

Medium weight; anti-freezing; for wells up to 30 feet deep. Four-foot set length pump. Six-inch stroke. Takes 1¼-inch pipe. Cylinder comes four feet below pump platform.

While we guarantee this pump to be equal to some competitive pumps offered at higher prices than we ask here, and while we guarantee this pump to be suitable for wells up to 30 feet deep by adding extra pipe, still, considering the small difference in price, we would strongly recommend our extra heavy weight lift pump quoted below as being a more satisfactory pump for general farm service. This medium weight pump is, however, a remarkable value at the price we offer it.

42K2349¼—With 3x10-in. iron cylinder. Four-foot set length. Shpg. wt., 50 lbs. **$4.20**

Heavy Weight Lift Pump

$5.85 4-Ft. Set Length

Takes 1¼-Inch Pipe

Here is a strictly high grade pump, strong and substantially built, offered at a price usually asked for pumps of much lighter weight. Do not confuse this heavy weight pump with pumps of lighter construction offered on the market at about the price we ask for this high grade article.

Made up complete with cylinder, pipe and pump rod, as shown. Cylinder comes four feet below pump platform. It is sufficiently heavy and strong for use in wells up to 60 feet deep by adding extra pipe and pump rod.

42K2351¼—With 3x10-inch iron cylinder. 4-foot set length as shown. Shpg. wt., 60 lbs..... **$5.85**
With brass lined cylinder........ **$7.55**

42K2352¼—With 3½x10-inch iron cylinder, 4-foot set length. Shipping wt., 65 pounds........ **$6.50**
With brass lined cylinder. **$8.30**

Prices below are for heavy weight pumps all made up and ready to install complete with iron cylinder black pipe and pump rod for depths of well specified. For shipping weights, allow for weight of pump as given above and add 2½ pounds per foot for extension.

Depth of Well	42K2351¼ With 3x10-In. Iron Cylinder. For Brass Lined Cylinder Add $1.80	42K2352¼ With 3½x10-In. Iron Cylinder. For Brass Lined Cylinder Add $1.80

45 feet	13.65	14.30
50 feet	14.60	15.25

42K2355¼—Pump Standard only, without cylinder pipe or pump rod. Shipping weight, 40 pounds..... **$3.15**

If galvanized pipe is wanted on above outfits instead of black, add 3c per foot.

How to Order Your Pump Outfit

If the distance from pump platform to the lowest water level is less than 25 feet, you can use one of our 4-foot set length pumps, quoted on this page, and order sufficient extra pipe o reach about 3 feet below water.

If the distance to the lowest water level is over 25 feet, cylinder must be placed below water. Lift pumps draw water to the pump spout only. If you want to force the water to an elevated tank or a pressure tank, order a force pump.

We charge 2 cents per foot in addition to cost of pump rod and pipe for cutting and fitting pump outfits to specifications

We have listed a number of pumps on this page, completely made up, with pipe, pump rod and cylinder cut and fitted for depths of well specified. Prices given on these outfits include all cos for cutting and fitting. Measure distance from pump platform to water level in well during dry season, and order outfit 5 feet longer than this so cylinder will come below water line Outfits for wells 25 feet deep and under have cylinder placed 4 feet below pump. For deeper wells cylinder is placed at bottom of extension pipe and pump rod is extended down.

Galvanized Round Steel Pump Rod

Size, ⅛ inch. Not threaded. Shipping weight, per foot, 8 oz.
42K2103¼—Per foot........ **6c**
Threads, extra, per cut........ **5c**

Galvanized Pump Rod Couplings
To fit above pump rod.
42K822—Shipping weight, 4 oz..... **7c**

Cistern Force Pump

$4.65 3-In. Plain Spout

For wells or cisterns 20 feet deep or less. Has solid brass cylinder, valve seat and stuffing nut. Gooseneck spout fitted with hose coupling or faucet spout, as illustrated. Tapped for 1¼-inch suction. Top outlet is tapped for 1-inch pipe. Suction pipe not included.

42K2377¼—With plain spout and 3-inch cylinder. Shipping weight, 26 pounds........ **$4.65**

Pitcher Spout Pump

$1.50 3-In. Iron

For wells up to 20 feet deep. Tapped for 1¼-inch suction pipe. Order pipe from water to pump. By using our special cast iron pump bracket shown below, pump can be easily attached to end of sink.

42K2370¼—3-inch iron cylinder. Shipping wt., 22 lbs. **$1.50**

42K2371¼—3-inch brass lined cylinder. Shipping weight, 23 pounds. **$2.40**

42K2372¼—3½-inch iron cylinder. Shipping weight, 23 pounds...... **$1.84**

42K2373¼—3½-inch brass lined cylinder. Shipping weight, 24 pounds. **$2.75**

42K390—Cast iron pump bracket. For attaching pitcher spout pumps to flat or roll rim sinks. Shipping weight, 5 pounds.. **$1.10**

Rotary Barrel Pump

Hand Rotary Barrel Pump. For pumping gasoline, motor oil, syrup or other liquids out of barrels. Much used for filling gasoline tanks on traction engines, automobiles, etc. Forces liquids 15 to 20 feet above pump. Works same as Acme Rotary Pump shown on opposite page. Made of iron. Furnished to fit steel barrel or wooden barrel. Both types quoted below. Has 3-foot suction pipe, 5-foot discharge hose and goose neck. Pumps 13 gallons per minute. Shipping weight, 65 lbs.

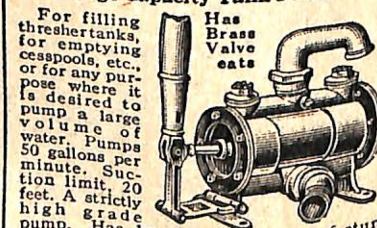
42K2259¼—With attachment for steel barrel as shown........ **$12.75**

42K2260¼—With attachment for wooden barrel........ **$12.65**

For Barrel Pumps Also, See Page 456

Double Acting Pump

A very efficient hand force pump for use where suction lift does not exceed 20 feet. All brass valves and geared head drive. Pumps liquid only, no air. Much used for pumping water to elevated tanks, cleaning, filling and testing boilers and tanks, for fire protection and as a deck pump. Has 1¼-inch suction and 1-inch discharge. Shipping weight, 65 lbs.



42K2187¼
With 3-inch brass lined cylinder.
$11.95

Air and Water Force Pump

Same as 42K2187¼, except that it has brass air pump attachment for use with pneumatic water systems. 1¼-inch suction and 1-inch discharge. 4-inch stroke, 3-inch brass lined cylinder. Suction limit, 20 feet. Shipping weight, 76 pounds.

42K2188¼—Pump, as described........ **$12.95**

Large Capacity Tank Pump

Has Brass Valve eats

For filling thresher tanks, for emptying cesspools, etc., or for any purpose where it is desired to pump a large volume of water. Pumps 50 gallons per minute. Suction limit, 20 feet. A strictly high grade pump. Has brass valve seats, a feature not contained in many competitive pumps. Cylinder, 5 inches in discharge, 5-inch stroke; suction and discharge, 2 in. Has extra connection for discharge to connect 1-inch hose for sprinkling, etc. Shipping weight, 78 pounds.

42K2266¼—Pump as described........ **$9.85**

42K828—5-Inch Crimped Plunger Leathers. Shpg. wt., 8 oz. Set of two. **65c**

Galvanized Malleable Strainers

Placed at end of pump suction pipe in well to keep out foreign matter. Covered with brass wire cloth. Size, 1¼-inch. Shipping weight, 1⅛ pounds.
42K826........ **46c**

Sprayers-Pumps

$6.65

Barrel Spray Pump

Heavily Constructed, Strong and Well Made

For spraying or whitewashing. Nothing to catch on low hanging branches. Develops 125 lbs. pressure. Height, over all, 37 inches. 2-inch brass cylinder and valve seats. Solid bronze ball valves. Not affected by strong solutions. Has brass connection for ½-inch hose coupling and brass strainer in base. Two paddle dash agitator. Easily attached to any barrel. Prices do not include hose, shutoffs, nozzles or barrel. Large boiler tube air chamber, 1¾x35 inches high. Shpg. wt., 40 lbs.

42K939¼—Perfection Barrel Sprayer With Dash Agitator. Fitted for one lead of ½-inch hose. No hose included.... **$6.65**

Big Value

$2.40

Bucket Sprayer and Whitewasher

EXTRA NOZZLE

Bucket Not Included

Double acting. Gives steady spray. Made of brass and has iron handle and foot rest. Has 3 feet of ⅜-inch hose and two nozzles, one for spraying, the other a straight stream nozzle for sprinkling. May be used for spraying or whitewashing. Shipping weight, 6 pounds.

42K947¼—Bucket Whitewash Sprayer.. **$2.40**

$10.75 Complete

A Big Labor and Time Saver

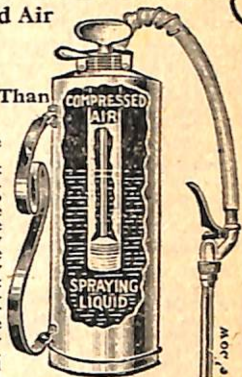
Monarch Wheelbarrow Sprayer

For spraying, disinfecting or for cold water painting.

A most useful farm implement. You can conveniently spray all garden crops in the narrowest rows; also fruit trees, vines and bushes.

Air Chamber Maintains Continuous Spray

Unexcelled for whitewashing, spraying fly oil or lice oil on hogs and cattle or for disinfecting. Pump can be removed and tank and barrow used for carting feed, grain and slops. Handles are 1-inch heavy steel tubing in one continuous piece. Open top, heavy gauge, galvanized iron tank holds 11½ gallons. Non-corrosive 1½x8-inch brass pump cylinder, brass base castings and bronze ball valve. Produces a pressure of 150 pounds. Has 4¼-inch vacuum cup agitator, 8 feet of ⅜-inch hose, automatic shut off cock and nozzle.



42K949¼—Shipping weight, 50 pounds.... **$10.75**

42K922¼—Hercules Wheelbarrow Sprayer same as above, except that the pump is of much heavier construction; and has 12½ feet of spray hose with 4-foot extension rod and automatic cock. Has 20 inch wheel with 2-inch tire. Has larger air chamber and double paddle agitators on each side of pump. A high grade quality sprayer equal to the best on the market. For high quality and durability, this sprayer is unexcelled. Shipping weight, 56 pounds.... **$14.95**

Hercules Compressed Air Sprayer

For Spraying or Whitewashing

No Better Spray Pump Than This Made or Sold by Anyone. Cam Lock Type

Has latest improved quick acting lever cam pump lock. Gives continuous spray. Do not confuse this high grade article with cheap competitive sprayers made to sell at a low price. Furnished complete with 2 feet of ½-inch heavy spray hose with non-kink guard, and automatic adjustable cock equipped with lever shutoff and strainer. Three gallons of liquid can be sprayed with three charges of air. Heavy gauge galvanized steel tank with interlocked and riveted seam. Tank is 7 inches in diameter and 19 inches high. Easily carried by shoulder strap sling. Total capacity, 3¼ gallons. Pump cylinder is of 2-inch seamless brass tubing with rubber valve and brass valve spring. Entire pump easily removed by turning quick acting cam lock. Has 2 foot extension pipe and elbow for spraying under leaves. Shipping weight, 10 pounds. Spraying calendar included.

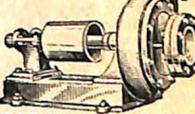
42K944¼—Straight Brass Extension Pipe, 2 feet long. Shipping weight, 8 ounces.... **35c**

For Pruning Shears See Page 999.

Acme Rotary Power Force Pump



$12.95

Will force water a horizontal distance of 200 feet and throw a solid stream 20 feet. An excellent pump for raising a large amount of water with minimum amount of power where lift is not over 15 feet and elevated tank into which water is forced not over 50 feet above pump. Reliable protection in case of fire. Driving shaft made long enough to allow use of balance wheel with handle so pump may be worked by hand when desired. Spout threaded for iron pipe at end and also at top where it connects to pump. Can be run at 300 revolutions per minute without injury, although 200 is recommended. High speed permits belting direct to engine. If wanted with balance wheel and handle for hand power, allow $5.50 extra. Prices quoted do not include pipe or belt. If you wish to pump gasoline or benzine, or other such light bodied liquids, be sure to order the special gasoline pump quoted below. **Order by catalog number, and specify capacity of pump desired.**

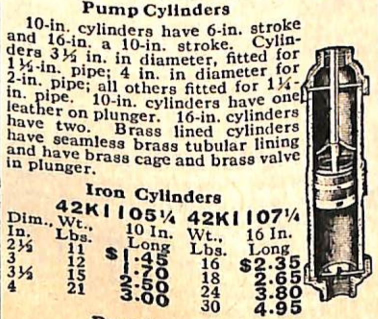
Hercules Centrifugal Pumps

Shipped from factory in NORTHERN INDIANA.



Simplest and most practical pump on the market for irrigation or wherever a large volume of water is to be handled against a total head not exceeding 65 feet. Must be placed not more than 20 feet above water. Scientifically designed for greatest efficiency. It is a strictly high grade pump in every way. Two smallest sizes have bronze bearings. All other sizes have ring oiled pedestal bearings. Extra long stuffing box reduces wear. Built for high speed which permits belting direct to line shaft, engine or tractor. **Complete instructions for installing and operating furnished with each pump.**

It May Save a Life
Hercules Fire Extinguisher

$10.95 Approved by the National Board of Fire Underwriters.

One of the most effective fire extinguishers on the market. Puts fire out almost instantly. How long would it take a fire to burn $10.95 worth of clothing, property, etc., to say nothing of a possible loss of life? Think it over. Contains liquid chemical. Must be kept where temperature does not get below freezing. Generates gas which quickly smothers flame. Capacity, 2½ gallons.

42K900¼—Shpg. wt., 21 lbs... $10.95

42K899—Soda and acid recharge packed in wood box. Shipping weight, 3 pounds........65c

Plumbers' Gasoline Blast Furnace $4.45

A very high grade furnace, strong and substantially made. By removing top it may be used as a torch for thawing frozen water pipes, burning off old paint, heating glue pots, etc. Gives hot blue flame. Melts lead or solder quickly. Reservoir is galvanized. Shipping weight, 11 pounds.

42K1457¼...$4.45

Melting Pot or Ladle not included in above price.

Gasoline Furnace $7.95

Heats soldering irons and melts lead or solder. Gives intense heat for outdoor or indoor use. Burner can be turned to horizontal or vertical position. Hood easily removed so tank with burner may be used separately. 2½-quart heavy gauge pressed steel reservoir. Has copper filler plug and improved brass pump with needle stop valve. Hood has cover, soldering iron rest and wind shield. Height, 12 in. diameter, 8¼ inches. Shipping weight, 11 pounds.

42K1459¼...$7.95

Gasoline Blue Blast BLOW TORCH $3.78

Pint Size

Saves Plumbers' Bills

A strictly high grade torch made of strong gauge high quality polished brass and is very durable. Not to be confused with the light weight flimsy torches on the market. Used for soldering, burning off old paint, thawing frozen water pipes, tempering tools, etc. Gives intense heat wherever you need it. For the plumbing, repair jobs around the home, automobile repairing, radio work, etc., it pays for itself the first time used. Has soldering copper holder.

42K1450 Capacity, 1 pint. Shpg. wt., 2½ lbs....$3.78

42K1451 Capacity, about 1 quart. Shpg. wt., 4 lbs....$3.98

Gasoline Flat Blow Torch $4.45

With soldering copper attachment. Takes little space in your tool kit. Made flat for use in narrow or close places. Heavy polished brass pump and reservoir. Has double check pump and bracket to prevent tipping. Size, about 7x9x2 inches. Capacity, 1 pint. Shipping weight, 4¼ pounds.

42K1453....................$4.45

Gasoline Torch for Light Brazing $2.95

Has soldering copper attachment. No pump. Gives 1,800 degrees heat. Can be held in any position. Copper plated steel container, welded joints. Capacity, ⅔ pint. Shpg. wt., 3 lbs.

42K1452....................$2.95

Hercules Ratchet Stock and Dies

$15.00

With this Stock you can thread 2-inch pipe with one hand. It is so easy to operate.

You save time and hard labor by using the Hercules Ratchet Stock, because—You don't have to file off the burr. The double threaded throat starts cutting easier with a burr than without it. No hunting around for a bushing to fit every different size of pipe you want to thread, no turning up set screws to center the stock, or screwing the stock to the pipe. Adjustable guides center the stock on the pipe instantly. All the leverage you like. Telescopic handle pulls out to give you more leverage. No lead screw to reset to cut a long thread. The adjustable guides slide right back on the pipe, keeping exact center; perfect true threading as long as you cut. The dies last much longer. They have several times as many threads, distributing the wear over a long cutting face.

42K845¼—Complete set (stock and 4 sets of adjustable dies, 1 in., 1¼ in., 1½ in. and 2 in.) Shpg. wt., 30 lbs. $15.00

(½-inch and ¾-inch dies can also be used in the same stock.)

42K846¼—Ratchet Stock and Die. Same as above, except has solid dies instead of adjustable. Shipping weight, 30 pounds.................... $12.80

Extra dies. Adjustable, any size. Per pair, one size. $2.50

Extra dies. Solid, any size. Each.............. 1.40

Quick Action Pipe Vise $1.25 AND UP

Side latch and hinge permit taking pipe out sideways. Holds pipe, rods and bars. Malleable iron with steel jaws.

42K1166¼—Holds pipe from ⅛ to 1¼ inches. Shpg. wt., 4¼ lbs....$1.25

42K1168¼—No. 1. Holds pipe from ⅛ to 2½ inches. Shipping weight, 13 pounds....................$2.54

42K1170¼—No. 2. Holds pipe from ⅛ to 3½ inches. Shipping weight, 17 pounds....................$3.79

For Other VISES See Page 992

BE YOUR OWN INTERIOR DECORATOR

How to Choose Colors and Furnishings for Your Home

NEW, Enlarged, Revised Edition of the popular Book "HOW TO CHOOSE COLORS AND FURNISHINGS FOR YOUR HOME" by Hazel H. Adler.

Last year we sold thousands of copies of this inspiring book and had to reprint several editions to fill the demand. We received hundreds of letters of appreciation from women who read the book and profited by its valuable advice and suggestions.

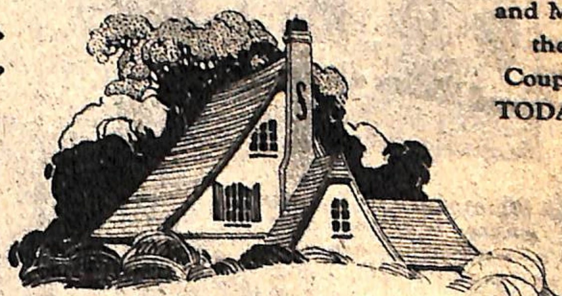
This practical book was prepared especially for our customers by Hazel H. Adler, America's foremost Interior Decorator and an international color authority. It contains many elaborate color illustrations, color charts, plans, sketches and budgets. It will tell you all the things you have always wanted to know about furnishing a tasteful and artistic home which all your friends will admire, and within your price limit.

The book explains in a clear, interesting manner:

1. How to plan color schemes, select paint or wall paper; decide on floor coverings and furniture;

2. How to choose and make curtains and draperies and add those little touches which give charm and distinction to a home;

3. How to arrange furniture in a sociable and hospitable manner.



Full decorating plans are provided for every room in the house. Suggestions for this purpose are beautifully illustrated in colors and a patented Interior Decoration Color Harmony Chart assures a wide selection of varied and interesting color combinations.

Include this book in your next order. **Be sure to order it under the following catalog number:**

3K4117—"Colors and Furnishings." Sen[illegible] in the United States, postpaid **29c**

INTERIOR DECORATION IN TWELVE EASY LESSONS

$4.95

Scrap Book

File

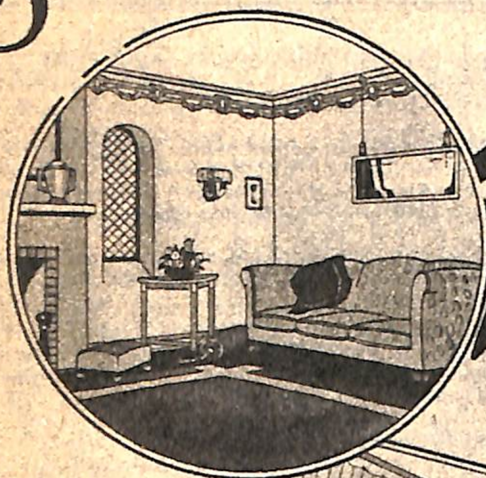
Loose Leaf Binder

Samples

A complete course of instruction in interior decoration written and supervised by Hazel H. Adler, a nationally known authority on that fascinating subject. After completing this study in 12 simple, easy lessons you will be thoroughly competent to plan and carry out to successful completion any decoration project for your home. You will know how to make your home interesting, distinctive, beautiful. You will be accomplished in every phase of room arrangement, you will know how to make curtains, draperies, lamp shades, how to treat walls and woodwork. Moreover, you can undertake Interior Decoration as a means of making extra money in your spare time.

For only $4.95 this course teaches you the following:

1—How to Plan Decorations of New Rooms and Old.
2—Color Harmony.
3—Walls and Woodwork.
4—Floors and Floor Covering.
5—Furniture.
6—Curtains and Drapery.
7—Decorative Accessories.
8—Living Rooms.
9—Bedrooms.
10—Dining, Breakfast and Sun Rooms.
11—Kitchen and Bathrooms.
12—How to Apply your Knowledge of Interior Decoration.



The course includes a Color Harmony Chart, usually retailing at $2.00, printed and illustrated pamphlets, problem sheets, scrapbook, loose leaf binder, pocket file, cutouts; also a special feature and sealed answers with each lesson. After you have completed the course you are entitled to consult Mrs. Adler on any problems which have come up in connection with the course or on your own Interior Decoration work.

Makes a Snug Home

Asbestos Fiber Liquid Roof Coating

38c a Gallon in 50-Gal. Barrels (Black)

Made of Genuine Long Fiber Asbestos and Guaranteed Gilsonite Asphaltum

Use this splendid roof coating to make your roof long lasting and leak proof. It will penetrate every crack, joint, nail hole or rust spot in any flat or steep roof, whether composition, felt, paper, gravel or metal. Comes in thick liquid form, readily spread over the old roof. (Use our Special Roof Brush 30K3170, shown below.) It will not run or sag in hot weather nor crack in cold weather. This roof coating has no superior for dampproofing exterior foundations and underground steel or wood tanks. One gallon will cover about 65 square feet, applied about one-sixteenth of an inch thick. Any color of this roof coating will give the same high grade service, although the color of the red or green coating requires making it on a different formula.

Asbestos Fiber Roof Cement

$1.80 Black, 25 Pounds

There is nothing better for patching chimney flashings, holes, gaps or repairing around gutters and skylights. Apply it one-eight to one-fourth inch thick, depending on the size and the kind of repair. As easy to use as putty. Can be used with excellent results as a covering for the entire roof; ten pounds will cover about 25 square feet of smooth surface. Most conveniently applied over large surfaces with a trowel—see opposite page.

Rufix
A Splendid Roof Paint

70c a Gallon in 50-Gal. Barrels (Black)

Black and Maroon

Sold Under Our Own Trade Mark, Registered in the U. S. Patent Office

A coat of Rufix NOW will protect your roof from leaking and keep its appearance attractive for years to come. You can STOP LEAKS, too, that may have already developed in your roof. Before applying Rufix all nail holes and bad leaks should be filled with our Asbestos Fiber Roof Cement 30K3477, shown at the left. Rufix forms a tough, elastic, weatherproof coating, being a combination of weather resisting gums and oils. It is NOT made of cheap coal tar products usually offered at about our Rufix prices. **It will not soften even during extremely hot weather.** You can readily apply Rufix yourself. To secure best results, use the special Roof Paint Brush shown at left below, Rufix being somewhat thick to use with an ordinary paint brush. We guarantee Rufix to give service equal to that of the highest priced roof paints on the market or we will replace it free of charge. One gallon will cover approximately 250 square feet, one coat, on smooth surfaces.

Creosote Wood Preserver

75¢ One Gal.

Lengthens the Life of Wood Surfaces

You can make wood fence posts, sills, joists, etc., last much longer by treating them with this splendid Wood Preserver. Use it for treating soft woods, too. Made of pure creosote oil, recommended by the United States Government as the best possible wood preservative. It is also a splendid stain and preservative for shingled roofs. We are offering it at the lowest price at which pure creosote oil wood preserver is ever sold. Do not confuse it with adulterated creosote oils sometimes offered at prices lower than these. One gallon of this preservative will cover 80 square feet with two coats, or will treat about twenty ordinary fence posts to the height of 2½ feet.

Seroco Shingle Stain

85c 1 Gal.

You can weatherproof your roofs, shingled walls and rough wood sidings at small expense and make them attractive appearing. This splendid stain contains a high proportion of Creosote Oil, making it an excellent preservative. One gallon covers about 80 square feet of shingles, two coats, or 125 to 150 square feet of fir siding and similar soft woods, two coats. 1,000 4x16-inch shingles can be dipped two-thirds of their length with 2½ or 3 gallons of this stain; apply two coats to obtain a lasting color. **See directions for measuring your roof on page 1021.**

NOTE—Only the Bungalow Brown color can be used on hardwood. For actual color of Seroco Shingle Stain see page 1023.

Seroco BARN PAINT

A Better Paint for Barns

$1.30 per Gal. in 5-Gal. Cans
Except French Gray

Don't put "any old paint" on your barns and outbuildings because it is cheap. Good paint PAYS! You KNOW it is good economy to keep frame buildings well painted. It preserves the life of the wood, protects the surfaces from weather and decay and gives the buildings thus painted an attractive appearance and greater value.

Seroco Barn Paint is a high grade paint that spreads easily, evenly and smoothly and wears for years. BEST OF ALL, it costs you no more than inferior barn paints that do not give you the excellent appearance and wearing qualities of Seroco Barn Paint. We make it in our big modern paint factory and make it like a high grade house paint, grinding every particle of oxide with the oil. The result is a smooth, even paint with unusually good covering capacity and uniform color. Contrast this modern Pebble Mill Grinding Process with the usual barn paint formula—**simply pigment mixed in oil.** We make millions of gallons of paint a year, manufacturing it under modern scientific methods, economically and uniformly, using the best proven ingredients for the purpose.

We sell this splendid paint direct from the factory to the user, at remarkably low prices that give you the benefit of our skilled methods, big output and one moderate profit. Every brushful of Seroco Barn Paint saves you money, both during the painting and through the after years. It will cover better, spread more widely, last longer and look better longer than any other barn paint you may have used. Try it under our amazingly liberal PAINT GUARANTEE (see page 1022). For best results we recommend using **30K3087** Brush, 4½-inch size, or 30K3101 Brush, 6-inch size (see pages 1028 and 1029).

Seroco Barn Paint **PAYS** both **when you paint and while it wears. Our low prices mean money saved—our high quality means satisfaction.**

30K800—Red. 30K850—Maroon. 30K830—Yellow.

Our iron paint paddle for mixing paints is included with all 3 and 5-gallon cans. For Color Samples See Page 1023.

See page 1022 for Linseed Oil and Paint Thinner (Substitute for turpentine.)

HOW TO MEASURE YOUR BUILDING FOR PAINTING

To Find How Many Gallons Are Needed

Measure the length, width and height of the building. Add together the total length in feet of the two sides and two ends of the building. Multiply this by the height of the building at the eaves with two feet added for cornice. This gives you number of square feet of surface to be painted.

For example, suppose your building measures 26 feet wide, 33 feet long and 22 feet high, you would figure it as shown at right.

Front	26 feet
One side	33 feet
Rear	26 feet
Other side	33 feet
Total	118 feet
Multiply this by height with two feet added for cornice	24 feet
Total	2,832 sq. ft.

No. 1—For poor surfaces where no paint has been applied for 12 to 18 years, and the wood is bare and porous, for three coats divide the number of square feet by 100. Three coats are necessary for a surface of this kind. If only two coats are applied, chalking and spotting are sure to follow.

No. 2—For fair surfaces where paint film is worn thin and chalking rapidly. For two coats divide the number of square feet by 180, for three coats divide by 125.

No. 3—For new wood three coats are always necessary. Divide the number of square feet by 165.

No. 4—For good surfaces where paint film is unbroken and is chalking only slightly. For two coats divide the number of square feet by 250, for one coat divide by 500.

In figuring the amount of trimming required the rule of 1 gallon trimming to 5 gallons of body is usually followed.

Remember This:

The square feet of covering capacity of any paint varies with the kind of surface over which it is applied. A badly weathered and very porous surface will require twice as much paint as another surface which is in good condition. So in judging your surface we give you the table at left to guide you in estimating the number of gallons you will need.

Do not be deceived by different claims made for the spreading capacities of various paints, for common sense will tell you that the larger the surface over which you spread a gallon of paint the thinner the film will be, and the thinner the film the more easily will it be destroyed by the weather. Seroco Paint will go just as far as any other paint with the right thickness of film. We give you the covering capacities which will insure you a paint film with maximum protection and endurance.

Barn Painting

If you have taken the height of your barn to the eaves and it has a high gable, you will have to allow paint for this space. Multiply width of barn by the height of gable above the corner post. Divide the number of square feet by the covering capacity, and this gives you the amount of paint needed for both gables. The amount of trimming required for a barn is about 1 gallon of trimming to 10 gallons of body.

In figuring roof paint or stain, multiply the length of the house by the width, then add one-third that amount and the total will be approximate area of roof. Now divide by covering capacity per gallon of paint or stain you wish to use. The result will be the number of gallons required.

Wagon Paint 68¢ a Qt.

For Wagons, Trucks, Tractors, Farm Implements and Milk Cans

This high grade paint applied to your farm vehicles and implements will prevent them from being ruined by rust. Its use may save you many dollars in repairs. One gallon is often enough to refinish every implement on the farm. Use it on milk cans to prevent rust and to identify your own cans.

Seroco HOUSE PAINT

Only $2.20 Per Gallon IN 5 GALLON CANS

A Better Paint for Less Money!

WE sell high grade House Paint under the strongest paint guarantee in the world! That proves OUR confidence in its quality. ONE trial of this splendid paint will establish YOUR confidence in its excellence.

Seroco House Paint offers you ALL the features you expect from the highest priced brands of paint offered elsewhere and our prices often save you from one-third to one-half over the prices many dealers ask! You will get exceptional wearing qualities, smooth glossy surfaces, fresh easy flowing paint, when you buy Seroco House Paint under our amazingly liberal guarantee, shown at the left.

Paint is an investment, not an expense. It prevents decay, protects the wood surfaces, makes the home more attractive and adds to its value. It is false economy to permit a building to become shabby, dilapidated or weather beaten. Good paint, properly applied, will restore it to its original well kept appearance and "keep it young." Get the fullest economy paint can offer you by using Seroco House Paint. You will never regret it!

We offer you thirty-five attractive shades of Seroco House Paint on the opposite page, in actual colors. Note carefully the big saving our prices make you, and remember that the highest prices asked elsewhere cannot possibly represent any higher quality paint than we offer you, direct from our modern paint factory.

All we ask is—simply apply Seroco Paint according to the plain directions we furnish. We know that the results will more than please you.

We Guarantee

to furnish new paint free of charge, ship it to you at our expense and PAY FOR PUTTING IT ON YOUR BUILDING, if Seroco Paint does not give you the service you have a right to expect when carefully applied according to our directions—two coats to painted surfaces in fairly good condition, three coats to new surfaces and old painted and unpainted surfaces in bad condition—with raw linseed oil and turpentine added as per instructions on the containers, depending on the condition of the surface.

Or, if after applying a portion of any Seroco Paint you are not satisfied in every way, you may send back the remainder, and we will return the price you paid for the entire quantity, including all shipping charges.

We guarantee Seroco Paint to represent good honest value; that it will make a nice appearing job; will fully protect the surface on which it is applied; is easy to apply and will give you the service you have a right to expect of any paint, regardless of price.

Sears, Roebuck and Co.
The World's Largest Store

Only **$2.20** Per Gal. In 5-Gal. Cans

See pages 1028 and 1029 for a full line of brushes; order them with your paint.

You May Need Some Linseed Oil

On painted surfaces in fairly good condition apply two coats of Seroco Ready Mixed House Paint with the first coat thinned with ½ pint of turpentine to each gallon of paint. On surfaces that have never been painted and on old porous surfaces badly in need of paint, three coats should be applied, the first coat thinned in proportion of about two quarts of pure raw linseed oil to each gallon of Ready Mixed Paint. On new surfaces of pitchy lumber, that have never been painted, you will need about one quart of turpentine and one quart of linseed oil per gallon for the first coat.

Seroco Substitute for Turpentine

Paint Thinner

An economical thinner to be used in place of turpentine in paints on old surfaces and for cleaning brushes. Guaranteed satisfactory. Write for prices on Pure Turpentine.

The price of Linseed Oil is changing constantly. Send us a post card, and immediately upon receipt of it we will send you our regular quotation card, quoting the lowest prevailing prices, which we will guarantee for a stated period.

Seroco Brush Lacquer

Every Brushful a Stroke of Beauty

The popular new finish—so easy to apply and so quick to dry! The convenience and beauty of paint, the durable luster of varnish and the hard-wearing gloss of enamel, combined into a quick drying finish of rare beauty—this is **Brush Lacquer.** With it, a few quick strokes transforms as with a brush of magic. A kitchen table or chair lacquered in the afternoon can be safely used for the evening meal. A floor or flight of stairs refinished after supper can be used freely before bedtime. Redecorated playthings can be freely handled an hour after being refinished.

Brush Lacquer adds new charm to furniture or any interior woodwork. Use it either on new unfinished wood surfaces, (if not stained) or over painted, varnished or enameled surfaces, carefully following the directions furnished. It is adapted for practically any home furnishings or fittings, except those with metal surfaces.

Brush Lacquer is similar in type to the widely used Automobile Lacquer, but is applied with a brush instead of being sprayed on. It should be applied in generous quantities with quick brush strokes over a small area. **It is NOT an automobile finish.**

Allow an hour between coats for thorough drying and to prevent a damp undercoat from "loosening" or "rolling up." Put on the necessary number of coats required to secure the best results. The covering capacity is about 250 square feet per gallon, two coats. A pint and a half will refinish a large breakfast set.

SEROCO BRUSH LACQUER

For Colors See Opposite Page

95¢ Per Pint

Use our Brush Lacquer Thinner if the Lacquer tends to thicken. Use the Thinner, too, to clean the brush. **Turpentine, naphtha, alcohol, benzine, etc., cannot be used to thin Brush Lacquer.** We recommend brushes 30K3025 or 30K3033, page 1029, for use with this Lacquer.

Gold Bronze and Aluminum Radiator Enamels

The Finishes of Countless Uses

There is nothing more appropriate for finishing metal fixtures than these gold bronze and aluminum enamels. Use them for radiators, picture frames, chandeliers, statuary, bird cages, iron beds, baskets, wickerware, gas and electric fixtures, room moldings and bric-a-brac. Splendidly adapted for any heated surface such as trimmings on stoves, boilers, engines, mantels, furnaces, oven interiors or any metal surface subjected to considerable heat. One ½-pint can is sufficient for a radiator of 12 columns, 36 inches high. It dries with a hard, smooth finish. Apply with our special Bronzing Brush, 30K3013, listed at the right.

CHINESE GLOSS LACQUER

New Colors for Old Furniture or Woodwork

$2.30 Per Gal.

Think of it! You can refinish all your old furniture pieces to match, quickly, easily, satisfactorily and at small expense. All your dining room pieces in one harmonious color combination—your bedroom pieces likewise. You can also refinish the woodwork to match the room furniture. You can have the pleasing effect of new perfectly matched furniture sets at only a small fraction of the cost of new furniture! Don't regret the mismatched dining table, buffet or chairs, the bed, dresser or chifforobe of unmatched finishes. Refinish them in any of the popular wood finishes you prefer, we list them all. Best of all, it is so easy to make the change, you can do the work yourself without difficulty, and see the quickly transformed pieces and woodwork glow with a new harmonious beauty.

Chinese Gloss Lacquer is a high grade color varnish. We sell it at amazingly low prices, made possible by making it in our big modern varnish factory and selling it direct to you with no dealer's profits added to our price. One gallon will cover at least 600 square feet, one coat. We recommend applying it with Brush 30K3038, see page 1029. If you wish to refinish dark finish pieces with a lighter color, it is absolutely necessary to apply one or more coats of our 30K2697 Undercoat, listed at the left, before applying the lacquer. Best results can be obtained by using this undercoat even when applying dark colors of this finish.

See Actual Colors on Page 1024

Undercoat for Chinese Gloss Lacquer

This undercoat or ground color is absolutely necessary when changing the color of your furniture, floor or woodwork from a dark to a lighter color. You will get the very best results by using it even with the dark finish lacquers. This opaque yellow paint completely covers the original finish and forms an excellent foundation for new finishes. Is also well adapted as a base for graining colors. One gallon will cover about 600 square feet, one coat.

Sero-Var *The Universal Varnish*

Sero-Var Is Our Own Trade Mark, Registered in U. S. Pat. Off.

Made in Our Own Splendidly Equipped Up to Date Factory and Guaranteed to Be the Equal of Any of the Nationally Advertised "——— Spar" Varnishes Often Sold at $5.00 to $7.00 Per Gallon Elsewhere.

Wherever you think of varnish, for either inside or outside use, think of Sero-Var. It will give your dining room, kitchen or nursery furniture a desirable glossy finish, making old furniture look like new. It will give amazingly long wear when used on porches, doors, boats, etc. It has no superior as a floor varnish except our splendid Seroco Floor Varnish shown on the opposite page. Sero-Var is easily applied, dries hard over night, holds its color and is absolutely unaffected by hot or cold water. It is clear and transparent, and will not change the color of the wood. It differs from the widely advertised "spar" varnishes in only one respect—lower price. You get exactly the same high quality materials, lasting service and finish, but you save one-half or more on the price. We sell it direct to you from our factory, with no middlemen's profits included in our price. Apply with a good flat varnish brush (see page 1029).

One gallon of Sero-Var will cover about 500 square feet, one coat.

Seroco Dye Stains

49c 1 QT.

An excellent penetrating wood stain, imparting a rich, natural color to new woodwork, floors or furniture. You can obtain a splendid finish by applying a coat of white or orange shellac over the newly stained wood; then a coat of varnish or wax. Apply it only on new wood surfaces that have not been treated with any other finish. **It must not be used on painted, varnished or enameled surfaces.** On open grained hardwood, best results are obtained by first filling the wood with Seroco Paste Wood Filler (see page 1027). Put Seroco Dye Stains on with a varnish brush. One gallon will cover about 400 square feet, one coat.

1-pint can........(Shipping weight, 2 pounds)........ 48c

Aut-O-Sek for Waterproofing Auto Tops

You can waterproof old leather, imitation leather, mohair, pantasote or canvas auto tops with this excellent dressing. Apply it with a sponge, rag or brush for a lasting finish. Unaffected by folding, bending or creasing the top. Dries in 12 to 24 hours; it is NOT a varnish "top dressing." The black finish produces a rich black luster, not a shiny finish. Use the khaki color to renew a faded khaki top.

30K3425—Black. 30K3426—Khaki.
1-quart can..........(Shipping weight, 3 pounds)........ $1.10

Special Painting Outfit For Fords

Complete outfit. State color........ $4.45

AUTOMOBILE ENAMEL

You can bring back a large measure of the original attractive appearance of your car at a trifling expense with a few hours' pleasant work. No matter how dilapidated it now appears, regardless of how flat and dull the finish, Seroco Auto Enamel will give it a lasting luster and bright appearance beyond belief.

This splendid enamel is a **special paint for automobiles.** It flows freely, spreads evenly and stays on. It will not chip, crack or peel. It dries with a smooth, mirror-like gloss, with pure, non-fading colors. You can buy automobile enamel elsewhere at twice our price or more, but you cannot buy another enamel that will give you more lasting satisfaction.

About three quarts are sufficient to refinish the body and gear of the average touring car, two coats. Remove any gloss from the old finish by rubbing it down with steel wool or sandpaper. Complete directions furnished for applying Seroco Auto Enamel. Use a good varnish brush (see 30K3038 and 30K3033, page 1029).

For color samples see page 1024.

Lamp and Fender Lacquer

Refinish the fenders and lamps on your car with this high grade, durable, weather resisting lacquer. Their improved appearance will repay you many fold. One coat will usually remove all the signs of the hard usage fenders regularly receive. Apply with a good Varnish Brush, 30K3033 (see page 1029.)

30K2185—Black. High gloss.

Auto Refinishing Varnish

This excellent varnish will revive the original gloss finish if the car paint is in good condition. It is very pale, transparent and durable and will not darken any light shade of body paint. Dries in about 16 hours—hardens in three days. We recommend 30K3033 Varnish Brush, page 1029.

Engine and Radiator Enamel

Keep your engine and radiator clean and free from rust with this splendid heat resisting enamel. It will not readily blister, peel or rub off; its glossy surface is easy to keep free from grease and dirt. Here is a value you should not overlook. Apply with a good varnish brush (see 30K3031 page 1029).

$5.00 Brings Any Dairy Size Separator

We make it easy for you to become the owner of an Economy Cream Separator. If you prefer to buy any of the dairy sizes on monthly payment terms just fill out the Time Payment Order Blank on page 1092 and send it to us together with a deposit of $5.00 (or $10.00 if you order an Electric Drive Separator). Once a month, starting after thirty days' trial, send us a payment of the amount stated under the price of the size selected and in a few months the separator is paid for and is your property. Should you prefer to send cash with the order, as most of our customers do, you can make a saving by taking advantage of our somewhat lower cash prices.

Take Thirty Days' Farm Trial

There are hundreds of thousands of Economy Kings in daily use throughout the United States and a little inquiry will no doubt show that many of your own neighbors are using them. We will be glad to have you guide yourself by their opinion but it is not necessary to take anyone else's word, as we send every Economy King out on thirty days' trial.

You may test the Economy King alongside any other cream separator regardless of price; compare them in ease of running, closeness of skimming, and in any way you see fit. If this thirty-day test does not prove the Economy King to be not only the lowest in price, but the best at any price, you can send it back to us and we will return your money, including any freight charges you have paid. The test costs you not a penny if you do not keep the machine.

A farm trial will prove that the Economy King saves both money and time.

Our Guarantee

When we ship you a cream separator no salesman goes along to call your attention only to its good features. You buy the separator on trial and it must sell itself to you on its own merit, after you have tested it carefully and given it a most searching examination. This makes it necessary for us to build and test our separators with greatest care. Each one is run and tested by a skilled expert, and when he puts his O. K. on the machine you may be sure that it is perfect in every way. To still futher protect you, you will receive a written guarantee which protects you against defects in workmanship and material during all the years you use the separator.

Order an Economy King on thirty days' trial, test it alongside of any other separator made and decide for yourself which is best.

WHY NOT FARM FOR CREAM?

Your main crop may be corn, wheat or hay, or perhaps it is hogs, beef cattle or other stock, but no matter what it is, it will pay you well to keep cows and farm for cream, even if only as a side line.

Field crops are subject to weather conditions. A hail storm, flood or an early frost may in a few hours wipe out the result of a season's toil and planning. If crops are good they are usually harvested and turned into cash but once a year, and bring no further income until the next year. Live stock is subject to wide fluctuations in market price and often, after all the time and care needed to bring it to marketable condition, sells for no more than the cost of raising.

The cream crop, on the other hand, can be harvested twice every day in the year and turned into cash as fast as sent to the market. Prices are not only published daily but broadcasted by radio also, so that you are sure of getting the full value. Cream brings its highest price in the winter when you have little else to sell and, because of its high value in proportion to weight, you can ship it hundreds of miles if desirable, to take advantage of a better market condition.

Selling only the cream, the dairyman has an ample supply of fresh, sweet skim milk, one of the best foods in the world for raising young stock and chickens economically. The grain fed to dairy cattle enriches the soil in the form of manure so that better and larger crops are produced from year to year. Dairying brings prosperity to the farm and the farmer. Tenants become owners and those already owning their land obtain more of the comforts and pleasures in life through the regular cash income from the sale of cream and butter.

Use an Economy King to Get the Best Results

Cream is so valuable you cannot afford to waste even a spoonful a day. An Economy King Cream Separator will skim the cream to the last drop, from warm or cold milk. It skims milk from cows on dry feed, cows far advanced in lactation and from breeds whose milk is hardest to skim, giving you a smooth, clean, aerated cream, free from froth and in elegant condition after cooling to ship long distances or to ripen for home butter making. It will skim a thin cream for ice cream makers or for retail sale, an extra heavy cream for shipping economically, or any grade in between, all instantly regulated by the user.

Housewives Are Delighted With the Economy King

The easy cleaning features of the Economy King make a big hit with the housewife. The bowl is easy to take apart and the skimming discs are rinsed in a jiffy on the handy disc washer we supply with it. The bowl shell, supply tank and covers are smoothly retinned with rounding corners and without dirt collecting crevices, so the whole washing operation takes but a few minutes. The frame of the machine is smooth and rounding and the base is open, making it easy to sweep or mop under and with no place for dampness or mold to collect. A drip shelf prevents oil stains on the floor. Economy Separators turn very easily and all but the larger sizes are well adapted for operation by women or even well grown children.

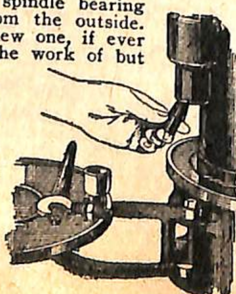
Quick Delivery Direct From Our Factory

To insure quick delivery and make the freight charges you pay a very small amount, **we ship Economy Separators direct from the factory at Buffalo, N. Y. Mail your order to Sears, Roebuck and Co., Philadelphia,** and we will ship promptly from our factory stock.

GOOD POINTS EVERYWHERE

Bearings Flooded With Oil

The rim of the bronze worm wheel runs in a basin of oil, throwing off a fine mist or spray. This oil is collected in pockets and fed into the bearings through passages so that they run in a constant bath of fresh oil. A glass oiling indicator shows you that the oiling system is working properly.



No-Splash Supply Tank

Made with full curving sides and convex bottom so that milk will not splash over no matter how hastily it is poured into tank. Broad top rim is easily grasped for lifting. Feet are provided to protect faucet if set on a flat surface.

Easy to Replace Bearing

Lower bowl spindle bearing is removed from the outside. Putting in a new one, if ever necessary, is the work of but a few minutes. In many separators this bearing is removable only after taking out both worm wheel and pinion, which is much more difficult.

Oil Circulating System

Bearings are of extra length and provided with an oil circulating system so that oil reaching the end of the shaft does not leak out but is collected and drained back into the oil basin. The circulating bath of fresh oil in which they run makes them nearly frictionless.

COMPARE PRICES BEFORE BUYING

We build our Economy King Cream Separators in our own big factory at Buffalo, N. Y., and we sell to you at real factory prices. In buying from us you save the profits and expenses of agents, retailers and jobbers and keep this money right at home, in your own pocketbook. Nothing is added to a cream separator after it leaves the factory except those extra profits between maker and user and, while they do not add a cent to the value of any separator, they do add a lot to the price you pay when you buy in the ordinary way.

You must sell your farm products at producers' prices so why not buy at producers' prices also? You cannot afford to market your crops at one profit and pay three or four profits on the articles you must buy. Just match the factory prices on our Special Economy Kings listed below with agents' and dealers' prices for machines of equal capacity and quality and you will quickly see the saving you make in buying from us at these real factory prices.

When Ordering on Easy Payments Use Time Payment Order Blank on Page 1092

400-Pound Capacity Separator for $38.25

This special Economy King has all our latest improvements, including sanitary loose disc bowl that skims warm or cold, new or old milk to perfection. Perfect oil splash lubricating system with patented oiling indicator; seamless, no-splash supply tank; handy disc washer; simple crank speed timer and every convenience. Very easy to run, to clean and to care for. Well adapted for use by women and girls who cannot easily handle a heavier separator.

It has all the big features of our standard Economy King line and although somewhat lighter in construction, is heavy enough to give many years of splendid service with ordinary care. Shipped from Buffalo, N. Y.

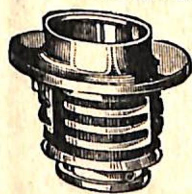
23K5824—Special Economy King Cream Separator No. 24. Skims 400 pounds or 190 quarts an hour. Adapted for a dairy of from two to six or seven cows. Shipping weight, 155 pounds. Cash price..........$38.25
Time payment price, **$5.00** with order and balance in monthly payments of **$4.00** each, starting after 30 days..........43.20

Cash or Time Payments

400-Lb. $38.25 Cash Price

Fast Skimming, 600-Pound Size for $50.75

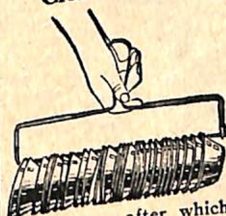
This fast skimming Special Economy King handles 600 pounds or about 290 quarts an hour. It skims a milk pail full every two minutes, saving time and labor every day you use it. Handles a big milk flow when necessary and enables you to increase your herd and hence your profits, without buying a larger separator later on.



It has all the latest Economy King improvements and conveniences, but is somewhat lighter in construction than our regular Standard Economy King Cream Separator, which we always recommend for those who want the best. These special separators, however, are better than those commonly sold and will give you years of satisfactory service with ordinary care.

They skim warm or cold milk to a trace and give you a smooth, even cream of any wished for thickness. Sent on 30 days' trial and guaranteed to please. Shipped from Buffalo, N. Y.

23K5826—Special Economy King Cream Separator No. 26. Skims 600 pounds or about 290 quarts an hour. For dairies of from three to twelve or fifteen cows. Shipping weight, 190 pounds. Cash price..........$50.75
Time payment price, **$5.00** with order, balance in monthly payments of **$5.50** each..........56.75



MANY EXCLUSIVE FEATURES

Flexible Spindle Bearing

This bearing is of an expensive anti-friction alloy designed to prevent wear on the bowl spindle. In operation a stream of fresh oil is fed between the bearing surfaces constantly and reduces friction to almost nothing. A multiplex spring with flexible spring steel tongues cushions and centers the bowl.

Cleaning the Skimming Discs

Discs for cleaning are transferred to the disc washer with almost the ease and speed of a single piece. This permits you to clean each separately or rinse all at once, after which they can be spread out on the washer and hung up to dry and air.

Light or Heavy Cream

Our cream screw is quickly regulated to give you any cream from the thinnest to the heaviest. It is extra large and substantial and much more durable than the small light cream screws necessary to save space in some separators, and which, if lost or mutilated, prevent the use of the separator until replaced.

Bowl Lifts Off Spindle

Bowl lifts off driving spindle for emptying and washing. This makes it lighter and easier to handle and avoids damaging spindle or driving worm which remain in the machine. An improved bowl seating key enables you to seat the bowl on the spindle instantly.

Join the Big Army of Prosperous Economy King Users. Order on Trial Today

Our SANITARY Skimming Bowl

Easy to Clean and Handle

Takes the Cream to the Last Drop

Here are the parts of our sanitary, loose disc bowl. They are all heavily double tinned, giving a smooth, bright, rust resisting finish. Very easy to take apart, wash and assemble.

Our bowls purify and cleanse the milk, removing any dirt, hair or insects that may have fallen into it, so that both cream and skim milk leave the separator in better condition than the original whole milk. In the operation of separating the butter fat globules are unbroken and the cream, after cooling, is in elegant condition for shipping or to ripen for home butter making.

$5.00 Brings *Any Hand Driven* Separator

$10.00 Brings Any Electric Drive Separator on 30 Days' Trial.

No matter what cream separator you favor or have used in the past, we believe that we can prove to you by an actual farm test that in our Standard Economy King Separators, as listed on this and the following page, we give you more exclusive improvements and convenient features than can be obtained in any other separator, regardless of price.

These Standard Economy Kings are built heavier and more substantial and have wider gears and bigger shafting than even the most expensive separators of equal capacity sold by agents and dealers. They have valuable patented conveniences not to be had in other machines, including our accurate crank speed timer, oiling indicator, wide range cream regulation, instant bowl seating device and other original improvements.

Standard Economy King No. 12

Skimming Capacity, 250 Pounds (About 120 Quarts) an Hour

This is the smallest of our regular dairy machines with stand and will give good satisfaction where the herd is small, two to four cows, and you do not intend to increase it. This size is easy to run, handle and to keep clean. It skims any quantity of milk from 1 gallon up and has all our latest features, including crank speed timer and detachable spindle loose disc skimming bowl.

23K1252—Economy King Cream Separator No. 12, with stand. Skimming capacity, 250 pounds of milk an hour. Shipping weight, 165 pounds. **Shipped from BUFFALO, N. Y.**

Time payment price, **$10.00** with order and balance in monthly payments of **$7.00** each.............................. **78.15**

Standard Economy King No. 14

Skimming Capacity, 375 Pounds (About 180 Quarts) an Hour

A very good size for any herd of from two to five or six cows. For more than five cows we always recommend the No. 16 machine, listed on opposite page as it does any skimming in two-thirds the time or less, saving a world of time and labor in the course of a year. This size, however, will give splendid satisfaction with a small herd. It is a substantial, well built machine adapted for hard everyday dairy use and a splendid skimmer, taking practically every drop of cream from the milk in any condition in which milk can be skimmed.

23K1254—Economy King Cream Separator No. 14, with stand. Skimming capacity, 375 pounds of milk an hour. Shipping weight, 175 pounds. **Shipped from BUFFALO, N. Y.** Cash price.............................. **$51.15**

Time payment price, **$10.00** with order and balance in monthly payments of **$8.50** each.............................. **89.00**

When Ordering on Easy Payments, Use Time Payment Order Blank on Page 1092

The Best Size to Order

There are many good reasons for selecting a cream separator of ample capacity, as any experienced cream separator user will tell you. The larger sizes skim the milk much more quickly, saving time and labor every day in the year. They are cleaned about as quickly as the smaller sizes and are practically as easy to run and care for. They easily handle the big milk flow you will have at certain times of the year and save much valuable time in the planting and harvest seasons when every moment counts.

Another advantage of these larger sizes is that they will last longer than the smaller machines. A cream separator, like any other machine, only wears as it is used, and as the larger sizes do any skimming in about one-half the time of the smaller sizes, they are used only about half as long each day and naturally will run about twice as many days before wearing out or needing repairs, so that although the price is a little higher in the first place, in the long run they cost you less per year than the smaller sizes.

Shipped Complete With Everything Needed

Each Economy King Cream Separator is packed complete with all the needed tools and supplies for setting up, cleaning and operating. We include cleaning brushes, a supply of separator oil, wrench, cream screw and bowl seating keys, bowl vise, rubber bowl rings, screws for fastening to floor and everything necessary.

We also send directions for setting up and operating the machine, giving you full and complete instructions on every point, telling you all you need to know about the separator in a plain simple way that you will find easy to understand and follow, even though you know nothing about a cream separator and have never seen one in operation.

Table Sizes for Home Use

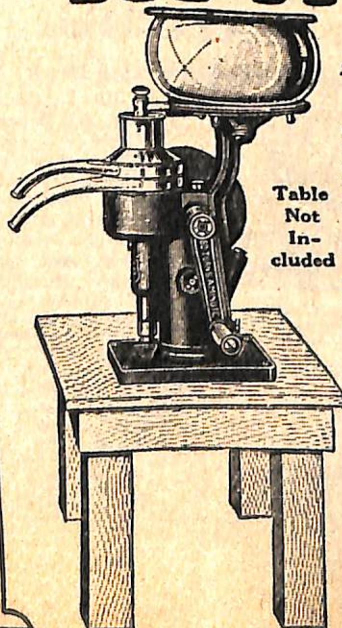

Table Not Included

Economy King Cream Separator No. 10

Skimming Capacity, 135 Lbs. (About 65 Qts.) an Hour

This size skims at the rate of a trifle over a quart a minute. Because of its small capacity, we recommend its use where only one or two cows are milked and the quantity to be skimmed is always small. In most cases it is better to buy the large capacity table machine, listed below, as it saves time with every skimming.

23K1250—Economy King Cream Separator No. 10, without stand. Skimming capacity, 135 pounds of milk an hour. Shipping weight, 90 lbs. Sold for cash only.............. **$29.50**

Economy King Cream Separator No. 11

Skimming Capacity, 200 Lbs. (About 95 Qts.) an Hour

For dairies of one to three cows, which you do not expect to enlarge later on, this is the size we advise buying. Before ordering, however, be sure to figure on future additions to your herd, which may make your purchase of a larger size advisable.

23K1251—Economy King Cream Separator No. 11, without stand. Skimming capacity, 200 pounds of milk an hour. Shipping weight, 95 lbs. Sold for cash only.............. **$33.35**

Shipped from BUFFALO, N. Y.

The Separators We Recommend

30 Days Test on Your Farm

alongside of any separator made, regardless of price, will prove to you that money cannot buy a better separator than our Standard Economy King listed below. This test costs you nothing if you do not keep the separator and we let you be the sole judge.

Standard Economy King No. 16

Skimming Capacity, 600 Pounds (About 290 Quarts) of Milk an Hour

This is the best size for dairies of from three to twelve or fifteen cows, and is the size selected by most of our customers. It skims at the rate of a milk pail full every two minutes and does a big skimming in short order.

If you have a small or medium size herd, this is the Economy King we recommend. It saves time and labor daily, and because of its big capacity handles the big spring milk flow easily. Should you enlarge your herd in coming seasons, as you will be more than likely to do, it will take care of the extra milk up to a herd of eighteen or twenty cows, if necessary, and save you the expense of buying a separator of larger capacity.

It is a wonderfully close skimmer and takes the cream to a trace from warm or cold milk, gives you a cream of any wished for density, from the thinnest to the heaviest, and cleanses and aerates both the cream and skim milk.

This No. 16 Economy King has all our latest improvements and conveniences. We fully guarantee it and allow you full thirty days for trial, giving you plenty of time to prove its worth in your own dairy.

23K1256—Economy King Cream Separator No. 16, with stand. Skimming capacity, 600 lbs. of milk an hour. Shpg. wt., 225 lbs. Shipped from BUFFALO, N. Y.

23K11256—Standard Economy King No. 16, with electric drive, for 110-volt alternating or 32-volt direct current. In ordering specify kind of electric current used. Skimming capacity, 600 pounds an hour. Shipping weight, 285 lbs. Shipped from BUFFALO, N. Y.
Cash price.......................... **$91.00**
Time payment price, **$10.00** with order and balance in monthly payments of **$10.00** each.......... **98.65**

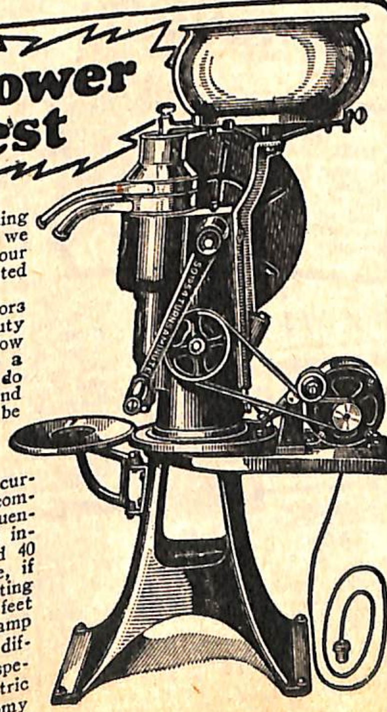
Standard Economy King No. 18

Skimming Capacity, 800 Pounds (About 390 Quarts) of Milk an Hour

We advise buying this size for herds of ten or twelve to fifty cows or more. It readily takes care of an extra large milk flow when the cows are fresh or on spring pasture, because of its big capacity. It runs so easily that you can handle a large quantity of milk without the use of power, if desired.

It skims at the rate of six and one-half quarts a minute, or a pailful in about one and one-half minutes. City milk dealers and ice cream makers who must separate large quantities of milk without loss of time will find this size just what they need.

It is well adapted for use with power because of its heavy frame and base and substantial construction throughout.



We guarantee this Economy King to please you in every way. Send us your trial order today.

23K1258—Economy King Cream Separator No. 18 with stand. Shipping weight, 235 pounds. Skimming capacity, 800 pounds of milk an hour. Shipped from BUFFALO, N. Y.

23K11258—Standard Economy King No. 18, with electric drive, for 110-volt alternating or 32-volt direct current. In ordering specify kind of electric current used. Skimming capacity, 800 pounds an hour. Shipping weight, 295 lbs. Shipped from BUFFALO, N. Y.
Cash price.......................... **$101.50**
Time payment price, **$10.00** with order and balance in monthly payments of **$11.00** each.......... **109.00**

SEE BELOW FOR DESCRIPTION OF ELECTRIC DRIVE SEPARATORS

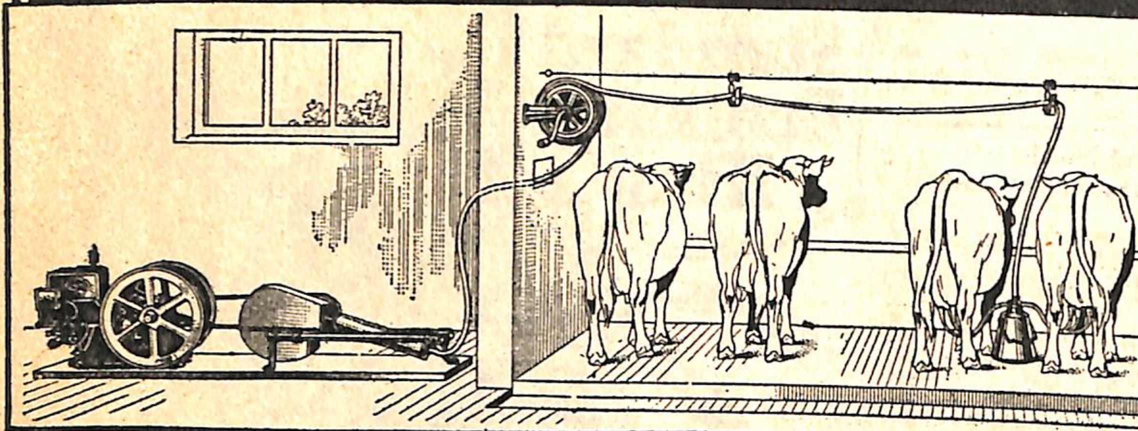
Electric Power Is the Best

If you have a home electric lighting plant or can buy electric current, we always recommend the purchase of our Electric Drive Economy Kings, listed above and also on opposite page.

Our electrically operated separators are provided with special heavy duty motors, mounted on a bracket below the drip shelf, and drive through a pulley on the pinion shaft. They do not interfere with hand operation and if the power is off, separating can be done by turning the hand crank.

In ordering, give voltage and say whether you have direct or alternating current. If alternating current, find out from your electric company the number of cycles or frequencies. The 32-volt motor equipment includes knife switch, fuse plugs and 40 feet of insulated wire. (Extra wire, if wanted, 3 cents per foot.) Alternating current motor equipment includes 10 feet of cord with attachment plug for lamp socket. If your electric current is different from those listed, write for special prices. We can also supply electric equipment for the dairy size Economy King you are now using. If interested, write us.

Saves Its Cost the First Season



Other farm machines are used for a few days to a few weeks during their season and then put aside until the following season, but an Economy King Cream Separator saves time and makes money for its user the year around.

Twice every day it skims the cream from the milk to the last drop. It gives you the cream smooth, purified, aerated and in the best condition after cooling to bring the highest market price. The warm, sweet, skim milk with a little corn or oil meal added is a wonderful food for young stock and makes them grow like magic.

An Economy King will save its cost the first season, with a small herd, in the extra cream it gives you over old methods, and it continues to make and save for all the years you use it. Three cows and an Economy King will pay you better than four cows without one and you save the care and feed of the extra cow.

It reduces the dairy work from hours to minutes daily and takes away the hard, disagreeable part of it. It insures a cash income every week in the year, turns waste into profit and brings prosperity to its owner. Order an Economy King on thirty days' trial and find out by an actual farm test the money making and time saving advantages of dairying in the Economy way.

Frank Frosts Milkers Have Valuable Exclusive Features

Are You Still Milking by Hand in the Old Fashioned Way?

Turn a Hard Job Into an Easy One

FRANK FROST'S MILKERS make time wasting, finger cramping, hand milking unnecessary. They replace man power with motor or engine power, make milking easy and pleasant instead of a hard, monotonous grind, and save time in handling the dairy herd. The larger the herd, the greater the saving of time and labor, but even with a milking herd of nine or ten cows it will pay you to use the Frost Milker.

Frost's Milkers are wonderfully simple and can be set up ready for use in an hour or two and taken down just as quickly. In moving from one barn to another or changing the arrangement of the cows in a barn, there is nothing to throw away and nothing new for you to buy. There are no iron pipe lines to fit and install, no vacuum tank or heavy complicated air pump, no pump rods working back and forth in barn, no delicate or unreliable pulsator and no gauges to watch.

Frank Frost has shown that all this machinery and fitting is unnecessary, yet his milker will do all that the most costly pipe line milkers will do, and do it just as quickly and just as well. Others have always found it necessary to run two or three tubes from the milk chamber to the teat cup cluster in order to get a massaging action on the cow's teats while milking, but Frost gets the same massaging action with a single tube.

Frank Frost has spent most of his life in making things easier for dairymen, and his improved milking machines have years of experience and testing behind them. Frost has put the advantages of the milking machine within the reach of tenants or renters who are likely to move and those who plan to build new barns or change the old ones, as his milkers can be moved and installed with little time and at practically no cost.

Frost's Improved Model Milking Machine is adapted for use with any form of power. The engine drive style can be operated with any two or four-cycle gasoline engine of 1 horse-power and upward, or we supply our regular 1¾ Horse-Power Economy Gasoline Engine to run it, if preferred. If engine operated, the engine and pump can be located in another room or outside shed, which is always best. The electric drive outfit can be operated by home electric lighting plant or purchased electric current.

It milks two cows at the same time or one cow, if desired, and will milk from 12 to 20 cows an hour, depending on how much milk they give and also how much you strip.

It will milk one or two rows of cows up to about 50 feet long. Consists of a vacuum pump, a flexible rubber suction or air hose, mounted on a revolving reel and supporting wire with roller hose hangers. Includes a 6-gallon milk pail with positive automatic milk valve and regulated suction releasing means in the cover, and two sets of teat cups with the necessary rubber hose connections; also belting for engine or motor.

In operation, the milking is usually started with the two cows at the end of the row, nearest the hose reel and, as each pair of cows is milked, the air hose is pulled along on the roller bearing supporting hooks attached to the wire above the cows. After the milking is finished, a few turns of the handle winds the air hose back on the reel. A second row of cows can now be milked in the same way.

Two sets of Frost Teat Cups are included which, in milking, gently massage the teats from the top downward, just as is done in hand milking or the same as the action of the calf's mouth in feeding, keeping the teats in a healthy, normal condition. Does not require a cord or surcingle to hold teat cups on the cow. Sights are provided in the pail cover, so that the flow of milk from each cow can be seen at all times. Pump should run at 40 pulsations a minute.

23K12—Frost's Engine Drive Milker, complete with belt but without engine. Shipping weight, 135 pounds........**$98.00**

23K14—Frost's Engine Drive Milker, complete with 1¾ Horse-Power Economy Gasoline Engine and belt. Shipping weight, 415 pounds..........**$145.00**

23K16—Frost's Electric Drive Milker with ¼ Horse-Power Motor, mounted on pump frame. Shipping weight, 165 pounds....................**$123.00**

In ordering electric drive milker specify voltage and current used and, if alternating current, give number of cycles also.

Milker shipped from NORTHEASTERN ILLINOIS. Engine shipped from HARRISBURG, PA.

Send for Frost Milker Direction Sheet

We do not print a direction book for the Frost Milker because it is so simple that the 30 to 50-page direction book usually sent out with other milkers is unnecessary. We, however, issue a 4-page leaflet of instructions for users of Frost Milkers. This leaflet tells how to install the milker; just how to handle it in milking the cows, how to keep it clean and whatever it is necessary to know. It will give you a better idea of the operation of the Frost Milker than any advertisement and we will gladly send it free and postpaid, on request. Just write us asking for a copy of Instruction Circular 2793PK covering Frost Milker.

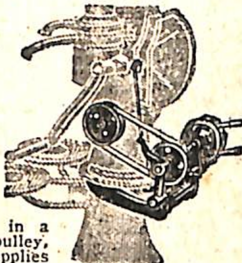
For Cream Separator Oil See Page 456

Rubber Bowl Rings

Important Notice—Rubber bowl rings will only fit the size and style of separator they are intended for. Be careful in ordering to insure getting the correct rings for your separator.

Rubber Bowl Rings to Fit Economy King Separators. (Will Not Fit Improved Economy or Economy Chief.)

Catalog No.	Size No.	Per Pkg. of 6 Rings	Shipping Weight, Ounces
23K820	10 or 11	36c	3
23K822	2 or 4, 12 or 14, 24 or 40	39c	3
23K826	6-16 or 26	42c	4
23K828	8 or 18	47c	4



Rubber Bowl Rings to Fit Any Size Improved Economy or Economy Chief Cream Separators. (Will Not Fit the Economy King.)

Catalog No.	Size No.	Per Pkg. of 6 Rings	Shipping Weight, Ounces
23K667	Any Size	37c	3

We sell Rubber Bowl Rings only in packages of six rings and we do not break packages. Directions for care of rings are printed on every package.

Our Flexible Power Drive

$12.50 *And Up*

For running Economy King Cream Separators with a gasoline engine, either by direct belt connection or countershaft. A flexible steel spring shaft absorbs all the shock and jar of the engine explosions and applies the power to the separator in a smooth, even flow. A pulley, mounted on a rocker arm, applies the power gradually in starting, and tight and loose pulleys permit starting and stopping engine. Outfit includes an extended pinion shaft for separator, to which driving pulley is attached. Shipping weight, 40 pounds.

23K782—Flexible drive for Nos. 12, 14 and 26 Economy King..................**$12.50**

23K786—Flexible Drive for Nos. 16 and 18 Economy King..................**12.80**

Shipped from BUFFALO, N. Y.

Pulleys for Power

$3.90 *And Up*

Applied to separator by removing crank and replacing it with the pulley. To be used with a countershaft and cannot be belted to a gasoline engine direct, as engine runs too fast.

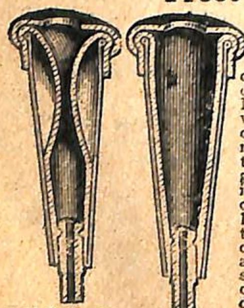
23K1135—Friction Clutch Pulley for Economy King Separators Nos. 10, 11, 12, 14, 24 or 26. Size, 14 inches in diameter, 1½-inch face. Shipping weight, 17 lbs.... **$3.90**

Give size of separator used when ordering.

23K1130—Friction Clutch Pulley for Economy King Separators Nos. 16 or 18. Size, 14 inches in diameter, 2-inch face. Shipping weight, 20 pounds.......................**$4.25**

Give size of separator used when ordering.

Shipped from BUFFALO, N. Y.



Repairs

Repairs cost nothing if they come under the terms of our guarantee. If, however, it is necessary to replace a part giving out through natural wear, or a part broken through accident, we supply the needed piece promptly and at a very low price.

We carry a complete stock of repairs for Economy Separators at Philadelphia, and, of course, another stock at the factory. In addition, we have complete repair shops at Buffalo, N. Y., where we are equipped to do bowl repairing and rebalancing and Economy Separator repairing of all kinds skillfully and at reasonable prices.

In the instruction booklet we supply with each separator you will find a repair list showing a picture of each part, together with a price list which makes it very easy to order just the part needed.

Frost's Teat Cups

$4.85 A splendid invention for use with the Hinman, Liberty, New Badger, Burton Page, Clean Easy, Success or any pump type milking machine with only one tube to the teat cup cluster. Massages the teats from the top downward, just as is done in hand milking or identical with the action of the calf's mouth in feeding. This action keeps the teats in splendid condition by its gentle, squeezing action as the suction is applied. It gives all the advantages of the most expensive, double tube pipe line milker, with but a single tube to the milking cluster. Milks faster and cleaner than any solid cup. Sanitary and easy to take apart, clean and assemble. Does not require cord or surcingle to hold it on the cow. Sent on 30 days' trial and your money returned, including transportation charges, if not satisfied. Shipping weight, 2 pounds.

23K963—Per set of 4..........................**$4.85**

Cleaning Brushes

The best brushes we know of for cleaning Economy bowl parts and tinware. Made of extra quality stiff brush stock.

23K131—Wood Handle Brush for Economy King and Economy Chief. Length, 14 inches. Width across brush, 2⅝ inches. Shipping weight, 8 ounces....................**22c**

23K668—Wire Handle Brush for Economy Chief. Length, 13½ inches. Width across brush, 2 in. Shpg. wt., 7 oz..**15c**

23K130—Wire Handle Brush for Economy King. Length, 12 inches. Width across brush, 1½ in. Shpg. wt., 6 oz..**15c**

23K132—Wire Handle Tube Brush for Economy King. Same style as 23K130. Length, 12 inches. Width across brush, ⅞ inch. Shipping weight, 4 ounces..............**10c**

23K669—Small Wire Handle Brush for Economy Chief. Length, 8½ inches. Width across brush, ⅝ inch. Shipping weight, 2 ounces..............................**5c**

Milking Machine Tubing

High grade red rubber Milking Machine Tubing, especially compounded to resist the oil of the butter fat in the milk. Will stand up perfectly under Board of Health requirements, which include sterilization of the tubing after use in water heated to 170 degrees and allowed to cool. Sizes to fit all milking machines. **State length and size wanted.**

	Inside Diameter	Thickness of Wall	Per Foot
23K862	7/32 inch	5/32 inch	18c
23K864	5/16 inch	11/64 inch	[illegible]
23K866	3/8 inch	11/64 inch	[illegible]
23K868	7/16 inch	7/32 inch	33c

Shipping weight, per foot, 4 ounces

Hand Engine Trucks

If you have several jobs for an engine to do you should have a hand truck to move the engine from one place to another. The 23K35 trucks as illustrated are all steel, painted red and have holes drilled and bolts furnished ready to fasten engine to truck. Can be used for any engine up to 6 horse-power by boring new holes to fit.

The 23K01 Truck (not illustrated) has front and rear bolsters to bolt to engine base. An adjustable tie rod connects them. Frame not included as engine base acts as frame. Bolsters 18 inches wide, wheels 9x2 inches.

The 23K35 Truck has an angle steel frame, 36 inches long; 1⅜-inch solid steel axle, 30 inches wide; steel wheels, 14 inches in diameter with 2½-inch tires; for use with our 3½ and 6 horse-power engines.

23K01—Engine Truck without frame for engines weighing up to 500 lbs. Shipping weight, 55 pounds........**$3.75**

Shipped from BELLEVILLE, PA.

23K35—All Steel Hand Truck for any 2½ to 6 horse-power engines. Shipping weight, 118 pounds......**$13.90**

Shipped from HARRISBURG, PENNSYLVANIA.

Real Time and Money Saver
Sears Economy Log Sawing Outfit

Should Save Its Cost the First Season

Saws as Fast as Half a Dozen Men

Saw Guide Handle and Chain

Multiple Disc Friction Clutch

Anchor Hook

The Economy Drag Saw Outfit is complete with a 1¾ horse-power engine mounted on a 9-foot hardwood frame, with a 5-foot saw blade and multiple disc lever clutch. The multiple disc lever clutch enables the operator to start the engine without starting the saw or to stop the saw without stopping the engine and prevents damage to saw blade in case it binds in the cut. The two all steel wheels, 18 inches in diameter, with 3-inch tires, are mounted on swivel axles that can be easily changed, so the outfit may be drawn from one place to another or moved from cut to cut along the log. Saw blade is 5 feet long, made of high grade saw steel and is filed and set, ready for use. Length of stroke, 20 inches; saw operates at 170 strokes per minute.

Engine will operate saw successfully on any log from 8 inches up to 3 feet in diameter in either hard or soft wood. Exhaustive tests show that one man can cut through a 2-foot log in two minutes, while it requires two men ten minutes to cut the same log with hand crosscut saw. Outfit will pay for itself in a very short time, as it will saw as much wood in one week as three men would handle in four weeks with hand crosscut saw. Saw is held by guide, which holds the saw rigid while outfit is being moved. A truss rod extends full length of the frame, strengthening the outfit and preventing vibration.

The anchor hook holds outfit to the log, is easily handled and prevents slipping. Standard No. 51 binder or shredder chain is used for driving saw, as chain drive is very flexible and easy to handle.

Engine can be removed from the saw frame and used for pumping water or any other work. Pulley furnished at extra price, so that engine can be used for other work when not sawing wood. Weight, complete, 490 pounds; crated for shipment, 525 pounds. Full instructions accompany the outfit, telling how to set it up, how to start and run the engine. If ordered without engine, clutch cannot be supplied, as clutch is part of flywheel of engine. Should not be used with engines weighing over 300 pounds. Shipped complete from factory at EVANSVILLE, INDIANA.

23K2232—Economy Portable Drag Saw Outfit, including engine and 5-foot saw. Shipping weight, 525 pounds.........**$89.50**

23K2233—Drag Saw Outfit only with Saw but without engine or friction clutch. Shipping weight, 250 pounds. **Be sure to give horse-power of engine and size of engine shaft; also size of key way in shaft.** (Engine shaft must not be more than 1½ inches in diameter.)....................**$35.00**

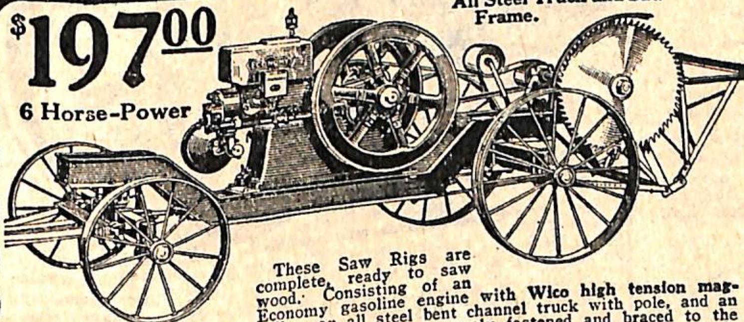
23K229—5-Foot Extra Saw Blade for Economy Drag Saw only. Weight, 15 pounds........**$4.50**

23K404—4x4-Inch Pulley to run other machines, extra. Weight, 10 pounds..................**$1.25**

Speed Governing Line Shaft

Complete with speed governor and clutch control. Can be used with any engine up to 3½ horse-power, to run the cream separator, churn, washing machine, pump jack or any small machine, as the speed governor takes care of variations in speed of engine and size of engine pulley. It can be set permanently for any desired speed, or can be increased or decreased as desired. Full instructions with each outfit. Shipped from factory in NORTHERN IOWA.

23K321—8-Foot Shaft, Speed Governor, one 4-inch, one 6-inch, two 8-inch Pulleys and two Hangers, mounted on 8-foot wood base. Weight, 115 pounds..........**$20.85**



23K322—12-Foot Shaft, Speed Governor, one 4-inch, two 6-inch, three 8-inch Pulleys and three Hangers, mounted on 12-foot wood base. Weight, 150 pounds..................................**$25.90**

Portable Engines and Pole Saw Rigs

$197.00

6 Horse-Power

All Steel Truck and Saw Frame.

These Saw Rigs are complete, ready to saw wood. Consisting of an Economy gasoline engine with **Wico high tension magneto,** and regular cast iron pulley, an all steel bent channel truck with pole, and an all steel tilting saw frame with belt tightener securely fastened and braced to the back of the truck, saw blade and belt. Saw frame is easily removed when it is desired to use the engine for other work.

The truck is of special construction, with bent channel steel frame. Axles are solid steel, 1⅝ inches in diameter, reinforced with 3-inch I beam. Wheels are all steel, 24 inches front, 32 inches rear with 4x⅜-inch grooved tire. On the 6 and 8 horse-power truck we furnish a 5-inch steel channel frame 8½ feet long, on the larger sizes a 6-inch steel channel frame 9 feet long.

Sawing Outfit Complete

23K4573—Portable Sawing Outfit with 6 Horse-Power Engine, 10x6-Inch Pulley, Saw Table, 26-Inch Saw and Belt. Shipping weight, 1,703 pounds..........**$197.00**

10x8-Inch Friction Clutch Pulley in place of regular, add..........**$10.70**

23K4773—Portable Sawing Outfit with 8 Horse-Power Engine, 16x6-Inch Pulley, Saw Table, 30-Inch Saw and Belt. Shipping weight 2,043 pounds..........**$228.00**

16x8-Inch Friction Clutch Pulley in place of regular, add.......... **18.45**

Engine and Truck Only

23K457—6 Horse-Power Engine and Truck. Shipping weight, 1,447 pounds..........**$167.75**

23K477—8 Horse-Power Engine and Truck. Shipping wt., 1,787 lbs....**$199.00**

23K4978—10 Horse-Power Engine and Truck. Shipping wt., 2,633 lbs.. **269.00**

23K41278—14 Horse-Power Engine and Truck. Shpg. wt., 3,248 lbs.. **348.00**

The 6 horse-power engine is shipped from HARRISBURG, PA., warehouse. Larger engines are shipped from EVANSVILLE, IND. Trucks and saw frame shipped from NORTHERN ILLINOIS factory.

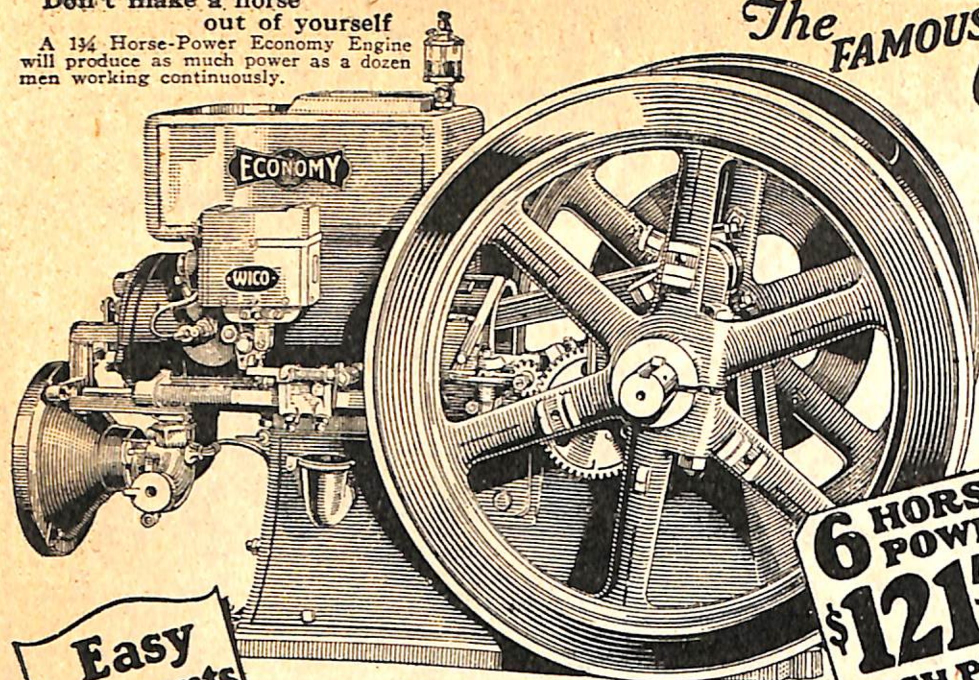
Economy Auto-Powered Sawing Machine

Now you can make your Ford passenger car or truck do double duty. The heavy steel frame Economy Sawing machine is quickly attached to any Ford car and can be removed in a few minutes time.

Engages directly with the crankshaft of the engine and, at an engine speed equal to 16 miles an hour on the road, develops about 8 horse-power. Equipped with a swinging saw table and a 24-inch crosscut saw that easily handles poles, limbs, posts, ties or slabs up to 10 inches, greatest diameter.

Runs at moderate speed, no weight on the crankshaft, no strain on the car, no loss of power. Engine can be cranked with hand crank if necessary, either with or without the saw frame attached. Fan belt pulley is removed and replaced with another pulley of same size containing the attaching coupling. This requires less than an hour the first time, after which saw frame can be removed or replaced in a few minutes.

Car travels over any ordinary surface with saw frame attached so you can saw where most convenient. In operation, the folding steel supports, resting on the ground, take nearly all weight off car. Braces attached to frame prevent any weight or strain on crankshaft.



This is the handiest sawing machine ever built and will do the work of half a dozen men, sawing by hand. Can be attached to Ford passenger cars or trucks of all models, or to Chevrolet passenger cars and one-half ton or one-ton trucks of 1925 model or later. **When ordering, the year and model of your car should be given.** Not adapted for other makes or models of cars.

Complete with 24-inch saw and necessary attachments. Shipping weight, 200 pounds. Shipped from factory in SOUTHEASTERN MICHIGAN.

23K555..**$74.00**

Don't make a horse out of yourself
A 1¾ Horse-Power Economy Engine will produce as much power as a dozen men working continuously.

The FAMOUS Economy Engine Dependable Under A Perfect

6 HORSE POWER $121.50 CASH PRICE

Easy Payments if You Wish

USE *Economy* Power *for* Pumping Grinding Feed Sawing Wood Running Separator Washing Machine Corn Sheller and Other Farm Machinery. Save Time Money and Your Strength. *Buy Now!*

You need a partner—a real helper—one that will do the hardest jobs on the farm without grumbling or complaining, is always ready to do what you want done, never gets tired, lazy or sick and will work 24 hours a day, if necessary. One that costs nothing when not working and very little even when doing the hardest kind of work.

An Economy Engine will do all this for you and when you take it into partnership it practically solves your farm labor problem. It can be used to operate almost any machine usually run by hand and, by taking away most of the hard manual labor, enables you to farm the greatest acreage with the least help and hence obtain the largest profit from your farm.

Many of the time consuming chores and nearly all the hard drudgery of the farm can be avoided by the use of an Economy Engine of the proper size. This enables you to give your time and energy to seeding, cultivating and harvesting your field crops and in caring for your stock, as it is in these your profit lies.

Why labor and sweat in pumping water, running the cream separator, washing machine, churn, fanning mill or crosscut saw by hand when a small Economy Engine will do this work for you at a trifling cost for fuel and oil.

For the heavier jobs, grinding feed, baling hay, cutting and hoisting ensilage, sawing logs and poles, running corn shellers, cane mills, etc., there is an Economy that will just meet your needs.

Compare the superpower Economy with other engines and note these important advantages.

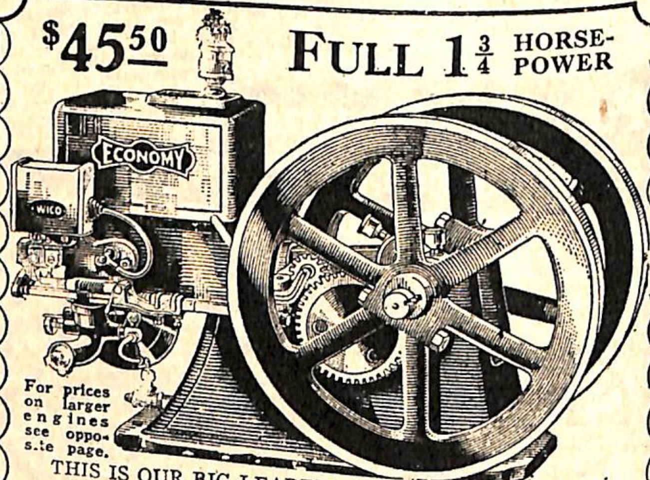
Economy Engines have heavy cast iron bases. No wood sl.ids to crack or warp. Protected gasoline tank in base. Balanced flywheels. Speed regulator and ample surplus power.

An Economy Engine can be set on a solid foundation or mounted on a truck and hauled to wherever the power is required. It can be run in a building or outside, in rain, snow or zero weather and will do most work faster and better than you can do it by hand.

Built for Long Service

These engines are much heavier and more substantial than most other engines of equal horse-power. They have heavier crankshafts and connecting rods, larger and heavier flywheels and longer bearings. Even the smallest size weighs 50 to 60 pounds more than most other engines of the same rated horse-power, and the larger sizes are also heavier. This extra weight, combined with the long bearings, careful fitting and fine workmanship throughout, insures long service and high efficiency under hardest working conditions.

Removable Bearings, Interchangeable Parts



Main shaft and connecting rod are fitted with removable, die cast, interchangeable bearings of high grade babbitt metal with heavy reinforced bearing stands for main shaft bearings. Suitable shims or liners are provided to take up wear, but if, after long service, new bearings are required, we supply them at a reasonable cost and they drop into place without any fitting or filing. Our crankshafts are drop forged, high carbon steel, accurately machined and ground. Connecting rods are of heavy I-beam type. Bronze bearings for wrist pin. Small gear on crankshaft and governor gear are forged steel and cam gear of gray iron, all accurately machine cut. Small wearing parts, where necessary, are of steel, hardened and ground.

Simple Venturi type mixing valve with automatic suction feed and needle valve adjustment. Special choke or damper closes the mouth of the air intake in starting. Special balanced flywheels, correct carburization to secure just the right mixture, the always reliable WICO Ignition and our accurate speed controlling fly ball governor combine in making the Economy powerful, dependable and economical in operation.

Easy Starting, Surplus Power

Economy Engines are designed to start easily and quickly under all average weather conditions. The scientific WICO Magneto, in combination with the simple Economy tripping device, furnishes a hot fat spark at low speed just as readily as at high speed and guarantees an easy starting engine. A reserve capacity over the rated horse-power on each engine not only takes care of a momentary overload, but enables you to run the Economy for long periods at its full rated horse-power or even beyond.

$45.50 FULL 1¾ HORSE-POWER

For prices on larger engines see opposite page.

THIS IS OUR BIG LEADER. The greatest engine bargain we have to offer. This powerful 1¾ Horse-Power Economy Engine turns hard farm jobs into easy ones and saves time and labor every day in the year.

No thirsty stock or tiresome hand pumping if you let the Economy do the work. Belt it to the washing machine and take the back break out of "Blue Monday." Use it to run the separator, morning and night. Put it to work on the corn sheller, fanning mill, grindstone and a dozen other farm jobs. Make it the farm drudge. It never gets tired and works for a few cent's worth of fuel and oil a day.

Built in the same honest, careful way as our larger engines and of the same highest quality materials. Equipped with the genuine WICO sure-fire, big spark Magneto that makes starting quick and easy. Guaranteed to satisfy you and to do all we claim for it. Sixty days' trial on your farm to prove every claim we make. You take no risk. Order now and start farming in the easy Economy way.

Shipped from HARRISBURG, PA.

WICO SURE FIRE MAGNETO

Water, oil and dustproof with only one moving part. Gives a big, flamy spark no matter how slow you turn the engine over.

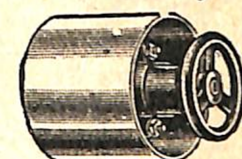
BIG FUEL SAVING FEATURE

Improved valve lock on cylinder head holds intake tightly closed when exhaust valve is open. Prevents blow-back through mixer and saves gas.

SPEED EASY TO REGULATE

You can change speeds while engine is running by shifting regulator. Gives a reduction up to about 125 revolutions per minute from high speed.

Clutch Pulleys



Bolts to the spokes of the flywheel and enables the operator to start the engine without starting the machine or having to disconnect the belt. You can also stop the machine without stopping the engine.

Recommended on all engines of 6 horse-power or larger. Furnished as standard equipment on 10 and 14 Horse-Power Economy Gasoline Engines. Shipped from EVANSVILLE, IND. For price in place of regular pulley, see engine prices at the left.

23K530	30	8	235	31.00

Clutch Pulleys for Small Engines

Adapted to attach to crankshaft of 1¾, 2¼ or 3½ Horse-Power Economy Engines, replacing regular solid pulley. Can also be used on other engines with crankshafts of 1¼ to 1⅝ in. in diameter. These handy pulleys disconnect power from machinery at any time. Make cranking the engine easy, start the load without jerk or jar, and make it possible to stop machinery without stopping engine. Also do away with the need of tight and loose pulleys.

If used on an Economy Engine, give horse-power when ordering. On other engines, give diameter of crankshaft extension. Shipped from HARRISBURG, PA.

Direct Connected Gear Driven Pumping Outfits

$65.75

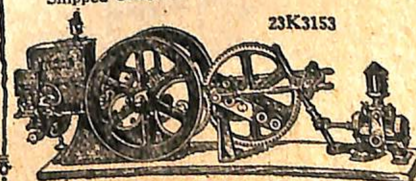
Pump Not Included

23K3152

These outfits consist of a 1¾ Horse-Power Economy Gasoline Engine with Wico Magneto, 4x4-inch Pulley and Pump Jack, fastened by four cap screws to the base of the engine so that the jack with babbitt bearings is driven by machine cut gears instead of a belt, with four strokes, 5, 6, 8 and 10 inches, running pump about 40 strokes per minute.

The vertical jack, shown above, is built to clamp around the body of any ordinary hand or windmill force pump, and is furnished with long iron pipe pitman rods and crosshead. Will handle up to 300-foot well. Width over all, 22 inches; length, 45 inches.

The horizontal jack shown below has a stand that holds the outer end of the jack and short rods with a clamp to fasten to the handle of any force pump. Width over all, 22 inches; length, 59 inches.



Engine can be detached from the jack and used for other work. Shipping weight, 390 pounds.

23K3152—1¾ Horse-Power Direct Connected Vertical Pumping Outfit with 4x4-inch Pulley.......... **$65.75**

23K3153—1¾ Horse-Power Direct Connected Horizontal Pumping Outfit with 4x4-inch Pulley.......... **$65.75**

Shipped complete from EVANSVILLE, IND., only.

23K3153

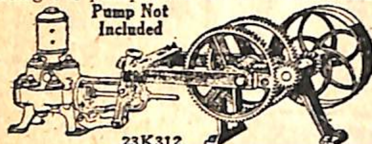
Pump Not Included

Pump Jacks — Stylish Buggies and Carts

Double Gear Pump Jack

23K337

A pump jack is used with an engine to operate a pump. Jack 23K337, at left, can be used on any hand or windmill force pump so that pump can be operated by hand or with engine. Will handle wells up to 300 feet deep. The Jack 23K312, as shown below, is used to operate a horizontal pump, a clamp being furnished to fasten around the handle of the pump. It can also be used to operate a three-way pump or as an overhead jack.



Shipped from HARRISBURG, PA.

23K337—Double Gear Jack, for wells up to 300 feet deep. Shipping weight, 90 pounds.... **$6.95**

23K312—Double Gear Horizontal Jack, with hand clamp and stand support. Shipping weight, 95 pounds.... **$7.95**

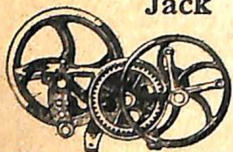
23K370—11 feet of 2-inch Rubber Belt with fastener to use with pump jack. Wt., 2 lbs. **$1.50**

Both jacks are back geared four to one, with three strokes, 4½, 7 and 9½ inches, equipped with 13-inch tight and loose pulleys, 2¼-inch face. Should run about 150 revolutions per minute, operating the pump about 35 strokes a minute.

23K312

Self-Oiling Worm Drive Jack With Enclosed Gears

The worm drive gearing of this efficient jack is completely enclosed, protecting it from ice, snow and dust and also preventing catching of fingers or clothing in the gears. Three-quarters of a pint of good transmission oil poured into the gear case lubricates all gears so that they run in a constant bath of oil. No attention required except to change the oil every six months.



Jack is back geared 15 to 1 with 4-inch tight and loose pulleys for engine drive, or a 10-inch single pulley for electric motor drive. Pulleys have 2¼-in. face. We recommend using our 1¾ Horse-Power Economy or similar small engine, or ½ Horse-Power Electric Motor. 5, 7½ or 10-inch stroke. Pumps wells with 2-inch cylinder up to 200 to 250 feet deep. Shipping weight, 85 pounds.

Shipped from HARRISBURG, PA.

23K334—Worm Drive Jack with 4-inch tight and loose pulleys for gasoline engine drive.... **$8.60**

23K335—Worm Drive Jack with one 10-inch pulley for electric motor drive.... **8.65**

Double Back Geared Jack — $8.50

For use with engine on very deep wells, where slow speed is required or electric motor. Will handle a 2-inch cylinder or less on wells up to 350 feet deep, back geared, sixteen to one, with three strokes, 5, 7½ and 10 inches. 13-inch Center Drive Pulley with clutch for starting and stopping. Pulley should run about 560 R. P. M. with electric motor to run pump 35 strokes per minute. With engine for deep wells pulley should run about 480 R.P.M., running pump 30 strokes per minute. Will fit any pump standard up to 4 inches in diameter. Gears completely covered with steel gear guard.

Shipped from HARRISBURG, PA.

23K339—Double Back Geared Center Drive Clutch Jack, with Steel Gear Guard. Shipping weight, 100 pounds.... **$8.50**

23K371—Clamp for attaching jack to handle when used with horizontal pump. Wt., 1 lb.. **65c**

Our American Beauty — $88.50

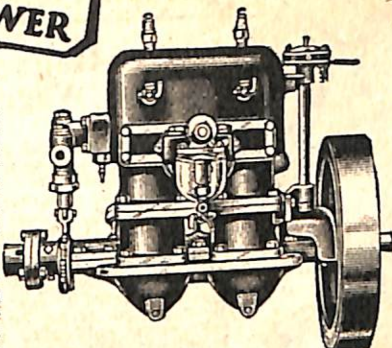
Boat Engines



SINGLE AND DOUBLE CYLINDER 2½ TO 8 HORSE-POWER

OUR PRICES SHOW BIG SAVINGS

Two-Cycle Marine Engines

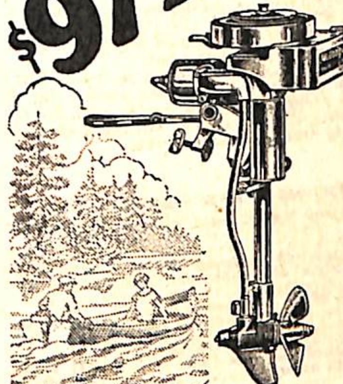
Write for Marine Engine Circular

Our Marine Engine Circular 7317K pictures and describes fully our two and four-cycle boat engines in one to four-cylinder models, rating from 2½ to 15 horse-power and quotes prices that are bound to save you money. It also lists propellers, shafting, reverse gears and other boat equipment, all at prices you will find surprisingly low. Write for it today—it's FREE. Ask for Marine Engine Circular 7317K.

These are the famous two-cycle Motorgo Boat Engines which we have sold for so many years and are giving satisfactory service in thousands of boats. Complete with timer, Schebler carburetor, bronze plunger pump, grease cups, a spark plug and priming cup for each cylinder, thrust bearing and rear coupling. Battery ignition consists of five dry cell batteries. A high grade vibrating spark coil and the necessary wiring with terminals, muffler, starting crank and book of instructions.

Boat equipment consists of 6 feet of propeller shaft (steel for fresh water, bronze for salt water), a bronze stuffing box with lag screws and a two-blade bronze speed propeller. (Can furnish three-blade at extra price.) **Shipped from factory in SOUTHERN MICHIGAN.**

23K803—2½ horse-power single cylinder with boat equipment and battery ignition. Shipping weight, 186 pounds.
Fresh water........................**$92.00**
Salt water........................**$96.00**



23K804—4 horse-power single cylinder with boat equipment and battery ignition. Shipping weight, 242 pounds.
Fresh water........................**$102.00**
Salt water........................**$107.50**

23K806—6 horse-power double cylinder with boat equipment and battery ignition. Shipping weight, 260 pounds.
Fresh water........................**$131.50**
Salt water........................**$137.00**

23K808—8 horse-power double cylinder with boat equipment and battery ignition. Shipping weight, 350 pounds.
Fresh water........................**$151.00**
Salt water........................**$158.50**

23K809—Bosch Magneto with impulse starter in place of battery ignition for 4, 6 or 8 horse-power, add........................**$18.95**

$97.50 Rowboat Engine With Built-in Magneto

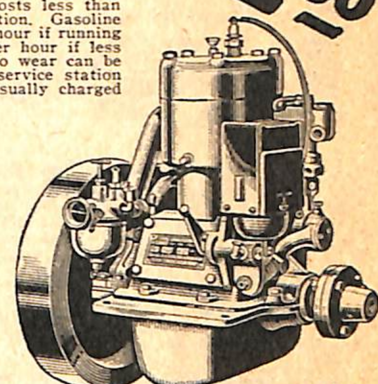
Our Motorgo Rowboat Motor fastens on the back of any ordinary rowboat and will propel it from 6 to 8 miles an hour any place that a rowboat will go—through streams with barely enough water to float the boat.

It is equipped with a **tilting device** so that if you strike a rock or log or run into a bunch of weeds the outfit tilts enough to pass over. If the propeller blade strikes the obstruction an **automatic safety clutch** allows it to slip until you have passed over the object, when it takes hold again.

Equipped with a high grade guaranteed magneto and a rope starter. One pull turns engine over several times, eliminating all starting trouble.

The motorgo steers with the propeller and is equipped with a compensating spring that takes care of the side strain on the steering handle, which makes the outfit very flexible and easy to handle, particularly in rough weather. Engine is reversible—stopped and started instantly.

Propeller is weedless, 9 inches in diameter with 10-inch pitch. The cylinder is 2⅝-inch bore, 2½-inch stroke. Speed, 1,000 revolutions per minute, commonly called 2 horse-power. Actual weight, 50 pounds.



Furnished with Alemite grease gun and connection for greasing lower gear housing. **Shipped from factory in SOUTHERN MICHIGAN.**

23K812—Motorgo Rowboat Engine, with magneto ignition. Shipping weight, 85 pounds........................**$97.50**
23K813—Under Water Exhaust, Aluminum. Weight, 1 pound........................**$2.25**
23K814—Waterproof Cover for top of motor. Weight, 1 pound........................**1.75**

Our 5 H.P. 4-Cycle Wonder $112.00

Low first cost, economical operation and small expense for upkeep are combined in this new four-cycle 5 Horse-Power Motorgo Engine.

Equipped complete with Wico Ignition it costs less than the usual engine of this type with battery ignition. Gasoline consumption is small; only about 2 quarts an hour if running on full power or ⅘ of a pint per horse-power hour if less power is used. Practically all parts subject to wear can be obtained at any Ford Automobile dealer or service station at prices that are only a fraction of those usually charged for marine engine parts.

Bore, 3¾ inches; **Stroke,** 4 inches; weight, 160 pounds; **Speed,** 350 to 1,000 R. P. M., for use in slow speed work boats or for medium high speed pleasure boats.

All valves, valve tappets, timing gears, piston rings, connecting rod, bolts, nuts, manifold gaskets and bearings are interchangeable with similar parts used on the Ford engine.

Complete with Holly brass carburetor (Ford style); Genuine Wico High Tension Magneto which gives a hot fat spark every time regardless of weather conditions; a spark plug and wire, bronze plunger pump and rear coupling for attaching propeller shaft; muffler, starting crank and book of instructions.

For boat equipment we furnish a 14-in. two-blade bronze speed propeller, 6 feet of ⅞-in. propeller shafting and a ⅞-in. stuffing box, with lag screws; steel shafting for fresh water, bronze for salt water. Shipping weight, 200 pounds. **Shipped from factory in SOUTHERN MICHIGAN.**

23K805—5 Horse-Power Four-Cycle Boat Engine with Wico magneto and boat equipment. Fresh water........................**$112.00**
Salt water........................**$117.75**

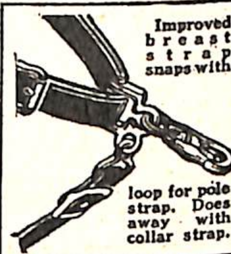
Dark Vein Blue Vermont Marble $32.50 | **White Clouded Vermont Marble $22.00** | **White Clouded Vermont Marble $15.50** | **Gray Barre Granite $72.00** | **Dark Vein Blue Vermont Marble $9.00**

We picture above a few selections from the large variety of beautiful and appropriate memorials shown in our new Catalog of Monuments and Markers. The prices as quoted are for the Monuments only and do not include the cost of carving the lettering. We are prepared, however, to carve any desired inscription or emblem in an artistic manner and at a very reasonable price.



You will find it easy to select a tasteful and appropriate memorial from our pleasing collection which includes not only the latest, artistic creations in the memorial art, but many old favorites which, because of their beauty and appeal, grow increasingly popular as time rolls on. We use only selected marbles and granites of the most enduring character and guarantee both material and carving to be of the highest standard. We disregard the large profit usually considered necessary and sell memorials at the same narrow margin of profit as other goods on which we have no handling expense, so that our prices are much lower than those usually asked.

If it is your wish to fittingly mark the spot where sleeps a loved one who has passed on, write today for our free **Monument Catalog 574K** and we will promptly forward it postpaid.

CUSTOM QUALITY

$5.00 Down—$5.00 a Month

General Farm or Wagon Harness

This Harness is sold on easy monthly payments; thirty days' trial; priced unusually low; a harness made according to Sears, Roebuck and Co.'s high standard of quality. It's the lowest price at which a harness of this quality has been offered for years. We made our terms very easy, too—only $5.00 a month—so that everyone can take advantage of this opportunity.

Compare—and Satisfy Yourself

When you get this harness, examine it carefully. Compare it with other makes selling at from $10.00 to $15.00 more than our price. Compare the leather, the hardware, the workmanship. Compare, also, the size and thickness of our straps with others. Only because we buy so many are we able to offer you this low price.

Try this harness on your own team. Use it for thirty days. Then if you do not find it exactly as represented and satisfactory in every way, box it up and send it back to us at our expense. We will then return every cent you have paid, including transportation charges.

$53.25 Cash Price

Here Are the Strong Points

Below Are the Specifications. Note the Size of the Straps and You Will Realize What a Good Substantial Harness Is Here Offered

BRIDLES—⅞-inch short cheeks with nosebands; Concord blinds; combination front and winker brace, ring crowns, round reins, complete with two check-up straps.

LINES—Strong and well made, 1⅛ inches wide, 20 feet long.

TRACES—6 feet long, 1¾ inches wide, very carefully fitted and stitched with three rows of stitching, fancy scalloped safe; extra heavy bellyband billet; 6-link swivel heel chain.

HAMES—Steel, bolt, brass ball top, four well made hame straps, two spread straps with rings, folded bellybands.

BREECHING—Wide heavy folded body with 1¾-inch layer, 1¼-inch side straps, three-ring style, adjustable hip straps, 1¼ inches wide, with trace carrier; 1¼-inch backstraps to hames, equipped with metal wear loops.

PADS—Extra wide leather body, swell shape and leather lined with 1½-inch market straps and metal bridges.

MARTINGALES—1½ inches wide.

BREAST STRAPS—1½ inches wide, with snaps and improved rollers. These straps are cut from heavy stock, and with the new style of combination breast strap and martingale snap it does away with the collar straps and makes a more substantial job.

TRIMMINGS—Black japanned, with brass balls on the hames.

10K650¼—Double Harness, without collars. Shipping weight, 95 pounds. Time payment price.................. **$58.50**

Terms: $5.00 with your order and $5.00 a month until easy payment price has been paid. **Use Time Payment Order Blank on page 1092.**

10K651¼—Same Harness, cash in full with order.................. **53.25**

"New England" Farm Harness

Just compare our price on this harness with that usually asked by others, and you will find that we make you a saving of $10.00 to $25.00 and even more per set. Remember, nothing is added to the cost of our harness after it leaves the factory, except our own small profit. Extra profits do not add one cent to the actual value of any harness. When we ship you a harness it must appeal to you by its own merit, its high quality, after you have given it a most thorough examination and put it to every reasonable test.

Flesh Side of Straps Is Not Blacked—All Straps Have Creased Edges

BRIDLES—¾-inch box loop cheeks; Concord (sensible) blinds, spotted front and face piece, round reins; two check-up straps.

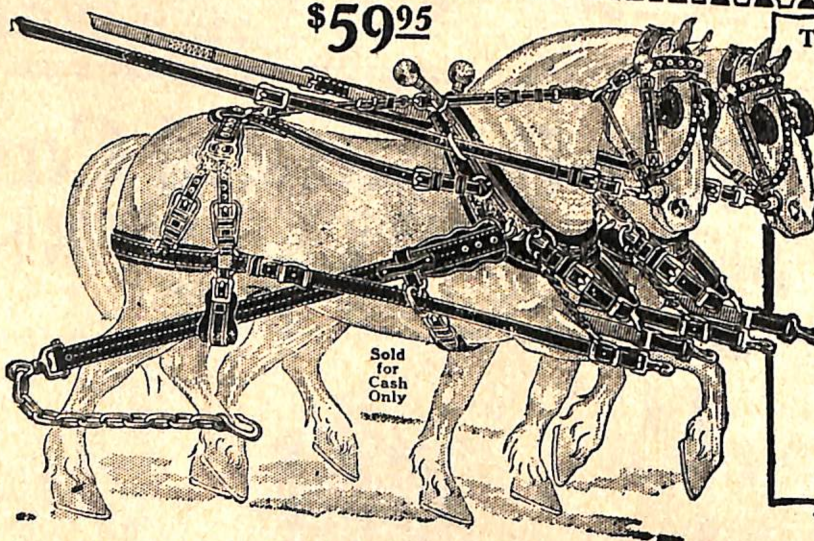
HAMES—Steel clip and staple with brass balls.

TRACES—1¾-inch double and three-row stitched, 6 feet long, clipped to hames, folded bellybands with 1½-inch buckles.

LINES—1 inch wide, 20 feet long, stitched laps.

BREECHING—Folded body, 1½-inch layer stitched full length; flange breeching layer loops; 1-inch hip straps and double backstraps.

SIDEBACKERS OR JOCKEY STRAPS—Single strap, 1½ inches wide.



BREAST STRAPS—Heavy single strap with leather loops, 1¾ inches wide, snaps and slides.

TRIMMINGS—Black japanned, brass spots.

Weight, packed for shipment, 95 pounds.

10K691¼—Double harness without collars. **Cash only**.................. **$59.95**

$59.95

This Explains Why We Sell Harness So Cheap

In buying our harness you pay only one profit above manufacturing cost. Our harness is designed and constructed by skilled mechanics and of selected materials. Finished sets are examined by experts of long experience, so that we can AND DO guarantee that any harness you buy from us will stand up to its work and satisfy you every way.

Every farmer should give Sears harness a trial on his own farm and in his own way. We will gladly send a set for a full month's trial without risk to you. If you find the harness to be all we claim for it on quality and value, you will want to keep it, but if you are not perfectly satisfied, just send it back, and we will promptly return all the money you have paid on it and the shipping charges also. By becoming the only sales medium between the factory and you, we save you the selling expense of jobbers, dealers and agents, and you keep this saving right in your own pocket.

"Aroostook" Custom Built Harness

Harness That Will Stand the Test

You'll like the leather in this harness—thick, heavy straps, heavy three-ply traces, built to stand the hardest pulls. The leather was tanned right from selected No. 1 northern steer hides by the good old fashioned bark process. This takes longer time and costs more, but it puts longer life and greater strength into the leather. Here is workmanship, too, of the same expert character that has established such a wonderful reputation for our harness wherever it has been used. You look for long wear, even with the hardest use, in a Sears, Roebuck and Co. harness. This harness will satisfy you. This we guarantee.

This type of harness is popular in the Eastern States, especially in the great potato growing districts. Farmers use it for field or wagon work. Its quality is of the kind that gives years of satisfactory service.

BRIDLES—¾-inch box loop cheeks, sensible blinds, spotted fronts, fancy face pieces; short flat reins.

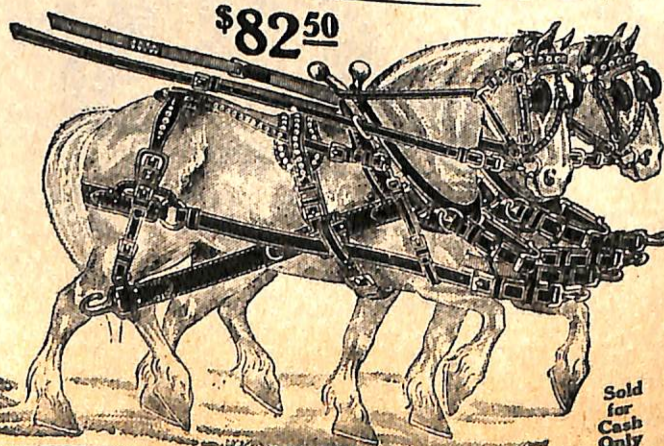
LINES—Extra good quality and well made; 1 inch wide; 18 feet long; buckle and billet ends with snaps to bit.

HAMES—No. 10 Concord bolt; wood, brass long spot; 4 heavy hame straps; ¾-inch spread straps.

TRACES—2¼ inches wide, double and stitched; 4 feet 8 inches long with hook ends, (no chains).

PADS—Harness leather scalloped body, with layer, full brass spotted; 1⅛-inch billets; 1½-inch folded bellybands with layer.

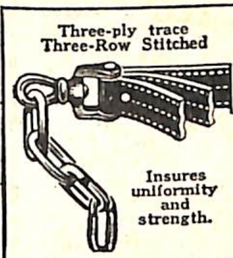
BREAST STRAPS—1¾ inches wide with leather loops; snaps and slides.



SIDEBACKERS—1¾-inch single strap body with snaps to neckyokes; 1-inch carrying straps.

BREECHING—Single strap body, with layer at each end; 3-ring stay lead-up; fancy tapered hip strap; spotted back straps to hames; padded rump safes; 1¼-inch lazy straps.

TRIMMINGS—Brass buckles and spots. Weight, boxed for shipment, 100 lbs.

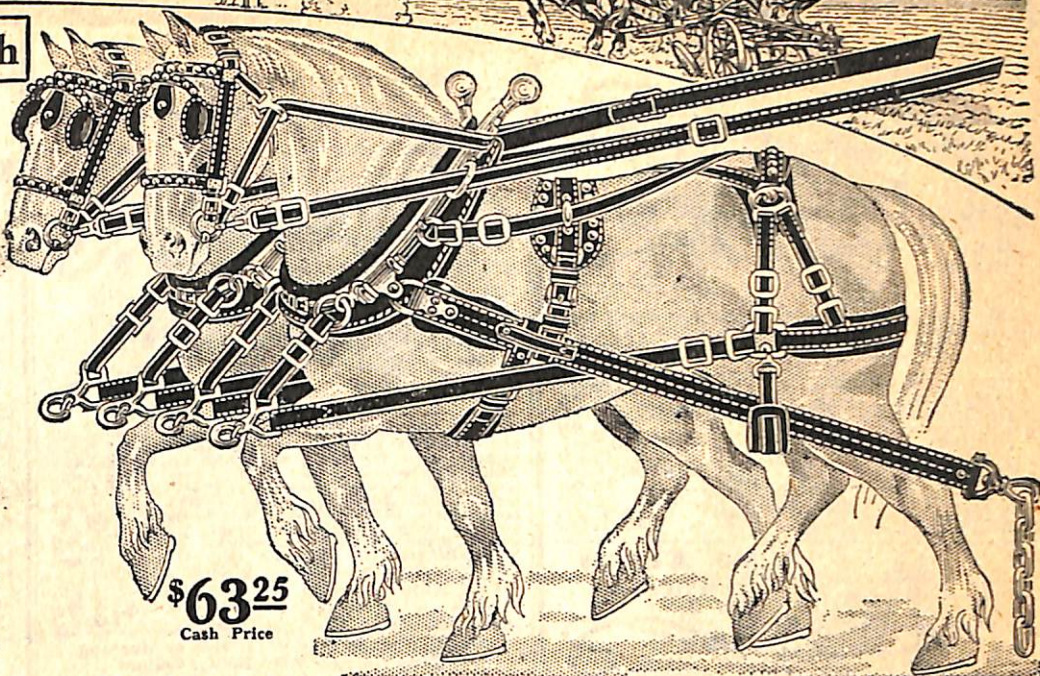


10K685¼—Double harness, without collars. **Cash only**.................. **$82.50**

$82.50

PRICES LOW!

$5.00 Down—$5.00 a Month



"Farm King" Metal-to-Metal Harness

Why is "Metal-to-Metal" Construction the Best?

Look at your old harness. It wears out first where there is the greatest friction of metal against leather. Friction is the greatest destroyer of harness. This new improved harness has the latest and best special "metal-to-metal" features. Where there is likely to be see-saw wear or friction, metal wears against metal; the leather is protected. None but the choicest No. 1 heavy northern steer hides are used. Tanned by the old fashioned bark process; a long process and the most costly, but the best one. This leather will stand the hardest test.

Special Easy Terms Offer

Don't wait until your old harness breaks and stops your work. All you need right now is $5.00, then pay the balance in small monthly payments of $5.00 each. Take advantage of this Special Easy Terms offer. Send your order, with only $5.00, now, and have a sturdy, dependable harness on hand when you need it.

$63.25 Cash Price

Read in Detail What a Splendid Harness This Is

BRIDLES—1-inch, double cheeks, with heavy 1¼-inch crown straps, in the popular ring crown style.

LINES—Selected with extra care. Made from heavy stock, 1⅛ inches wide and 20 feet long. A 1⅛-inch line in this grade of stock is as good as the majority of 1¼-inch lines.

TRACES—Heavy three-ply leather, 1¾ inches wide, three-row stitch, with extra heavy 1½-inch bellyband billets. Bellybands made with layer for extra strength. Six-link swivel heel chains sewed in.

BREECHING—Very heavy, folded body, 2½ inches wide with 1¼-inch layer. The fold is filled with harness leather, making it extra strong. The back straps are selected heavy leather, 1⅛ inches wide, protected at all points of wear by special "metal-to-metal" fittings. Side straps are very heavy, 1¼ inches wide, and are also protected by "metal-to-metal" fittings.

SIDEBACKERS—Very heavy leather, 1¾-inch body, 1⅛-inch carrying straps, combination snap and loop to neckyoke, "metal-to-metal" fittings.

BACK PADS—5 inches wide, swell shape, harness leather top, leather lined bottom with heavy 1½-inch layer, extra heavy 1½-inch market straps, all protected by "metal-to-metal" fittings.

HAMES—Steel Concord bolt, brass ball top; one of the strongest hames made. Trims up the harness and shows off your team to the best advantage.

10K605¼—Double harness, without collars. Shipping weight, 95 pounds. Time payment price.......... **$69.50**

Terms: $5.00 down and $5.00 a month until full easy payment price has been paid. **Use Time Payment Order Blank on page 1092.**

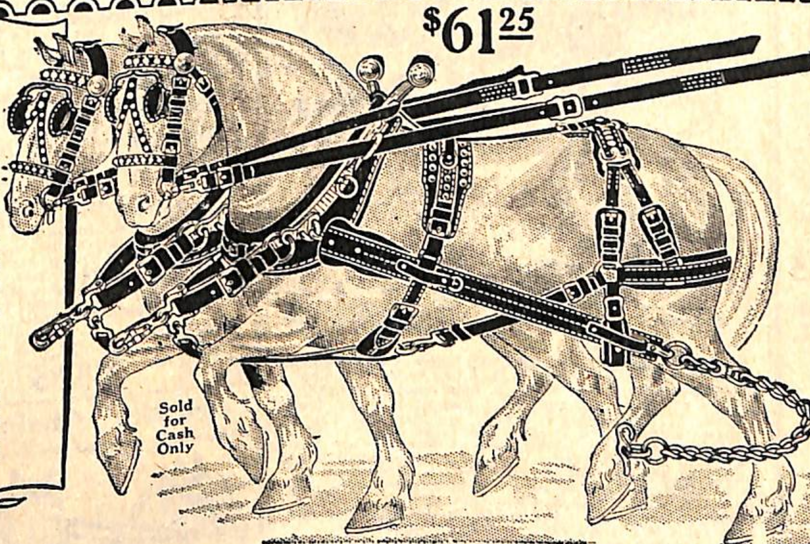
Reliable Quality at Low Cost



That's what you expect when you buy harness and saddlery from Sears, Roebuck and Co., and that's just what you'll get if you make up your order from this catalog.

Quality that is **reliable** results from the manner in which the leather is tanned that goes into the manufacture of our harness, strap work and saddles, the old time bark tannage, proved the best by countless numbers of our customers, over the 35-year period during which we have been selling harness.

Low cost is made certain by large quantity production, modern methods of manufacture, purchase of supplies for cash and economical distribution.

Thus when you order from this catalog you know in advance that quality and price are both right, and this is further assured to you through our nationally known guarantee.

"White Mountain" Boston Truck Harness

To Possess Good Work Harness Is Highly Profitably

Don't overlook quality—that which gives good harness its value. The real test of harness is in the length of service and quality of service it gives. This can be decided only by actual use. We give you the privilege of using the harness for a reasonable time and agree to replace free of charge any part of it that wears out because of poor quality of material or workmanship. Thus customers have the opportunity to judge the quality of our harness by the actual service it gives.

We suggest your careful consideration of the harness shown here. It represents a popular style used extensively throughout the New England States, and is a decided bargain. The leather is of selected quality with flesh finish back and narrow creased edges. Harness is splendidly made.

BRIDLES—¾-inch cheeks with box loops, Concord (sensible) blinds; face pieces and flat reins.

LINES—1-inch wide, 16 feet long; heavy leather, sewed laps; buckle, billet and snap ends.

HAMES—Concord bolt, wood, with steel back, long spot, Dandy brass ball tops. Heavy hame straps and spread straps.

TRACES—Double and 3-row stitched, 2 inches wide at front end, 1¾-inch rear with dee, hook and 24-inch chain; folded bellybands with return billets.

BREECHING—Wide folded body with 1½-inch layer; heavy lead-ups with safes and box loops; 1½-inch side straps extending to dee in trace; 1-inch double backstraps and double hip straps; padded rump safe.

JOCKEY STRAPS—1½-inch wide, single strap with hook and ring; 1-inch carrying straps.

TRIMMINGS—Black japanned, brass spots.

10K857¼—Double harness, without collars. Shipping weight, 95 pounds.... **$65.50**

"Fitzall" Adjustable Horse Collar

THE CHAMPION OF ALL

A Good Thing Is Often Imitated but Seldom Equaled

"Fitzall" collars are good collars and they are made to meet the changing conditions of horses' shoulders caused by alternate seasons of light and heavy work. With a "Fitzall" collar these changes can be met and the shoulders properly fitted at all times. We have sold thousands of these collars and have abundant faith in them, due to the many letters of praise received from our customers; so we do not hesitate to recommend them as the ideal horse collars to use. It is not only humane but good business to provide the best possible collar for your horse which serves you so well.

These collars are made of heavy, firm collar leather, thong stitched; the top of the collar is not stuffed, but stiffened by several layers of leather stitched together; the large draft is well stuffed and shaped to fit the hollow of the neck snugly and comfortably. The top of the collar is unstuffed and flexible and has four pairs of adjusting holes on each side. You **adjust the steel pegs in the holes on both sides**, thereby lengthening or shortening the collar without changing the width at the top. This adjusting is easily and quickly done, and affords a practical method of changing the size of a collar so that it will always fit properly. Each collar can be adjusted to four different sizes. The smooth leather pad at the top fits the top of the neck, reduces friction and prevents binding. The "Fitzall" Horse Collars are made in three grades. Comparison of prices will show that the cost of these collars is very little higher than ordinary one-size collars of equal quality.

Order your "Fitzall" today, remember the guarantee of the World's Largest Store assures you absolute satisfaction so that you run no risk in making your purchase.

10K3431¼—Made with split leather shoulder and rim; russet face, well stuffed; 17-inch draft. Shipping weight, 9 pounds.

Extra leather top pads for "Fitzall" Collars. Shipping weight, ¾ pound.
10K3601—Each $1.00

How to Measure

Measure horse's neck from top to throat in a straight line. The number of inches will be the size needed. Or measure old collar as illustration shows. The draft is the size around shoulder at widest part of collar. We state shipping weight of 20-inch size of each number.

"Mid-West Farms" Horse Collar

$3.35 AND UP

Illustration Shows Face and Back View

Examination of the material and workmanship of this collar will surely please and satisfy the most critical that it is one of the best low priced leather collars you can buy. Split leather is used at the rim and shoulder, enabling us to make so low a price. A grain leather collar of this grade could not be sold for less than twice the price we ask for this. At the outer edge the collar is ribbon thong stitched; the middle seam is also thong sewed and the throat built up full and stuffed; open top fitted with a heavy sole leather top pad; the draft is 16½ in. Weight, about 7½ lbs. Shpg. wt., 9 lbs.

10K1989 **$2.85**

Bark Tanned Black Harness Leather
Our leather is noted for its strength of fiber and unexcelled wearing qualities. It is the same high grade that we use in our sets of harness and miscellaneous strap work; is tanned by the old bark process, in use for over fifty years, and never fails to give satisfaction. We will send you as near the weight you order as we can and charge for the quantity we send, but we do not cut the sides, backs or pieces into straps.
10K7763¼—Full Sides, weighing from 16 to 19 pounds each. Pound **52c**
10K7764¼—Full Sides, weighing from 20 to 24 pounds each. Pound **53c**

10K7768¼—Backs only, heavy trace leather, weighing from 17 to 19 pounds. Per pound **62c**
Leather Bellies. Used for repairing or making light strap work. Pieces weigh from 4 to 8 pounds each.
10K7771—Per pound **29c**
For Harness Oil see page 456

Farmers' Handy Leather Bundle
Contains 1 pound of assorted rawhide leather strips, in different lengths and widths. Used for many purposes, such as making quick repairs about harness, saddles and farm machinery. Shipping weight, 1¼ pounds.
10K7772—Per bundle **32c**

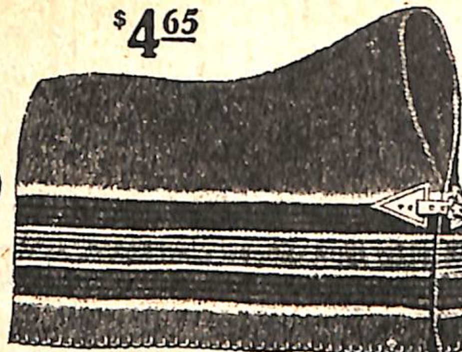
Hercules Bull Tie
Designed to hold the most vicious bulls. This Bull Halter is constructed of stout chain and bark tanned leather. The leather encased chain encircles the neck, locked underneath by a patented clasp. To this chain another is attached which passes over the poll, down the forehead and through the nose ring by which the bull is tied. A quick jerk will spend its effects, not on the ring, but over the poll to the neck chain.
10K1993—Shipping weight, 8 pounds **$5.95**

Hercules Bull Staff
Made of hardwood with plated metal parts of malleable iron; snaps into ring in bull's nose; is operated from metal rod ending at thumbscrew which when turned down, holds lock securely. Simple, easy working and safe, with great controlling power.
10K4200—Shipping weight, 5½ lbs. **$4.75**

Here's Warmth and Comfort for Your Horses

"Renown" Horse Blanket

$2.25 And Up



For blankets of exceptional value we highly recommend these. So popular was this number last year in the small size that we are now having it made in two larger sizes so that more of our customers may get the benefit of a truly amazing bargain. Long wearing quality and unusual strength are its features. Soft, fluffy and warm. The body of the blanket is of two shades of brown with a heading border of gray and red, which make an attractive combination. We are sure that every customer purchasing these blankets will be delighted with their quality and coloring.

10K9900¼—Size, 72x74 inches. Shipping weight, 4½ lbs. Each...$2.25
10K9901¼—Size, 76x80 inches. Shipping weight, 6 lbs. Each... 2.75
10K9902¼—Size, 80x84 inches. Shipping weight, 7 lbs. Each... 3.25

"Reliance" Horse Blanket

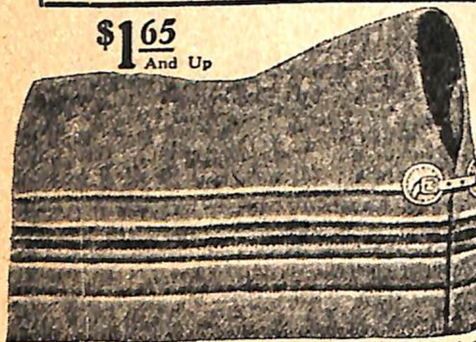
$4.65

Buy and examine these blankets; note especially their firm texture and splendid finish. Put one on your horse; you will be very pleased with its appearance and pronounce it the most remarkable blanket value you ever received. Not only is it a desirable horse blanket, but it may be used very satisfactorily as a camping blanket, or for general outdoor use. Quality considered our price is very low. The body of the blanket is reddish brown with contrasting head stripes of beautiful colors.

10K9924¼—Size, 84x90 inches. Weight, about 8 pounds. Shipping weight, 9½ pounds. Each....................$4.65

"Wonderland" Fancy Plaid

$4.95

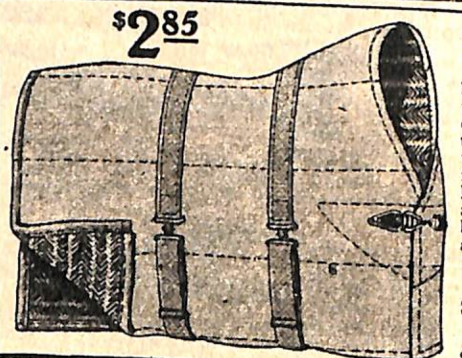


A blanket made as this one is, always satisfies; about two-thirds wool, just right for both strength and warmth and the pretty plaid pattern of dark blue, brown and gold is one we know you will like. You'll like, also, the soft, fluffy, wool-like finish of this blanket and the splendid service it will give you. Plaid blankets are always popular, and usually high priced, but not here. Investigate and you'll find that we save you from $2.00 to $3.00 compared with the price asked by others for similar quality. Made by L. C. Chase.

10K9935¼—Size, 80x84 inches. Shipping weight, 7 pounds. Each....................$4.95
10K9936¼—Size, 84x90 inches. Shpg. wt., 8 lbs. Each......$5.50

Favorite Low Priced Horse Blankets

$1.65 And Up



Strongly woven cotton blankets which give surprisingly good service. They represent value that is hard to beat and will be found satisfactory for occasional use or where climate is not too severe. It pays to keep horses covered even in moderately cold weather and, when blankets can be bought as cheaply as these, there is no real economy in being without them. The body color is gray with striped heading.

10K9911¼—Size, 72x72 inches. Shipping weight, 5 lbs. Each.....$1.65
10K9912¼—Size, 76x80 inches. Shipping weight, 6 lbs. Each..... 2.25
10K9913¼—Size, 80x84 inches. Shipping weight, 6½ lbs. Each..... 2.55

"Sovereign" Horse Blanket

$2.85

A Great Big Bargain. We honestly believe these blankets to be worth $4.00 to $4.50 to any horse owner. Buy it, examine it, use it and you will think so too. Made from heavy brown duck, lined with a warm blanket lining and reinforced. Wide surcingles. Suitable for horses of average size. Can be used as an outside blanket as well as a stable blanket and, at this low price, you can afford to buy for the future as well as for your present needs.

10K9730¼—76-in. blanket. Shpg. wt., 9 lbs. Each........$2.85

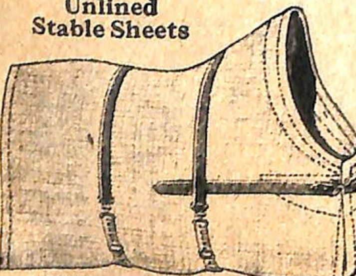
10K9731¼—80-in. blanket. Shpg. wt., 9 lbs. Each.........$3.15

Leather or Woven Web Carrying Straps

With metal handle. Suitable for carrying school books, messenger bags, auto robes, etc. Straps are 48 inches long. Blanket not included. Shpg. wt., 1 lb.

10K9300—With two web straps, ⅞-inch..............35c
10K9301—With two leather straps, ¾-inch..............75c

The "Milton" Stable Blankets



These blankets are made of strong, heavy burlap, fabric lined, well stitched all around; buckle and billet front fastener, neck correctly shaped; full quilted body fitted with two wide surcingles. For good, well made blankets order these.

10K9724¼—76-inch blanket. Weight, about 7¼ lbs. Shpg. wt., 8½ lbs. Each...$2.75

10K9725¼—80-in. blanket. Wt., about 8 lbs. Shpg. wt., 9½ lbs. Each....................$2.95

Unlined Stable Sheets

Made of mangled burlap in three sizes. Two surcingles, with stay extending to first surcingle; hemmed neck and front. The right kind to keep your horse clean in the stable. Shpg. wt., each, 3 lbs.

10K9702—72-inch blanket. Weight, about 2¼ pounds......$1.55

10K9703—76-inch blanket. Weight, about 2½ pounds......$1.65

10K9704—80-inch blanket. Weight, about 2½ pounds.................... 1.75

Quality Brushes and Curry Combs

From FACTORY TO YOU!
Big SAVINGS Guaranteed

We Manufacture Much of Our Merchandise in Our Own Factories

Naturally, because we supply eleven million families with a large share of their needs, the volume enables us to run our business more economically and buy and sell for less than any other source of supply you could possibly have. One of the ways in which we make you a large saving is by doing our own manufacturing.

Some of the more important goods we thus produce are:

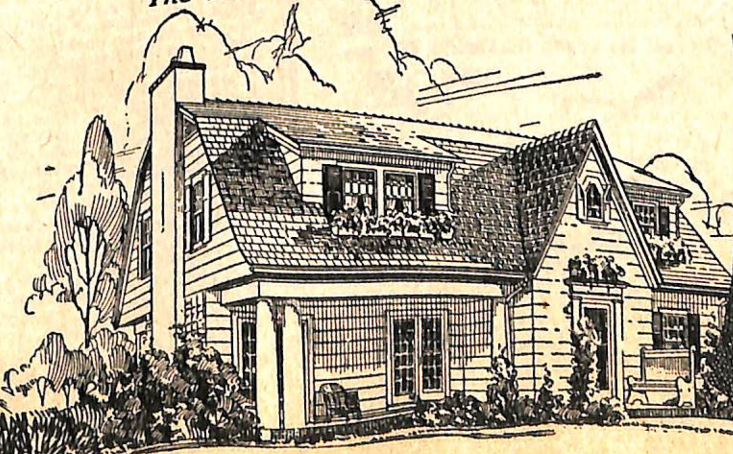
Shoes
Stoves
Plumbing Goods
Building Material
Wall Paper
Tents
Farm Implements
Paint
Cream Separators
Wire Fencing

An idea of the quantities we manufacture may be gathered from the fact that every year our Wall Paper Mill makes upwards of twenty million 8-yard rolls of wall paper and our Paint Factory upwards of one million gallons of paint, while our Millwork Factories produce many millions of dollars' worth of building material.

Not only do we cut our costs and handling expenses by this plan, but we are able to insure a higher and more uniform standard of quality.

When you buy merchandise of this class from our catalog, it is equal to buying direct from the factory. You pay only one profit from the time the raw material is received at the factory until the finished merchandise arrives at your home.

In addition to the money saving we make you through our own manufacturing, we make you a large saving on other merchandise by contracting for the entire output or a large share of the output of other large factories, both in the United States and foreign countries. These factories naturally trim their profits to the minimum and enable us to secure high standard merchandise at the lowest prices for which it can be bought.



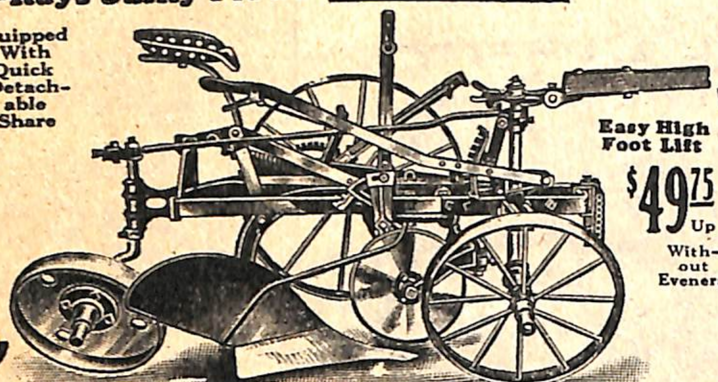
Whether we do our own manufacturing or buy from other factories we cut out every possible penny of unnecessary profit and expense and give you the full benefit in rock bottom prices.

You can easily see how the World's Largest Store can guarantee to satisfy you and save you money.

Sears, Roebuck and Co.
The World's Largest Store

37,500 OF OUR MODERN HOMES have been built in the U. S. A. This is an illustration of one of them. The millwork and lumber for all these were produced in our own factories. Be sure to see our building material pages in this catalog.

See Index and Information Pages 542 to 570



David Bradley Implements

Unexcelled Repair Service
Complete repair stocks of Bradley parts carried at our Philadelphia store insure prompt service to any Bradley user.

David Bradley X-Rays Sulky Plows

Equipped With Quick Detachable Share

Easy High Foot Lift

$49.75 Up Without Eveners

The X-Ray Sulky Plow is widely known for its very light draft, durability, perfect scouring and easy handling. A boy can handle it with ease. Perfectly balanced high lift. This plow has been a leader in its field for many years. Bottoms are the famous garden city clipper shape built of soft center steel, famous for perfect work. Quick detachable shares of hard tempered soft center steel, can be removed in a few moments.

Prices are for plows complete with pole, neckyoke, rolling coulter, weed hook and wrench. Evener not included in the price of plow, as many already have a good evener on hand, making it unnecessary to buy another. If needed, see list of eveners below for either 3 or 4 horses. Will furnish a jointer instead of a coulter if so desired. Can furnish combination coulter and jointer instead at $1.50 extra.

David Bradley Garden City Clipper Walking Plows

Favorites for Almost a Century

$14.85 and Up

Why Pay More for Any Plow?

Bradley quality is unsurpassed. Correctly shaped bottom turns the soil clear over and covers trash with the least draft. Try one in your own field. Satisfaction guaranteed.

Moldboard, share and landside of hard tempered soft center steel. Shares have reinforced points. Moldboards have an extra thickness of hard steel welded on front where wear is greatest. Entire bottom carefully ground and polished. Guaranteed to scour. Steel beam highly arched to clear trash. Shipped from our Philadelphia store.

David Bradley Royal Blue Plow

$13.95 Up From Philadelphia Store

Double Shin

Does fine work in stubble or tame sod and, as the moldboard, landside and share are solid steel, with mild or natural temper, it gives good service in stony land. The bottom construction of this plow is one of its special features, the moldboard, share and landside being securely bolted to a steel frog, and outer landside secured to a cast inner landside which has an adjustable slip heel. Bottoms are perfectly ground and highly polished. Moldboards are double shinned on top, insuring great wearing qualities. Beam is heavy double beaded steel, highly arched so as not to foul in trashy land. Handles are of first quality oak, well braced to beam and adjustable. Shipped from our store.

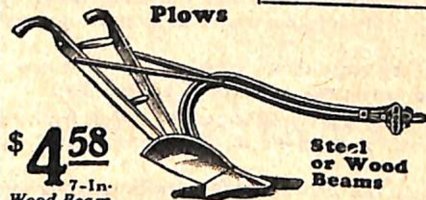
David Bradley Cast Plow

Shipped Complete With One Extra Share From Our Store

For Use in Sandy, Gravelly or Gritty Soils Only



Noted for their perfect shape, scouring qualities and light draft. The share and shin (sometimes called cutter shares) are in one piece, so in renewing one you renew the other. Materials used in the bottoms are a special mixture of metals of extreme hardness, yet possessed of strength and toughness. Beam is first quality oak, bolted to slotted braces on the handles, making it adjustable for more or less land. Handles are thoroughly seasoned oak, braced by heavy rounds and a steel stay rod. A jointer should be used with the two larger sizes when plowing trashy ground. The bottom of share measures about 2 inches less than the full cut of plow. Jointer and gauge wheel must be purchased extra at prices shown below. Shipped from our Philadelphia store.

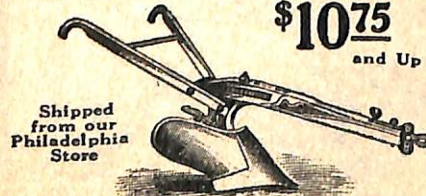
Riding Attachment for Walking Plows

Dust-proof Hubs

$15.90 Price Does Not Include Plow

Time and Labor Saver



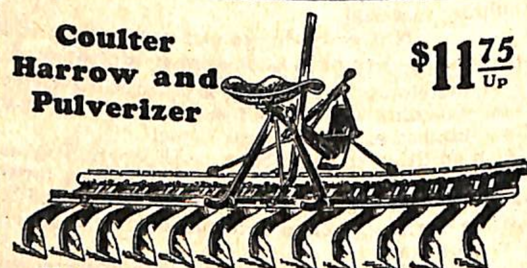
Easily attached to any wood or steel beam plow. No extra burden for your team. Can be set for any depth furrow. Being tongueless, the attachment cannot be backed up by the team; neither does it carry the plow high from the ground. Made of iron and steel. Regular type of riding plow wheels with wide oval tires. Not intended for use on smaller than 10-inch plows nor rod breakers. Shipped from our Philadelphia store.

72K192¼—For right hand plows. Weight, 147 pounds........ $15.90

72K193¼—For left hand plows. Weight, 147 pounds........ 15.95

David Bradley Hillside Plows

$10.75 and Up



Shipped from our Philadelphia Store

Designed for hillside plowing, but can be used with good results in level land. Bottom operates on a swivel, and can be reversed from right to left. Moldboard, landside and share hard cast metal. Bottoms are ground and polished. Shipped with one extra share from our store.

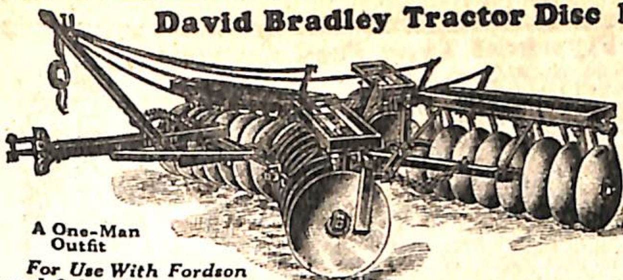
Coulter Harrow and Pulverizer

$11.75 Up

This very popular harrow and pulverizer will work successfully in any kind of soil, and on flat, rolling or hilly ground. Almost every farm has need for one. Truck gardeners and cotton growers find them indispensable. The long curving coulters or knives are very effective for producing perfect seed beds. The blades completely pulverize, level the surface and form a mulch at one operation, without packing the soil. Angle of penetration of the blades may be adjusted by lever within easy reach of operator. The action of the blades is like that of a knife. They cut down through the furrows, thoroughly cutting up the sod, stubble or cover crop that has been plowed down, so it rots quickly and adds humus to the soil. In connection with the short floats between each pair of coulters the front ends of the coulters crush the clods and lumps, compacting the whole plowed depth, leaving it in perfect condition for seeding. Construction extra strong, being made entirely of steel. Nothing to wear out but the coulters or blades and they will last for many years. Suitable hitch is provided for clevis at the front end of drawbar. Furnished in three sizes. Shipped from factory in NEW YORK.

32K392—One-Section One-Horse Walking Harrow. Equipped with 6 coulters and 5 floats and handles. Cuts 3 feet wide. Wt., 60 lbs. **$11.75**



32K393—One-Section One-Horse Riding or Walking Harrow. Equipped with 8 coulters and 7 floats, handles and seat. Cuts 4 feet 4 inches wide. Weight, 100 pounds........ **$18.50**

32K394—One-Section Two-Horse Riding Harrow. Equipped with 12 coulters and 10 floats and seat. Cuts 6 feet 6 inches wide. Weight, 115 pounds........ **$19.95**

32K395—Extra Coulters or Blades. Weight, 3 pounds........ .72c

Standard *for* Almost a Century

David Bradley Tractor Disc Harrows

A One-Man Outfit

For Use With Fordson and Other Tractors

Better tillage in half the time. In no other tractor disc harrow will you find better quality, more simplicity in operating or greater efficiency. Inner ends of front gang roll against each other, equalizing thrust; no strain on bearings. A flexible swiveling chain connection between rear gangs equalizes end pull, while cross arm trailer connection enables the disc to turn very short and prevents buckling up in center; this also forces gangs to cut a uniform depth. Oil soaked hard maple liners, with hard oil cups at all bearings. Forward frame and stub pole made of heavy angle steel in one solid unit. Disc blades highest quality steel, fully tempered and highly polished. Throwoff levers free scrapers from the discs when not needed. Ropes to scraper levers not furnished.

Steel Frame Spring Tooth Harrows

72K388¼

72K389¼

Favorites in truck gardens, orchards, timber countries and stony or stumpy ground. Thoroughly pulverizes the soil and digs up weeds, vines and grasses. Of latest design with inner bar of one section cut off at forward hinge and bridged over the top to rear hinge, thus preventing clogging between the bars. Heavy angle steel frames. Teeth of standard design. Each section cuts 3 feet. Single section harrow shows steel handles, furnished at extra price. **The three and four-section harrows are especially designed for use with tractors.** Sections are hinged at center. For 50 cents per section extra we will furnish harrow with special pointed teeth for cultivating alfalfa. **Shipped from our Philadelphia store.**

David Bradley Triple Lever Disc Harrows

$39.45 And Up

4, 5 and 6-ft. Disc Harrow shipped from Philadelphia store. Other sizes from factory at Bradley, Ill.

Adjustable tongue truck relieves neck weight and makes turning easy.

Buy a Bradley and enjoy real Disc Harrow satisfaction. You can pay more, but you can buy no better disc harrows than the David Bradley. It embodies many features of real merit not found in any other disc harrow.

Made in our own big Bradley Implement Factory and sold direct to you, eliminating the profits of all middlemen, which explains why we can sell these high class Bradley tools at such low prices. Buy one. Test it in your own field. If you are not convinced that the Bradley is superior to any Harrow you have ever used, and the biggest value you have ever seen, send it back and your money will be returned including transportation charges.

An all steel harrow of true bumper type. Gangs roll together without buckling or riding each other. Even penetration of ground its entire width.

Flexible gangs operated by independent levers.

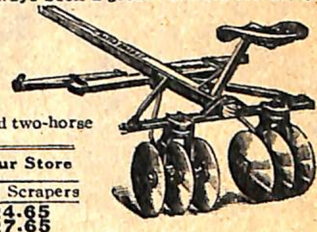
Bumper washers on inner ends of gangs.

Oil soaked maple linings in all bearing boxes. Hard oil cups.

Oscillating spring steel scrapers are operated by foot levers and disengaged by hand throw-off levers.

Patented seat spring insures easier riding and greater safety.

Third lever enables the operator instantly to adjust the disc more closely to the ground, securing even penetration the full length of both gangs. Prevents buckling up in the center.



All the way through, construction is of the best. Built for long, satisfactory service.

David Bradley Disc Harrows are shipped complete with eveners, scrapers, weight boxes, third lever and tongue truck at the following prices:

Galvanized Steel Corn Cribs and Grain Bins

Illustrating the Perforated Corn Cribs

Corn or grain stored in these steel bins is kept in perfect condition. Rainproof, ratproof and fireproof; lightning will not harm them. Made from 22-gauge galvanized steel for the body and 26-gauge for the roof. The sheets extend horizontally around body, forming a corrugated overlapping joint. Steel circles extend around top and bottom of body inside and the sheets are bolted to these circles. Easily set up.

Door frames strongly formed, and doors equipped with strong hinges and double steel hasps which can be fastened with padlock. Sectional roof joined by standing seams, fastened with bolted clamps and bolted to body.

Hinged door in roof has hasp for locking. Perforated ventilating pipe extends from floor to top ventilator. The body perforations are elliptical, slightly larger at top than at bottom. The tongues of metal are punched out far enough to provide full ventilation, yet the projecting tongues prevent rain beating in.

Bottoms of corn cribs are extra. Bolts and anchors are furnished for setting on concrete or wooden floor. **Shipped from factory in CENTRAL OHIO.**

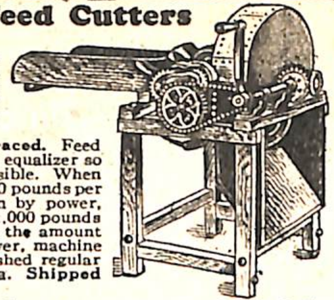
David Bradley Two-Hole Corn Sheller

Requires only one horse-power engine or motor

Shipped from BRADLEY, ILL.

Capacity 350 to 450 bushels a day.

Made of extra heavy parts throughout for power use, yet so well balanced that it runs as easily by hand as the lighter two-hole machines. Hardwood frame is strongly bolted and braced. Balance wheel is extra heavy. Rag irons and springs are adjustable and can be set so machine will shell clean either small or large ears of corn. Delivers corn free from dirt and chaff.



Cob carrier has heavy drive chain, which separates the corn from cobs and delivers them to rear of sheller. Pulley is 10 inches in diameter with 3½-inch face and should be speeded about 350 revolutions per minute for best results. Attachments illustrated with sheller are extra. Price of sheller includes crank, pulley, fan and feed table.

Catalog No.	Description	Weight, Pounds	Each

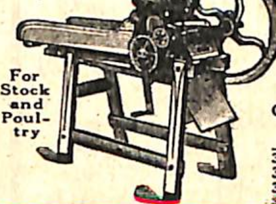
Always the Best

Knife on Flywheel Type Feed Cutters

For Stock and Poultry

The knife on flywheel type is very efficient and preferred by many. This construction permits unusually easy operation with large capacity which has made this type very popular. Convenient cone gear provides quick change of length of cut adjustable to ⅛ inch, ⅜ inch or 1¼ inch.



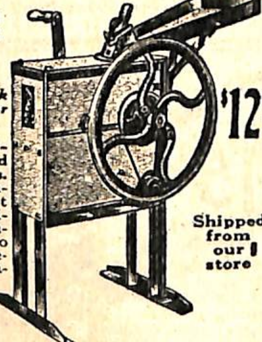
Frame extra strong, made of hardwood, well braced. Feed table is broad and deep. Feed rolls are governed by an equalizer so both ends are raised equally—no binding in boxes possible. When run by hand, capacity dry fodder, No. 6 cutter, 400 to 600 pounds per hour; No. 9, 600 to 800 pounds per hour. When run by power, capacity No. 6 cutter, 600 to 800 pounds; No. 9, 800 to 1,000 pounds per hour. Capacity for green fodder is about double the amount given for dry fodder. When operating cutters by power, machine should run 200 to 400 revolutions per minute. Furnished regular with crank for hand operation. Pulley for power is extra. **Shipped from factory near CHICAGO.**

32K1522—No. 6 Cutter, equipped with two 9-inch knives. Weight, 220 pounds.......**$31.95**

32K1523—No. 9 Cutter, equipped with two 10-inch knives. Weight, 240 pounds.......**34.80**

32K1524—10x4-inch Pulley. Weight, 13 pounds.......**2.50**

Hand Feed Cutters for Stock and Poultry



Safety Flywheel

For Stock and Poultry

Durable and efficient cutters at very low prices. Removing one knife doubles length of cut. Instantaneous lever control. Two tempered steel knives make a downward shearing cut against a hardened cutting bar. Capacities per hour given based on hand operation. Running by power more than doubles capacity. Pulley for power extra. **No. 7 Cutter recommended for cutting feed for poultry.** Capacity of green fodder is double the amount shown below for dry fodder.

All Steel One-Hole Corn Sheller

Better Work and Greater Capacity

$12.95

Shipped from our store

For poultrymen and small farms. A marked improvement over the ordinary wood construction, no warping or decay. Permanent alignment of all working parts and a clean job of shelling insured. Sheller is of the rapid feed type. A new style of construction of the feed spout permits ears to pass through to the shelling discs without being hindered by any obstruction or opening in the wall of the throat. No wedging. Heavy angle iron frame strongly braced. Sides of heavy galvanized sheet steel. Shaft is cold rolled steel; all bearings accurately fitted, permitting easy operation. Adjustable to take large or small ears. Heavy balance wheel. Fan has strong blast and delivers corn free from chaff and dirt. Capacity, 10 to 20 bushels per hour depending on speed and condition of the corn. **Shipped from our store.**

72K1406¼—One-Hole Sheller, complete with steel feed table and fan. Weight, 175 pounds.......**$12.95**

72K1403¼—8-Inch Pulley for power. Weight, 6 pounds.......**90c**

David Bradley Cob Crusher Feed Grinder

$25.95 Shipped From Our Store

Instantaneous Hand Lever Adjustment

Large Grinding Capacity With Small Power

Grinds corn on the cob (without the shuck), shelled corn, oats or other small grain to most any degree of fineness from cracked feed to table meal. Cob breakers on the shaft and the worm feed constitute a force feed, giving grinder large capacity and making it an excellent mill for grinding small grain and shelled corn, as well as ear corn.

Extra heavy frame, cast in one piece, has hinged bottom with wood break pins.

Cold rolled steel shaft, 1⅓ inches in diameter, with ball bearing end thrust. Large bearings lined with engine babbitt and fitted with hard oil cups.

Large capacity sheet steel hopper. Ear corn will not bridge or choke.

Angle steel legs strongly braced.

Pulley is 12 inches in diameter with 6-inch face and should run from 300 to 500 revolutions per minute to give best results. Requires 4 to 6 horse-power engine. Can also furnish either 8x6, 10x6 or 14x6-inch pulley instead, without extra charge. **State size of your engine pulley and its speed and we will equip the grinder with the proper size pulley.** Capacity depends on power, speed and kind of grain. Grinds 10 to 25 bushels of dry ear corn, or 10 to 40 bushels of shelled corn, wheat, oats or barley per hour.

The 6-inch burrs are self aligning, self adjusting and extra heavy. A convenient lever regulates fineness of grinding and can be thrown off instantly, separating the burrs. Shipped complete with one set of coarse burrs for crushing or cracking ear and shelled corn for rough feed and one set of medium burrs for fine grinding of shelled corn and small grain. Special oats burrs, which are also suitable for grinding table meal, are extra at prices given below. Shipped from our store.

David Bradley Small Grain Grinder

Feed Grinder, Family Mill and Flour Mill Combined

$14.25

Requires Only 1 H.-P. Motor or Engine.
Thousands in use. Grinds cornmeal and graham flour for table use, as well as coarse feed for cattle. Heavy cast iron frame strongly bolted. A slide in steel hopper regulates flow of grain. **Pulley is 4x4 inches** and should run from 700 to 750 revolutions per minute to give best results. **Self aligning burrs,** 5¼ inches, mounted in a dust tight case. Hand-wheel adjustment for fineness of grinding. One set coarse burrs for grinding shelled corn, oats and other small grains for feed, and one set fine burrs for grinding meal and flour for table use furnished with each mill. Capacity, 5 to 15 bushels per hour, depending on fineness of grinding, condition of grain and power used.

High Grade Farm Wagons *and* Trucks

Champion Two-Horse Standard Farm Wagons

$87.50 Up

Prices do not include gear brake.

Champion in quality and workmanship. Guaranteed to give the utmost of service. Our low prices give you a substantial saving. Note carefully the features of superior construction.

GEAR—All gear woods including reaches, bolsters and hounds are seasoned selected oak. Heavy steel bolster, sand and bolster plates.

AXLES of best grade hickory. **Dust-proof** skeins have extra large bells and are set in red lead. Level bearing-weight distributed entire length of skein.

BOX flooring is of selected yellow pine, grooved and matched; sides of seasoned wood guaranted not to warp or split. Top sides securely held with cleats; double bottom over bolsters and box fasteners on each side. Boxes are 10½ feet long, equipped with comstock type endgate.

WOOD WHEELS of highest quality material. Oak spokes, rims and hubs. Hubs bored true to rims. Steel tires securely bolted to rim.

TRACK—Narrow track wagons measure 4 feet 6 inches wide from center to center of tires at bottom of wheels. Wide track wagons measure 5 feet wide from center to center of tires at bottom of wheels. **Be sure to specify width desired.**

Read Before Ordering

Champion Wagons are shipped regular with 40-inch front and 44-inch rear wheels, and with drop tongue and neck yoke. We can furnish instead wagons with 36-inch front wheels, 40-inch rear wheels or 42-inch front and 48-inch rear wheels without extra charge. **Be sure to state when special height wheels are desired. Will furnish stiff detachable tongue with tongue chains instead of drop tongue and neck yoke when desired. Do not fail to specify width track wanted.**

Wagons shipped complete with seat, grain cleats, spreader chains, side box fasteners, drop tongue, doubletrees and neck yoke from factory near LOUISVILLE, KY.

Built to Stand Hardest Wear

Steel and Wood Wheel Farm Trucks

To stand the gaff of rough usage the year around, a farm truck must be built of the best material. The trucks we offer are built according to standards adopted by leading farm wagon manufacturers and guaranteed to give the limit of service. Every point of strain securely trussed and braced. All parts perfectly fitted. Made of first quality seasoned lumber, high grade iron and steel by expert wagon manufacturers, and have every feature found in the very best trucks. Easy running and built low for easy loading. Order this truck and compare it with the best and highest priced trucks. If it is not the biggest bargain you have ever seen return it to us.

Standard Oak Drop Tongue furnished regular with trucks. Can furnish stiff tongue instead for $2.00 extra.

AXLES—Heavy select quality hickory with strong steel truss rods underneath, giving additional strength.

SKEINS—Standard cast iron, 3¼x10 inches. Set in red lead and forged on axles by hydraulic pressure.

REACH—Selected oak, 10 feet long.

BOLSTERS—Narrow, measure 38 inches between stakes. **Wide,** 42 inches between bolster stakes. **State width desired.**

TRACK—Narrow, 4 feet 8 inches between wheel centers. **Wide,** 5 feet between wheel centers.

WHEELS—Metal Wheels, full forged, have 4x⅜-inch grooved steel tires; steel spokes are forged into hubs. Guaranteed never to come loose. Front wheels, 28 inches high; rear wheels, 32 inches high. **Wood Wheels**—Built of carefully selected hardwood. Steel tires, 3x⅜-inch, securely set to oak rims. Front wood wheels are 36 inches high; rear wood wheels, 40 inches high.

PAINTING—Gearing on both wood and steel wheel trucks nicely painted dark orange color. Metal wheels painted black; wood wheels, dark orange color.

Ringed Bolster Stakes

Grooved Steel Tires

Trussed Axles

Can furnish these trucks with Round Steel Angle Hounds for drop tongue in place of Square Wood Hounds at same prices. If wanted be sure to specify when ordering.

Grain Tight Wagon Box

$23.50 26x38-Inch

Complete with Comstock hinged endgate, grain cleats, spreader chain and side box fasteners.

A first class, substantial box of standard construction at a price that saves you money. Such quality, construction, equipment and general finish are found only in the best grade wagon boxes.

The floor is made of selected seasoned material, tongued, grooved and strongly braced. Selected wood sides, will not warp and are free from knots. All outside cleats hardwood, securely riveted and nailed at both ends. Cast iron wearing plates, reinforced bolsters. Double edge irons on top of sides and ends. All joints between top boards and box completely covered by strong cleats, making the box grain tight. 10½ feet long, 26 or 28 inches deep.

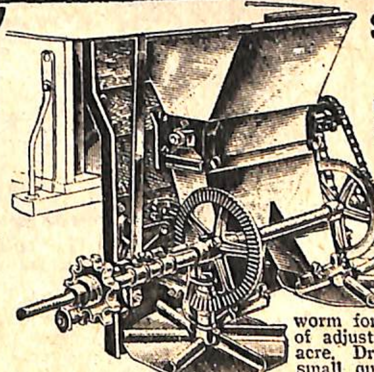
Force Feed Lime and Fertilizer Sowers

$44.85

Two-Horse Sows 8 feet; One-Horse, 6 feet Wide

Handles all kinds of commercial fertilizers, ashes, lime, marl and pulverized limestone. Hand lever regulates sowing of any desired quantity. The agitator and force feed consist of heavy cast paddles mounted on the 1¼ inch square steel shaft axles and driven from both wheels. Drive shaft has a center bearing and each wheel drives half the shaft independently of the other half. A clutch in each wheel enables operator to throw out one or both drives. The **feed wheels** are spread 6 inches apart the entire length of hopper, one directly over each discharge opening in hopper bottom. Two steel rods extending full length pass through each feed wheel and, in addition to strengthening the feed, they serve as agitators. This arrangement gives a steady uniform feed of any weight material.

Hopper holds 10 bushels, is strongly built of good lumber, well braced, with hinged lid and heavy sheet iron bottom and ends. A removable galvanized screen keeps out obstructions which would not pass through discharge openings. Extra large grease cups on bearings provide thorough lubrication. Steel wheels, 30 inches in diameter; 4-inch wide concave tires. Price includes pole, but no neckyoke or eveners. **Shipped from factory near CHICAGO.**



32K1133—Two-Horse Spreader. Width of sowing, 8 feet. Weight, 456 pounds........................**$44.85**

One-Horse Lime and Fertilizer Sowers

Similar in construction to above. Sows lime and fertilizer same as 2-Horse Spreader and in addition has special feature for top dressing for growing plants, all but four openings can be closed, allowing a top dressing on two rows 3 feet apart. Openings for each row are about 6 inches apart, so dressing will fall on either side of plant in the row. **Can Furnish plate for drilling 3½ feet apart instead of 3 feet if so stated on your order.** Steel wheels 36 inches high with 3-inch tires. Price includes shafts but no evener. **Shipped from factory near PHILADELPHIA.**

32K1154—One-Horse Spreader. Width of sowing, 6 feet. Weight, 355 pounds........................**$41.75**

Endgate Lime and Fertilizer Spreader

$29.95

The Use of Lime and Fertilizer Means a Bigger Yield and Increased Profits

Here is an Endgate Spreader you have been waiting for. Our price saves you one-third or more over ordinary retail prices. Handles all kinds of commercial fertilizer and pulverized lime in the quickest, easiest and cheapest way. Material is simply shoveled into the hopper from wagon box. No clogging or caking. Attaches to the rear end of any wagon box, taking the place of endgate. Installed or removed in a few minutes' time. No holes to bore. A sturdy, light draft, high quality spreader. No complicated parts. Guaranteed to stand up under the most severe usage. Has positive worm force feed. Regulator slides permit big range of adjustment for spreading the desired amount per acre. Dry commercial fertilizer can be applied in as small quantities as 150 pounds to the acre. Sows close to the ground. All bearings are on outside, dust and dirt free, easily oiled. Protector board or shield extending below the revolving discs prevent interference with even sowing by wind, cornstalks or other obstructions in the field. Double revolving discs with fins driven by balanced gears insure an even, uniform spread up to approximately 20 feet in width depending on weight and condition of material. The long control lever permits operator to quickly and conveniently throw in or out of gear. Price includes large sprocket wheel with clips for attaching to wagon wheel, also chain for driving. **Shipped from factory near FORT WAYNE, INDIANA.**

32K1153—Weight, 200 pounds........................**$29.95**

Dewey Automatic Stock Waterer

Easily attached to open tank or barrel. Regulated by brass float. Cast iron trough, 11½x6x4½ inches high outside. Furnished complete with gaskets, strainer, wood block and directions for attaching. **Shipped from our store.**

72K1990¼—Weight, 14 lbs. **$1.90**

Automatic Regulator Valve and Float

$2.50

A universal valve that will work either under gravity or pressure feed. Easily installed in any trough or tank, and will maintain a constant supply of fresh water. Valves are brass, of heavy pattern.

The small valve is for hog troughs, the large valve where a large amount of water is needed, as in large troughs or cattle tanks. Either valve can be connected to any size pipe by using ordinary pipe reducers.

Shipped from our store, complete with copper float, locknuts and pipe nipple.

72K1978—½-inch valve. Weight, 3 pounds. **$2.50**

72K1979—¾-inch valve. Weight, 5 pounds. **$3.50**

CALDRON COOKER AND FURNACE

$7.60 and Up

Give your hogs cooked feed and get greater profits. Cooker can also be used for rendering lard, boiling sap, making soap, etc. Has no bottom. Sets on the ground. For indoor use, set cooker on brick or concrete base. Jacket made of heavy rolled steel plate supported at bottom by heavy iron bands. **When ordering jacket only, be sure to tell us the exact circumference of your kettle underneath the flange.** Kettles are fine grained iron with black lead finish inside, giving a smooth surface. Rim rests on top of jacket, and is easily removed. Coal grates, cover and pipes are extra at prices given below. **Shipped from factory in CENTRAL OHIO.**

Submersible Tank Heater

For Heating Outdoor Stock Watering Tanks—Burns Any Kind of Fuel

The submersible heater is made of 14-gauge boiler plate with all seams welded, doing away with rivets, bolts or packing. Heat chest and fire box are each 30 inches long, 12 inches wide and 8 inches high, joined together at an angle of about 45 degrees. The heating chamber lying horizontal on the bottom of the tank and all under water saves more heat and requires less fuel. For coal a basket grate is provided, but for wood or other fuels no grate is needed, and it burns wood 30 inches long. It sets flat on the tank bottom, with weights placed on its top, or strapped to a platform, as shown in the illustration. The strap is furnished, but the platform is not. Shipped from factory in WESTERN OHIO.

32K4493—Submersible Tank Heater, without grate. Wt., 75 lbs... $7.75
32K4494—Submersible Tank Heater, with coal grate. Wt., 85 lbs. 9.25

PEERLESS Windmills

$41.50

Prices include bedplate, but not pump pole, tower or platform. When ordered without tower, we furnish bedplate and spider for four-post wood tower. Shipped from factory near CHICAGO.

Double Back Geared, Self Oiling

Turns in the Slightest Breeze

No worry about water supply with the Peerless. Always on the job regardless of weather conditions. Ball bearing turntable. Working parts run in oil and are enclosed in dusttight case. Built for long service. Heavy galvanized steel wind wheel and rudder, correctly shaped and strongly braced. Pump rod has 7-inch stroke. Shipped from factory near CHICAGO.

32K4041—8-Foot Windmill. Weight, 400 pounds.................. $41.50

32K4042—10-Foot Windmill. Weight, 500 pounds.................. $54.00

Where the work is light and a smaller windmill will serve the purpose, we can supply 6-foot single geared galvanized steel wheel windmill. This does not have the enclosed self oiling feature.

32K4040—6-Foot Single Geared Windmill. Weight, 250 lbs.......... $25.50

If you order your windmill without steel tower, or to go on a wood tower, be sure to order your wood pump pole extra, as this is a part of the tower, and is not included with the windmill.

32K4043—Wood Pump Pole. Weight, per foot, 1 pound. Price, per foot.............. 5c

For Windmill Pumps see page 1014.

Peerless Dairy Barn Equipment

Peerless Cow Stanchions

Install Peerless Stanchions in your barns. Their adjustable width holds the animal securely and yet allows for comfort and freedom of movement. You cannot find better quality than in the Peerless. We offer several designs at special low prices that will yield you substantial savings.

Improved Peerless Steel Stanchion

Our Very Best

Sides are heavy steel U-bars, the channel turned inward and lined with smooth hardwood strips. The left side is extended around to form the top bar and slides in a malleable iron loop extending from the other side bar. Hinged side bar is thus supported top and bottom, and the cow cannot push against and spring it out of adjustment. Spring latch is protected, but accessible. Opens 24 inches wide at top. Adjustable top and bottom for neck space. Height inside, 48 inches; chains, 6 inches long. Finished in black japan. **Shipped from our PHILADELPHIA store.**

72K2209¼
Weight, 25 pounds........**$3.10**

Oval Steel Stanchions

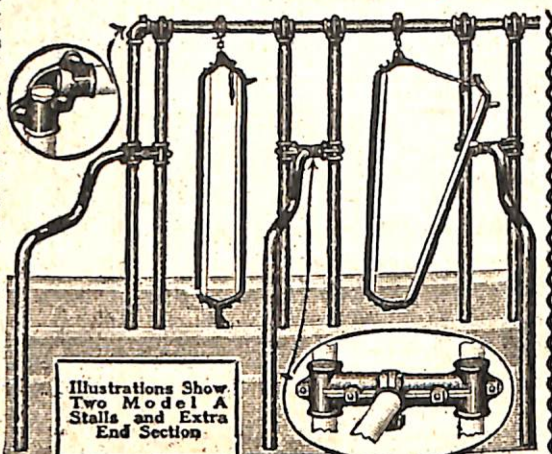
Furnished with or without wood lining. Side bars are heavy U-bar steel. Lined stanchions have smooth rounded hardwood strips. The channel of the steel U-bars, being turned inward, the wood linings are firmly supported by the steel. Unlined stanchions have flat side of the steel U-bars turned inward, allowing smooth, flat surface against the animal's neck. Hinge, latch and top are malleable castings. Adjustable top and bottom for neck space; 48 inches inside. Chains, 6 inches long. Durably finished in black japan. Shipped from our PHILADELPHIA store.

72K2214¼ — Steel Stanchion with wood lining. Wt., 21 lbs..**$2.65**

72K2213¼ — Steel Stanchion without wood lining. Weight, 17 pounds..............**$2.30**

72K2273—6-Inch Hook Bolt for attaching stanchion to wood frames. Wt., 1 lb.......**10c**

72K2220—Bottom Anchor, for fastening stanchion to concrete curb. (For any chain hanging stanchion.) Weight, 1½ lbs....**28c**



72K2221—Malleable Clamp with bolts for hanging stanchion to pipe frame (1⅝-inch outside diameter.) Weight, 8 ounces........**28c**

Peerless Steel Stalls

Substantial, simple and practical and contain all features necessary for cleanliness and convenience. Built of heavy, 1⅝-inch outside diameter, brazed steel tubing. All parts securely bolted together, with heavy malleable iron fittings. Upright posts stand 5 feet 5 inches high above floor with 5 inches additional imbedded in concrete. The triple bend partitions extend back 42 inches from uprights and 42 inches high from floor, and have flange riveted to bottom to secure them in concrete. Stalls are finished in blue gray enamel paint.

Model A Stall (at right below), the strongest and most popular type ever made, can be furnished 3 feet 6 inches to 4 feet wide. State width. Price includes top rail, two uprights, one bent partition, necessary clamps and bolts, and one stanchion with anchor.

Model C Stalls (below), suited for small cows, or where a low cost stall is wanted, made any width from 3 to 4 feet. State width. Price includes top rail, one side upright and partition, stanchion with anchor and necessary clamps and bolts.

Illustrations Show Two Model A Stalls and Extra End Section

READ BEFORE ORDERING

When ordering stalls give us this information:

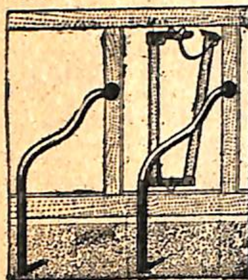
Into how many rows will stalls be divided? The desired width of stalls.

Will rows join building wall at one end or both ends?

Also furnish a pencil drawing showing number of stalls in each row, the location, size and kind of any posts that may be in the way of the rows, and the distance between centers of posts. **An extra charge is made for special fittings needed where stalls must be connected to posts.**

Model C Stall

The stanchion regularly furnished in either stall is our 72K2214¼. We will furnish stalls with our 72K2209¼, if desired, at an extra price of 30 cents per stall. **Shipped from factory near CHICAGO.**



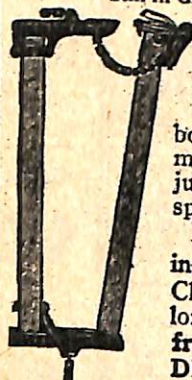
32K2263—Model A Stall. Weight, 75 pounds............**$8.15**

32K2267—Model C Stall. Weight, 56 pounds............**6.35**

Where both ends of a row of stalls are independent and do not join the wall of building, one extra section composed of an upright and bent partition is required for finishing the end of row.

32K2268—Extra End Section for either model. Shipping weight, 25 pounds....................**$2.85**

Steel Stall Partitions for Wood Frames



Same as used with our complete steel stalls. If you prefer wood frames you can buy the steel partitions separately. Prices do not include stanchion or framework and are for one partition only. **Shipped from our PHILADELPHIA store.**

72K2270¼—Partition with flange and screws for attaching to frame. Weight, 15 pounds............**$1.95**

72K2272—Flange for wood floor. Weight, 3 pounds..**45c**

Wood Bar Stanchions **$2.45**

Used for Many Years and Still in Great Demand

Side bars are clear white hardwood, rounded, smoothed and oiled. Tops and bottoms heavy malleable. Adjustable for neck space.

Stanchions, 49 inches high inside. Chains, 6 inches long. **Shipped from our PHILADELPHIA store.**

72K2216¼—Wood Stanchion, Chain Hanger.
Weight, 17 lbs........**$2.45**

Send for This Free Catalog 476K

Every dairyman should have this book. It shows larger illustrations, other style stalls and litter carriers, mangers, pens, and a complete line of Peerless Dairy Barn Equipment.

Detachable Water Bowls

Automatic in action. Require no attention except occasional cleaning. Attach to either steel or wood posts. **A storage tank (elevated a few feet) provides all the pressure necessary, or can be connected to city water.** Water can be piped from either above or below. When piped from below two ordinary elbows and a short nipple are required. These are not included in the price of the bowl nor are the pieces of pipe and coupling shown above bowl in illustration.

Quickly detached for cleaning by removing one bolt, which locks the bowl securely in place. Bowl is cast iron, 10 inches in diameter and 4¼ inches deep with rolled edges. **Shipped complete with clamps from our PHILADELPHIA store.** Wt., 12 lbs.

72K2240¼—Bowl for Steel Stalls.....**$2.50**

72K2241¼—Bowl for Wood Stalls.......................................**2.50**

Litter Carriers, Track and Attachments

Rod Track and Attachments

32K1280 32K1293

Shipped from factory near CHICAGO.

If you cannot use our complete straightaway outfit, make up your own by ordering carrier and attachments separately.

Polished round steel rod, can be looped like ordinary wire. Rolls in a coil for shipment.

32K1280—Standard Rod Track, 13/32 inch in diameter. Weight, per foot, ⅓ pound. Per foot........**4c**

32K1293—Heavy Rod Track, 15/32 inch in diameter. Weight, per foot, ½ pound. Per foot.....**5½c**

Tension Bolt

One required at each end of rod track. Welded eye. Size, ⅞x30 inches, with nut and washer. Wt., 7 lbs.

32K1282.........**95c**

End Loop Clamps

One required at each end of rod track. They hook into tension bolt for stretching the track.

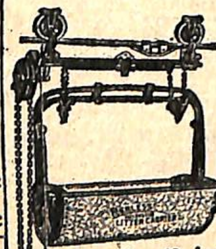
32K1281—Weight, 2 pounds...............**28c**

Anchor Loop

(Not Illustrated)

Necessary where rod track attaches to post. Includes 20 feet heavy rod, two loop clamps, turnbuckle and ¾ inch by 6 feet anchor rod. Weight, 20 pounds.

32K1284.....**$2.95**

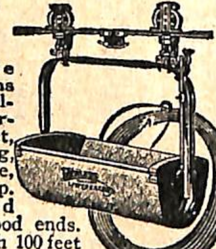


Curve or Switch

(Not Illustrated)

For turning a square corner with rod track. Made of angle steel with malleable points. Wt., 25 lbs.

32K1285.......**$3.75**



Carrier With Automatic Lift

Suitable for any but the largest barns. Quick lift, self lowering, automatic clutch and brake. Run on either rod or I-beam track. **BUCKET—** Length, 42 inches; width, 24 inches; depth, 16 inches. Body is one-piece 18-gauge galvanized steel; ends 16-gauge, reinforced all around with steel angles. Heavy 2-inch steel channel bail, adjustable for height. **TRACK WHEELS—** Malleable, with steel roller bearings. **Shipped from factory near CHICAGO.** Weight, 215 lbs.

32K1246............**$35.50**

Complete Litter Carrier Outfit

This style for use in barns with low ceilings or doorways. Bucket, 42 inches long, 24 inches wide, 16 inches deep. Galvanized steel, hardwood ends. Complete with 100 feet Standard rod track, anchor loop, clamps, turnbuckle and anchor rod. For additional track see prices at left, or if the heavy rod track is wanted, allow 1½ cents per foot extra.

Shipped from factory near CHICAGO.

32K1275—Outfit complete. Weight, 200 lbs.....**$27.50**

32K1278—Carrier only. Weight, 135 pounds..........................**$18.75**

I-Beam Track

Made of 2-inch round edge, high carbon steel. Can be bent cold to form curves or turns. Supported by malleable hangers which can be screwed to ceiling or joist, but usually joist brackets are used, being more convenient. Splice connections with bolts, as shown in illustration, furnished for coupling track joints. Order one hanger and bracket for each 4 feet of track. **All tracks and attachments shipped from factory near CHICAGO.**

11c Per Ft.

32K1214—Rail Track, Weight, per foot, 1½ pounds. Per foot....**11c**

32K1216—Malleable Hanger, 9 inches long. Weight, 1¾ pounds..............**25c**

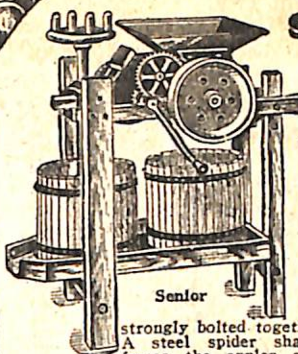
32K1217—Joist Bracket for track running across joist. Weight, 1 pound. Bracket only **7c**

32K1218—Joist Bracket for track running parallel with joist. Weight, 1 pound. Bracket only **7c**

How to Order a Litter Carrier

For each line of rod track, order two Tension Bolts (32K1282) and two End Loop Clamps (32K1281). If track extends to a post, order Anchor Loop (32K1284). If rod track turns a square corner, two independent lines of rod track are necessary, each with tension bolts and end loop clamps; also a Curve or Switch (32K1285).

Low Prices on Cider Mills *and* Fruit Presses

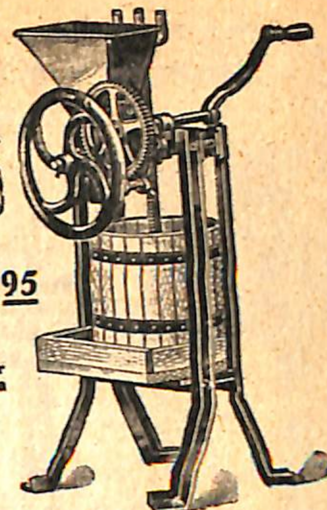


Fruit Presses

These are high class and must not be confused with lighter grade presses. Withstand great pressure and get all the juice from the fruit. Hardwood frame firmly bolted together. Heavy iron crosshead has accurately threaded screw arbor. Smooth hardwood tubs strongly bound by wrought iron hoops. Easy to clean. Tub sizes given below are outside measurements. **Shipped from factory in EASTERN PENNSYLVANIA.**

Catalog No.	Ht., In.	Size Tub, In.	Wt., Lbs.	Each
32K2380	40	10x10	75	$ 6.98
32K2381	44	12x12	105	9.25
32K2382	51	16x14	180	14.95

Standard Cider Mills



Senior

Medium and Junior

Positive Force Feed. Grinds all size apples without clogging. Strictly high grade in every particular and guaranteed to give perfect satisfaction. Grinds grapes as well as apples. Heavy hardwood frames strongly bolted together. Large capacity hopper. A steel spider shape agitator automatically forces the apples against the steel grinding cylinder, grinding them to a pulp. Heavy cast screw arbor with steel press screw accurately threaded. The medium and senior size have heavy balance wheel 13½x3⅛, with wide face, and can be driven by belt from engine. The junior and medium mills are of same general construction, differing only in size, and are operated by a crank. The senior mill is much larger and has a larger capacity. Tubs are of selected hardwood with heavy iron hoops. **Shipped from PENNSYLVANIA factory.**

Catalog No.	Size	Capacity, Cider, per Day	Size Tubs, Inches	Wt., Lbs.	Each
32K2387	Junior	2 to 4 barrels	10x12	165	$19.65

32K2389	Senior	6 to 12 barrels	14x17	337	33.70

$15.95 Shipped From Our Philadelphia Store

Steel Frame Family Cider Mill and Press

Agitator Hopper Will Not Clog Force Feed

The heavy steel frame and legs and heavy steel crosshead make this an extra strong and rigid outfit which will outlast any wood frame press. Mill is geared, has a large agitator hopper with extra wide adjustable throat and will grind larger apples than any other type of single tub mill. Oscillating hopper sides automatically force fruit against the cast iron grinding cylinder until it is reduced to a pulp. Grinding part can be detached, making a press only. Heavy steel press screw accurately threaded and fitted. Hardwood slatted tub, 10x10½ inches, reinforced by heavy wrought iron hoops securely riveted. Capacity, 1 to 2 barrels per day. **Shipped from our store.**

72K2386¼—Weight, 140 lbs......**$15.95**

Household Fruit Press

A well made, durable fruit press just the right size for home use. Frame made entirely of hardwood, securely held together by two long bolts running through entire side frame making a very rigid construction. No wobble. Smooth hardwood tubs, reinforced with heavy iron hoops securely riveted to slats. Steel press screw, ¾x15 in. long accurately threaded, gives tremendous pressure in extracting all the juices. Height of frame, 18 in.; width, 14½ in. Size tub, 9x9¼ in. Holds about 8 qts. **Packed in carton for parcel post shipment. Shipped from our store.**

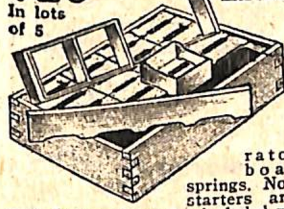
72K2383¼—Weight, 23 lbs....**$2.95**

Grape and Berry Crusher

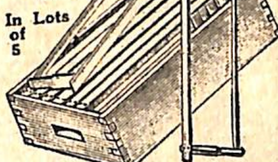
Grinding parts of aluminum, will not rust, easy to keep clean. The 4½x9 aluminum roll firmly fastened to a ⅝-inch steel shaft, has 12 rows of strong teeth which mesh closely with teeth on aluminum side plate. Mashes the fruit without grinding seeds, reducing all to a pulp from which juice can easily be extracted by a press. Large capacity hopper. All wood parts are selected wood, nicely finished. Cannot be used for apples, pears or other hard fruit. **Shipped from our store.**

72K2384¼—Weight, 22 lbs........**$5.98**

Grape and Berry Crusher



A strongly built and efficient crusher. Has two cast rollers, Italian type, 5 inches long, working in steel bearing plates which insure easy running. Mashes the grapes and berries, reducing all to a pulp from which juice can easily be extracted by a press. Will not crack the seeds. Wood hopper, 15¾x8½ inches; holds ½ bushel. Side rails, 24 inches long. **Shipped from our store.**



72K2377¼—Weight, 21 pounds........**$4.10**

Bee Keepers' Supplies

Wax Comb Foundation

We offer only the best, sweet, clean, genuine Weed process foundation, made from pure domestic beeswax. Tough, clear and easily worked by the bees. We recommend the use of full sheets as it eliminates an excess of drone comb and over production of drones. This permits bees using all their energy in producing honey. Order now at these low prices and add to your honey profits. Medium Brood Foundation Sheets are about 7⅞x16¾ inches and run 7 sheets to the pound. Thin super foundation sheets are 3⅞x15½ inches and run about 28 sheets to the pound. Shipping weight, 1-pound boxes, 2 pounds; 5-pound boxes, 6½ lbs. **Shipped from our store.**

72K3528—Medium Brood, 5 pounds, **$3.60**; per pound........**75c**

72K3529—Thin Super, 5 pounds, **$4.10**; per pound........**85c**

Section Honey Boxes

Highest Quality

Made of clear basswood, perfect in finish and free from defect. No. 1 grade highest quality. The very close sorting leaves sections a little darker in color, which we offer as No. 2 grade. Sold only in full packages as listed below. **Shipped from our store.**

Super-Hatcher HOT WATER Incubators

$22.45
250-Egg Size

The biggest success in all incubator history. Sales doubled this year over last year. Now the biggest selling incubator of all. Why? Because it embodies the poultryman's idea of what an incubator should be. Strong stanch construction, the best of materials, the finest workmanship. Every feature and convenience we know of to make hatches better, and to save time, labor, eggs and fuel.

Buy your Super-Hatcher early and get the early chicks which are the most profitable.

Note some of the super features of Super-Hatcher construction. Thick, double wall California redwood case, well insulated. Three-ply laminated top—will never check, warp or split. Copper hot-water heating tank of generous proportions. Heavy non-leakable lamp, 2-quart capacity, with highest grade burner provides abundant heat. Automatic, reliable regulator maintains uniform temperature. Strong egg trays, equipped with patented egg turning device. Ample nursery space underneath egg tray.

Every Super-Hatcher bears the label of the Underwriters' Laboratories, showing that the National Board of Fire Underwriters has inspected, tested and approved the Super-Hatcher construction, and this label certifies to its safety and fireproof qualities. With this label you are always entitled to the lowest insurance rates.

Each incubator complete with thermometer, egg tester and instructions for operating.

Unless otherwise stated, all items on this page shipped from our PHILADELPHIA store.

Increase Your Profits

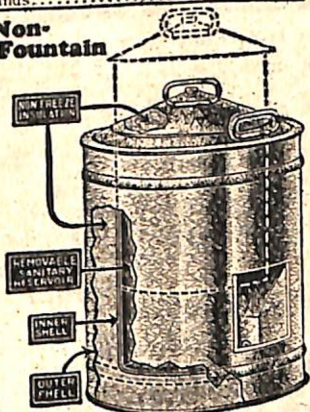
Big Gray Hen Incubator

100-Egg Capacity

Made on same principles that have made the Little Brown Hen so successful. If you want an incubator larger than the Little Brown Hen and less expensive than our larger Super-Hatcher incubators, the Big Gray Hen will suit you. While low in price, it is a high quality machine and easily maintains even hatching temperature under the most difficult conditions. All metal, strong and durable. It has double insulated walls. Regulator is the brass wafer type, sensitive and reliable. Nest lined with felt. Glass window in top permits easy reading of thermometer. Finished in gray enamel. **Shipped complete with thermometer, moisture pan and directions for operating.** Weight, 40 pounds.

72K3016¼ **$8.95**

The All-Year Poultry Waterer



$1.90 UP

Keeps water warm in winter and cool in summer. Non-freezing. No lamp required. Supply your poultry with fresh, clean water at the proper temperature and increase egg production. Keeps water at practically the same temperature for 12 hours or longer. Substantially built of heavy galvanized steel with double walls, heavily insulated. Cone shape prevents fowls from roosting on tops. Has handle for carrying.

72K3134¼—2-gallon size. Weight, 22 pounds **$1.90**
72K3135¼—3-gallon size. Weight, 25 pounds **2.10**
72K3136¼—5-gallon size. Weight, 26 pounds **2.45**

Top Fill Non-Freeze Poultry Fountain

Here is what progressive poultry raisers have long been waiting for—a non-freezing fountain with packed double wall, strictly sanitary, easily cleaned, scalded and filled—at a popular price. Heretofore such a fountain has been obtainable only at a very high price. This fountain is high quality in every respect, and costs but a little more than the ordinary type insulated fountain now in general use. It is made in two sections of galvanized steel, with double walls, heavily packed to keep water cool in summer and from freezing in winter. Cone shaped top heavily insulated. Simply lift out inner tank and fill from top. Our biggest value in a poultry fountain. Made in 5-gallon size only.

72K3144¼—Weight, 30 pounds **$3.55**

Large Capacity Fountain and Heater

12-Gallon Capacity

For all year use. Outside casing of galvanized steel. Solid cast iron trough forms drinking cups at both ends. Inner tank removable, and has plug for cleaning out. Valve in bottom attaches to float and regulates flow of water in trough. Removable cover. Tank fills from top. Lamp with No. 2 Zenith burner prevents water from freezing.

72K3129¼—Weight, 50 pounds **$8.45**

Automatic Poultry Waterer

Attaches to line pipe from supply tank, or any arrangement where you have running water. Can't freeze. Gives fresh water in your poultry house winter and summer. Heavy galvanized box 17 inches in diameter, 13 inches deep. Cast iron trough on both sides; brass float valve. Works under any pressure up to 80 pounds. Kerosene lamp sets under trough, prevents freezing.

72K4450¼—Weight, 30 pounds **$8.25**

End Fill Poultry Fountain

Our biggest bargain in a big capacity fountain. Strongly made from galvanized steel with bail for carrying. Stand on end to fill. Holds 12 quarts.

72K3275¼ Weight, 3 pounds **88c**

Top Fill Poultry Fountain

Easy to fill and clean. The top and the water container are separate telescoping cylinders making a double wall fountain. Pan is 13 inches in diameter. Chickens drink all around. A strongly made, high quality fountain. Holds 5 gallons. Makes a good winter fountain in combination with 72K3145¼ heater.

72K3330¼ Weight, 12 pounds **$2.75**

Combination Poultry Fountain and Heater

72K3145¼ Keeps water warm in coldest weather. Heater has brass burner. Oil reservoir holds kerosene to burn about one week. Simple and safe. Heater can also be used for brooding small chicks, sprouting oats, etc. Fountain can be used separately if desired. Galvanized steel.

72K3143¼—Complete 5-gallon capacity. Weight, 10 pounds **$2.95**
72K3138¼—Complete, 10-gallon capacity. Weight, 15 pounds **$3.85**
72K3146¼—Heater only. Wt., 4½ pounds **$1.60**

Improved Radio Blue Flame Oil Brooder

$9.95 AND UP

Developed and made in our own big oil stove factory, where our experience gained in the production of vast numbers of the finest oil stoves made has enabled our engineers to produce a brooder, which, though simple in principle, gives perfect, economical combustion, safety and dependability.

You can entrust your chicks to these brooders with perfect confidence and enjoy the convenience, cleanliness and labor saving advantages of kerosene oil fuel.

The wickless burner gives plenty of heat without smoke, fumes or odor. The combustion tube burns all the oil with a hot blue flame and can be closely regulated and needs readjustment only occasionally. The flame is regulated by a hand wheel which raises and lowers the reservoir. Glass oil reservoir holds one gallon, enough for 20 to 24 hours operation. Indicator below reservoir aids easy adjustment. Oil pipe is seamless copper tubing and has no packed or screwed joints, thus eliminating all danger of leaks. Canopy is designed to deflect and spread heat, and has adjustable damper at top, providing ventilation and circulation of fresh air. Burner is blue enameled outside. Brooder is finished in black japan; canopy is galvanized.

Catalog No.	Capacity, Chicks	Size, Canopy	Wt., Lbs.	Each
72K3040¼	500	42 in.	55	$ 9.95
72K3041¼	1,000	52 in.	60	10.95

72K3078 — Package 12 extra lighting rings, for Radio Brooder. Wt., 12 oz. $1.10

Imperial Stove Brooders

Shipped from our store.

Now equipped with our new double draft and damper control. One of the most valuable improvements since coal burning brooder stoves first came into use.

Perfect control of the fire at all times. Sensitive heat regulator controlling the draft is automatic and positive in maintaining an even temperature. Your chicks are safe with this reliable brooder. Stoves are strongly built of cast iron, with rocking grates, canopies are galvanized steel. Stoves burn either hard or soft coal and come in three sizes:

No. 1—18 inches high and 11 inches in diameter; 9-inch grate, 4-inch pipe collar, 42-inch canopy for 500 chicks.
No. 2—22 inches high and 12 inches in diameter; 10¼-inch grate, 4-inch pipe collar, 52-inch canopy for 1,000 chicks.
No. 3—24 inches high and 13 inches in diameter; 11½-inch grate, 5-inch pipe collar, 60-inch canopy for 1,200 chicks.

72K2995¼—No. 1 Stove Brooders. Wt., 80 lbs. **$11.25**

Protect Your Buildings Before Lightning Strikes

Why risk loss of life or property by lightning when you can obtain this protection at so low a cost?

Lightning causes more loss by fire on the farm than any other agency, yet practically all fires caused by lightning could be avoided by the use of lightning rods properly installed.

Anyone can easily put up his own outfit. No expert needed. Our lightning rods are made of pure copper wires woven in a manner to give fullest electrical carrying capacity. Copper tube uprights are seamless, full No. 20 gauge with point and lower coupling complete.

Our standard cable is suitable for small farm buildings or residences, but for larger buildings requiring three or more groundings, and in sections where storms are especially severe the use of heavy and extra heavy cables is advised.

Prices of cable include copper clips, nails and connectors. In ordering state whether connectors are wanted for branch line or to connect two straight lines. Prices of cable do not include ornaments or tops. These are extra at prices shown. **All lightning rods and equipment shipped from our store.**

Standard

Extra Heavy

A complete lightning rod outfit, with cable and tops, weight, packed for shipment, from ¾ to 1 pound to the foot.

72K3700¼—Standard Copper Cable, about ⅜ inch in diameter. Per foot.................**8c**

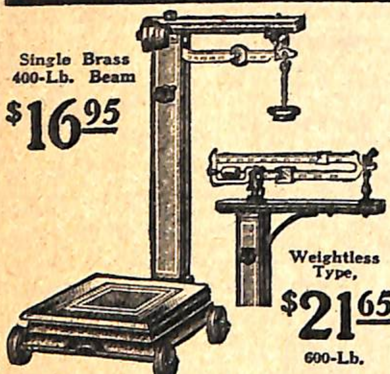
Power Take-Off and Clutch Pulley for Fordson Tractor

$29.85



With this attachment you can put your Fordson to the fullest use. Permanently attached to your tractor, it is always ready for work and in a few minutes you can have your Fordson grinding, cutting wood, pumping or doing any work where belt power is necessary. Bolts on in place of the foot rest. Automatically locked, it can only be thrown into motion by the operator. Belt can be put on or removed without stopping engine, without danger to operator or of breaking or throwing belt. Engine can be cranked without removing belt.

This attachment will soon pay for itself as it saves time, and enables one to get the fullest use from his Fordson for all belt power purposes. Will last for years as it is substantially built of best materials, and is a mechanical job of the highest quality.

Patented clutch throws in or out of gear easily and without clashing. Is easy to install, simply bolting on in place of foot rest. Automatically lubricated and is dirt and dust proof. Oil seal prevents throwing oil. Heavy one-piece housing. Working parts made of alloy steel, hardened and carefully fitted. Runs on high quality ball bearing. Fiber pulley, 9½ inches in diameter with 6½-inch face included. Guaranteed to give you satisfaction and good service or your money refunded. **Shipped from our store.**

72K2230¼—Weight, 60 pounds..............................**$29.85**

Portable Platform Scales

Single Brass 400-Lb. Beam

$16.95

Weightless Type.

$21.65

600-Lb.

Portable Platform Scales

Sealed to U. S. Standard. Guaranteed accurate, close weighing and durable. They can be used in buying and selling anywhere. Single beam scales have hardwood pillar, solid brass beam, and are graduated to ½-pound and sliding poise. Frame and levers strong and heavy. Nicely painted and varnished. Except for the beam, the weightless type scales are the same as our single beam scales. The upper bar is graduated by ½-pound marks to 100 pounds. The lower bar has large poise which engages notches, weighing by 100 pounds to full capacity of scales. **Shipped from factory in CENTRAL NEW YORK.**

Atlas Improved Wagon and Stock Scales

Good marketing requires accurate weighing. Our Atlas Scales are sealed to U. S. Standard; guaranteed accurate. Full capacity, compound beams, no loose weights. Directions included for building and setting up. **Shipped from factory near KANSAS CITY, MO.**

Shallow Pit Scales

Recommended for permanent setting, all around heavy duty, and longest service.

These are known as five-lever scales, the most modern type of heavy scale construction.

Two main levers, one at each end, extend across the platform and rest on heavy bearing chairs. Another lever extends from each main lever and carries the weight to the fifth lever, which transmits it to the weigh beam.

The great advantage of this type scale is that the entire lever system always remains stationary, whereas in scales of the hanging lever type the levers swing with the platform, causing extra wear on knife edges and bearings.

Pit Wagon Scales

Catalog No.	Capacity	Size, Platform	Wt., Lbs.	Each
32K1786	4 tons	14x8 ft.	670	$ 60.00
32K1787	5 tons	14x8 ft.	680	63.50

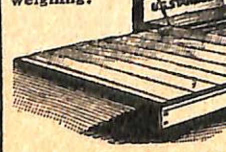
32K1841	15 tons	18x9 ft.	1,800	245.00



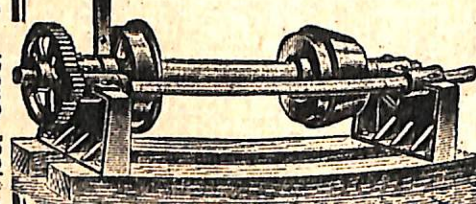
Pitless Wagon and Stock Scales

Require no pit, but set right on top of the ground. Easily set up, and can be moved from one location to another with little trouble.

They come with full steel frame, and steel platform joists, ready to put together—all complete except platform.

Pitless Scales are designed particularly for farm use and are recommended for their convenience. No pit, wall, wood frame timbers or platform joists are needed. Simply bolt steel together, hang in scale irons, lay on platform plank—and your scale is set. The lever construction is on the same principle as our Shallow Pit Scales.

We recommend pit scales for all public weighing.



Shipped from factory near KANSAS CITY, MO.

High Grade Friction Hoist

$33.75

Useful to the farmer in hoisting hay, raising barns, dragging logs, moving buildings; in fact, any drag or hoisting jobs. To contractors, for excavating with scraper or drag line, hoisting materials on jobs, or in lumber yards.

A strongly constructed, well made hoist at a very low price.

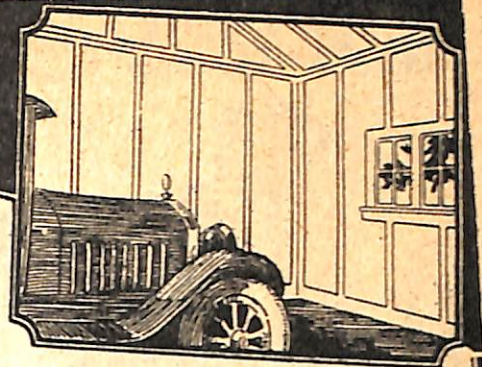
Length over all, 54 inches; drum, 22 inches long, 4 inches diameter. Brake drum, 12 inches, wood lined. Drum shaft, 2 inches in diameter. Capacity, 400 feet ¾-inch rope; speed lift, 35 feet per minute. Geared 4 to 1 and requires 2½ to 4 horse-power engine Drive pulley, 4 inches in diameter, 6-inch face. Friction drum is operated by shifting clutch. For lowering loads, a foot brake is rigged to operate against the flange of drum. **Shipped from OHIO factory.**

32K2610—Friction Hoist. Weight, 365 pounds..........**$33.75**

Low Prices on Wall Board

This illustration shows the exact thickness of our Wall Board.

WOOD FIBER WALL BOARD, as its name implies, is made of wood fiber. This material, under another name, sells at a much higher price, and is in great demand for new buildings and the remodeling of old ones. It is clean, dry, sanitary and durable. Can be painted or tinted any color desired and is especially treated for waterproof quality. Any handy person can apply it with satisfactory results. Can be sawed and solidly nailed without danger of splitting. Rooms are ready for occupancy as soon as applied.



Suitable for schools, lodge halls, office buildings, garages and stores where quick work, decorative possibilities and warmth are desired. We suggest using the wood panel strips over the joints. Standard size, 5/16x1¾ inches.

Wall board comes in sheets 32 or 48 inches wide, 3/16 inch thick, and in various lengths from 6 to 12 feet. Carefully bundled for shipment.

Shipped from factory in WESTERN NEW YORK, SOUTHERN ILLINOIS, or KANSAS CITY, MO., only. When ordering be sure to give size of sheets wanted.

Goodwall SHEET PLASTER

Goodwall Sheet Plaster is a fire resisting gypsum rock composition plaster of even thickness between two sheets of heavy cardboard. These cardboards are so saturated with the fire resisting gypsum composition that they make Goodwall Sheet Plaster far more fire resisting than regular lath and plaster.

Illustration at right shows Goodwall Sheet Plaster applied to studding. It can be plastered with specially prepared Hard Plaster Finish, which will give same result as lath and plaster job. It can also be wallpapered without the use of Hard Plaster.

For best results we recommend a 3/8-inch coat of Hard Plaster for first coat and 1/8-inch Top Coat Finish for second coat.

Here are its Many Advantages

It enables you to do a better job for less money and can be applied by yourself.

It is equal in service and strength to a lath and plaster wall.

It does away with lath stains and hair cracks.

It deadens sound as effectively as lath and plaster.

It is vermin proof and can be painted, papered or kalsomined.

It can be covered with a plaster coat of any thickness, but 3/8 of an inch hard plaster for first coat and 1/8 of an inch top coat finish for second coat will be sufficient to make a smooth and seamless wall.

It is dry. No need to wait for weeks to drive the dampness out.

It is clean. No muss and dirt when you apply it.

It is strong. Send for a sample and try to break it with your hands.

It cuts out cost of lath; none needed with Goodwall Sheet Plaster.

It will not break when being nailed.

It can be cut with a saw, or broken with a clean edge by scoring the cardboard on both sides with a knife, breaking where scored.

EASILY APPLIED

Quick Delivery at Low Freight Charges From Many Shipping Points: Grand Rapids, Mich., Oakfield, N. Y., Fort Dodge, Iowa, Gypsum, Ohio, Sweetwater, Texas, or Plasterco, Va.

Plaster Finish Sticks Firmly to Goodwall Sheet Plaster

Order by Catalog No. 48K3027

At the left is illustrated a piece of Goodwall Sheet Plaster in actual thickness of the 3/8-inch sheets. The large sheets can be used same as any wall board without the use of plaster finish and in that case we recommend that you use our joint finisher listed below to fill up the joints between the sheets.

Size, In.	Thickness, In.	Sq. Ft., per Sheet	Shpg. Wt., Crated, per Sheet	Per Sheet
32x 48	3/8	10⅔	20 lbs.	$0.26
48x 72	3/8	24	52 lbs.	.91
48x 84	3/8	28	60 lbs.	1.07
48x 96	3/8	32	69 lbs.	1.22
48x108	3/8	36	77 lbs.	1.37
48x120	3/8	40	86 lbs.	1.52

48K2995—Joint Finisher. Per 5-pound package..80c
Five pounds will fill the joints on 500 square feet of sheet plaster. Shipped with sheet plaster.

Nails—One pound will be required for 12 sheets of Goodwall Sheet Plaster, 32x48 inches. Ordinary 3-penny nails can be used, placed not more than 4 inches apart.

BUILDING PAPERS and FELTS

Blue Plaster Cardboard

Less than one-half of a cent a square foot for our Fulton Brand Blue Plaster Cardboard. Used in camps, cottages, etc., as a low priced material for ceiling and above wainscoting. Also used in buildings where a low cost interior finish is desired. Good for lining garages. Keeps out wind and cold.

It is a heavy paper, about the thickness of ordinary cardboard with smooth surface. Made only in "A" grade from carefully selected stock. Strong and durable. Comes in a pleasing shade of blue. Easily put on with ordinary large headed tacks or 6-ounce billposter's tacks. For sheathing purposes it would be hard to obtain a warmer, stronger or tougher material. Rolls are 36 inches wide. It can be included in your order for wall paper or other merchandise.

48K3012—Blue Plaster Cardboard. 250 square feet per roll. Weight, per roll, 30 lbs.........**78c**

48K3013—Blue Plaster Cardboard. 500 square feet per roll. Weight, per roll, 60 lbs.....**$1.50**

Tarred Felt

Tarred felt is one of the best kinds of building paper for lining floors and for use between sheathing and siding. Can be used under stucco and brick veneers. It is also used for gravel roofs. Made of carefully selected felt, thoroughly saturated with redistilled American coal tar.

48K3050—Tarred Felt. 250 square feet per roll. Weight, per roll, 60 pounds.............**$2.00**

We recommend this for all first class jobs, because it is the thickest. Used extensively for roofing temporary buildings. It makes an excellent insulating felt and should be used under all floors.

48K3054—Tarred Felt. 400 square feet per roll. Weight, per roll, 60 pounds.............**$2.00**

Tarred Felt, medium thickness. This thickness of tarred felt is used for gravel roofing where several layers are specified. It is not as thick as 48K3050 but is very satisfactory where a medium grade of work is required.

48K3055—Tarred Felt. 500 square feet per roll. Weight, per roll, 60 pounds.............**$2.0C**

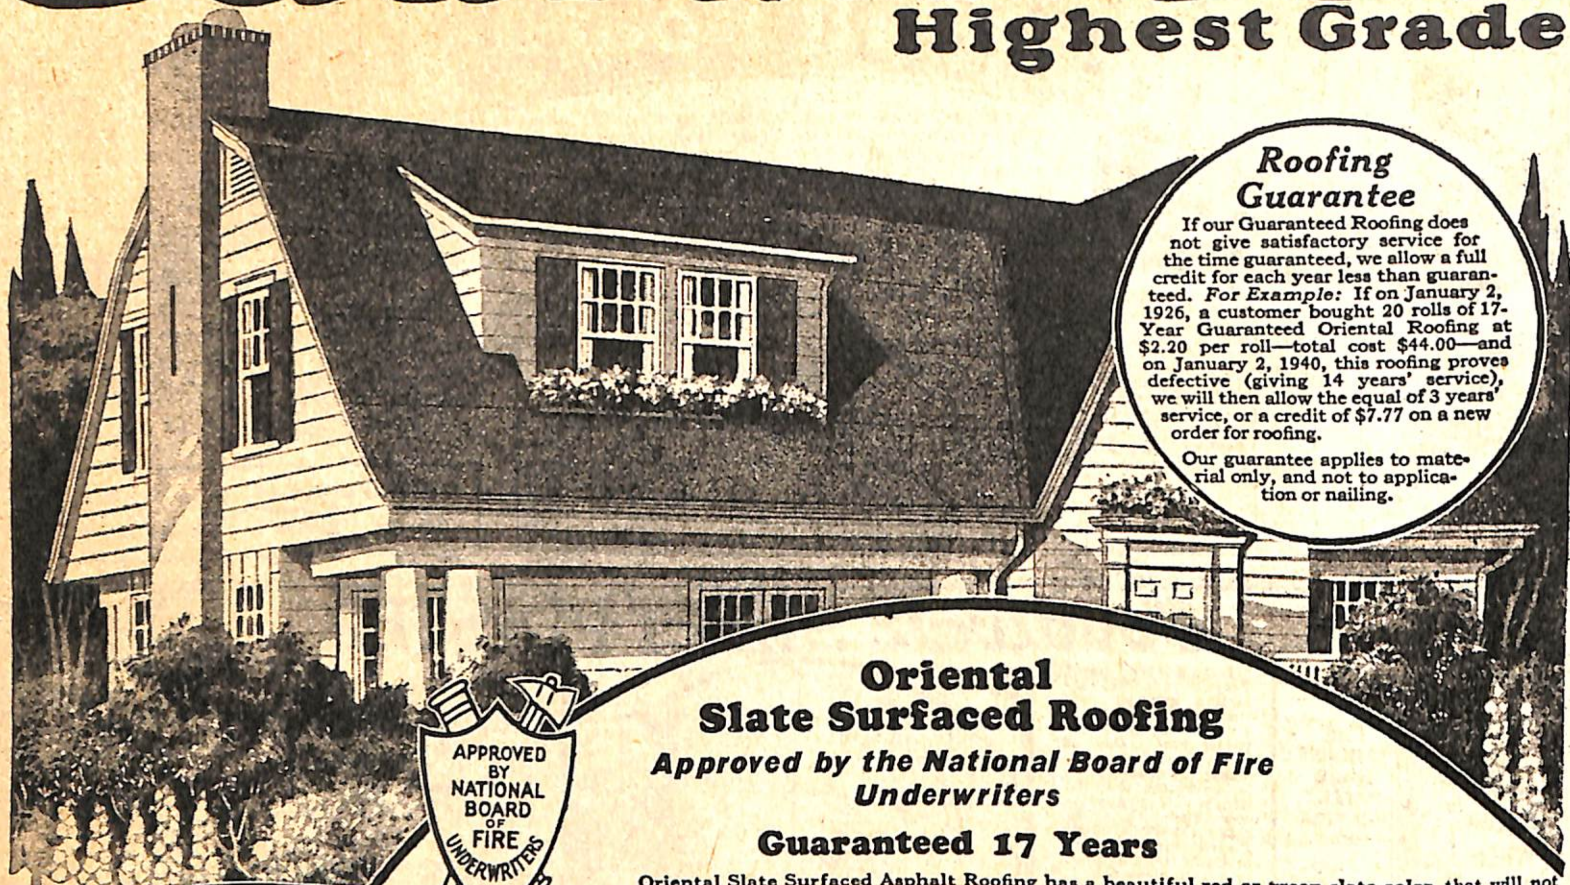
Deadening Felt

Homan Brand Deadening Felt is used to deaden the sound between floors and in walls. It serves as a layer under floor linoleums, oilcloths or rugs. Formerly only the more expensive buildings were equipped with it. Now it is unusual when deadening felt is not used. Our low price is all the more reason for its usefulness for building purposes. It is made of a good grade of felt, soft and pliable, and will add much to the warmth and value of your building. We recommend the heavier felt, 48K3006. It makes the floors more soundproof and warmer. Homan Brand Deadening Felt should be under every floor. All rolls are 36 inches wide and contain about 450 square feet of Deadening Felt.

48K3004—Deadening Felt. Shipping weight, per roll, 50 pounds. Per roll..........**$2.20**

48K3006—Deadening Felt. Shipping weight, per roll, 75 pounds. Per roll..........**$3.50**

Red Rosin Paper



Red Rosin Sized Building Paper should be used under siding and between floors of all residences. It makes the dwelling warmer, drier and more healthful. The valuation on any home is increased when it is insulated to make it warm in winter and cool in summer. The cost is so small when compared to the gain that it is now used more than ever. It is rosin sized. We recommend our Leader Brand, weighing 40 pounds per roll, as it is thick, tough, durable and of sufficient weight to give the most satisfaction. Our competition Brand is a fair grade and weighs 20 pounds to the roll. However, no matter which brand you choose, you can rest assured of obtaining a splendid value for the money.

48K3000—Leader Brand. 36 inches wide. Weight, 40 pounds. Per roll..........................**98c**

48K3007—Competition Brand. 36 inches wide. Weight, 20 pounds. Per roll..........................**49c**

Oriental Slate Surfaced Roofing

Approved by the National Board of Fire Underwriters

Guaranteed 17 Years

Oriental Slate Surfaced Asphalt Roofing has a beautiful red or green slate color, that will not fade, and is an excellent value.

Thousands of customers heartily recommend our Oriental Slate Surfaced Asphalt Roofing for its wonderful wearing quality, fine appearance, and the saving made on the cost. **Roofing not as good as this sells throughout the country for $3.00 to $3.50 per roll.**

The outstanding features that make this roofing so satisfactory are: Fabricated of high quality waterproof and fire resisting materials, **heavy roofing felt, imported asphalt and genuine crushed,** natural color, green or red slate. Either color is permanent. Never needs paint.

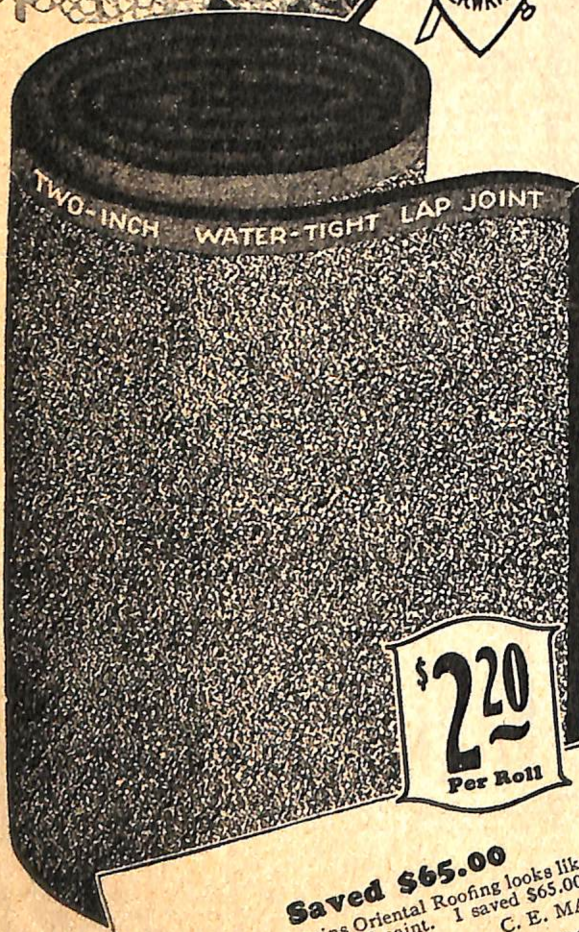
It is extra heavy and durable. Snowproof and sunproof. Rain only washes it clean. Good in every climate. Better than wood shingles. Can be laid over old shingles, saving the expense and dirt in tearing them off. Suitable for buildings with a roof having a pitch of 1½ inches or more to each running foot.

Oriental Roofing protects your house from fire, whereas sparks from a chimney may destroy wood shingles.

Weight: Average weight, per roll, 90 pounds, including nails and cement. Contains 108 square feet and will cover 100 square feet, all in one piece.

CAUTION! Buy Only Roofing With 2-Inch Watertight Lap Joint. If slate or pebbles lie between the two layers of roofing, the joints will loosen up and leak.

Oriental Slate Surfaced Roofing, complete with 1-inch large headed galvanized roofing nails and cement for laps.
48K2163—Red.
48K2162—Green.
Guaranteed 17 Years — **Per Roll $2.20**



Complete with 1¾-inch large headed galvanized roofing nails to lay over old shingles and cement for laps.
48K1479—Red.
48K1476—Green.
Guaranteed 17 Years — **Per Roll $2.30**

Quick Service—Low Freight Rates

We are close neighbors, regardless of where you live. Our roofing warehouses are located in all sections of the country. Each warehouse is the shipping point for the territory nearest to it with lowest freight rates for roofing materials.

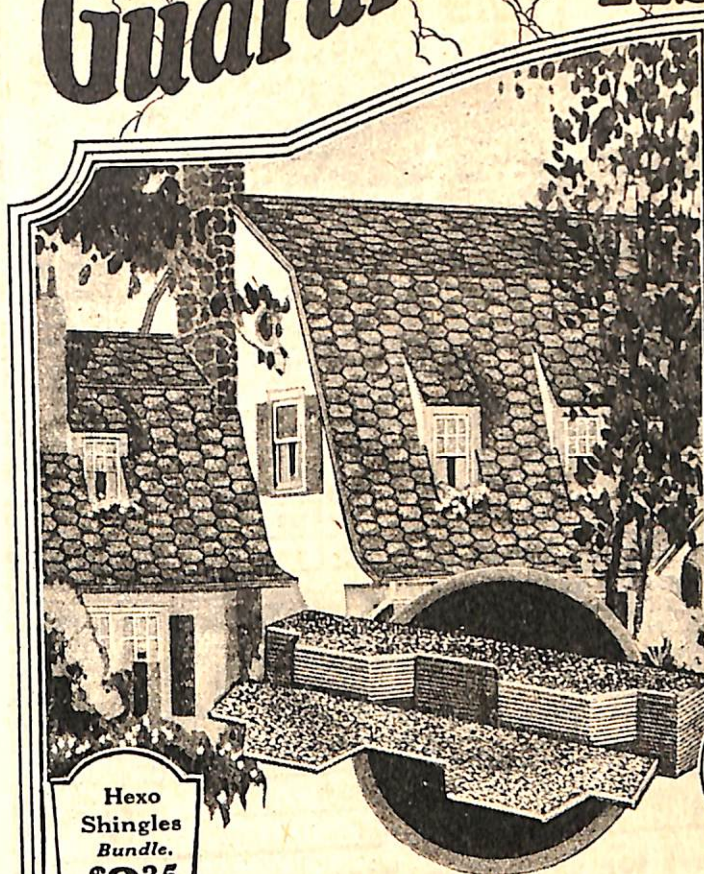
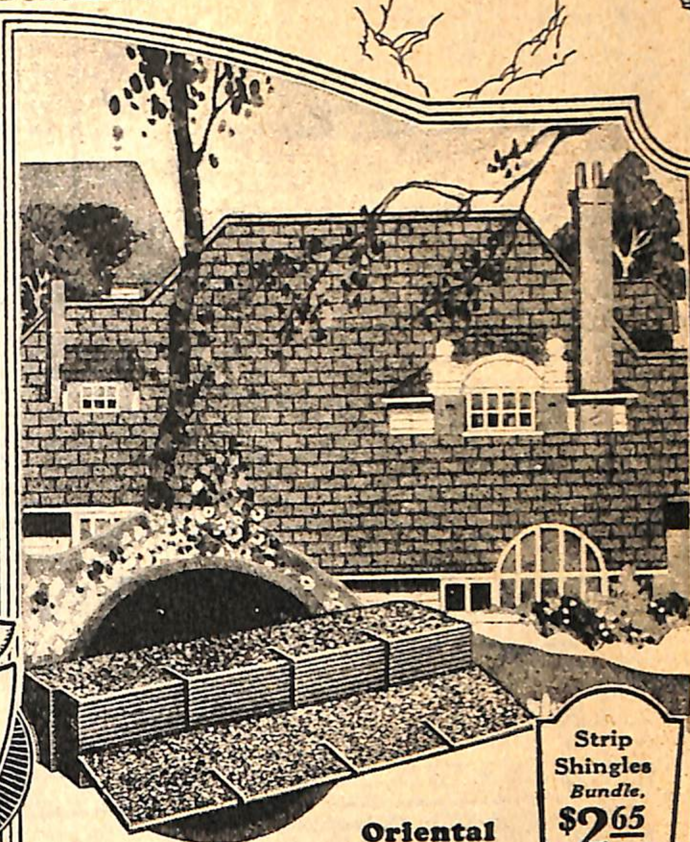
Our Liberal Guarantee for Roofing



is the outgrowth of over 25 years' experience in the manufacture and sale of ready roofing by the World's Largest Store. It is with the knowledge of high and long lasting quality that we can guarantee our roofing for a longer period, because our roofing lasts longer than we claim.

Sears, Roebuck and Co. were first to guarantee ready roofing for a term of years. Our first guarantee was for 12 years. The weight of our Oriental Roofing when first guaranteed was only 80 pounds per roll. Yet, customers have written that this roofing lasts much longer.



We have gradually improved the quality and increased the weight of our roofing until now the average weight per roll is 90 pounds, and with each change in quality, we extended the number of years in our guarantee, until now Oriental and Fire-Chief Roofings, the best prepared roofings made, are guaranteed for 17 years! Right now, there are more than one million roofs covered with Sears, Roebuck and Co.'s roofing.

SAMPLES We guarantee that you will be satisfied with our roofing, but if you prefer to see samples before sending us your order, ask for Free Roofing Samples 8573K.

Guaranteed Slate Surfaced ASPHALT SHINGLES

Hexo Shingles *Bundle.* $2.35

Strip Shingles *Bundle.* $2.65

Oriental Hexo Asphalt Shingles

Surfaced With Genuine Red or Green Slate or Blended Colors, Hexagonal Design—Applied at Low Cost

GUARANTEED 17 YEARS

Oriental Hexo Shingles are the result of 25 years' manufacturing experience. They are made of materials known for long wearing qualities.

Like our Oriental Individual Shingles, Hexo Shingles are beautiful in color and design (as illustrated above), permanent and fire resisting. Home owners and contractors warmly praise them because their property takes on a higher valuation with these asphalt shingles on the roof. Strips, 11½ inches wide.

Made of heavy roofing felt and imported asphalt. These are stiff shingles, so do not curl or warp. Defy all weather conditions, such as wind, rain, sleet, snow. You can re-roof without removing the old shingles. Approved by National Board of Fire Underwriters. Each shingle pattern is 11 inches wide and 9½ inches high when laid.

Shipped from warehouses in CHICAGO, ILL., PHILADELPHIA, PA., YORK, PA., ATLANTA, GA., KANSAS CITY, MO., SOUTHERN ILLINOIS, SOUTHERN OHIO, or WESTERN NEW YORK.

Catalog No.	Color	Shipping Weight, per Bundle	Per Bundle, to Cover 50 Sq. Ft.

Oriental Asphalt Slate Surfaced Strip Shingles

4-In-1 Style—Easily Laid at Low Cost

GUARANTEED 17 YEARS

Oriental Asphalt Strip Shingles—the 4-In-1 pattern—look like individual shingles when laid on the roof. The quality of materials is worthy of comparison, and the high standard construction represents one-quarter century of roofing manufacture.

Our Strip Shingles are rigid, lasting, beautiful, fire resisting and economical. Will not warp, curl or blow in the wind. Climate will not affect them. Roof a new house or re-roof right over the old wood shingles without taking them off.

Made of heavy roofing felt, imported asphalt and crushed natural color slate. Houses roofed with Oriental Asphalt Strip Shingles look better than when roofed with wood shingles. Laid with less expense than wood shingles and last longer. **Approved by National Board of Fire Underwriters.** Strips, 10 in. wide.

Oriental Asphalt Shingles

Individual Style—Highest Grade

GUARANTEED 17 YEARS

The artistic and beautiful appearance of houses roofed with Oriental Slate Surfaced Shingles is increasing their value everywhere. The color never fades and needs no paint or stain. Practically fireproof. No culls to be thrown away—no loss of time in selecting the proper size as you do with wood shingles. They can be laid with less expense than wood shingles.

Made of the same high grade felt and asphalt as our Oriental Slate Surfaced Roofing, except that Oriental Shingles contain an especially treated, imported asphalt that stiffens the shingles so that they will lay perfectly flat. Can be laid over old shingles or on roof boards laid close together. Each shingle, 8x12¾ inches. One bundle will cover 25 square feet of roof surface when laid 4 inches to the weather.

Shipped from CHICAGO ILL., PHILADELPHIA, PA., ATLANTA, GA., KANSAS CITY, MO., YORK, PA., WESTERN NEW YORK, EASTERN MASSACHUSETTS, SOUTHERN OHIO, SOUTHERN ILLINOIS or ST. PAUL, MINN.

2

Steel Roofing and Siding

2½ and 1¼-Inch Corrugated Steel

2½-INCH AND 1¼-INCH CORRUGATED SHEETS are furnished in sheets which actually measure 26 inches wide. Both have a covering width of only 24 inches on account of the side lap. When ordering, allow from 4 to 6 inches for end laps, depending upon the pitch of roof. For siding, a 2-inch end lap is sufficient. When ordering allow for side laps to cover 100 square feet of surface; this does not include the end laps.

When Ordering Always Specify Length

We furnish two thicknesses, as follows: 28-gauge and 26 extra heavy gauge. EXTRA HEAVY is fully one-fifth heavier than 28-gauge. We recommend the 26-gauge as it costs but a trifle more and wears twice as long. **We do not sell light or standard gauge steel roofing.**

No Soldering—The Joints Slip Together and Stay

Corrugated Conductor

Makes a stiff, strong pipe, and is easily put together. Furnished only in 10-foot lengths. They are made to fit the following eaves troughs:

Size of eaves troughs, inches	3½	4	5	6
Size of conductor, inches	2	2	3	4

48K1278—Full Weight, U. S. Standard 28-Gauge.

Size, inches	2	★3	4
Weight, per length, lbs.	4½	6½	9
Per 10-foot length	43c	54c	68c

48K3303—Extra Heavy Weight, U. S. Standard 26-Gauge Galvanized Steel.

Size, inches	2	3	4
Weight, per length, lbs.	6	7½	10
Per 10-foot length	53c	65c	85c

Patent Slip Joint Eaves Troughs

Furnished with the slip joint connection that will fit at either end of each piece no matter which way the water runs. No bother about right hand or left hand eaves trough. Just order the number of pieces you need and put them on.

FULL WEIGHT, U. S. STANDARD 28-GAUGE GALVANIZED

48K1279

Width, across top or size, inches	3½	4	★5	6
Weight, per length, pounds	4½	5	6½	8
Per 10-foot length	38c	44c	55c	68c

EXTRA HEAVY WEIGHT, U. S. STANDARD 26-GAUGE GALVANIZED STEEL

48K3304

Width across top or size, inches	3½	4	5	6
Weight, per length, pounds	5½	6	7½	9
Per 10-foot length	43c	55c	65c	78c

ORDER BY SIZE AND NUMBER.

Extra Heavy Gauge Eaves Trough Corners or Miters

Inside Corner Miter 48K3309 — Outside Corner Miter 48K3310

Furnished only in extra heavy 26-gauge galvanized steel, because more strength is required at corners of eaves trough, where ice and snow are likely to collect. Therefore, we furnish only extra heavy 26-gauge corners to use with the 28 or 26-gauge eaves trough.

Complete with slip joint connections that fit at either end of the corner so that it can be connected with either right or left hand eaves trough. **Be sure to state whether you want outside or inside corners.**

48K3309—Inside Corner.
48K3310—Outside Corner.

Width across top or size, inches	3½	4	★5	6
Weight, each, ounces	11	13	17	19
Each	25c	28c	30c	38c

Outlet

Illustration represents outlet in position, can be connected anywhere to suit down spout. No soldering needed.

48K3308—Extra Heavy 26-Gauge Galvanized Steel Outlets.

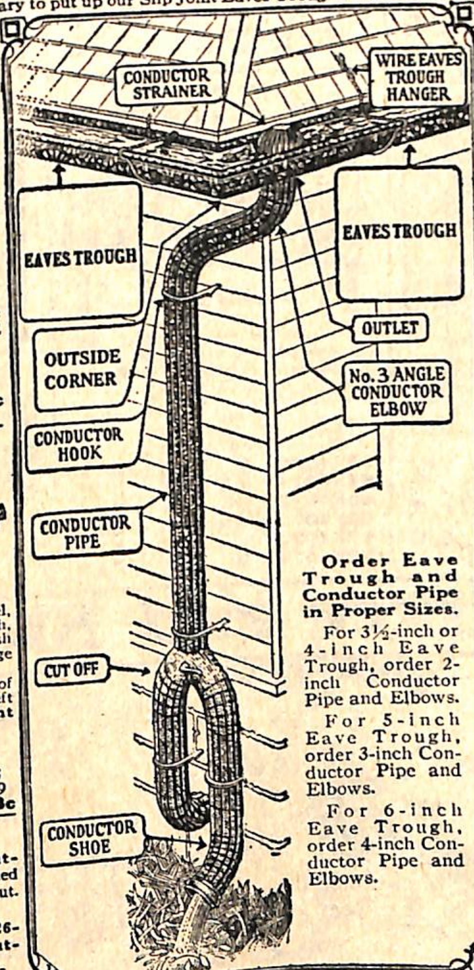
Weight, each, ounces	7	8	11	12
Each	15c	20c	23c	24c

End Cap Slip Joint

For either eaves troughs or our adjustable outlet.



48K3307—Extra Heavy 26-Gauge Galvanized Steel.

Size, inches	3½	4	★5	6
Weight, ounces	2	2	3	3
Each	9c	9c	12c	14c

Galvanized Steel, Rust Resisting

WE FURNISH TWO THICKNESSES: Heavy (United States Standard 28-gauge) and extra heavy (United States Standard 26-gauge) which is 20 per cent thicker and heavier than the standard 28-gauge. We recommend the extra heavy grade or 26-gauge in preference to the 28-gauge weight, as it costs but little more, costs no more to hang and gives at least double the wear. **All articles on this page are shipped from CHICAGO or PHILADELPHIA and all items marked (★) are also shipped from NEWARK, N. J.**

OUR SLIP JOINT REQUIRES NO SOLDER. No experience necessary to put up our Slip Joint Eaves Troughs and Conductor Pipes.

Order Eave Trough and Conductor Pipe in Proper Sizes.

For 3½-inch or 4-inch Eave Trough, order 2-inch Conductor Pipe and Elbows.

For 5-inch Eave Trough, order 3-inch Conductor Pipe and Elbows.

For 6-inch Eave Trough, order 4-inch Conductor Pipe and Elbows.

Wire Eaves Trough Hangers

48K3170—Every 4 feet of trough requires one hanger.

Size, in.	3½	4	★5	6
Wt., per doz., lbs.	1	1¼	1¾	1¾
Per doz.	22c	26c	29c	34c

Hooks for Conductors

48K3188—Tinned Conductor Hooks for conductor pipe.

Can be used on frame or brick buildings.

Size, inches	2	★3	4
Weight, per dozen, lbs.	1¼	1¾	2½
Per dozen	50c	63c	90c

Ridge Roll Finial

Galvanized Steel Finial to be used with our Ridge Roll 48K3337 and 48K3152. This finial is to be used at the ends of the ridge.

Concrete Mixer and Block Machine

ONLY $25.95

63K5998

The Triumph Concrete Mixer

Especially built for farm needs. The Triumph Mixer is an ideal mixer for the countless small jobs that can be easily done during spare hours.

Here are some of the uses it can be put to: Building—Concrete Foundations; Floors; Feed and Water Troughs; Sidewalks; Culverts; Fence Posts; Roadways; Fruit and Vegetable Cellars; Porches; Porch Steps, etc.

This Triumph Concrete Mixer will pay for itself on any one job. It thoroughly MIXES CONCRETE, MORTAR OR PLASTER wet or dry. A GOOD FEED MIXER.

Design—Tilting drum permits loading on one side and discharging on the other. Material—Made of the best grade of gray iron castings, heavy sheet and heavy angle plates well braced. Capacity—1½ to 2 cubic feet per batch (a wheelbarrow load). Power—Equipped with 12-inch pulley, 3-inch face; can be operated with 1 horsepower engine; also handle furnished for hand power. Frame—Made of 1½x1½-inch angle steel. General Dimensions—Length, 3 feet; width, 2 feet 10 inches; height, 4 feet 6 inches; shoveling height, 35 inches. Drum—Heavy 16-gauge sheet steel, with cast iron bottom, 22 inches deep, 18 inches in diameter at top, 23 inches in diameter at bottom, inside measurements. Shipping weight, 250 pounds.
63K5998—Triumph Concrete Mixer on Stand............... $25.95
Shipped from factory in OHIO

You Save Money Here
Do Your Own Concrete Work

Concrete will not rust or rot. It needs no paint to preserve it or keep it looking good. Neither fire nor storm destroys it. When you build with concrete you build to stay. It practically eliminates repairs, replacement and upkeep expenses. You can build with concrete many of the needed improvements about your farm for less money than in any other way.

ONLY $25.65

Write for Your Copy of Our Concrete Machinery Catalog 532PK

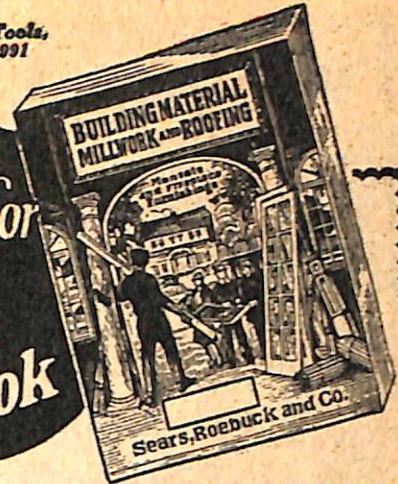
If the concrete machine or mixer illustrated and priced here does not suit your requirements, then write for our Catalog of Concrete Machinery 532PK. It shows a large variety of molds for concrete products, including block machines, urn, chimney column, pier, baluster, brick and silo molds, automatic block tampers, pallets, sill and cap machines, and 5 and 10-foot concrete mixers. It is yours for the asking; sent postpaid.

63K5709

Triumph Block Machine

A good block making outfit at a moderate price for anyone wishing to make concrete blocks for his own use. No experience needed. Makes blocks face down, using a wood pallet. Makes 8x8x16-inch blocks with rock face and double air space. Flask is locked with simple latches attached to endgate. Two men can make from 100 to 125 blocks per day. Mounted on substantial iron stand as shown. Each outfit contains:

One Rock Face Plate for whole blocks; one Rock Face Plate for half and quarter blocks; two Rock Endgates; two Core Endgates; two Dividing Plates; one Gable Block Dividing Plate for making gable blocks; two Joint Block Attachments; Plugs for making solid blocks; one striker; one Double End Tamper; one Sample Wood Pallet. Additional parts and attachments can be furnished extra.



63K5709 — Triumph Block Machine for 8x8x16-inch blocks, on iron stand, as illustrated. Shpg. wt., 165 lbs..... $25.65
Shipped from factory in OHIO.

For Double Hung Check Rail Windows See Page 1086

Glazed storm sash. Made of clear soft pine in a most substantial manner. High grade window glass is carefully secured with good putty and points; furnished "in the white." Not varnished or painted.

Size of our sash is sufficient to allow for trimming. In some cases a little trimming would avoid the necessity of ordering special sizes. In ordering give number in catalog of the storm sash wanted and the exact size of opening and we will send you sash which may be trimmed to fit.

Shipped from our own factory in NEWARK, N. J.

When Ordering Give Width First.

Four-Light Storm Sash

1⅛ inches thick. Carried in stock in sizes shown below. Prices do not include ventilators. Ventilators, 15c each, extra.

For Check Rail Windows, See Page 1086

Double Duty
Combination Storm and Screen Doors

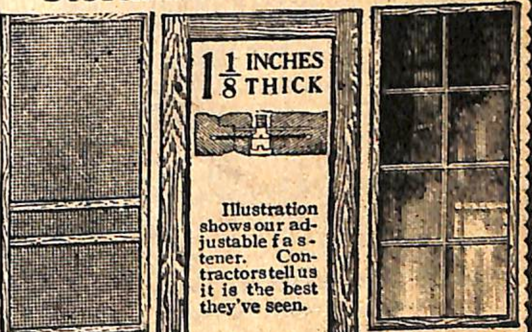

Illustration shows our adjustable fastener. Contractors tell us it is the best they've seen.

Here's the highest class combination screen and storm door made. A high grade screen door in summer—a substantial storm door in winter—at the price of one door. The door remains on hinges all year around—you simply change the center panel in spring and fall. A strong, adjustable fastener holds screen or glass panel firmly in place. So easy to operate that a woman can make the change.

Made of clear white pine, with clear window glass securely held in place with wood stops and with high grade 14-mesh galvanized or 16-mesh bronze wire screen. Side and top rails, 4¼ inches wide; bottom rail, 8¾ inches wide. This allows a small margin for trimming to insure snug fit. Wood panel at bottom of door, 8 inches wide. Furnished in the white, not painted or varnished. Shipped from our factory in NEWARK, N. J.

Size, 1⅛ Inches Thick: Width Ft.	Width In.	Height Ft.	Height In.	63K2410 14-Mesh Galv. Wire Screen Panel	63K2412 16-Mesh Bronze Wire Screen Panel	Shpg. Wt., Lbs.

Built-In Ironing Board Outfit

A Combination of Useful Features

A complete full size Ironing Board, including sleeve board, always ready for use, yet never in the way. A labor saving feature. Usually installed with electric light socket in the compartment, so electric iron is always convenient. ALL SET UP READY TO INSTALL. Only work necessary on job is to fit door and outside trim. Includes cabinet backed with bead ceiling, door, round edge casing trim, all hardware except door hinges and latch. Door hinges and latch should be ordered separately to match the other hardware in your house.

Description

Made of clear Fir. Opening in wall, 14 inches wide, 80 inches high, 4½ inches deep. Will fit between studding placed 16 inches on center. Ironing board is 11½ inches wide by 49 inches long, 32 inches from floor. Sleeve board, 5 inches wide, 23 inches long. 3⅝-inch casing with two base blocks furnished for trimming.

63K376—Complete Built-In Ironing Board Outfit, clear Fir, as described. Shipping weight, 80 lbs. $11.30

Shipped From Our Own Factory in NEWARK, N. J.

Description

GLAZED WINDOWS AND SASH—Made of CLEAR SOFT WHITE PINE, seasoned and kiln dried, carefully machined and sandpapered. Glazed with good quality clear glass held in place with zinc diamond points and good putty.

WINDOW FRAMES—We use a very high grade of lumber in our frames. The workmanship is perfect. OUTSIDE CASINGS ARE 1⅛ INCHES THICK, made of Clear Cypress, a wood best suited to withstand the elements and which takes paint readily. The pulley stiles, parting stops and blind stops are made of clear fir. Equipped with steel pulleys fastened into place. Frames are rabbeted or grooved and finished ready to nail together, without sawing. Stud opening should be 6 inches wider and 5 inches higher than opening size of window. Frames are packed to secure lowest transportation rates. Easily put together.

Easy to Order Windows and Frames

from the tables. The column of sizes under the heading of "Size of Glass" shows the size of glass in inches in each sash of the window, and all the prices on the same line in the other columns refer to windows or frames to fit this particular size. For example: Take a two-light window, glass size 24x28 inches; the size of the opening in the frame for this same window is 2 feet 4⅛ inches by 5 feet 2 inches. The price of a window this size glazed single strength is $2.04. Price of a pulley frame for this size window is $3.24. Weight of window is 22 pounds.

All items of Millwork including doors, windows, frames, moldings, porch work, storm windows, storm doors, etc. (pages 1085, 1086 and 1087) are shipped direct to you from our own factory in NEWARK, N. J.

Doors, Molding and Porch Materials

Highest Quality Millwork

We carry in stock 150 kinds and sizes of exterior doors and over 140 kinds and sizes of inside panel doors, all of which are illustrated and described in our Building Material Catalog, 547K (illustrated on page 1085). We show on this page such articles as doors, moldings, frames, porch material, etc., that are in the greatest demand. Make your selection from these pages, as every article represents our very best values in Building Material, Millwork and Roofing.

All items of Millwork including doors, windows, frames, moldings, porch work, storm windows, storm doors, etc. (pages 1085, 1086 and 1087) are shipped direct to you from our own factory in NEWARK, N. J.

Best Values and Service

All our millwork is shipped bright and clean, and, as a rule, of better quality than can be purchased locally.

If you intend to build on a larger scale, and require a vast assortment of designs to select from, write for our special Building Material Catalog 547K (illustrated and described on page 1085). If time does not permit your waiting for the catalog, make your selection from these pages.

63K9904
63K7591

These door and window sets are made in Clear Fir and Clear Oak. All parts of each trim set are carefully sandpapered and carefully wrapped, one set in a carton (see illustration above), free from dirt and ready to nail into place. All moldings are cut to exact size. The head trim, consisting of three moldings nailed together, for over doors and windows, has a cap with molded edge and returned at the ends. All moldings in these sets are full standard size. See illustrations.

TO ORDER, give size of the door or window you want to trim, and mention the width first.

PRICE OF TRIM FOR DOORS

LUMBER

LATH AND SHINGLES AT WHOLESALE PRICES

We Make FREE Estimates

Here are items of lumber generally required. For complete assortment, write for Lumber List 8852K or **send list of material you require for total price delivered to your station, freight prepaid.**

All lumber shown on this page will be shipped from our new 40-acre lumber plant in New Jersey. The assortments carried have been carefully selected to give the best service and value. Our Fir and Pacific Coast Hemlock come from the virgin forests of Washington and Oregon, and are far superior to Tamarack, Norway Pine and Northern Hemlock.

There is no better wood known than Cypress for outside purposes, due to its wonderful weather and time resisting qualities. Note the fine selection of Cypress shown on this page.

"Honor Bilt" Already Cut Farm Buildings

are another important and successful link to the chain of steady development on the American farm.

Just as the sickle has been replaced successively by the cradle, the self rake and the binder, so the old time, wasteful, not ready cut system of construction is being replaced by our modern economical and successful "Honor Bilt" Already Cut buildings.

Sears-Roebuck "Honor Bilt" Barns have been built everywhere. Our customers have profited greatly because—

5 Topmost Points of Saving:

1—*Wholesale prices—direct from our large mill to you.*

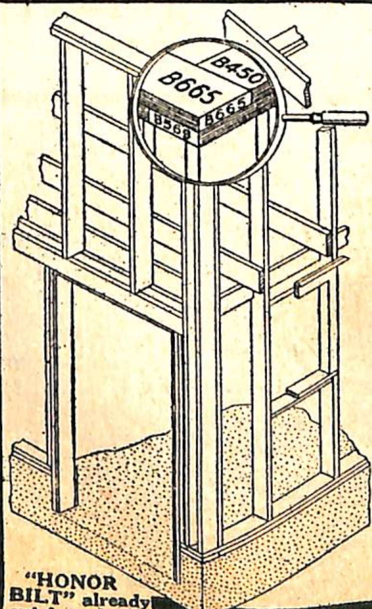
2—*Guaranteed material, the best for the purpose.*

3—*Guaranteed quantities, no extras to buy.*

4—*All framing cut to fit, ready to nail in place; all doors are factory built.*

5—*Accurate, scientific plans, designed by experienced architects. Our plans and instructions are easy to follow.*

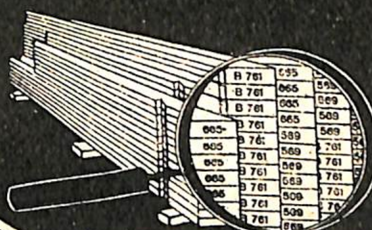
"Honor Bilt" construction is strong, sound, permanent and economical. Stands every test of time and service. Satisfies! Praiseworthy letters from customers and sworn testimony prove these facts. Our guarantee is your protection.



Our lumber is all bright and new—fine dry Oregon Fir or Pacific Coast Hemlock the strongest and best lumber for framing purposes. Cypress, "The Wood Eternal," is furnished for siding and outside finishing lumber on our better barns. Barns covered with cypress have been known to last over 200 years.

Build Your Barn Like a Skyscraper!

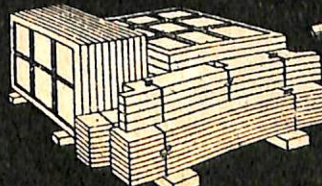
Build your new barn right! Fortify yourself with the same scientific certainty that marks the towering skyscraper—the great bridge—the powerful ocean liner—the certainty of standardization. Let others take a chance with the "hit or miss," old fashioned and wasteful methods of construction —but build your barn the "HONOR BILT" Already Cut and Fitted way.



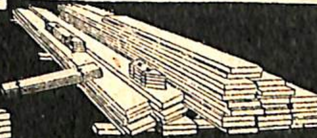
Get Our Delivered Prices!

Build it Yourself

"HONOR BILT" already cut farm buildings are permanent, high grade and best in value.

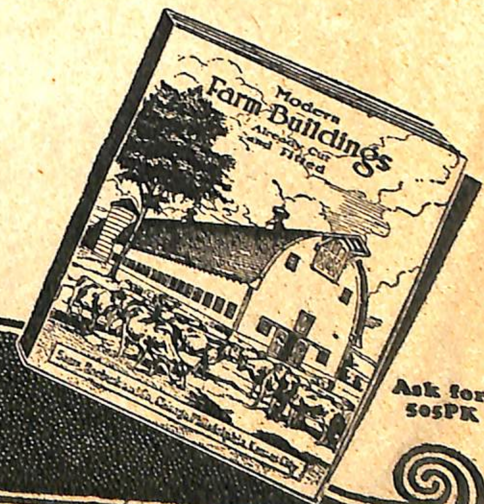


And Make Another Big Additional Cash Saving on Labor.



Pile of already cut lumber, showing how all pieces are numbered to correspond with numbers on plans.

Doors already made, nothing to do but hang them in place.



Windows already made and frames already cut and bundled.

Rafters, Studding, Purlins and Joists already cut and fitted. All pieces numbered to correspond with plan numbers.

From Our Own Mills Direct to You

Letters from "HONOR BILT" Home customers tell of saving from $500.00 to $2,000.00. Such big savings are effected because we operate our own large mills and lumber yards on modern principles, and sell direct to you.

Saved $1,000.00

Sears, Roebuck and Co.
I want you to know how pleased I am with my Modern Home, purchased from you. The Ready-Cut material fit perfectly and I never worked with or saw better material. Many people remarked about the fine quality of material. I figure I saved $1,000.00 to $1,200.00 building the "Honor Bilt" way.
HERMAN THOMPSON.

to $2,000 on a Complete Home

EASY PAYMENTS - FACTORY TO YOU

Modern Homes

"HONOR BILT" means a more Substantial Home—a Warm and Comfortable Home—Superior Home for you—and at a big saving in money and time!

They are permanent, high grade homes. "HONOR BILT" Homes are furnished ready cut and fitted. They have double floors, double walls and 2x4-inch studding.

Highest Quality Material

The lumber furnished for "Honor Bilt" homes is bright and new, fine, dry No. 1 framing, clear Cypress for outside finish, and clear siding. Expert mechanics, modern machinery and good materials insure perfectly made millwork. Oak, Birch, Fir or Yellow Pine (as specified) for interior finish—the kind of material that will prove to be a little better than generally used in home construction. Every detail is a quality product.

Easy Payments

If you own a good, well located building lot and have some cash, you can buy an "HONOR BILT" Modern Home, including the Heating, Plumbing and Lighting Fixtures; arrange Easy Monthly Payment Terms, and (in some instances) we will advance part of the cash for labor and such materials as we do not furnish—brick, cement, etc. The monthly payments shown do not include our low interest.

Many of our customers build their own "Honor Bilt" homes, doing part or all of the work themselves, in which case they do not need to put in much cash, as we consider the value of their work the same as cash.

Prices for "HONOR BILT" Modern Homes shown on these pages include the following items:

Lumber
Lath
Millwork, such as
Doors
Windows
Molding
Flooring
Medicine Case
Porch Material
Building Paper
Hardware
Nails
Eaves Trough
Down Spout
Paint and Varnish

Shingles or Roofing as specified.

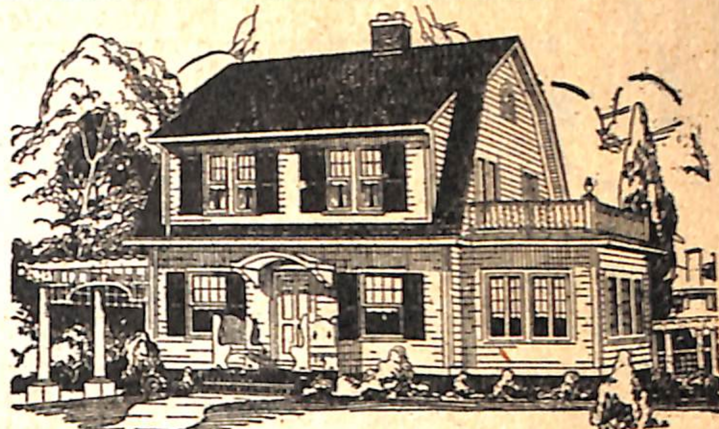
We guarantee enough material to finish the house complete, except cement, brick and plaster.

Save From $500.00 to $2,000.00

You need our Book of "HONOR BILT" Modern Homes. It will save you $500.00 to $2,000.00, depending upon the size house you build. It illustrates 100 designs of homes for city, suburb and farm. Each home is priced, completely illustrated and described. Floor plans are shown for every design. Just a few of the "Honor Bilt" Modern Homes are shown here.

Proofs of Satisfied Customers

We have thousands of letters from customers who have not only saved from $500.00 to $2,000.00, but who happily tell us that ours are the best homes in their locality.



Saved $1,500.00

Sears, Roebuck and Co.

I wish to take this opportunity to express my appreciation of the courtesy and fair treatment you have accorded me. As near as I can estimate I saved about $1,500.00 through building one of your "Honor Bilt" Homes and, as I know very little about carpenter work, I think, that a very remarkable saving.

It's Easy to Measure for Clothing

Our clothing is carefully made according to correct size standards. You do not need to order larger sizes than we specify. Our descriptions tell you the size range and you can order with the assurance that, if your size is listed, we guarantee the garment will fit you. Our sizes are obtained by securing the average of thousands of men, women and children in each size, and we believe are the most accurate standards in the country.

We Guarantee to Fit and Please You

Figure 1

Men's, Young Men's and Youths' Clothing

How to Take the Measurements

Stand in your natural way, breathe regularly and do not expand chest; also take everything bulky out of your pockets.

Chest. Take measurement over vest. Measure all around body at chest, close up under arms, snug but not tight. Tape measure should be over shoulder blades at the back. See line marked A on Figure 1.

Waist. If you wear a belt, take it off and take your measure over trousers all around body at waist. Your waistline is just above hip bones. Feel sides for location of hip bones. See line marked B on Figure 2.

Inseam. This is to show length of trousers leg. Stand straight and draw trousers well up in crotch. Measure from close up in crotch to bottom of trousers, at length desired. See line marked C on Figure 2. For cuff bottom trousers measure 1 inch shorter than for regular trousers.

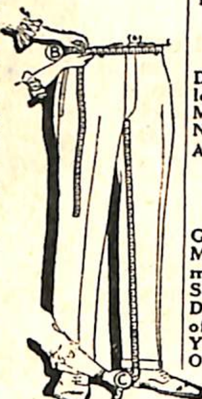

Figure 2

What Measurements to Give in Your Order

Suits. Give chest and waist measures and length of inseam; also height, weight and age.

Coats of All Kinds, Jackets, Raincoats and Overcoats. State chest measure taken over vest; also height, weight and age.

Vests. Give chest and waist sizes; also height, weight and age.

Pants (Both Dress and Work Pants) and Overalls. Give waist size and length of inseam; also height, weight and age.

WOMEN'S, MISSES' and JUNIORS'

Coats, Dresses, Knickers, Blouses, Raincoats, etc.

HOW TO TAKE MEASUREMENTS:

Always Pull Tape Close but Not Tight.

Do Not Allow. We Will Make All Necessary Allowances.

Give Each Measurement as Stated in Description of Garment You Are Ordering.

Actual Bust Measurement
For any garment, be sure to measure over very largest part of bust with dress or blouse on. Tapeline in back must run on shoulder blades and not below them.

Actual Waist Measurement
This measurement is very important when ordering knickers and skirts. Please do not allow *extra* Give actual tape measurement, over dress or blouse.

Actual Lower-Hip Measurement
This means very *largest* part of figure below waist. Do not "allow." We will make all necessary allowances. Measure over dress or skirt.

Length Garment Desired
For dresses, coats or raincoats, measure down back from neckline to hem, as shown in small diagram, N to L.
For skirts measure down front from waist, as shown (W to S).

Height
Knowing your height, we can use the very best judgment in sending you the proper dress, coat, suit or knicker. Give weight, also, if you desire best possible fit

Tell Us This—Do you like to wear your garments loose-fitting or close-fitting? See space for answer on order blank.

Use Clothing Order Blank on Other Side of This Sheet

You Will Be Delighted! To learn how easily and quickly you can be correctly fitted when above information is given to us. Our years of experience enables us to determine from these measurements exactly what size garment will fit you.

Boys' and Girls' Clothing

GIVE AGE SIZE. To find AGE SIZE, take the boy's or girl's chest measure, then consult boys' or girls' scale of sizes below.

Before ordering a boy's or girl's garment it is necessary to know the chest measure in order to know the proper AGE SIZE to order, as boys of the same age will vary very greatly in size, and the same with girls. For example, a boy only 10 years of age may be as large as the average boy of 12, or, on the other hand, he may be as small as the average boy of 9 years. Girls of the same age also vary in size. The size scales herewith show the average chest measure of boys and girls of each age. These have been compiled from the measurements of many thousands of boys and girls of each age.

HOW TO MEASURE. For a boy: If a long pants suit is wanted see instructions along with Figure 7. If a knee pants suit is wanted see "D" on Figure 5. Measure all around body at chest over his shirt or blouse. For a girl, see "L" on Figure 6. Measure all around body at chest over her dress or blouse. In either case, see that the tape measure is well up under arms and that it is over shoulder blades at the back. After you have the measurement, see boys' or girls' scale to find what age size to order.

Figure 7.

To Measure for Boys' Long Trousers and Long Trouser Suits

For suits, measure boy's chest, waist and inseam, as shown in this long trouser picture. For trousers, measure waist and inseam only. Our boys' long trousers and long trousers suits are sold according to age size and measurement. The table below shows you the measurements of the different age sizes. For example: If your boy's chest measure is 27 inches, waist measure 25½ inches and inseam 23 inches, order size 10. If you find that your boy's measurements do not agree with age sizes given in the table, send us the boy's chest, waist and inseam measurements and state his height and weight and we will send a garment that will fit him.

Age Size to Order	5	6	7	8	9	10
Chest Measure, Inches	24	24½	25	26	26½	27

Inseam Measure, Inches	24	25	26	27	28	29

Boys' or Little Fellows'

Knee Pants, Suits, Overcoats, Raincoats, Mackinaw Coats, Blouses and Underwear

How to Use Size Scale

For example: If your boy's chest measure is 24 inches, order age size 5, or if your boy's chest measure is 30¼ inches, order age size 14.

In case your boy's chest measure is between two of the measurements given below, order the age size for the next larger chest measure.

For example: If your boy's chest measure is 28½ inches, order age size 13.

Girls' or Children's

Dresses, Blouses, Middies, Raincoats and Underwear

How to Use Size Scale

For example: If your girl's chest measure is 22 inches, order age size 3, or if your girl's chest measure is 31 inches, order age size 12.

In case your girl's chest measure is between two of the measurements given below, order the age size for the next larger chest measure.

For example: If your girl's chest measure is 26½ inches, order age size 8.

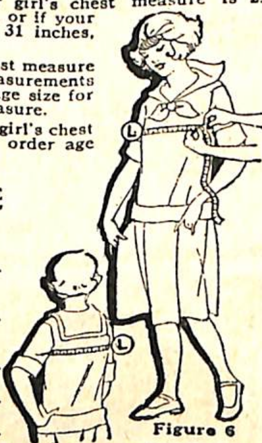

Figure 6

Parcel Post Rates — It's Easy to Figure Them — Allow Enough. We'll Return Any Balance

1. Ask your postmaster in what zone you live, measuring from the city where our nearest store is located; or, if you have one of our big General Catalogs, the map on the parcel post rate page will help you find the zone.
2. Add up the weights of the articles you are ordering and find the total weight of your shipment; weights are given in descriptions.
3. Then look at the table at the right for the rates to your zone. The upper row of rates shows the postage on the first pound of your order according to your zone, and the rate in the lower row shows the postage to be added for each additional pound according to your zone.

For example: If the total weight of the goods you order is over 11 pounds but not over 12 pounds and you live in the 3d zone from the city where our store is located, you will see by referring to the rates in the upper row that the rate of the first pound for the 3d zone is 8 cents and by referring to the lower row of rates you will see that each additional pound for the 3d zone costs 2 cents more. There being 11 additional pounds, this would make 22 cents, which, added to the 8 cents for the first pound makes 30 cents, which will be the total required for your shipment.

4. Packages weighing up to 8 ounces may be mailed for 1½ cents for each 2 ounces; books consisting of 24 or more pages up to and including 8 ounces, at the rate of 1 cent for 2 ounces. Everything over that weight takes pound rate.

Always send enough money extra to pay postage on parcel post shipments. We'll return any balance due you.

FOR FREIGHT AND EXPRESS RATES SEE PAGE 544 IN THIS CATALOG OR ASK YOUR STATION AGENT

Local Zone If you live in a city where one of our stores is located and order goods by mail from that store, the rate for the first pound is 7 cents and you add 1 cent for each additional 2 pounds, or a fraction thereof. For example: If you order goods weighing over 14 pounds but not over 15 pounds, the parcel post charge is 7 cents for the first pound and 1 cent more for each additional 2 pounds. There being 14 additional pounds this would be 7 cents, making a total of 14 cents.

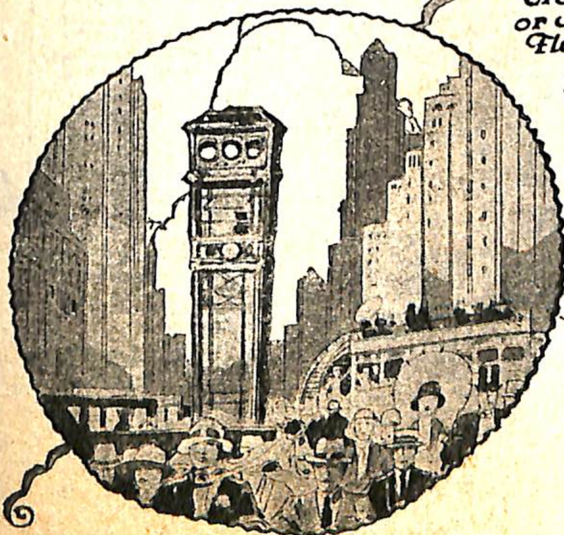
LOCAL ZONE See explanation above.	ZONE 1 Not over 50 miles from Our Store	ZONE 2 Not over 150 miles from Our Store	ZONE 3 151 to 300 miles from Our Store	ZONE 4 301 to 600 miles from Our Store	ZONE 5 601 to 1,000 miles from Our Store	ZONE 6 1,000 to 1,400 miles from Our Store
For weights over 8 ounces up to 1 pound the postage is	7c	7c	8c	9c	10c	11c
For each additional pound or fraction of a pound, add	1c	1c	2c	4c	6c	8c

LIMIT IN WEIGHT. Packages up to 70 pounds are carried in zones 1, 2 and 3; in all other zones 50 lbs. is the limit in weight.

LIMIT IN SIZE. Packages up to 7 feet in length and girth combined will be carried by Parcel Post. Nothing larger. Heavier and larger articles may be shipped economically by express or freight.

A Fashion Review of Unusual Interest

On the Pages to Follow You'll Find the Latest and Smartest Spring and Summer Apparel Direct From New York



What an assurance of authentic designing—what a guarantee of quality and what a saving that represents to you.

For truly these models are direct from New York—in styling—in selection—in making.

Thus, our low prices permit you to purchase more apparel and more stylish apparel for your money than you can buy elsewhere.

31H6000
All Silk Crepe Satin or All Silk Flat Crepe
$14.75

A Stunning New York Style Frock

This lovely frock is offered in your choice of lustrous *All Silk Crepe Satin* or in lovely *All Silk Flat Crepe;* both enhanced with contrasting color self material used for a chic pleated jabot frill and attractive cuffs. The skirt has a double tier of pleated flouncing at front, trimmed on top with clusters of contrasting chain stitching; matching the adornment on the cuffs. A bow finish on one side of the bodice, novelty buttons on the jabot and a girdle with a handsome buckle adornment, all unite in making this frock exceedingly smart and appealing.

Women's and Misses' Sizes—34, 36, 38, 40, 42 and 44 inches bust measure. Length from back of neck to hem 44 inches only, with deep basted hem (about 5 inches) so dress can easily be made longer or shorter. **State size.** Shipping wt., 1½ lbs.

Charming New Frocks for the Summer Season

31H6050 All Wool Light Weight Summer Flannel $9.98

31H6045 Rayon Plaid Gingham $3.98

31H6055 Printed Washable "Gloria" Voile $3.89

The Latest Tailored Mode

More pleasing than ever are the tailored frocks this season, having assumed a more feminine and graceful silhouette, such as you see in the smart model, shown above. This frock is fashioned of *All Wool Flannel*, and has a prettily trimmed bodice, and a swagger, pleated skirt. Contrasting two-tone *Flannel* was used for the collar, vestee and attractive undersleeves. Has chic trimming of novelty metal ball buttons and a buckle adjusted leather belt.

Women's and Misses' Sizes—34, 36, 38 and 40 inches bust measure. Length from back of neck to hem, 42 inches only, with deep 5-inch hem, making length easy to alter. **State size.** Shpg. wt., 1½ lbs.

31H6050—Light Green. **$9.98**

Plaid Fabrics Are Popular

Smart, practical and very inexpensive, is this frock of woven *Plaid Rayon* (artificial silk) *Gingham*; a washable fabric of attractive appearance.

Fashioned on becoming lines, the frock boasts a clever new treatment in the styling of the collar; made with long strap ends, that have piped and button trimmed openings at the waistline, serving as slits for the wide girdle, which fastens with a metal buckle. The skirt has box pleating on either side, and a trim finishing note is lent by a silk ribbon bow at the neck.

Women's and Misses' Sizes—36, 38, 40, 42 and 44 inches bust measure. Length from back of neck to hem, 44 inches only, with deep 5-inch hem, making length easy to alter. **State size.** Shipping weight, 1½ pounds.

31H6045—Blue Plaid. **$3.98**

Surprisingly Low in Price

That one can't judge the merits of a frock by its price is well proved by this attractive model, which boasts a smart style, neat workmanship, a fabric of pleasing quality, yet for all that, costs only $3.89.

Made of washable *"Gloria" Cotton Voile*, of a charming new pattern; the frock is gracefully fashioned with scalloped border tunic panels and is effectively trimmed with pin tucked solid color *Voile* and piping. It has a grosgrain ribbon tie with pretty bead drops, and shows further adornment of novelty glass buttons and a metal edged composition clasp buckle.

Women's and Misses' Sizes—36, 38, 40, 42 and 44 inches bust measure. Length from back of neck to hem, 44 and 46 inches only, with deep 5-inch hem, making length easy to alter. **State size and length.** Shipping weight, 1½ pounds.

31H6055—Tan and Copenhagen Blue Fancy.
31H6056—Tan and Navy Blue Fancy. **$3.89**

Descriptions of Dresses Shown on Opposite Page

Tailored—Yet Dressy in Effect

A new and individual treatment of tucking and pleating is featured in the design of this handsome frock. Although the style is of tailored inspiration, the model is quite dressy and lovely, due to its fabric of richly lustrous *All Silk Flat Crepe* and trimming of contrasting color ribbon. The belt is adorned with a novelty clasp buckle.

Women's and Misses' Sizes—34, 36, 38, 40, 42 and 44 inches bust measure. Length from back of neck to hem, 44 inches only, with deep 5-inch hem, making length easy to alter. **State size.** Shipping weight, 1½ pounds.

31H6060—Cedarwood.
31H6061—Queen Blue.
31H6062—Black. **$8.98**

Fashioned of an Attractive Fabric

Such charm and smartness are seldom found in a frock so moderately priced, and for this reason we especially recommend this attractive model for your selection. Gracefully fashioned of pleasing quality *Printed All Silk Crepe de Chine* it features front pleats on the skirt and a chic, double tiered button enhanced jabot frill on the bodice. Has trimming of solid color silk *Crepe* and the belt shows an ornamental buckle.

Women's and Misses' Sizes—34, 36, 38 and 40 inches bust measure. Length from back of neck to hem, 43 inches only, with deep 5-inch hem, making length easy to alter. **State size.** Shipping weight, 1½ lbs.

31H6065—Rose Fancy. **$9.98**

One of New York's Very Latest

This beautiful frock is artfully fashioned of extra good quality *All Silk Flat Crepe*. It has an attractive bodice with diamond shaped tucking, front and back; a cascade drape frill at one side and an ornamental flower at the shoulder. Box pleating on the skirt achieves a silhouette of graceful animation, and a final smart note is lent by a gypsy sash enhanced with a jeweled pin.

Women's and Misses' Sizes—34, 36, 38 and 40 inches bust measure. Length from back of neck to hem, 43 inches only, with deep 5-inch hem, making length easy to alter. **State size.** Shipping weight, 1½ pounds.

31H6070—Queen Blue.
31H6071—Rose Beige (Pinkish Tan). **$16.95**

New and Decidedly Smart

Richly lustrous *All Silk Crepe Satin* in chic combination with contrasting color *All Silk Flat Crepe* fashions this stunning frock. Graceful overdrape panels and a wide girdle are new and interesting features in its design. Effectively trimmed with beautiful embroidered braid bandings, novelty metal buttons and a handsome ornamental buckle.

Women's and Misses' Sizes—36, 38, 40, 42 and 44 inches bust measure. Length from back of neck to hem, 42 and 44 inches only, with deep 5-inch hem, making length easy to alter. **State size and length.** Shipping weight, 1½ pounds.

31H6075—Rose Beige (Pinkish Tan). **$16.98**

Practical for Many Occasions

For general everyday service, when you need a good looking, neatly styled frock, you will be pleased to have this practical, inexpensive model. The material is attractive *Silk Warp Crepe Adora*, adapted on becoming lines and enhanced with solid color silk warp crepe. Smartness is lent to the bodice by a jaunty tie, and to the skirt by shirring in the center and graceful pleats on either side. Composition buttons and a novelty buckle are pleasing finishing details.

Women's and Misses' Sizes—36, 38, 40, 42 and 44 inches bust measure. Length from back of neck to hem, making length easy to alter. only, with deep 5-inch hem. **State size.** Shipping weight, 1½ pounds.

31H6080—Tan Fancy. **$5.98**

Trimmed With Dainty Net Frilling

This charming frock portrays the popular mode of the day, having a softly bloused bodice with puffed, long sleeves; a skirt showing graceful pleats at front and a sash tie belt at the waistline. It is smartly adapted in a pleasing quality *All Silk Flat Crepe*, while the bodice is enhanced with ecru *Venise* pattern lace and fluted, dainty net frilling piped with the silk. And has adornment of self covered buttons on the skirt.

Women's and Misses' Sizes—34, 36, 38 and 40 inches bust measure. Length from back of neck to hem, 42 inches only, with deep 5-inch hem, making length easy to alter. **State size.** Shipping weight, 1½ pounds.

CHARMING STYLE *and Priced so Low!*

I know you will all be delighted with this 1927 spring and summer line I have selected for you. These new hats are beautiful, the smartest assortment I have ever assembled. And the prices! You will hardly believe your eyes! You, no doubt, have impressions of values in millinery, but when you see the stunning latest style hats we are offering you this season you will be really amazed. Only Sears, Roebuck and Co., could give such high quality materials and full selections of fashionable colors in the many head sizes at the low prices you will find quoted in these 17 pages. From the vast offerings of the world's greatest makers, I selected models for all types, from the very little girls to women of mature years, so every one of you will be immensely pleased, I am sure.

Pauline

America's Best Known Milliner

It Is Easy to Measure Your Headsize—See Page 72

—and only $3.48!

Makes a charming picture, does it not? And we guarantee that the quality, workmanship and materials throughout will satisfy the most discriminating.

We invite comparisons with hats selling elsewhere at prices far, far above our price. The graceful wide brim shape (14¾ inches across) is of fine quality imported **piping straw braid.** This braid makes that very rich looking glossy hat. Trimmed handsomely with wide, high grade cire satin ribbon, expertly draped. Stunning, huge, flat rose of novelty pattern made of sheer organdy and shaded Rayon plush. Trim is finished by a clever double strand silverlike cord across the front. Fitted with attractive silk lining. Especially designed for the stylish young woman and miss. **In two head sizes.**

Colors: **Black with shaded tiger lily (new salmon shade) flower or black with shaded rose-pink color flower. Measure and state color.** Shipping weight, 2½ pounds.

78H9002—This fits 21¼ to 22 inches head size. **$3.48**

78H9003—This fits 22¼ to 23 inches head size. **3.48**

78H8005

$2.98 This fits from 21¼ to 21¾ inches head size.

Colors: **French beige (sand), Copenhagen blue, gooseberry (light) green or black. Measure and state color.** Shipping wt., 1¾ lbs.

Draped toque crown is a popular style this season. Very smart and unusually becoming to small features. Made of fine quality **Rayon faille.** Several rows of rich looking ribbon, having metallic border, give a striking two-tone effect. Ribbon also binds brim and sets off odd, self wing design at side. Brilliant, brooch style trimming pin. Silk lined.

Rayon Is the Trade Name for Artificial Silk

78H9007—Medium size. Fits 21½ to 22 inches head size. **$2.98**

Colors: **Orchid (lavender), cameo pink (light), Copenhagen blue or wild honey (light brown). Measure and state color.** Shipping weight, 1¾ pounds.

Daintiest of this summer's styles are made of transparent braid. This lovely new shape is of very fine genuine **Swiss hair braid.** Stylish, close fitting brim, with close roll at back, has facing of good quality **silk crepe de chine.** Fine, novelty flower appliques form an attractive trimming across front. Note clever dent across crown, 'tis very smart indeed.

78H8009—Small size. Fits from 21 to 21¾ inches head size. **$1.98**

Colors: **Gooseberry (light) green, French beige (sand), briar rose (new rose color), bright red or black. Measure and state color.** Shipping weight, 1¾ pounds.

One of our smartest tailored models and a feature value. Chic New Yorkers are wearing this new tam style, which adapts itself handsomely in this fine soft quality **Jap Swiss hemp straw braid.** Good looking trimming of grosgrain ribbon, set off with odd little straw ornaments. Neat, tailored binding along brim edge. Silk lined.

We Guarantee to Satisfy You and Save You Money

Ornamental Shrubs, Hedges, Evergreens, Vines

The Finishing Touches of Flower and Foliage

Beautiful shrubs are a most important ornament and, properly diversified in shape and variation of bloom, will add marked beauty to any home. They are invaluable for flowering effects, for attractiveness of foliage, to mellow sharp angles or lines, to relieve the harshness where house and lawn meet, as screens against objectionable views, etc. We offer only first quality shrubs. Planting suggestions and pruning instructions sent with each shipment. **Shipping weights, each, 2 pounds; 3 plants, 4 pounds.**

Bridal Wreath

Rose of Sharon

Varieties

Althea (Rose of Sharon). This shrub makes a compact upright growth of from 8 to 12 feet. Abundance of white, pink or red flowers, according to variety, from July to September. Extra heavy, 2 to 3 years old.
71H1520⅓—Each....45c 3 for....$1.25

Barberry (Japanese). One of the best shrubs for all purposes. Will grow in almost any soil, in sun or shade. Dense grower, 3 to 5 feet high. The leaves are small, turning scarlet in fall. Twigs are thorny and covered with scarlet berries in fall and winter. Very good for planting next to foundation of house. Heavy, 18 to 24-inch plants.
71H1500⅓—Each..........45c 3 for..........................$1.25

Bridal Wreath (Spirea Van Houttei). One of the prettiest and most popular shrubs. Very attractive with its mass of white flowers in April. The profusion of bloom weighs the branches down and covers the bush with a canopy of white. Never fails to attract attention. Grows 6 to 8 feet tall.
71H1527⅓—Each..........45c 3 for..........................$1.25

Butterfly Bush. Very attractive. Grows 3 to 6 feet tall and is valued for its very conspicuous dark blue "Lilac" flowers borne in late July and August. Will make a quick bushy growth in spring. Heavy, 18 to 24-inch plant.
71H1501⅓—Each..........45c 3 for..........................$1.25

Deutzia (Pride of Rochester). Upright fast grower, 6 to 8 feet. Flowers in large panicles or clusters in late May. White tinged with pink. Heavy, 18 to 24-inch plants. Very hardy.
71H1522⅓—Each.............48c 3 for..........................$1.29

Golden Bell (Forsythia Intermedia). Hardy, fast growing shrubs with good foliage which follows the showy yellow bell shaped flowers. This variety is the tallest grower of any Golden Bell. 18 to 24-inch plants. Grows 6 to 8 feet.
71H1523⅓—Each..........45c 3 for..........................$1.25

Honeysuckle (Fragrantissama). The bush honeysuckle is a hardy, fast growing shrub with very deep green glossy foliage. Grows 6 to 8 feet broad and spreading. Very fragrant. White flowers followed by attractive red berries that hang on into the winter. Heavy No. 1 plants, 2 to 3 feet.
71H1507⅓—Each............45c 3 for..........................$1.25

Hydrangea A. G. (Hills of Snow). The Hydrangeas are valuable for show flowers in mid and late summer and are used separately or in groups. Hills of Snow have huge dense balls of small white flowers in June and July. Grow 4 to 6 feet tall and should be pruned severely in late winter or early spring to produce large flowers. Heavy plants, 18 to 24 inches high.
71H1516⅓—Each....48c 3 for...$1.29

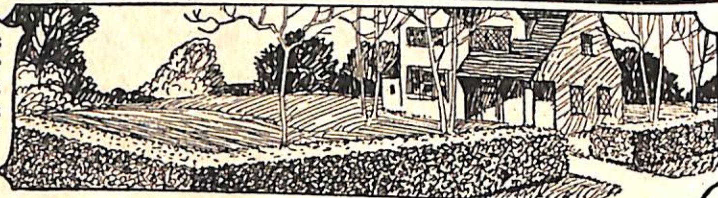
Japan Quince. Used as specimens and for hedges. Grows 4 to 6 feet. Attractive scarlet crimson flowers in April and glossy green foliage which hangs on till late in the fall. Heavy, 18 to 24-inch plants.
71H1525⅓—Each..........59c 3 for..........................$1.55

Hydrangea P. G. Very handsome shrub. Larger than the Hydrangea A. G. Large clusters of very showy white flowers, turning pink and bronze later in season. Begins to bloom early in August and continues for several weeks. Grows 6 to 8 feet tall but new growth should be cut back about one half each fall for large flowers next season. Stands drought well. 18 to 24-inch plants.
71H1506⅓—Each..........48c 3 for..........................$1.29

Lilac (Purple). The well known common variety with its purple fragrant flowers. 2 to 3-foot plants.
71H1508⅓—Each............59c 3 for..........................$1.55

Snowball. Used mostly as a screen or hedge. Noted for its clusters of handsome globular pure white flowers in May. No. 1 heavy plants, 18 to 24 inches high.
71H1526⅓—Each............59c 3 for..........................$1.55

Spirea (Anthony Waterer). Compact low growing shrub, 2 to 3 feet, with dense deep green foliage. Bright pink flowers in full flat clusters. If the flowers are cut away when they fade the shrub will sometimes bloom again. 12 to 18-inch plants.
71H1528⅓—Each............48c 3 for..........................$1.29



Syringa (Mock Orange). These old fashioned shrubs are justly popular for attractive foliage and flowers. They are strong growers in sun or partial shade. 18 to 24-inch plants.
71H1519⅓—Each............45c 3 for..........................$1.25

Weigelia (Pink). Abundant, showy flowers that vary from deep rose pink blooms in May and June. Grows 6 to 8 feet. Very effective in group plantings. 18 to 24-inch plants.
71H1529⅓—Each............45c 3 for..........................$1.25

Grass Seed

There are two types of grass seed mixtures. One is a quality mixture made up of only the better grasses which are generally slow in starting growth, but which make a beautiful, permanent lawn. The other is a cheap mixture of quick growing low priced grasses like timothy, which make a lawn quickly, but one which is good for only one season. In the past, we have offered only a fine quality mixture which cannot profitably be sold for less than our price. Now we are offering along with this quality seed, a mixture containing timothy on which we are able to make a very attractive price.

De Luxe Quality Lawn Seed The One We Recommend

Expert blend of the very finest recleaned imported and domestic varieties of true turf grasses. Makes a solid, velvety green lawn that will withstand trampling, maintain its fine texture and color through periods of drought and heat, and last indefinitely with a little care. Contains no timothy. Usually retails for 60c a pound elsewhere.

71H3000—1-pound package....$0.39
71H3001—3-pound package.... 1.10
71H3002—5-pound package.... 1.79

Special Green Cover Mixture To Meet Price Competition

Where quick but not lasting results are wanted use our Green Cover Mixture. This is a blend of the more common grasses, such as timothy that are noted for their quick growth. Will not make nearly as fine and permanent a lawn as our De Luxe Quality mixture. Where a quick turf is wanted use this mixture. Usually retails from 35c to 40c a pound elsewhere.

71H3003—1-pound package....$0.27
71H3004—3-pound package.... .75
71H3005—5-pound package.... 1.19

White Clover

We offer only a choice grade of clean white clover. Although it is not a grass, many people like to have it to dress up their lawns. One-pound packages only.
71H3006—1-pound package white clover.......................................59c
Shipping weights: 1-pound carton, 1½ pounds; 3-pound bag, 3½ pounds; 5-pound bag, 6 pounds.

Shipped from stock

Plant More Ornamental Hedges

Cheaper and more attractive than wooden or iron fences. Sizes, 12 to 18 inches have 3 canes, and 18 to 24 inches, three or more canes. Planting and pruning instructions with each shipment.

California Privet: The popular hedge plant, with glossy thick, deep green leaves. Most generally planted ornamental hedge. Grows very rapidly and should be planted whenever quick hedge is wanted without expense or trouble. Easily trimmed. Holds foliage very late. All good, strong, quick growing plants. Plant 6 to 10 inches apart. Will not stand severe freezing. Plant Amoor River in cold sections.

Amoor River Privet: Has boxlike leaves and forms a dense and handsome hedge. Very hardy. Grows 8 to 12 feet. Has numerous white flowers during June and late autumn. Vines covered with pretty steel blue berries. A strong healthy hedge for Central and Northern States. Plant 6 to 10 inches apart.

Spirea V. H. (Bridal Wreath): Not only noted for its beauty as shrub, but also makes beautiful hedge. Plant 18 to 24 inches apart. Grows 6 to 8 feet high.

Japanese Barberry: Grows 3 to 4 feet. The best small hedge. Also used for edging walks, drives and for garden borders. Have small red berries in fall and winter.

Shade Trees

Ornamental trees bring natural beauty where ever used for shelter or cooling shade, screening objectionable views, beautifying your home grounds, and for backgrounds they are indispensable. Plant the hardwood types for permanency. Although they grow slower, when you think of their longevity, beauty of form and foliage, they are the best. Planting instructions accompany each shipment.

Varieties

Ash (White) (American): A stately quick growing tree with broad spreading limbs. Good for shade or street planting; grows over 60 feet.

Maple (Silver or Soft): A fast growing good foliage and very popular tree, producing quick shade. Leaves are bright green above and silvery beneath. Turn beautiful yellow in fall. Over 60 feet.

Elm (American): Nothing compares with the American Elm for restful beauty and a permanent tree for shade. It is majestic and graceful with wide spreading head borne on straight shapely trunk.

Poplar (Lombardy): A tall upright narrow width tree that is well known to most everyone. Easy to transplant and a rapid grower. Valuable as screens or backgrounds in mixed plantings, or to offset straight lines. Does not shed its leaves early.

State Variety Wanted.

Cat. No.	Size	Each	For 3
71H1420⅓	6 to 8 feet	$0.98	$2.25

On account of size these trees cannot be shipped except by express. Shipped from nurseries in NEW JERSEY.
Shipping weights: 6 to 8-foot trees, packed, 5 pounds each.

Climbing Vines

Hardy Vines and Creepers

Nothing contributes more to the charm of the home surroundings than a good show of hardy climbing vines covering the walls, or adorning the summer houses and the verandas. Full planting and pruning instructions sent with each shipment.

Boston Ivy: This beautiful self clinging vine is noted for its ability to cover walls of stone or brick. Dense bright green attractive foliage turning crimson in fall. Hardy.
71H1240⅓—Each..39c

Clematis Paniculata (Japanese): Bright foliage with countless small star shape white sweet scented flowers, which are beautiful both in foliage and blossom; bloom late. Support on trellis. Grows 10 to 15 feet.
71H1244⅓—Each..39c

Clematis Jackmanni: Large, rich, velvety violet-plum flowers in solid masses. The most popular variety.
71H1246⅓—Each..79c

Honeysuckle (Hall's): The popular evergreen honeysuckle, so extensively used for screen, fragrance and beauty. Shiny green foliage. Pure white trumpet shape flowers. Sweetly perfumed. Blooms continuously. Easily grown. Hardy. Endures heavy soil. Heavy 2 to 3-year old plants.
71H1241⅓—Each..39c

Trumpet Vine: A strong, healthy woody vine, twining tightly with numerous tendrils among its stems. Largely used and very desirable for covering arbors, summer cottages, rustic bridges, etc. Orange scarlet flowers in midsummer. Bright green foliage.
71H1249⅓—Each..39c

Wisteria (Japanese): We offer only root cuttings which are sure to bloom. A heavy climbing vine. Beautiful foliage, long clusters of pea shape purple flowers. Grows very tall.
71H1243⅓—Each..39c

Shpg. wt., each, 1 lb. Shipped from nurseries in NEW JERSEY.

For COLD WEATHER COMFORT

Equip Your FORD *and* CHEVROLET *with* WINTER SIDES

For Ford Touring $11.95

Pays for Itself the First Bad Day

A few minutes' time and little more than a ten dollar bill converts your touring car into an *All Weather, Year Round Pleasure Car* with all the advantages of a sedan—*Warmth, Light, Air—plus COMPLETE PROTECTION!* Our Winter Sides, like on regular closed cars, include *Outside Handles* on all doors for easy opening without delay, and *Center Ventilating Panels that open and close as easily as any window.*

DETAILS—All metal frame adjustable for length and height; covered with long grain rubber (*no exposed metal*), interlined with heavy buckram and lined inside with black drill. Heavy *clear vision celluloid lights*, outside handles and two drop windows. Holes all punched, ready to install with the necessary bolts and countersunk washers supplied.

Protect Your Health—Your Clothes—Your Car

Order Your TIRE *and* TUBE Together

Start Your New Casing Out Right!

Even an **ALLSTATE** casing can do its best only when it has an **ALLSTATE** tube to back it up. Tire experts recommend and wise motorists tell us that *every new tire should be fitted with a new tube.* Our *Order Your* **ALLSTATE** *Tire and Tube Together Plan* insures the longest life for both, and is fairer to you and your pocketbook. It's systematic and business-like. You can't forget the tube! *YOU SAVE POSTAGE!* The table below helps you carry out this easy, economical plan.

We offer the following combinations of ***ALLSTATE*** casing and tube under a single number. Order under these numbers and you *cannot forget that tube.*

Catalog No.	Size, Inches	Shpg. Wt.	Each
Clincher Style Casing With Extra Heavy Red Tube			
528K503¼	30x3½ Regular	16 lbs.	$8.89
528K505¼	30x3½ Oversize	18 lbs.	9.39
Straight Side Casing With Extra Heavy Red Tube			
528K513¼	32x4	25 lbs.	$15.95
528K543¼	29x4.40 Balloon	19 lbs.	10.75

For prices on *ALLSTATE* Tires and Tubes separately, see pages 459, 460 and 461
